Scholars' Mine Document Types

This is the full list of document types available on the Scholars' Mine site. Each document type has a value and a label. The label is what displays on the metadata page for the posted record. We recommend searching by the Document Type value for more specific search results.

Document Type value	Document Type label
article	Article
article_conference_proceedings	Article - Conference proceedings
article_journal	Article - Journal
article_newsletter	Article - Newsletter
audio_conference_proceedings	Audio - Conference proceedings
