## WELCOME CLASS 1922

### GOOD BYE HAZING!

On Tuesday last, Sept. 2nd, the faculty committee on discipline, together with five students appointed by Dr. McRae, made an interpretation of the previously enacted hazing rule which gave the final knock-out blow to the annual Sophomore sport. From now on there is a closed season on Freshmen. They will be allowed to wear the khakis of the lordly Soph., the corduroys of sober Juniors, and they may wear the facial decoration of the dignified Senior. Whether they will take advantage of the latter newly acquired privilege is largely a personal affair, and some there are who may prefer to go their way about the campus with a clean shaven countenance—merely a preference, of course.

For some time there has been a growing tendency in the colleges and universities throughout the country toward the abolition of hazing. The last year, especially, is a marked one in that respect, due, no doubt, to our nation entering the war, and thus directing public interest away from local activities and toward the paramount goal of the country—"making the world a decent place to live in." Hazing is a thing of the past in the majority of institutions, and no one, on giving the matter a little serious attention, should hesitate to acknowledge that after all there is nothing about it

Continued on Page Three.

### ALUMNI OFFICERS.

The annual election of officers of the Alumni Association will take place about October 1st. Nominations will be received up to September 10th. Send in your choice for the positions.

#### Alumni Ticket.

President.....  
Vice-President.....  
Secretary.....  
Advisory Board, 4 to be named.....

The nomination ballots will be canvassed, and the two highest for each office will be placed on the official ballot.

Send all nominations to M. H. Thornberry, '12, Acting Secretary, Rolla, Mo., and watch the Miner for results.

### NOMINATIONS MADE FOR STUDENT COUNCIL.

At the Mass Meeting today the following six men were selected by the Seniors as their nominees for the Student Council.

Scott.  
Oyler.  
Bohart.  
Nolte.  
J. Morris.  
Schnaidt.

The Juniors nominated the following men:

Rackett.  
Stubbs.  
Stroup.

Continued on Page Three.

### COACH R. R. SERMON.

M. S. M. is in possession of a new Athletic Director, Coach R. R. Sermon, otherwise known as "Ugly." He takes Coach McConnell's place, and it certainly looks as tho the school has picked the best man for the place. Especially does it look that way if athletic records have anything to do with it.

Coach Sermon attended Warrensburg State Normal, graduating in 1913. In both 1912 and 1913 he was a four letter man, and was captain of football, basketball and baseball in his last year. Besides these school honors, he was also an all-state man in both basketball and football during '12-'13 being chosen captain of the All-State Football Team in 1913.

After graduating from Warrensburg he went to coach Wentworth Military Academy. While here during 1914 he turned out a football team that was not beaten by any prep school or any college played, this making them the Military Conference champions.

During 1915-16 he attended Springfield Y. M. C. A., where he specialized in physical education. While here he was again a four-letter man for two years, as well as captain of football in '16. In both 1915 and 1916 he was placed on the All-American Honor Roll, which certainly speaks well for his athletic ability.

After leaving Springfield Y. M. C. A., Coach Sermon went to Fayette, Mo., and no doubt

most of the students remember that fast basketball team he brot down here last year. They showed training in every move they made, as well as fine team spirit—two things which the Coach believes are indispensable to a good team.

M. S. M. is lucky in getting such a man as Sermon for Coach, and the least the students can do is to give him the proper support—he'll do the rest. Let's make our new Coach welcome by helping him all we can.

#### FROM E. D. LYNTON.

U. S. S. Oregon, care Postmaster, San Francisco, Cal., August 28, 1918.

Editor Missouri Miner,  
Rolla, Mo.

Dear Sir:

I am enclosing a snapshot of two Rolla men that might be of interest. It was taken at my home in San Jose when I was there on a few days' leave. The man in khaki is Lawrence (Mike) Collins, who is stationed at Camp Fremont, and who came down to my home for the week end. I had a letter from him a few days ago, and he expects to leave for Siberia at almost any moment. Any mail sent to Headquarters Company 12th Infantry, Camp Fremont, Calif., will always reach Mike. He is the only Rolla man I have met in California.

I don't know whether I am the only man from Rolla who has a commission in the U. S. Navy, (for I expect most of the men went in the Army) so I might say a few words as to how the Navy trains her men.

I enlisted a year ago this August, but was not called until November. I was sent to the San Pedro Naval Training Camp, about thirty miles from Los Angeles, where about two thousand men were training. My rating was that of a second class seaman, and as I couldn't

see myself swabbing decks for the duration of the war, I turned my attention to the Engineering Department of the Navy, took an axam. for a machinist's mate, second class, and passed it. Last February I took another exam., to enter the Officers' Training Class, and passed. This course lasted until May 15th, when I took the finals. They lasted four whole days, and reminded me of some of Prof. Dean's calculus, and Dr. McRae's thermodynamics in my Junior year. I was commissioned an Ensign at Mare Island on June 20th, and incidentally found out that I passed first in the class, which makes me feel grateful to Rolla and the Professors back there for giving me the foundation. Most of the time since then I have spent on the battleship Oregon on the Pacific Coast. This is where I have been receiving my sea training. It will be over at the end of September, and then the East Coast, and a destroyer or a transport.

I will mail you a check for \$1.50 for another year's subscription to the Miner. Please keep sending it to my home at San Jose, Cal., Box 230, R. R. No. 2.

Best wishes to all my friends in Rolla.

Sincerely yours,  
EDWARD D. LYNTON, '12.

#### PHELPS COUNTY FAIR.

The big Fair of Phelps County will be held in Rolla from September 10 to 13, inclusive. Thursday and Friday will evidently be their big days, Friday being a military day.

The band of St. James will furnish the necessary music.

Chauncey C. Moore, ex-'18, is in the Naval Aviation at Seattle, Wash.

Subscribe for the Miner.

#### FROM T. P. WALSH.

Artillery Engineer's Office, Ft. Terry, New York, July 19, 1918.

Dear Mr. Kahlbaum:

A recent copy of the Miner has reached me, and I note that you have a few copies of the '18 Rollamo left. I enclose my check in payment for one copy, to be sent me here.

Perhaps you would like to hear how I am getting along. I have been at Fort Terry since last August, and am getting to be a permanent fixture. At present I'm on the Fort Commander's staff, and am in charge of all the technical and engineering work on the island bearing the important (?) titles of Post Ordnance Officer, Post Artillery Engineer, and Post Signal Officer. I have charge of every gun in the fort, the searchlights, the power plants, the telephone, the telegraph, the radio, etc.

I am just beginning to realize the vastness of my ignorance, and now wish that I had paid more attention in my classes in Electrical Machinery and Gas Engines. However, I am managing to get away with the job, as I have several rated master electricians, engineers, firemen and electrician sergeants under me. I'm learning something new every day in the year.

In addition to my other duties, I am the Post Athletic Officer. We have the champion baseball team of the Army and Navy League. We have won seven games without a defeat thus far. I travel with the team, and in this way manage to get away from the Post on Saturdays and Sundays.

Hoping I have not bored you with too much "T's", I remain,

Sincerely yours,  
THOMAS P. WALSH.

H. W. Doennecke, '18, U. S. Det. C. W. S., Stamford Conn., is now a Sergeant.

**GOOD BYE HAZING!**

Continued from Page One.

which furthers the interests of either the school or the individual. Of course, we all know that with every in-coming freshman class there are a few who are sadly in need of the time-honored—and worn—paddle. These few, however, should be taken care of separately, and not cause the entire class both physical and mental discomfort. It has been suggested that a committee of upper-classmen be appointed by the faculty to enlighten the misguided ones, start them on the straight and narrow path of good behavior. No doubt this would be a good plan, if it could be controlled. The "if," however, is always present, and it is feared that a large self-appointed committee of Sophomores would take it upon themselves to act as guardians to the wayward "frosh."

Can we rely, then, on the present freshman class to set an example of sensibility to the classes that are yet to come? We hope that they will do so by taking as little advantage as possible of their new-found rights, and not flaunt them before the eyes of the other classes, for although M. S. M. is not old enough to have any set traditions, nevertheless those who have defended khakis, corduroys and mustaches, hate to see them worn by assuming first-year men.

Speed S. Leonard, ex-'17, who for the past year has been connected with the Great Falls Reduction Plant of the Anaconda Copper Co., is now in the Artillery O. T. C., Camp Taylor, Ky.

James K. Black, '04, has enlisted in the tank service, and is now in Co. E, 304 Bn., Camp Colt, Gettysburg, Pa.

**NOMINATIONS MADE FOR STUDENT COUNCIL.**

Continued from Page One.

Uthoff.

Three men are to be elected from the Seniors, and two from the Juniors. These five then compose the Student Council, and elect one of their own number president.

Don't forget the election date, Friday, Sept. 13th, at Mass Meeting.

**JUNIOR COLUMN.**

We are glad to see so many of the Juniors returning to school after their summer's labor. Some of the boys have recently joined the colors, and will soon be headed for Berlin.

Bill Bailey, '20, is with the special training corps at Armour Institute.

At the faculty meeting Monday two Juniors were called in to help toll the bell when the old Miner spirit was buried.

We are glad to welcome W. W. Weigel to our class. He has spent two years at Penn. State.

The class will have its first meeting Thursday, September 12th, in Norwood Hall at eight o'clock. Every one should be present, as some important matters need immediate action.

G. F. Rackett will be back early next week. Rackett has spent the summer surveying in the Oklahoma oil fields.

Kroenlein is spending the week at his home in St. Louis. He has spent the summer as an instructor at the mine.

Carl Hummel is taking this week for his vacation, after a summer's work in Rolla.

So far Bohn, Taggart, Uthoff, Hoppock, Norville, and Weigel of the Junior Class have reported for football practice. A good showing, but more are needed.

**TO THE ALUMNI.**

The Missouri Miner is now embarking on its fifth year. Its success so far has depended to a large extent on the support that you, the Alumni of M. S. M., has given it. This year The Missouri Miner may have a hard tussle to keep up to its past standards, because of the decreased enrollment in M. S. M., due, of course, to war time conditions. The Missouri Miner not only wants your support, but it must have it. Elsewhere in this issue you will find a subscription blank. For the safe existence of The Miner fill it out today and mail it to the Business Manager.

**SOPHOMORE COLUMN.**

For the first time in many years the class fight has been called off. This is due to the unwillingness of the Sophomores to participate in an af-

fair that would be but a miserable burlesque on the fights of previous years, when the freshmen were compelled to sleep at the Fair Grounds, and then perform circus stunts to the delight and edification of students and townspeople. Since the Fair Ground trip, the circus, and the compulsory wearing of green caps have been abolished we feel that the class fight is unnecessary, and hence withdraw our challenge to the Freshman Class. The custom of welcoming the new men to M. S. M. by a smoker, however, will be continued. This event will take place Monday evening, and the faculty and student body, particularly the Freshmen, are invited to be present to enjoy the entertaining program that is being arranged.

All members of the Rolla Athletic Club are reminded that the first show of the season takes place at the High School Auditorium next Friday evening. A cock fight by a pair of prize bantams, and a dog fight, are two of the events on the program. Any freshman desiring to go should secure membership cards at once, as accommodations are somewhat limited.

Our class has contributed nobly to our countrys' cause. More than half of our men of last year have answered the call, and can be found in every branch of the service. The outlook for our class was very gloomy at first, but things are brightening, and with a strong spirit of co-operation and fellowship among us, we hope to secure good results, both individually and as a class this year.

T. A. Stevens, ex-'21, is stationed on the receiving ship, Puget Sound, Washington.

FROM R. S. WEIMER.

Camp Humphreys, Va., Aug. 31, 1918.

June 1 I arrived in Camp Lee, Va., and proceeded to put in two of the darndest months I ever experienced in my previous history, and believe me, I sure sweat blood and broke stones during that time. Any one who now goes to the E. O. T. C. will know he has been some place. I believe I double timed to Europe and back during my stay there. And I do know for a fact that they had to get several new parts for my old musket when I turned it in. I wore them out trying to keep it clean for inspection. Aug. 1st they decided I had suffered enough, so granted me a commission as 2d Lieutenant Engineers, U. S. A. Since that time I have been with the 4th Engineers training Regiment at Camp H. This army life certainly is quite an experience, and I really like it, but, of course, after the Kaiser is hanging on a sour apple tree I think I'd like something else better. Haven't the least idea when I'll be sent across, probably another month or two, anyway.

I drew my first officers' pay yesterday, and by all rights I should be in Washington, calling at the White House, but instead am going to walk over to Mt. Vernon this afternoon. It is only 4 miles from here, and

well worth seeing.

Camp H. is entirely an Engineer's camp, even built by engineers. It is located on the Potomac River, which surely is a beautiful stream. Right here at camp it is more than a mile wide, and flowing between high timbered bluffs it is very beautiful indeed.

According to the last census report there are 25 Miners in camp. In the E. O. T. C. there is Weiser, Scheurer, Radcliffe, Knickerbocker, Geib, my brother, Housie, J. C. Miller and "Eggie" Miller. Mellow was just commissioned, and is assigned somewhere here in camp. Zeuch is with the 5th Training Regiment, Crawford is in the same regiment as myself, but I think will be sent to the E. O. T. C. soon.

Thursday I talked with Bowman, Hurd, Eulich, who are in a Topographer's Company.

There are others around through camp, but I cannot recall their names just now.

I intend to subscribe for the Miner this year, so will send you a check this week.

Give my greetings to student friends.

LT. R. S. WEIMER,

4th Engineers Training Regiment, Camp Humphreys, Va.

P. B. Dolman, '16, geologist for the Carter Oil Co., of Tulsa, Okla., was in Rolla a few days this week.

**SENIOR COLUMN.**

We are sorry to see that we have only 13 men back to start our last year of college. However, we are glad to know that those who are not with us would be back to make a better '19, if they were not doing their bit for Uncle Sam.

It seems that the miss-placed eye-brow will no longer be a characteristic of the Senior. It is hard to see some of the old customs go, but in time we should become accustomed to it, just as they have in the seminaries and a few schools in the country.

Who said that thirteen was an unlucky number? Just watch our class, and you will have sufficient reason to change your mind.

It is reported that another member of our class, P. G. Forman, received a commission in the army during the summer. It is hard to keep a Miner down wherever he is.

So far only three Seniors have shown up for football. It is strange that we do not have more out, as there undoubtedly is some good material in the class.

P. D. Wilkinson boasts that for once he is the best student in one of his classes. The class is Chem. Problems. Note: Wilkinson is the only one in the

class.

"Gabe" Harris, '19, writes from the Great Lakes Naval Training Station that he is deriving a lot of benefit from the hydraulics course that he took at M. S. M. He claims that he applies a few of the principles every day when he does his washing.

**LIEUT. CARL C. RICE RECEIVES DISTINGUISHED SERVICE CROSS.**

Under the date of Aug. 19th a dispatch from Washington draws the attention of the whole United States to the bravery of Carl C. Rice, ex-'19, displayed in the battle of Chateau-Thierry.

Lieut. Rice was wounded at the beginning of the advance upon Chateau-Thierry, but fearing that he might delay the advance by stopping to have his wounds dressed, he fought nobly on until he fell from exhaustion.

For this deed Gen. Pershing decorated him with the most coveted of American decorations, the Distinguished Service Cross.

**LOST.**

### FORMER M. S. M. STUDENT PROMOTED.

Through the thoughtfulness  
 of P. R. VanFrank, '85, First  
 Assistant U. S. Engineer, Little  
 Rock, Ark., we are enabled to  
 publish the item about a former  
 student of the School of  
 Mines. The item is taken from  
 the Arkansas Gazette of August  
 30th, 1918. It follows:

"Lieut. Frederick A. Pope,  
 who was graduated from the  
 First Officers' Training Camp  
 at Fort Logan H. Root, with  
 the commission of Second Lieutenant,  
 has been promoted to  
 First Lieutenant. He was married  
 on May 9, to Miss Lorea Maxwell,  
 of Little Rock, and went immediately  
 to Camp Jackson, S. C., where he is  
 still stationed."

Lieut. Pope was a student at  
 M. S. M. during 1916 and 1917.  
 He left school to enter the Officers'  
 Training Camp from which he was  
 commissioned a Second Lieutenant.

Prof. N. C. Hutsinpillar, who  
 has been Freshman English  
 Professor at M. S. M. for the  
 past three years, has lately accepted  
 the Professorship of English at  
 Heron College, Heron, S. D. Prof.  
 Hutsinpillar has been doing graduate  
 work in English at Chicago University  
 during the past summer. He is at  
 present assisting in the English  
 Department at M. S. M. until the  
 newly elected English instructor  
 arrives.
