The Administrative Review committee met Tuesday November 11.

We have selected the following administrators for review:

Chancellor Carney

Provost Wray

Vice Provost Collier

Vice Chancellor Malott

Vice Chancellor Eggert

We plan to work with IT to set up an electronic survey with the option of printing the survey for off-line submission. Issues to be addressed include: making sure each faculty member responds only once (electronically or paper). We will provide RP&A an update on this later.

Our plan is to administer the survey in late January to mid-February (giving faculty two weeks to complete the survey) with feedback to the administrators, their superiors, and the campus by late April.

- Mariesa
