MINERS MAKE CONSISTENT LINE GAINS, BUT LOSE BY INTERCEPTED PASS AND A FUMBLE.

HOME COMING

NOVEMBER 3, 4, 5.

Fiftieth Anniversary To Be Fittingly Celebrated.

Football Game, Play, Address, Banquet and Ball To Entertain Alumni.

"The Good Old Days" Again.

"Where to?"

"Rolla, Mo."

Such is the conversation which is taking place at many a ticket office this week. At the New York Central Station, at the Ferry Building in Frisco, and at scores of other depots, our Miners are "beating back" to the old Alma Mater. Several from other countries have been on the way for some time.

Yea, fellows, this is the time for the fulfillment of that promise made some five, ten, twenty or thirty years ago to come to Rolla at a future date and tell of all your experiences. You are going to be entertained in a manner that will always be a fond memory to you. And get ready to "tell your tale," because your classmate is coming primed. It's going to be a case of endurance, and the first fellow won't have a chance. You will recount and check up all of Prof. Dean's jokes, recall Frisco Pond immersions, or, bumming excursions, argue over beer drinking contests, rave over St. Pat's, howl about Circus Day, and bring "ye olden

Continued on Page Three.

SPOOKS, GHOSTS, JACK O LANTERNS, 'N EVERYTHING.

The autumn is here with all her splendor of color. The clear sparkling days and the moonlight nights add a zest to living. The Hallowed Evening approaches. The evening preceding All Saints' Day has ever been connected with superstition. In olden times it was told that on Hallowe'en ghosts and goblins were wont to leave their places of abode and travel earthly paths. At an earlier time in your life you were cautioned not to venture too far from the house on this night lest you be carried away by a witch on a broomstick.

But in nearly all lands the evening is now given over to merrymaking. In some countries it is a time for the match-making of future husbands and wives. In our own, we find time for revelry and mischief; just which we engage in depends on our age. Those of college age usually find a pleasure in dancing on that evening. All of which brings us to the point. The Miner Hallowe'en Dance has a reputation already made. It vies with St. Pat's in beauty of decorations, and the spirit of Terpsichore. The reputation of the Miner Hallowe'en dance will not be lessened this year; it will, on the contrary, be made stronger. We are making great plans to give you

Continued on Page Two.

BUCK, HASSELMAN AND

PARKER INJURED.

The Miners, in their third Conference game last Friday, lost to Missouri Wesleyan 14 to 7, and with it whatever hopes they might have had of winning the M. I. A. A. championship. After making consistent line gains the Miners lost by touchdowns in the first and last quarters. The first one came in the first few minutes of play following the kickoff, when Deitrich of Wesleyan picked up a fumble and ran 30 yards for a touchdown. In the second quarter, by a series of line bucks, in which McBride and Gettler featured, the Miners worked the ball to Wesleyan's 8-yard line, but lost the ball on downs. Wesleyan punted to the Miners 50-yard line, and by more line plays the Miners went over for a touchdown. The Miners clearly held the advantage throughout the game, gaining 223 yards thru line plays, while Wesleyan gained only 85 yards thru the line. The entire game was played in Wesleyan territory. In the fourth quarter W. Slayton intercepted a long pass, and ran 65 yards for a touchdown. The game ended with the ball in the enemy's territory.

Bolt, Buck and McBride deserve the greatest amount of credit for the Miners, while Filley and Slayton starred for the Wesleyans. McBride gained more yards thru the line

than the entire Wesleyan team. Buck made good gains, and held the tackle and end positions in good shape. Bolt featured throughout the game, doing all punting, making all the kick-offs, doing the majority of the passing, and playing a fighting game at the tackle position.

The team felt the loss of three capable men when Hasselman, Parker and Buck were injured, bringing the Miner hospital list to a total of six.

In the absence of Nolan, Gettler handled the team in an excellent manner, and our prospects which fell with the loss of Nolan, were again brightened by his successor.

Following is the game by quarters:

Bolt kicks off to Wesleyan's 15-yard line. Wesleyan tries a series of line plunges, but fail to gain. Punt to Gettler on Miner's 40-yard line. McBride hits line for good gains. Following a fumble Deitrich of the Wesleyans picked up the ball, and ran 39 yards for a touchdown. Goal kicked. Bolt again kicks off. McBride and Gettler continue to gain by line plays. A punting duel followed, with Bolt gaining the edge on punts. McCoy intercepts a pass, but is downed in his tracks. Good tackling by Watkins, Buck and Hasselman prevent Wesleyan from gaining. After another series of line plunges the Miners lose ball by a fumble. Quarter ended with ball on Wesleyan's 45-yard line. Wesleyans 7, Miners 0.

Second Quarter.

Parker substituted for Parkhurst.

Wesleyan again fails to gain on line plays, and is forced to punt. Hasselman suffers a wrenched knee during a line plunge for a good gain. Sutton for Hasselman. Sutton and McBride make good gains thru line. Following an exchange of punts McCoy again inter-

cepts a pass, but fails to make any gain. Gettler and McBride hit line for real gains, and force ball to Wesleyan's 8-yard line. Miners lose ball on fourth down. Wesleyan punts to center of field. Bolt throws a 15-yard pass to McBride. McBride, Gettler and Sutton again push ball down field, and McBride goes over for touchdown. Bolt kicks goal. Miners 7, Wesleyan 7.

Wesleyan kicks to Sutton on 15-yard line. Sutton makes a brilliant 25-yard return. Half ends. Miners 7, Wesleyan 7.

Third Quarter.

Wesleyan kicks to Sutton on 5-yard line. Sutton again makes 25-yard return. Springer and McBride hit line for gains. Buck gains on end runs. W. Slayton for Deitrich. Bolt gains by exchange of punts. McMahan intercepts Bolt's pass, but is downed by Buck. Wesleyan's hit line, but lose thru center, due to the heady and hard fighting Zoller. Wesleyan tries drop kick, but fails to make the goal good. After playing a fighting game at guard Parker is forced to leave the game because of injuries. Fischer for Parker. Buck makes more gains around end, and Sutton recovers his own fumble for a 5-yard gain. Gray for Watkins. Miners try a few passes, but fail to complete any of them. Bolt tries place kick, but fails. Wesleyan fumbles, and McBride recovers on the 50-yard line.

Fourth Quarter.

Bolt throws several passes, but are incomplete. Zook for Ledford. Sutton and McBride hit line again for gains. Bolt tries place kick from 50-yard line, but fails by ten feet. Bolt's pass to Buck intercepted by W. Slayton, who runs 65 yards for a touchdown. Goal kicked. Wesleyan kicks off to Gettler

and HER a really good dance. The decorations will be unique, the music will be par excellent; altogether it will be a dance that you cannot afford to miss.

Make your dates now, and if there aren't enough girls in town to go around just remember that the trains are still running. This will be a dance that you can well be proud to take the ONE GIRL to.

Tickets can be procured from any member of the Miner Board. The price is a dollar and a half.

times" up to date. Rolla is no Sahara.

You of the 80's, 90's and 00's will marvel and rejoice at the growth of our institution. Remember the old Dormitory, the Rolla building, and the Chem. building. Come back and feel at home. There will be a **THREE DAY PROGRAM.**

If you hesitate because of accommodations, stop at once, pack your suit case and come on. Everything's fixed.

The Home Coming Committee has arranged the following program:

Thursday, Nov. 3.

2:00 P. M. Reception in the Library.

8:00 P. M. Play, "Nothing But The Truth," in Parker Hall.

Friday, Nov. 4.

10:00 A. M. Tour of the School.

2.00 P. M. Football Game at Jackling Field. Miners v. Rose Poly.

7:00 P. M. Alumni Banquet.

Saturday, Nov. 5.

2:00 P. M. Formal Exercises in Parker Hall.

Address by Mr. T. A. Rickard, of the Mining and Scientific Press, San Francisco, Calif. Subject, "The Education of the Mining Engineer."

8:30 P. M. Ball in Jackling Gymnasium.

ST. PAT, ATTENTION!

Friday morning of the Home Coming celebration is given over to visiting and looking over the school buildings and grounds. Why not get the old grads, who left M. S. M. before St. Pat made his first visit, together and confer the Order of Knighthood on them. The ceremony would only take from half to three quarters of an hour, and would add spice and pep to the morning's proceed-

ings. If the present Junior Class is not yet organized to handle the matter, a committee of former St. Pats might have charge of the stunt.

Got the "Blues?" See "Nothing But The Truth" at Parker Hall on November Third.

HOW WE BEAT**WESLEYAN.**

Gains by line plays: Miners 223 yards, Wesleyan 85 yards. Loss on line plays. Miners 23 yards, Wesleyan 45 yards. Yards gained by passes: Miners 60 yards, Wesleyan 25 yards. Gains on intercepted passes: Wesleyan 75 and touchdown. Yards gained on recovered fumbles: Wesleyan 39 and touchdown. Passes intercepted: Wesleyan 7, Miners 1. Passes attempted: Miners 30, Wesleyan 12. Completed passes: Miners 4, Wesleyan 1. Yards gained by individual players: McBride 103, Gettler 48, Springer 14, Sutton 33½, Buck 19½, Hasselman 5. Average of punts: Bolt 40 yards, Wesleyan 35 yards.

If it hurts you to laugh don't see "Nothing But The Truth," at Parker Hall on November Third.

RUSHING THE THEATRE.

It is a custom around most college towns for the students, after an athletic victory, to "Rush the Theatre" as a part of the evening's celebration. The students at the M. S. M. are little different from other student bodies in that respect, so we have such pranks here. There is, however, another side to the story since at other institutions there is usually some provision made by the school or student body to reimburse the owner of the theatre for his loss. Such a provision at the M. S. M. does not exist, and when the theatre is rushed by a group of students the management is forced to stand a loss.

The present, as well as past proprietors of the Rolla Theatre have been very generous, in that they have always been more than willing to donate the use of their house to any student activity, especially to the Athletic Association. In view of this The Miner believes that to be fair to the owner of the

theatre the students should not repeat their actions of a week ago. The student body derives many benefits from the generosity of the theatre management, and a repetition of the Rushing of the theatre will, no doubt, cause many of those benefits being denied us. Take a second thought the next time a Rushing expedition is contemplated.

**MO. MINING AND MET.
ASSOCIATION.**

Following up the pep meeting of last Friday in the Ore Dressing lecture room, the Mining and Met. men in ten o'clock classes met again in the Ore Dressing lecture room to continue the work of establishing a local organization of Mining and Metallurgy men which is to affiliate with the A. I. M. E. Election of officers was held, and the following men installed: President, I. F. Hodges; Vice-President, Prof. C. R. Forbes; Secretary, J. F. Hosterman; Treasurer, H. F. Valentine.

The committee appointed last week to draw up a new constitution found that, with a few changes, the old one would suffice. The revised constitution was read and accepted. It was decided that in having a member of the faculty as Vice-President, the organization would not be without an officer to call the first meeting of the year, as has been the case in the past when the officers graduated. This measure met with the favor of the entire body present, and Prof. Forbes was elected to the office.

Another change in the old constitution is in the eligibility of candidates to membership in the Association. Under the new ruling, any student in school with 75 credit hours is eligible to membership. Alumni of the school, members of the A. I. M. E. residing here, and Faculty

members are eligible to membership. The fees are \$1.00 per year, plus any assessments voted for by the members of the organization. Every Mining, Metallurgy and Geology man in school who has a total of 75 credit hours is urged to join the association. See any of the officers and pay your fees.

THE ORE BUCKETT.

Prof. (in Alloys Lecture): Mr. Gettler, will you explain what is meant by Ferrite Ghosts?

Gettler: I don't believe in ghosts, Prof.

One More Week and we'll have "Home Going" as well as "Home Coming."

Prof. Johnson says that God created heaven and earth and Georgia.

We admire his modesty, when every one knows that it was the other way around.

We have no Alibi or Apology for our defeat, but—See "How We Beat Wesleyan?"

Ain't it the Truth? Whenever you get chesty, you always get knocked off.

In Other Words.

"Class is dismissed," snapped the Professor. "Please don't flap your ears as you pass out." —Ex.

VOCATES.

"Bench Mark" Williams has taken upon himself the responsibilities of furnishing the country schools en route to the Topographer's section with athletic supplies. The Adams school is in receipt of a ball and bat purchased by him last week. For fear some will misunderstand, athletics is not the dominating attraction.

Last year we heard about the most unmarried married man in school. This year we have several individuals in that class. They are either Vocates or very closely connected with the Vocational Department.

There appeared some time ago a statement in the Miner stating that the name of the new Vocate organization was the Union Club. We wish to correct that statement. The name of the new organization is the "LA ABRI."

Sanders and Leavitt are back in school again, after taking a short course in the business college at Chillicothe, Mo.

Cummings, Brumley and Jack Schultz are still playing the World's series a la tongue. It

is hoped by their close associates that one of the two teams will soon be given the pennant.

Brewer and Hollar have added to the list of the usefulness of the Ford. They now find that the Ford can be used successfully in destroying and leveling down stumps.

Sunday, when the V. F. W.'s paraded in funeral procession led by the American Flag, we as loyal citizens and ex-soldiers failed to show the respect we should. This is a lamentable fact. Have we forgotten our patriotism and those who died for their country?

**PROF. ARMSBY'S FATHER
 DIES.**

The student body and the faculty were saddened to hear of the death on last Wednesday of Prof. H. H. Armsby's father, Dr. H. P. Armsby, at State College, Pa. Prof. Armsby left here on Monday afternoon when he had word that his father was very ill. That Dr. Armsby was a prominent man in educational circles is evidenced by the following from the Penn State Collegian of an issue of some time ago:

Dr. Henry P. Armsby, Director of the Institute of Animal Nutrition of the Pennsylvania State College, continues to have honors conferred upon him with constant regularity. The most recent one took place at the annual commencement exercises of Yale University, when the degree of Doctor of Science was given him. Last April Dr. Armsby was elected a member of the National Academy of Sciences, one of the greatest national honors which can be conferred upon a scientist.

Dr. Armsby has been at Penn State for more than thirty years and is known both nationally and internationally as the inventor of the famous calorimeter for measuring the maintenance requirements of animals. The one designed by Dr. Armsby is located here at the college, and is the only one of its kind in the United States. Dr. Armsby is undoubtedly one of the greatest scientists in the country, and is well known authority in animal nutrition and 1918, after the signing of the armistice, he was selected as one of the four men to make up the commission which went abroad to study European food problems."

The Miner joins the student body and the faculty in extending heartfelt sympathy to Prof. Armsby in this time of bereavement.

MINERS VS. JAMES MILLIKIN UNIVERSITY ON OCT. 29.

The Miners will play one of the hardest games on this year's schedule when they meet James Millikin University at Decatur, Illinois, on October 29. The Millikin team is one of the strongest teams of the Little Nineteen Conference, and should give the Miners a harder game than Washington U. did. The Miners will face Millikin under a handicap, as they now have six men on the hospital list. Wendell and Owens

have improved, and may get in the game. It is very doubtful if Hasselman, Nolan, Parker or Buck will be in condition to play by that time. Even with this handicap the Miners expect to show a good fight, and do their best to bring back another victory for M. S. M.

Continued from Page Two.

on 5-yard line. In excellent open field running he returns ball to 44-yard line. Miners fail to gain by passing. Hoover for Springer. Bulger for Buck, who was knocked unconscious. Wesleyan gains possession of ball by intercepted pass, but are forced to punt. Bolt completes a 15-yard pass to Bulger. Following this Bulger again grabs a 15-yard pass. Miners fail to complete pass behind Wesleyan's goal line. Wesleyan's ball on own 20-yard line. End. Wesleyan 14, Miners 7.

Lineup:

Miners (7)	Mo. Wesleyan (14)
Watkins.....l. e.....	Filley
Bolt.....l. t.....	Holder
Christner.....l. g.....	Clark
Zoller.....c.....	Froman
Parkhurst.....r. g.....	Irvin
