## MILLIKEN 7, MINERS 7.

The Miners were pitted against James Milliken University in the local opening of the 1915 football season. With Capt. Imlay in the line-up, it looked like a Miner win by about two or three touchdowns, but the dope was all wrong, Oswald.

First of all, the Milliken team was a fast, well-balanced team; then the Miners were slow in getting off their plays, and last, but by no means least, Capt. Imlay wrenched his knee in the early stages of the game, and was forced to retire in favor of "Tom-mie" Dawson. The Milliken team had the "edge" in the first half, and thru the early part of the second half, but the Miners had things going their way during part of the third and all of the fourth quarter.

Milliken arrived on the field at 2:15 P. M., and went thru a light signal practice. The Miners took the field at 2:25 P. M., and Raible drove them thru a short signal session. Both teams lined up for the kick-off at 2:30 P. M., sharp.

Brazil runs the kick-off back 10 yards. Imlay gains several yards on a long cross-field run. Cunningham fumbles, and it's Milliken's ball on the Miner 40-yard line. McWherter is shot thru center for 10 yards; Milliken penalized 15 yards for holding. Imlay injured, time out; Jack recovers a fumble, and Miners again resort to line bucks. Brazil skims off six, "Cunny" adds two more; Miners set back 5 yards, and "Micky" is forced to punt. On the next play the

Milliken left end skirted our right end for a 5-yard gain. Capt. Imlay wrenched his knee while attempting to tackle the runner, and had to retire in favor of Dawson. The Illinoisans make it first down. Lyons breaks thru and tackles the quarterback for a 10-yard loss. Milliken fumbles and recovers again, but is forced to kick. Miner's ball on their own 15-yard line. Dawson hits the line for 3 yards, Cunningham fails to gain on a line buck. Brazil's punt was returned 10 yards, but Milliken fumbles, and the Miners recover. A forward pass fails and "Micky" punts out of bounds on their 20-yard line. Miner line holds, and they also punt to "Doc," who is tackled in his tracks.

Time called for first quarter. Score: Miners 0, Milliken 0.

Miners penalized 15 yards, and Brazil punts to Milliken's 35-yard line. "Micky" recovers a forward flip, and it's the Miner's ball on the enemy 40-yard line. Dawson negotiates 5, Cunningham adds 3 more, when they fumble again. Milliken's ball on their own 25-yard line. Line plays fail, but a 20-yard gain is made around end. Zoller breaks thru and nails a man for a loss. An exchange of punts gives Milliken the ball in the center of the field. Hayes recovers a fumble, but Miners lose the ball on downs. Milliken slashes the line for gains of ten, seven and fifteen yards. They work the ball to the Miner 25-yard line, when

### A. A. SMOKER IS GREAT SUCCESS.

Students Become Better Acquainted With New Associate Members.

### Program Smashes Precedent.

Promptly at 7:30 o'clock last Monday night the Athletic Association smoker was begun in Jackling Gym. A "full house" was present to witness and take part in the most elaborate "mixer" ever held on the campus in late years.

The "lead-off" consisted of swimming contests. In the 120-foot race Brazil came off the victor in the fast time of 25 seconds. He was closely followed by Fleming and Carson in the order named. This race was followed by a fancy diving contest. Brazil was declared the winner of this, with Schumacher and Carson second and third respectively. Schumacher displayed a wonderful ability for swimming under water by swimming for a distance of two lengths of the pool.

When this was over the melodious strains of Scott's orchestra called all to the main Gym floor for a continuance of the program. It was not long before Jack Horner took advantage of the huge crowd to have himself paged, much to his own amusement. Ashlock and Charles then performed on the parallel bars. Their work was out of the ordinary, and deserves much praise. Irish Murphy, having heard Horner being paged, could not resist

the temptation to have it tried on himself.

### A Real Wrestling Match.

The mat was then cleared by the willing freshmen for a wrestling match between Pat Murphy '18, (136 pounds) and Freshman Meyer (148 pounds.) Bill Durning acted as referee. After four minutes of strenuous work. Murphy obtained the first fall, but Meyer "came back" very quickly, and put Murphy's shoulders on the mat in 60 seconds. Then after some grand work by both men, Meyer got the scissors hold on Murphy, and the match was ended.

Scott's orchestra, playing a "late tune," subdued the savage feeling that men feel on seeing a good wrestling match, and put them in shape to appreciate a comedy sketch by Krause, Goldsmith, Deckmeyer and Brazil. The sketch was entitled "The Rollamo Telephone System and Service." The comedy was humorous to the nth degree, and it seemed to have much service in it.

### Boxing Next.

Bruce, '19, and Henschel, '17, met in one of the most lively and spirited bouts which we have seen on the campus for some time. Greenburg acted as referee, and the rounds were two minutes in length. Bruce out-pointed Henschel, and at the beginning of the fourth round Referee Greenburg ended the bout by declaring Bruce the winner.

The next stunt was unusual and amusing. It was a contest between the Senior and Junior Classes, and the Sophomore and Freshman Classes. Five representative members of the respective classes acted as horses, and carried five of the smaller members of their respective classes on their backs. These riders were armed with lances heavily padded on the end which they carried in one hand, and they were required to hold their other hand behind their backs. The classes as named rushed at each

other to see which could knock the others off their horses. The contest proved most interesting and exciting. We were unable to ascertain whether the Seniors or Juniors won, but the Sophomores soon routed the Freshmen.

The tug of war was the final stunt between the classes, and again the Sophomores proved victorious.

Scott's band furnished music throughout the evening. At the conclusion of the stunts the crowd of nearly four hundred, including faculty, students and guests, enjoyed a lunch of sandwiches, pickles and cider.

Before adjournment the associate members were addressed by F. E. Dennie, director of athletics, and Prof. E. S. McCandliss, as to the rights and privileges of the Gym, and they urged the associate members that they must not hold back, but that they were expected to take advantage of the privileges of the Gym.

An entertainment committee, composed of M. F. Faulkner, Charles L. Woods, Bob Heller and J. H. Smith, was appointed to plan entertainments during the winter. Monday and Thursday evenings of each week were decided upon as most suitable for the associate members to use the Gym. The occasion was most pleasant.

### LOCALS.

—F. E. Dennie and family are now settled in their new home on State Street.

—The Corsair Club of the School of Mines is being entertained by a Victorrola, which it purchased of W. M. Fisher last week.

—The Corsairs gave a most enjoyable dance on Saturday evening at their new home on Olive and Ninth Streets. Mrs. O. W. Chapin was the chaperon for the occasion.

—The senior members of the School of Mines faculty entertained the new members of the faculty and their wives at the residence of Director and Mrs. A. L. McRae Tuesday evening. This delightful affair was a surprise on Mrs. McRae.

time was called for the first half. Score: M. S. M. 0, Milliken 0.

After a fifteen-minute intermission, during which time the Freshmen "snake-danced" 'round the field, the Miners and the Millikenites were again on the field awaiting the referee's whistle.

Miners kick off to Milliken, who fumble, but recover. They make a big 15-yard gain thru the left side of the line. They are penalized for holding. Several costly fumbles puts the ball in the Miners' possession again, who kick immediately. Heman was down with the ball, and tackles the Milliken quarter in his tracks. On line plays Milliken makes it first down. Miners again penalized for off-side. A 15-yard forward flip, which went right into the waiting arms of McWherter, was good for a touchdown, after running 25 yards behind perfect interference. Milliken kicks goal. Score: Milliken 7, Miners 0.

Miners kick off again, and Milliken again essays to carry the ball. They lose 5 yards on a fake formation, which the Miners spilled. No consistent gains are made, and they are forced to punt. Raible returns it 10 yards. Miners also punt, and Heman recovers a fumble. The Milliken quarterback was forced to the side lines, and J. McWherter replaced him.

The ball is in possession of the Miners on the Milliken 35-yard mark. Miners fail at line plunging, and "Micky" is forced to punt. Milliken's ball on their own 10-yard line when time is called for third quarter. Score: Milliken 7, Miners 0.

Milliken kicks out of bounds on their own 40-yard line. A criss-cross nets 3 yards. A punt rolls behind the Milliken goal for a touchback. Milliken's ball on their own 20-yard line. Durning replaces Cunningham. Milliken makes a first down, but are soon forced to kick to Raible. Dawson smashes thru for 4 yards. A

forward pass, Raible to Dawson, is good for a 25-yard gain. Tommie squirmed and dodged the whole Milliken team before he was brot down on the enemy's 12-yard line. Durning hits the line for 3; Milliken off side, and it is the Miner's ball on the 4-yard line. On the next play Raible goes thru center for a touch-down. Brazill kicks out, and Heman heels it. "Micky" kicks the goal. Score: Miners 7, Milliken 7.

Milliken kicks off to "Doc" who makes a 10-yard return. Durning hits the line for 4 yards. Eames replaces Raible. Milliken penalized 5 yards; Durning again punches a path for 10 yards. Tommie snags a forward pass and gains 15 yards. Game is called with ball in Miner's possession on the Milliken 40-yard line.

Final score: Milliken 7, Miners 7.

**Football Notes.**

Last Saturday's game brot out some of the weak spots in the Miners football machine. It also showed some men in an exceedingly favorable light. Defensively, the Miner line was plugged repeatedly, and only the wonderful offensive improvement in the last quarter over-shadowed this defect. Of course, fumbling was to be expected by both sides and they lived up to the expectations.

One redeeming feature was the refreshing way in which the Miners watched the ball. Hayes himself recovered four or five fumbles. He and Bruce showed up good, altho Heman and Lyons got down down under the punts in fast style.

The backfield is more or less of an experiment. Raible's judgment of the plays was excellent altho the repertoire was not extensive. Straight football had the 'call' on both sides and very few forward passes were attempted, nevertheless both scores were the direct result of forward flips. 'Micky's' punting was far superior to Johnson's. He averaged about 40 yds. on his punts. Cunningham and Durning showed driving power but their charging was a trifle high.

The regretable injury to Capt. Imlay cast gloom over the Miner camp but we sincerely hope that Jack will be in the lineup against Kirksville Osteopaths on Oct. 13th. His absence would count heavily against the Miners.

### Around the Sun Dial.

The Fair with its holiday and the Smoker without are over. What have we to look forward to now?

Did you see the Milliken game? Then you must admit that we have a real football team.

Several members of Newburgs' elite society were in Rolla Sunday. Some of the boys were courteous or brave enough to show the young ladies around the campus and the surrounding country.

During the Fair quite a delegation met every train. Say boys, did you get any address in St. James.

The Smoker Monday night was a grand success. Several of the boys who stayed close to the cider barrel will vouch for that.

Football sure must be a rough game for there will be eleven doctors on the field next Saturday.

In the Tilt at the Smoker some of the combatants showed that they were brave Knights of the (Paris) Garter.

The combatants all went into the Tilt singing some song, "Its a rough way to tickle Harry," while others sang, "I wish I were in Michigan."

The Sophs feel better now that they have beaten the Freshmen at something. It is the Freshie's time now for Alibis.

The stag dance after the Smoker was not much of a success. Funny what a difference it makes who you have your arm around.

Ebmeyer and Nichols walked to Salt Peter Cave Sunday. Why go so far boys? We don't give credit in walking.

J. B. Duga wishes to thank the Miner for that front page write up last week. He refrains from telling the public how much he had to pay the editor for it.

The circulation of the Miner has increased since the appointment of a new deliver boy. The reading public wishes to thank Goldsmith for his prompt service rendered as a paper vender.

### Freshman Column.

Did any one notice Dawson, Carson and Schumacher Sunday? They were with three "Janes" from the Mound City. Some sports!

Did you ever throw a rock in a quiet, peaceful little pond, just to watch the commotion it all aroused? Well, to create a similar excitement, to give "Tau Bets," "F. Ms," "I. Ds," "Stewgents," and otherwise, something to think about (which is a very laudable indoor sport), and primarily to make every student familiar with his fellow student, the Miner puts before you the following questions, the answers to which may be found by taking a previous issue of the Miner and inserting the names of students

after each question. For instance, "The Poet" would be A. C. Starkey, who is 6 feet 9 inches tall, and can properly be called "Longfellow."

## SOPHOMORE COLUMN.

The best class in the school covered itself with glory at the Athletic Association smoker Monday evening. The swimming contest was won by Mickey Brazil, the champion of North St. Louis, in record time, leaving his opponents far in the rear. Bruce, the pride of the Sophomores, in a fistic combat outclassed his antagonist, and easily won the decision. In the tilting exhibition the Sophomores swooped down on their prey and devoured them in the short time of two minutes. The Juniors, who were to engage with the Sophs for supremacy, realized their insuperiority, and forfeited first place without a contest.

The tug of war proved another victory for the Sophomores. Ably led by Kerr and Beck, the Sophomore team outplayed their

rivals, and with slight effort pulled their unwilling and struggling Freshmen and Seniors past the line.

Ashlock performed in circus manner on the parallel bars. Krause, Goldsmith, Brazil and Deckmeyer rendered a little "comedy" (?) entitled "The Rural (Rolla) Telephone System."

The Sophomores were also well represented in Scott's band, Pryor, Harris, Starkey and Deckmeyer assisting in tiding over the lax moments with renditions from Tannhauser, Lohengrin and Wagner.

The rest of the classes proved proved themselves most able in the free lunch contest.

The Sophomores failed in only one thing, namely, in "getting a holiday." Dr. McRae however, intimated that we would be given a holiday on circus day, Oct.

10th.

Starkey is out "of our class" now. He always was too "high brow" for us.

Who is the man-about-town in Rolla?

The Sophomores have two Democratic prodigies now, Rice and Pryor.

A good name for a street car conductor? Rob Nichols.

## ATTENTION, ALUMNI

Rolla, Mo., Sept. 29, 1916.

Dear Alumnus, you who haven't subscribed to the Miner:—

We have been told that The MISSOURI MINER is next to its Alumni, the best booster the school ever had. We have tried, and are still trying to make it an even bigger booster, by printing such news as will interest you, and which will keep you in touch with the School of Mines. We feel sure that if you keep in touch with it, that you are going to boost too.

Our aim has been to get the name of every Alumnus on the mailing list of the school paper. Yours is one of the names not on the list. Therefore, we are asking you to send us the slip below, together with dollar, for which we will send you THE MISSOURI MINER for one year. We think it worth the money. If you want any back numbers, we shall be glad to send them to you.

Won't you send in your dollar, and help us to boost M. S. M., which is really a boost to yourself?

Very respectfully,  
THE MISSOURI MINER.
