Faculty forum to focus on managing classroom challenges

Posted by Velvet Hasner

On February 19, 2018

Are you managing a classroom challenge and want to hear how other faculty would work through a similar issue? The [Center for Advancing Faculty Excellence](#) (CAFE) will sponsor an early career faculty forum on managing classroom challenges 4-5 p.m. Wednesday, March 7, in Room 204 of the Curtis Laws Wilson Library.

Join the forum for engaging discussion with a panel of experienced faculty, counseling and [UCARE](#) staff to discuss what to do in various situations and where to find additional resources. The event is designed for untenured tenure-track faculty, and assistant teaching and research professors. Refreshments will be provided.
