Mini-sabbatical funding addendum

You may have learned recently that the Center for Advancing Faculty Excellence (CAFE) is accepting proposals for its new mini-sabbatical program. This program is focused on, but not limited to, mid-career faculty seeking to initiate new research or teaching endeavors. If you are interested in this program but your travel plans begin prior to the June 1 application deadline, we still encourage you to submit a proposal.

In the future, the call for proposals will be released with adequate time to prepare for summer plans. For more information, visit the [CAFE website](#) or contact Abby Bigg, office support associate, at cafe@mst.edu.
