Some discussion ensued.

Since there was official opposition, a vote is taken. **The motion passes unanimously.**

Dr. Tauritz presented the following Proposed EC policy:

An EC form must be submitted before an experimental course is to be offered. An EC form allows an experimental course to be offered **unlimited times** during the **five year period** following its approval. A CC form may be submitted to request a permanent course number, if that course has been offered experimentally at least two times during the preceding five year period.

The Campus Curricula Committee moves for the approval of the proposed EC policy.

With no opposition, **the motion passes unanimously.**

C. ITCC – Thomas Vojta

No report.

D. Personnel – Levent Acar

Personnel Committee has considered three issues related to the NTT faculty: hiring, promotion, and termination.

After reviewing CRR 310.035, the Personnel Committee's sentiment was that the inclusion of more protective steps during the termination would make the NTT and the regular faculty processes practically identical. (In that case, the only difference becomes the range of their responsibilities.)

The committee decided to:

- 1) simplify the hiring and the promotion processes,
- 2) strengthen the termination process slightly by requiring an explanation,
- 3) stress the point that the intent of hiring NTT faculty is to have short-term solutions to teaching and research needs, and tenured faculty should be sought for long-term strategic goals.

Dr. Acar made a motion on behalf of the Personnel Committee to bring the proposed changes for section 310.035 to the attention of System as the will of the Faculty Senate.

Dr. Acar made a motion to add the word faculty in the 2nd paragraph of section A. Dr. Fitch seconded the motion. With no opposition, the word was incorporated into the proposal.

It will now read as follows:

The intent of having non-regular faculty is to have short term solutions to teaching and research needs, and regular **faculty** should be sought for long-term goals.

With a motion remaining on the floor, discussion ensued.

A motion was made to postpone. A second was received.

A couple of members spoke in favor of the postponement. Dr. Fitch asked if anyone wanted to speak against postponement. With no further discussion, a vote was taken. **The motion was postponed.**
