Be in the know

Thanks for signing up for the new CAFE faculty newsletter. This month we will feature Dr. Nick Libre and his work with entrepreneurial-minded learning, highlight the resources available to all educators through the National Center for Faculty Development and Diversity, learn about early career faculty funded travel experiences, and showcase a new funding opportunity.

Entrepreneurial-Minded Learning (EML)

Don't let the name mislead you, EML is not just for business students. Dr. Nick Libre of civil, architectural and environmental engineering shares about his experience with EML pedagogy, and the network of colleagues and resources available through the [Kern Entrepreneurial Engineering Network](#).

Faculty Success Program

The National Center for Faculty Development and Diversity (NCFDD), of which the UM System is a member, offers a 12-week virtual Faculty Success Program that provides mentoring and support to enhance research productivity and work-life balance for underrepresented tenured or tenure-track faculty.

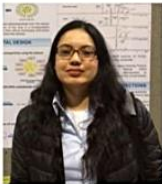

Scholarships are available, and faculty who complete this program are eligible for the Post-Tenure Pathway program. Not interested in the program? The NCFDD provides [free resources](#) for any educator at S&T to support all areas of academic success. From the homepage, click "Join NCFDD", enter your info, and you'll have free access.
