On February 17, 2020

Dr. Irina Ivliyeva, chair of the Center for Advancing Faculty Excellence (CAFE) has announced the appointment of Jeff Jennings as technology resource manager.

The center's mission is to promote the success of Missouri S&T faculty as teaching-scholars at all stages of their careers. In his new role, Jennings will oversee the staff and continue to assist faculty with their professional development and instructional design needs in the classroom. He joined S&T in 2011 as a program and project support specialist in information technology.
