PERSONALS.

Many out of town guests have arrived for the commencement exercises, among whom we note: Miss Marie Smith, Carthage, Mo.; Miss Grace Stone, Miss Anna Love Hopkins, Miss Lucy Nicoll, Miss Felice Sword, Miss Grace Glenn, Miss Carine Harlock, Mrs. Emmet and Miss Myers, St. Louis; Miss Eugenia Bradshaw, Kansas City and Miss Maude Weeks.

Carl Stiefel leaves for San Francisco the first of July to represent the local chapter of the Kappa Sigma at their National Convention.

Prof. J. C. Ingram will make an extended tour of the East this summer visiting schools and industrial plants at St. Louis, Indianapolis, Cincinnati, Toledo, Detroit, Ithica, Buffalo, Rochester, New York City, Boston, Baltimore, Philadelphia, Pittsburg and Paris, Mo.

R. L. Hayden was called to his home at Muncie, Indiana, on account of the serious sickness of his mother.

The following men were selected to take charge of next years "Miner". J. Doyle, Editor-in-Chief; Hugo Koch, Business Manager, and Ashdown, Deutman, Kublin, Ebmeyer and Terry, Associates.

Letters in track were awarded to Mayer, Peterson, Barton, Heman and Dover.

T. S. Dunn of the class of 1910, who has returned to Rolla to receive a degree in Mining reports that he has been reappointed Professor at South Dakota School of Mines, where he has been during the last year.

Prof. Wilkinson leaves this week for his home in Ohio. After a short visit with his folks he expects to go to Canada where he will spend the summer.

Prof. Cox was out of town Wednesday, Thursday and Friday on private business.

L. Cummings assistant in Mining has left for his work in Michigan.

E. A. Miller left Thursday for Globe, Arizona, where he will play ball this season.

Professors Dake and Bridge made a trip to Cuba Wednesday.

K. V. B. Rossman and F. Grotts are going to attend summer school at the University of Illinois.

Former Director Copeland stopped off in Rolla for a few days visit while on his way back East.

Rublin spent Wednesday and Thursday on the Gasconade.

Dover accompanied by Coach Dennie were in St. Louis Saturday and Sunday.

Keeling was in Illinois last week trying out with the Mount Vernon ball team. We hear that he made good.

O. D. Neal has a position with the Granby Smelting Co., Neodesha, Kan. We wish him every success.

"Doc" Raible returned to his home in Hannibal last Monday.

MINERS DEFEAT NEBRASKA INDIANS.

In the best game of the season the Missouri Miners playing like big leaguers defeated the fast Nebraska Indians by a score of 5 to 3. Grotts the Miners pitcher held the Indians at his mercy, allowing but five hits and striking out seven men.

The game by innings:

1st. The Indians are mowed down in succession. Grotts pitching air-tight ball. Kamp strikes out; Skeen walks; Buck out, short to first and Skeen caught at third for final out.

2nd. Indians duplicate their first inning stunt. Miller out on a close one at first; Joe walks; Tate's bunt lands him safe at first and advances Joe to second. Wilson forced at third on Raible's roller; Dawson flies to second.

3rd. Nebraskans score a run on an error, a walk, and a two-bagger. One run. Grotts put out; Kamp hit by pitcher; Skeen stops one also; Buck walks; Miller's long fly scores Kamp; Wilson walks, filling the bases; Robins' fly got away from the right fielder, and scores two more; Raible out. Three runs.

4th. Beltzer's crew get a man around to third when third out is made, leaving him stranded. Dawson to first on four balls; put out at second on attempted steal; Grotts strikes out; Kamp walks; to third on Towle's peg to second to head him off; Skeen retired; short to first.

5th. Indians get two on with no outs, but Grotts retires the the next three on the list by letting 'em dump grounders to infield. Buck walks and is caught at second; Miller down on an infield fly to second; Wilson hits safe; Tate's fly is lost by the shortstop; Joe scoring on the error; Raible makes last out. One run.

6th. Redskins down, mostly by the strike-out route. Dawson safe; Grotts fans; Kamp's sacrifice advancing Tommie; Frog-eyes' (Skeen's) hit scores Tacoma, and put him on second; Mountjoy out on a big league stop at third. One run.

7th. The warriors score two in their half. Tate's sacrifice advancing Tommie; Skeen's hit scores Tacoma, and put him on second; Mountjoy out on a big league stop at third. One run. Further damage. His playing was particularly good in this half, he covered a world of territory. Two runs. King traps Kelly's scorcher; Wilson walks; Tate's sacrifices advancing Joe a peg; Joe out in an attempt to take third.

8th. Beltzer's hired hands fail to connect, and were fairly easy picking for the Miners. Dawson walks; King yanked, and Cleghorn replaced him. Grotts strikes out; Tommie going to second; Kamp fans; Skeen also whiffs.

9th. Indians succumb to the hoodoo. Miner half: There ain't no sick animal.

HEAD'S RESIGNATION.

To the students of the School of Mines:

In view of the fact that it has become impossible for me to remain connected with an enterprise requiring as much time and attention as the Missouri Miner and at the same time give the required attention to my school work, I hereby resign my position as editor-in-chief of the Missouri Miner.

I wish to thank my fellow students for the trust they have placed in me by selecting me to this office and I appreciate deeply the co-operation which they have given me and the other members of the board in the enterprise. I ask that my successor may have this continued co-operation for without it the Missouri Miner will fail.

With best wishes for the success of the paper next year and again thanking all those who have aided me in the enterprise, I remain

Yours in M. S. M.
J. L. Head.

"Babe" has certainly been a good editor and we regret to see him hand in his resignation. He has done much to make the "Missouri Miner" the success that it is.

MINE SURVEYING TRIP.

Work will begin Monday morning, May 31st, with headquarters at St. James Hotel, Edwardsville, Illinois. All men taking the trip should be on hand not later than Sunday night.

The trip will last for one week to five days and work will be done in the mines of the Madison Coal Co. as formerly.

SUMMER SCHOOL

June 7 to July 17, 1915.

Owing to the continued demand from mining students, mine managers and superintendents, graduates and under-graduates of engineering schools, and science teachers, the School of Mines and Metallurgy announces a six weeks Summer School, beginning June 7, 1915.

All of the courses will be given in the laboratories at Rolla.

COURSES OFFERED IN 1915.

The following courses will be given during the 1915 Summer Session:

Fire Assaying.
Qualitative Chemical Analysis.
Quantitative Chemical Analysis.
Slag Analysis.
Mining.

Metallurgy Laboratory.
Cyaniding.
Cyaniding Laboratory.
Mineralogy.
Lithology.

FEES FOR SUMMER SCHOOL 1915.

Registration fee.....	\$ 5.00	Qualitative Analysis fee.....	\$15.00
Tuition Fee.....	5.00	Quantitative Analysis fee.....	3.50
Contingent fee.....	10.00	Metallurgy Laboratory fee.....	5.00
Assay Laboratory fee.....	25.00	Cyaniding Laboratory fee.....	5.00
Mineralogy fee.....	9.00

CORSAIRS WIN CUP.

In a close and hard fought game the Corsairs defeated the K. As. in the final game of the series 6 to 2. "Boots" and "Doc" easily starred for the K. A's., while "Eppie" and Adams were the main features for the Corsairs. The cup which was the prize given to the winner of the series is now in the possession of the Corsairs for one year.

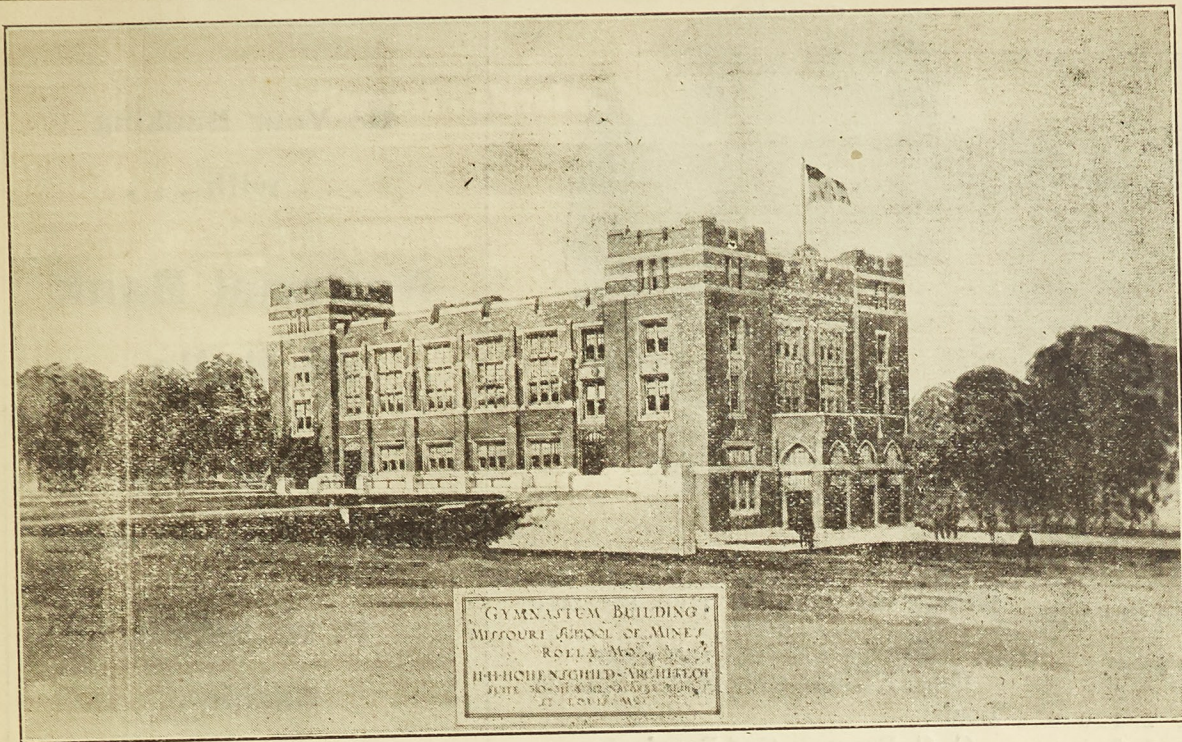

FINE

WATCH REPAIRING

We want to impress you with the fact that we can do your Watch and Jewelry repairing more satisfactorily and with less delay than any one in town.

Your patronage will be very much appreciated.

S. B. BENTLEY.

GYMNASIUM BUILDING.

THE NEW GYM.

The new fire-proof gymnasium of Missouri School of Mines faces the athletic grounds, is 72 x 128; gymnasium floor proper, 70 x 90; standard indoor running track, twenty-three laps to the mile; swimming pool, 20 x 60; showers, lockers, lounging rooms, etc., all of the most modern construction. No other educational institution in the middle west is better provided in this respect. It cost \$70,000, and will be in readiness for occupancy by June 1.

A REVIEW OF SCHOOL YEAR 1914-15.

The past school year at the Missouri School of Mines has been the most successful in the history of the school. At the opening of the first semester last September, two hundred and seventy-five names were on the register, the largest enrollment M. S. M. ever had. With this large enrollment of prospective miners, came excellent material for a winning football team. With the coaching and rigid training this material was subjected to, enabled the Miners to gain a high pedestal in western football circles. They won the Missouri State Championship without much trouble, and also smeared various other teams who had championship aspirations.

Here's the record of the Rolla Steam Roller: The M. S. M. Football Team of 1914.

Mo. U. - o,	Miners - 9.
K. S. of M. - o,	" 87.
Wash. U. - o,	" 19.
Ark. U. - o,	" 40.
Drury - o,	" 68.
Springfield Normal - o,	" 104.
Springfield Osts. - o,	" 150.
Louis U. - o,	" 65.
B. C. - 6,	" 27.
Miner's Total - 569.	
Opponents Total - 6.	

The basketball season proved to be another successful one in the annals of M. S. M. athletics. The team played eight games, winning four.

St. Pat's Day proved to be a larger, better, and more successful one than any previous celebration ever pulled off. The big parade, which took an hour to pass a given point, the 'movie' men, the three ring carnival, the brilliant mask ball and many other stunts featured the day. The Buford Bill enabling the School of Mines to grant degrees in electrical engineering, mechanical engineering and chemical engineering was signed on this day.

Great interest was shown in baseball, with a large squad out for practice.

a winning nine represented old M. S. M. An inter-club-fraternity baseball league created a great deal of competition. It gave every star or near star an opportunity to display his goods in the baseball line.

The track team took part in a three-cornered meet at Springfield, together with Drury and the Springfield Normal. They came within five points of winning the meet. Dover starred in the 100 yd and 220 yd dashes, and Maher ran away from the field in both the mile and two-mile events.

Another important event which is of interest to all students and prospective students is the completion of our handsome new gym. It is equipped with all of the latest improvements including a swimming pool, track, showers, lounging rooms, etc., where a student can obtain the physical development to go with the mental development to be had at the school.

After looking over the history of the school during the past year, there is little doubt in our minds but that it has been a tremendous success from beginning to end. We are looking for an even better one next year.

KAMP ELECTED CAPTAIN.

At a meeting of the "M" men at Charlie's, Saturday night, "Bill" Kamp was elected captain of next year's baseball team. "Bill" has certainly been faithful and always on the job, and there is no doubt but that the fellows will all pull for him next year.

The men who received "Ms" for baseball were: Mountjoy, Wilson, Grotts, Miller, Skeen, Dawson, Kamp, Tate, Raible, Huff and Keeling.

With games at Texas A. & M., University of Illinois and at San Francisco an excellent schedule is promised next year's football team.

Basketball and baseball next year are to receive more attention than ever before. A big trip is promised also in each of these lines of sport.

LIBRARY NOTES.

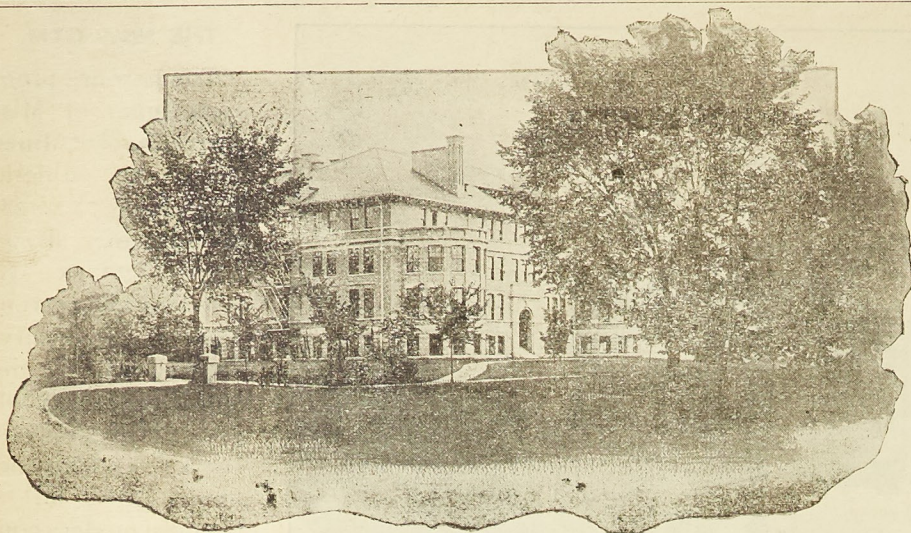

During the summer the library hours will be 9 to 12 and 2 to 5.

The library now contains 18100 volumes and approximately 4000 pamphlets since May 1914.

More than seventy per cent of the enrolled students and every member of the faculty have made regular use of the library during the past year.

Home, Sweet Home, January 30, 1915.
My Dear Son:—

I received your letter about that awful fire in Rolla and am so much relieved to know that you escaped with only a few bruises and the loss of your clothes, books, instruments, etc.

Just as soon as you get located, be sure and have B. H. RUCKER write the insurance.

Yours affectionately,
MOTHER.
