Re: Evaluation of S&T Administrators

The Administrative Review Committee is a Standing Committee of Faculty Senate. This committee is charged with evaluation of administrators in accordance with a resolution passed by the Intercampus Faculty Council.

This year, the committee conducted evaluations of Chancellor Carney, Provost Wray, Vice-Provost Collier, Vice-Chancellor Mallot, Vice-Chancellor Eggert, and CIO Cline. The results of these evaluations have been made available to the person evaluated and the next-level administrator to whom they report.

This year's assessment was similar to the evaluations used in previous years. To help assure confidentiality and anonymity, the assessment forms were available on-line through Blackboard. The evaluations could be completed on-line or printed and mailed to Ms. Dedie Wilson.

The survey was available through Blackboard between March 25 and April 8, 2009. The numbers of respondents for the evaluated administrators are given below:

Table with 5 columns: Administrator, # resp, and Should administrator be retained in his/her position? (%) (Yes, No, Don't know / no response). Rows include Chancellor Carney, Provost Wray, VP Collier, CIO Cline, VC Eggert, and VC Malott.

The numeric results of the surveys are attached. These can be made available to the faculty.
