## SOPH SMOKER WELL ATTENDED.

The Sophomore smoker last Monday night following the class fight was well attended. The usual smokes were passed around, and every one present seemed to enjoy himself. Most of the speakers were new, and many of the old faces were absent from the circle around the gymnasium. The evening ended with a professional sparring match between two St. Louis boxers.

Dr. Fulton, the director, was the first speaker on the program. He seemed to enter into the spirit of the evening and the occasion with a heartiness that left nothing more to be desired by the student body. One of the points he made was the suggestion that the frosh who absented themselves from the class fight be left to the "tender mercies of their own kind, as the cruelest punishments known to mankind are found inside the family circles." This suggestion drew hearty applause from the frosh present; also from the entire student body.

Another speaker on the program was Coach McCune. He expressed his pleasure at being present, and asked for student support for the football squad and football training regulations.

John H. Bowles, '08, who is taking a graduate course, answered "Here" to his name, and expressed great satisfaction at the sportsmanship of the Sophs and Frosh during the class fight and the cirucs folowing.

Watkins, Bloom, Stewart,

## SOPHS WIN CLASS FIGHT.

Monday, Sept. 6, Came and Went as Green Cap Days Always Do.

Everything in the whole proceedure had had a precedent established for it in past years. If there was any innovation at all during the day it was in the subtle meaning of some of the signs hung on the backs of the Frosh.

As per schedule, the Frosh excepting twenty or more who are said to have left town on freight trains Sunday, were at the Fair Grounds by about six-thirty Sunday evening. By dark a large fire had been built, and the lunch which some thoughtful ones had brought, had been consumed. After that, amid much smoking of "Bull" and chewing of "Horseshoe," songs were sung and class yells practiced until time to change the pickets.

When the new guard had posted, all others turned in for a preparation by sleep for the battle in the morning.

About eight thirty Monday morning the natives enjoyed the usual sight of the advancing horde of Freshmen, each carrying blankets, coats, shirts, etc., and with bare arms glistening from their coating of vaseline.

Only stopping in the business district long enough to give their newly learned yells, they marched on toward the campus, where the bloodthirsty Sophs were being held in leash by the upper classmen until the Frosh could get arranged.

At the sound of the signal the opposing lines rushed at each

## STORK BUSY WITH OLD M. S. M. MEN.

The old bird visited the homes of three old Miners on the same day, Saturday, Sept. 4th. Girls were born to Mr. and Mrs. Harry T. Heimberger and Mr. and Mrs. Will Kahlbaum, and a boy to Mr. and Mrs. H. J. Teas. There was only one prospective Miner in the three, but the two girls might some day decide to marry Miners—who can tell? The Miner extends hearty congratulations to the parents.

## OLD ROLLA MAN KIDNAP- PED BY MEXICAN BAN- DITS.

L. L. Lodwick, '14, of Mystic, Iowa, sends us the following clipping about two old Miners. The Miner wishes to thank Mr. Lodwick for his interest. It is items like this one that make the Miner the most interesting to the older men, and where credit can be given for such information we are only too glad to give it.

"Mexico City, Sept. 2.—Charles Hoyle, an American citizen who was kidnapped by the bandit Pedro Zamora, at Cuale, State of Jalisco, on Aug. 20, and who was later released, arrived at Guadalajara yesterday afternoon, seeking 100,000 pesos ransom, which Zamora is demanding for W. A. (Sandy) Gardiner, another American who, with B. J. Johnson, a British subject, is still being held captive by the bandit."

Charles Hoyle, a former Miner, was general manager for the Esperanza Mining Co., and W. A. Gardiner, '06, was mill superintendent for the same company, at El Oro, Mexico.

### NEW MEMBERS OF THE FACULTY.

Through the efforts of Director Fulton several more vacancies on the faculty have been filled, and the new Professors will all be here by September 18th, to oassume their duties.

#### R. V. Pritchard.

Mr. R. V. Pritchard, instructor in Mathematics, arrived Thursday noon, and will take charge of his classes immediately. Mr. Pritchard is a graduate of Central Normal College, Danville, Ind. He has taught mathematics and physics for ten years, the last two years of which were in the Case School of Applied Science, Cleveland, Ohio, where he taught calculus, analytics and trigonometry to engineering students.

#### Lieut. Howard L. Peckham.

Lieut. Howard L. Peckham succeeds Major Wild as Professor of Military Science and Tactics. Lieut. Peckham graduated from West Point in 1918, and completed the course at the Engineering School of Camp Humphrey in June, 1920. During the summer of 1919 he was an instructor at Camp Humphrey, and while there met many men from M. S. M. He was Captain of the Camp Humphrey Pistol Team at the National Matches at Camp Perry, Ohio, and has also served several months on inspection work in France.

#### Joseph L. Guiteras.

Mr. Joseph R. Guiteras has been appointed Assistant Professor of Geology, and is expected to arrive in the near future. Mr. Guiteras graduated from Columbia University in 1911, with the degree of Engineer of Mines, and is a member of Tau Beta Pi. He has been employed since graduation on mining and geological exploration work at Bingham, Utah; Horn Silver Mine, Frisco, Utah; Braden Copper Company, Braden, Chile; Montezuma, Mexi-

co, and in Idaho. He served as Lieutenant in the 27th Engineers, and was appointed on the American Peace Commission to examine and evaluate the damage done by the Germans to the iron mines in the Briey and Longwy districts.

#### R. L. Rhodes.

Mr. R. L. Rhodes will arrive next week to take charge of the Mechanical Engineering Department with the title of Assistant Professor. Mr. Rhodes graduated in mechanical engineering at Penn. State in 1912. He has taught mechanical engineering at Perdue, Lehigh and North Dakota Universities. He has had six years practical experience as Assistant Mechanical Engineer with the Nevada Consolidated Copper Co., and with manufacturing plants in the East. He comes to us from the Chino Copper Company, Hurley, N. M., where he has been employed as mechanical engineer.

#### Clair V. Mann.

Mr. Clair V. Mann has been appointed Assistant Professor of Mechanical Drawing, and will have charge of that course. Mr. Mann is a graduate in civil

## FIRST A. A. E. MEETING TO BE FRIDAY EVENING, SEPTEMBER 17TH.

Every One Invited to Attend.

The President, Executive Committee and various chairmen of the American Association of Engineers have been very busy the past two weeks outlining a schedule of work, and making arrangements for the first meeting of the school year, which will be held in the Gymnasium Friday evening, September 17th.

Dr. F. H. Newell, Professor of Civil Engineering at the University of Illinois, former President of the A. A. E., and at present Director of all Field Forces of the Association, will be present to address the meeting. Dr. Newell has been one of the leading men in organizing the Association, and it is

thru his untiring efforts that the Association has attained its important position in the engineering world. No one is better qualified to talk of the work of the A. A. E. than Dr. Newell. He is a very commanding speaker, and the local chapter is very fortunate to secure him for this occasion.

The evening's programme, which is being prepared under the direction of K. W. Booker, chairman of the entertainment committee, promises to be one of the best ever presented by any technical society in the school. There will be music, smokes and eats. The meeting will be open to all, and every student should be present, whether he is a member of the Association or not. Remember the date, Friday, September 17th, at the Gymnasium.

### COACH SERMON MARRIES WARRENSBURG GIRL.

The following account of the marriage of Coach Sermon was clipped from the St. Louis Globe-Democrat of Sept. 1st. Mr. Sermon was Athletic Director during the year 1918-1919, while Coach Dennie was on leave of absence in the army.

Warrensburg, Mo., August 31.—Raymond Sermon, of Independence, and Miss Ruth Robertson, daughter of Mr. and Mrs. Richard M. Robertson, of Warrensburg, were married here today. The bridegroom is known in Missouri school athletics as one of the best quarterbacks who ever led a football team to victory. He is a graduate of the Warrensburg Normal and the Springfield (Mass.) Athletic School. While a student at the Normal he was quarterback of the school football team the three seasons and captain of the basketball team during the season of 1915-16. Since leaving school he served as coach for Wentworth Military Academy and Rolla School of Mines.

### FOOTBALL PRACTICE BEGINS.

#### 47 Men Report.

M. S. M.'s prospects of having a winning football team took a definite turn Tuesday, when some forty-seven men were put through their paces in the first preliminary training of the year. Coach McCune expects to spend the first week in conditioning work before starting the real practice.

Of last year's letter men, Bohn, Cairns, Buser, White and Bolt are the only ones reporting so far. Since Capt.-elect Place is not in school this year, it will be necessary to elect a new captain, perhaps, later in the year, when more is definitely known

about the personnel of the squad.

Washington U. has requested that the date the Wash. U. game be advanced from Oct. 2 to Oct. 9. This, however, is impossible, since it would necessitate the changing of numerous other dates on our schedule. The game will be played as scheduled Oct. 2.

Following is a list of the men reporting for practice:

Bohn, Buser, Cairns, Bolt, White, Brandenberger, Watts, Watkins, McClurkin, Anderson, Homer, Walls, Sanders, Dennison, Abey, Squires, Christner, Runge, McBride, Karges, Gordon Gray, Huckins, Hegmer, Hodges Fischer, Remmers, Eble, Moodie, Davidson, Laun, Parkhurst, Buck, Pence, Crawford, Hosterman, Hendry, Zoller, Christopher, Manning, Wendell, Gettler, Kenning, Schramm, Metcalf Ewing, Bryan.

### ADVERTISERS AND ADVERTISING.

Newspaper advertising has come to be the great medium between consumer and retailer, and to a great extent the volume of a concern's business can be fairly accurately estimated by the amount of advertising which that concern does in reaching out to its patrons. For

**EDITORIAL COMMENT.**

This is the fiftieth year of the existence of the Missouri School of Mines and Metallurgy, and the faculty has decided that an appropriate celebration will be held, every effort being made to get as many of the graduates and former students back as possible. The clubs and fraternities can do good missionary work among their alumni by having and advertising a sort of "home-coming" for whatever time the faculty decides to hold the celebration, which will be either St. Pat's or Commencement.

The Miners play Washington U. at St. Louis Saturday, Oct. 2nd. Why not get a special train to go to St. Louis that morning, and come back the same night. It would save the Miners money—and save the railroad money to boot. The Juniors might handle it, and make some money for St. Pat's.

**DIPHENYL DOZEN ORGANIZE FOR THE YEAR.**

The Diphenyl Dozen, composed of the faculty and assistants of the chemistry department, was entertained at the home of Dr. Turner on Tuesday evening. Plans were discussed for strengthening the organization and broadening the scope of its activities. Officers chosen for the year are V. K. Fischlowitz, chairman, and B. Nudelman, secretary-treasurer.

**BASEBALL GAMES LAST MONDAY.**

Aside from the circus put on by the Frosh Monday, the students were entertained by two baseball games. The first, between the Independents and Sigma Nus, was won by the latter, the score being 11 to 10. The second game, between the Grubstakers and Independents, was won, 1 to 0, by the Grubstakers.

**SOPHOMORE ELECTION.**

At a meeting of the Class of '23 Friday night, the following officers were elected: President, Sam Stuart; vice-president, A. B. Wilkerson; secretary, V. H. Webster; treasurer, M. N. Bedell.

**JUNIOR CLASS ELECTION.**

On Monday night the following officers were elected in the Junior Class for the present school year: President, S. M. Hayes; vice-president, W. E. Case; secretary, W. H. Metzger; treasurer, J. E. Jewell.

**JOBS TO BE HAD.**

The Met department needs a stenographer able to take some dictation. See Boots.

Two men wanted to take care of the tennis courts, etc. See Coach Dennie.

Prof. C. L. Dake left yesterday for New York City, where he will enter Columbia University to complete his work for a Doctor of Science degree.

"ANONYMOUS OFFERINGS."

Dere Snootz:  
"Anonymous offerings," by  
gum,  
That's a heck of a thing to  
call  
The pomes we been a sendin  
you!  
We're sore! An that aint all;

We aint gonna tell you who we  
are,  
Neither me nor Pa nor Sol,  
Nor Ike, and if you're too curi-  
ous  
We'll jest stop ritin, that's  
all.

You know as well as we do  
That if our names got known,  
The fun of ritin and printin  
Our pomes would all be gone.

An you also know, cuz you've  
lived here,  
That you can't tell a soul in  
town  
A secret, or else in a day or two  
It's known by the whole durn  
town.

Billy and Pa and Sol and Ike  
All subscribe to the Miner,  
An so we think we've gotta  
right  
To print our pomes in the  
Miner.

You'd otta be glad to get our  
pomes—  
You seem to be glad to print  
em—  
An if they wuz wrote by any  
one else  
You'd sure have to pay to get  
em.

But we aint in it fer money,  
But jest fer the fun that's in  
it;  
So we'll keep our secret, cuz  
otherwise  
Our fun wouldn't last a min-

this reason a firm is very particular about its advertising, and that which appears to be its advertising.

The copy for this advertising must go through a large number of hands before it is ultimately read on the pages of the newspaper in which it is printed. This fact increases the chances for misunderstandings and mistakes.

A "reader" in last week's issue calling attention to the advertisement of one of our advertisers was printed through misapprehension on the part of the editor and an error on the part of one of the assistant editors. The fault lies within the Miner staff and no blame should be attached to any advertiser in the Miner, and we regret very much that the mistake occurred.

### R. H. KENYON INJURED.

In a baseball game at the County Fair last Friday, R. G. Kenyon suffered a broken leg as the result of a collision with another player. Kenyon's leg was fractured below the knee. He was taken to his home Wednesday.

 Zink, R. E.  
 Zogg, M. F.

All the Above Should So  
 Be On the Subscription List of  
 The Miner.

Continued on Page Five.

Bowles and Nudelman were each called upon for jokes, to the evident enjoyment of those present. A representative of The Miner stated the case for the subscription list.

**Music by Local Talent Good.**

Several very good musical numbers were scattered thru-out the program. A septet of Guy, H. E. Diers, R. W. Hunt, Weir, Bloom, Gordon and Schott, gave two numbers, one an old Pennsylvania U. chant with Miner words, and the other the school song written by H. H. Armsby, entitled, "The Missouri School of Mines." Naylor, on the piano, Linzer with his violin, and Reeves on the traps, gave several popular selections; H. E. Diers sang "Daddy," accompanied by Linzer on the violin; and then Linzer gave a violin solo, "Souvenir," and a selection from "Thais" as an encore.

**Over 100 See Scrap.**

There were over a hundred present to see the professional sparring mat in the gym equip after the smoker. The go was pulled off in the gym, on the wrestling mat, there being no sparring mat in the gym equipment. The two boxers were introduced as Abe Attell of St. Louis, and Young Cole of Canada. Cole forced the sparring most of the six rounds. Coach McCune refereed the bout, and Coach Dennie kept time.

It is hoped that there will be a few more of these professional bouts staged. It makes the student feel real "devilish," and adds a flavor to the wind-up of the smoker.

**HOT AND COLD LUNCHES**  
**ROLLA LUNCHERY**  
**MRS. E. E. GREENSWEIGHT,**  
**PROPRIETOR**

Continued from Page One.

other, and met with such force that one or two men were put out of commission temporarily.

The five-minute ruling allowed several men on each side to get back into the fight, and is undoubtedly a ruling that should be in use in the future. Twenty-three minutes after the fight started every Frosh had been tied, and the second year men were proclaimed victors of the day.

The verdant ones were then decorated with the customary green, and marched to Jackling Field for the circus. Nothing new was instilled into this part of the performance. There were egg shampoos, molasses fights, tanglefoot races, lamp-black fights, solos, proposals, etc. All were stunts which bring hearty laughs each year regardless of their age.

The Frosh were then shown where green caps could be procured, and thus the morning ended. Every one had a good time at the expense of the new men, and both classes are to be complimented; the Freshmen for their spirit of sportsmanship and the Sophomores for the absence of unnecessary severity during the circus.

**SENIOR CLASS ELECTS.**

At the senior class meeting last night, the following men were elected to lead the class through this, its last year at M. S. M.: Davidson, president; Bob Stroup, vice-president; Keeter, secretary-treasurer; and Cornwell, sergeant-at-arms.

**HERMAN MUTZ VICTIM OF CUPID.**

Herman Mutz, who completed his work for the B. S. degree this past summer, was married Sept. 1st at Elizabethtown, New Mexico. He is the engineer in charge of Caribel Mining Co., at Red River, New Mexico.
