## MINERS 0, DRAKE 54

Playing on a muddy field, the result of a drenching rain of the previous day, the Drake Bulldogs defeated the Miners 54 to 0. Outplayed but not outfought, outclassed but not out-gamed, the Miners were forced to bow to a superior brand of football. It is rather unfortunate, perhaps we might call it a break of the game, that the Miners on their first trip north should be pitted against one of the strongest aggregations that has represented the Des Moines school in many a moon. In Boelter the Bulldogs have a halfback of exceptional ability. As a broken field runner he is undoubtedly on a par with the best in the Middle West.

Several times during the game the Miners carried the ball into Drake territory, only to lose the ball on downs. They exhibited their greatest driving attack in the latter part of the third quarter, when they took the ball from the kick-off and by means of smashing off-tackle plays and a dazzling overhead attack they carried it to the Bulldogs' 3-yard line, where their line stiffened, and the Miners were held for downs.

The Miners showed to best advantage at forward passing. Drake never completely solved the Miners' aerial attack. Time and again the forward passing combination of Nolen or Ledford to Kemper proved effective, although only for small gains.

Thomas, who substituted for Nolen when the latter was injured, played an exceptionally strong game in the back field. Time and again he would hit the formidable Drake line for substantial gains. On one occasion he broke thru the center of the line for 11 yards. Tucker also played a strong game, but he was handicapped considerably by the muddy condition of the field.

The heavy field slowed up the Miners' back field to a great extent. Mud cleats, which are conspicuous by their absence in the football equipment of the Miners, played an important part in the game Saturday. Not once during the entire game did a Drake back field man slip and fall, due to the condition of the field, because they were fortunate enough to pos-

### STUDENT'S CAFE TO HELP JUNIORS.

The Student's Cafe has decided to contribute its quota to the Junior Class towards a successful St. Pat's by allowing the class five per cent of all cash business between the hours of 8 P. M. and 6 A. M., every day in the week from now until St. Pat's.

This is a very generous offer, and should be subscribed to by the entire student body. The way in which to help the proposition is to do your eating between these hours at the Student's Cafe.

This Cafe is to be commended for its splendid spirit on this, as well as other similar occasions in the past.

These cleats, while to see one of our men slip was by no means a rare occurrence.

The line stood up well under the Bulldogs' attacks. Several times they threw the runner for a loss, but Drake specialized mostly in smashing off-tackle plays and speedy end runs. Drake's interference was almost perfect. They formed fast and drove hard, and it was due largely to their excellent interference that they were enabled to circle the Miner's ends for such large gains.

Nolen sustained a slight injury to his shoulder shortly after the opening of the third quarter, and had to be removed from the game. It is not expected that this injury will keep him out of the Dallas game.

### PLAY BY PLAY.

#### First Quarter.

The Miners won the toss and chose to defend the south goal. Arra kicked off to Drake's 10-yard line. Enright was tackled by Campbell after a 19-yard return. Boelter made 11 yards off tackle, and McLuen added 5 yards more thru guard. Tucker stopped Orebaugh after a gain of 2 yards. Boelter then carried the ball around end to the Miners' 20-yard line. Orebaugh hit the line for 9 yards, and McLuen made 6 yards thru center. The line held, and Boelter made only 1 yard thru guard, but on the next play McLuen carried the ball over for a touchdown. Orebaugh kicked goal

### MINER-JUNIOR HALOWEEN DANCE

Final preparations are being carried out with a view towards making this dance the best possible.

Contrary to the statement in last week's Miner, the dance will not be a masque affair.

We expect to have the kind of music which "bears down" on a person, and makes him unable to resist the temptation to go "Hog Wild."

Remember, this is a St. Pat's benefit affair, and that by helping to put it over you are also helping to swell the St. Pat's fund. The good part of it all lies in the fact that you are going to get your money's worth in real, rollicking enjoyment, while you're doing your helping.

The date is October 26; the time, 9 P. M., Jackling Gym.

for the extra point. Score: Miners 0; Drake, 7.

Drake kicked off, but the ball went out of bounds. The ball was kicked over, and Nolen returned the kick 10 yards. Ledford failed to gain, but Tucker made 5 yards thru the line. The muddy field caused Tucker to slip on the next play, and he lost 1 yard. Gabler punted, and Campbell and Fisher downed Orebaugh on his own 45-yard line. Enright made 4 yards thru left tackle, and Orebaugh made 6 yards and first down around left end. Boelter hit the center of the line for 5 yards, and Orebaugh ran around left end for 40 yards and a touchdown; he also added the extra point. Score: Miners 0; Drake, 14.

Drake kicked off out of bounds and the ball went over. Tucker returned the kick-off 17 yards. Ledford slipped and failed to gain. Fisher made 4 yards off tackle, and Nolen added 2 more thru center. Gabler punted to Boelter, who went out of bounds on Drake's 30 yard line. Boelter made 7 yards around right end, and Sloan made 8 yards on a left end run. Boelter made 4 yards on a line smash, but Drake was penalized 15 yards for holding. Orebaugh carried the pig-

PEP MEETINGS and PROFS.

No little amount of anxiety—yes, we might say consternation, has been stirred up among the members of the student body over the failure of a certain group of faculty members to attend Mass Meetings. This group not only fails to attend Pep Meetings, but also fails to attend any variety of Mass Meetings which do not have a direct bearing upon their particular branch of work or line of endeavor.

We fully agree that the attendance or non-attendance at these meetings, as regards the faculty, should be determined by the individual member's reactions along those line. However, we also believe that this attendance is a privilege—a privilege fully as important and as desirable as the attendance at any other lecture in the school. There is something to be learned at these meetings. At the Pep Meetings, for instance, one learns from the Coach's talks just what these athletes are putting out for M. S. M.—for the love of the game. One learns just how much fight and "force times distance" these athletes put out over and above their regular studies in order that M. S. M. might keep her place athletically with

the rest of the schools.

There isn't a Prof. in school who is not eager for more knowledge. Learning is a part of his business, as well as teaching. The more he learns, the better enabled he is to teach. Following this we might say there isn't a Prof. in this school who couldn't learn something at these Mass Meetings—who couldn't become better acquainted with the members of the student body, and who wouldn't be better qualified to pass judgment upon their actions while in school.

"CASTEL" NEW CAM-  
PUS ORGANIZATION.

As an outgrowth of agitation at the R. O. T. C. Camp at Camp Humphries, Va., during the summer of 1921, there has been a feeling that there should be a national organization to more closely unite members of the various units of Advance Engineering Students in the R. O. T. C. There has been founded a number of local organizations at Engineering schools where there is a unit of the R. O. T. C.

Such a move has been contemplated at the Missouri School of Mines for some time. After due consideration and investigation of similar organizations, the necessary steps for forming a local chapter, which will in time become a part of a National Honorary Fraternity of students taking advance work in the R. O. T. C. have been taken.

It is the aim of this organization to form a national organization of men especially interested in Military Engineering, and who show a desirable interest in R. O. T. C. and school activities in general. The aims of the "Castle," as this newest of our campus activities is called, go beyond the military, and include anything which will be beneficial for our Alma Mater.

The members of the "Castle" believe that we shall be able to bring back new life and enthusiasm as a result of our group activities and experiences at the summer camps of the R. O. T. C.

Upon entering the fold of campus organizations we hope to fill a place left vacant by the other organizations and at the same time do something worthy for M. S. M.

At this time we are glad to take the opportunity to announce the pledges for this semester. The new pledges are: Jimmy Stogsdill, "Mike" Ledford, K. A. Ellison, J. N. Doster, George Letts and "Red" Burg.

#### ATTEND CONVENTION

On Friday, Oct. 5, Prof. C. Y. Clayton and F. B. Foley left Rolla to attend, at Pittsburgh, the Steel Treaters Convention. The convention was held from Oct. 3 to 13. Clayton and Foley also attended the meeting of the "committee on heat treatment of carbon steel." The convention, aside from the technical sessions, which included presentation of many new papers, consisted of an exposition in Pittsburgh, several visits to surrounding plants, movies, banquets, and informal dances at the William Penn Hotel.

Among the many papers presented was one on "Tempering of Tool Steel," by J. P. Gill, of Vanadium Steel Co. Mr. Gill is an old Rolla man, and has promised to pay us a visit soon. He will be at Rolla at the opening of the next semester, and will present several lectures to the senior metallurgy class.

#### ALUMNI.

John J. Doyle, ex-'17, is a recent addition to the M. S. M. Alumni Association. Mr. Doyle recently discovered a new geological structure in Arkansas, in which several good oil wells

have been drilled.

B. F. Hoover, '22, is mining engineer for the Black Hawk Mining and Milling Co., Hanover, New Mexico.

G. E. Abernathy, '14, is Professor of Mining at the Kansas State Teachers College, Pittsburg, Kan.

E. P. Barrett, '09, is Associate Metallurgist, U. S. Bureau of Mines, Seattle, Wash.

W. Y. Bean, '78, is Instructor and Inspector of the Grand Commandery, Knights Templar of Missouri, at St. Louis, Mo.

F. O. Blake, '09, is an engineer and geologist, Whittier, Calif.

John W. Bodman, '10, is Vice-President and General Manager, Wm. Carrigie & Co., Chemical Engineers, Chicago, Ill.

George Burnet, '20, is County Engineer, Humboldt County, Iowa, Ft. Dodge, Ia.

T. S. Carnahan, '04, is Mine Engineer, Elizabethville, Belgian Congo, Africa.

Barney Nudelman, '21, is in the mercantile business in St. Louis Mo.

The Alumni Association now has 446 members. By next week we expect to be able to report a membership of 450. Read this column each week. By so doing you can keep in touch with your old classmates and friends, and can watch the growth of the Alumni Association.

E. S. Tompkins, a former Miner, has joined the sales and engineering staff of the Kennedy-Van Saven Mfg. and Eng. Co.

M. L. Frey, '22, is leaving for Peoria, Ill., to work for Holt Tractor Co. as assistant metallurgist to Fred W. Grotts, also a Rolla man.

|         | Petroleum Engineering          |                                    |

Also offers one-year graduate curricula leading to Master's degrees in the branches of engineering named above.

The following degrees are conferred after three to five years of professional work:

**Engineer of Mines, Civil Engineer, Metallurgical Engineer, Mechanical Engineer, Electrical Engineer, Chemical Engineer.**

Has 800 graduates scattered all over the world holding positions as Engineers, Scientists and Teachers of Science and Engineering. At least 300 non-graduates have reached distinction in their chosen profession.

#### FRESHMAN CLASS MEETING.

A short business meeting of the Freshman Class was held in Norwood Hall on Friday, Oct. 12th.

Each Freshman was assessed an amount large enough to cover all outstanding debts of the class. The committee in charge of the Freshman entertainment at the next home game announced that they would consider any suggestions from Freshmen toward making the entertainment a success. Do not be backward about sending in suggestions or ideas, Freshmen. Make this affair the best entertainment that has ever been given between the halves at a home football game.

#### ELECTION OF ROLLAMO BOARD.

The election of the 1923-1924 Rollamo Board was held October 4th. The following men were elected to serve during this year:

Editor-in-Chief. W. A. Schaeffer, Jr.

Business Manager: C. G. Bowers.

Associate Editors: R. D. Ward, J.

L. Hesley, G. D. Gaines, W. F. Hauck

Sophomore Assistants: Elmer

Cammeter, R. M. White, H. A. Herder,

R. Wightman, D. R. Schooler, R.

E. Kollar.

Next year the Sophomore Assistants will be picked from those members of the Class of 1927 who, during the recent year volunteer their services to the Board. Any men who desire to serve on the Board see either Schaeffer or Bowers.

MINERS 0; DRAKE 54.

Continued from Page One

skin around right end to the 25-yard line, where he was downed by Campbell. Boelter carried the ball over the goal line on the next play, but was called back, and Drake was penalized 15 yards. Heinrich went in for R. Commack. Drake's ball on the Miners' 40-yard line. Orebaugh smashed off-tackle for 5 yards, and Sloan made 10 yards on a cut back play. The quarter ended with the ball in Drake's possession on the Miners' 25-yard line. Score: Miners, 0; Drake 14.

**Second Quarter.**

Sloan carried the ball to the 12-yard line, and Boelter went over for a touchdown. Orebaugh kicked goal. Score: Miners 0; Drake 21.

Head, Sparks and Spears substituted for Orebaugh, Elbright and Boelter. Arra kicked over Drake's goal line, and the ball was put in play on the 20-yard line. Head carried the ball 35 yards on an end run, and McLuen made 2 yards thru the line. Blanchard for McLuen. Spears added 4 yards thru the line, and Sparks carried the ball around end for 6 yards. Spears hit the line for 4 yards, and Sparks went 25 yards for a touchdown. Miners 0; Drake 28. Thomas went in for Nolen. Drake kicked off to Kemper, who returned it 12 yards. Thomas made 4 yards thru the line, and Fisher added 2 more thru the same place. Fisher made 2 yards off tackle, and Drake was penalized 5 yards for off-sides. Tucker smashed thru center for 5 yards, but Ledford failed to gain. A pass, Ledford to Kemper, was good for 6 yards. Drake took time out. First down, Miners. Tucker slipped and was stopped with no gain. Thomas twisted thru the line for 11 yards. Ledford made 1 yard, and Fisher added 4 more. A pass was intercepted by Drake on their 30-yard line. Head gained 9 yards around end, and Sparks made it first down off tackle. Spears failed to gain thru the line, but Sparks made 17 yards around end. Ball is on the Miners' 31-yard line. Head hit the line for 3 yards, and Spears carried the ball to the 12-yard line, but was called back, and Drake

was penalized 5 yards for off-sides. Spears zig-zagged around the field for a touchdown. Sparks failed to make the extra point. Miners 0; Drake 34. Amend went in for Garnett. Drake kicked off to Kemper. Ledford failed to gain thru the line, but Thomas made 6 yards around end. Zoller substituted for Arra. Ledford hit the line for 2 yards. Gabler punted 40 yards to Sparks, who returned 20 yards. Spears carried the ball to the Miners' 23-yard line. Blanchard made 10 yards around left end, and Sparks made 3 yards around right end. Spears smashed off tackle for 5 yards, and the Half ended with the ball in Drake's possession on the Miners' 5-yard line. Score: Miners, 0; Drake 34.

**Third Quarter.**

Drake kicked off to Nolen. Fisher failed to gain thru the line. A pass, Nolen to Kemper, was good for 2 yards, and another, Nolen to Thomas, for 4 yards. Gabler punted to Boelter, who returned it 10 yards. Nolen was injured, and the Miners took time out. Modaff went in for Nolen. Orebaugh ran 60 yards for a touchdown, but Drake was penalized 15 yards for holding. Orebaugh failed to gain, but Sloan went around end for 75 yards and a touchdown. Orebaugh kicked goal. Miners 0; Drake 41.

Drake kicked off to Ledford. Fisher failed to gain, and Ledford lost 1 yard. Miners fumbled but recovered. Gabler kicked and K. Commack stopped Boelter with no gain. Sloan carried the ball around the end for Miners' 10-yard line. McLuen hit the line for 9 yards. On a tackle around play Krueger went over for a touchdown. Krueger kicked goal. Miners 0; Drake 48. Ledford returned the kickoff 12 yards. Ledford smashed off tackle for 2 yards. Miners fumbled. Ledford recovered with a loss of 3 yards. Ledford lost 4 yards on an attempted end run, and Gabler punted. Drake fumbled the kick, and the Miners recovered. Thomas hit the line for 3 yards, and a pass was incomplete. Drake was penalized 5 yards for off-sides. Fisher made 4 yards off tackle, and a pass, Ledford to Kemper, netted 10 yards. Smashes by Ledford and Fisher gained 17 yards. Ledford made 1 yard, and Thomas added 4 yards more. Drake was penalized half the distance to the goal line. Ball on Drake's 7-yard line, first down Miners. Modaff lost 1 yard, and Ledford gained a yard. Thomas made 3 yards, bringing Drake's line stiffened, and the Miners

Doc. Turner: "I will put down a few alcohols, so that we may see things more clearly."

Heard in Dr. Woodman's Class: "It is a fact that certain animals are affected in their growth and multiplying powers by magnetic fields."

Thomas: "Has that been applied to human beings, Dr. "

Dr. W.: "Not that I know of, Mr. Thomas, but it has been tried on cattle, which is the same thing."

The reason that some people don't drink alcohol is that they are afraid it will go to their heads and make wood alcohol.

Oh, I got a girl  
Who is long and tall.  
She sleeps in the kitchen  
With her feet in the hall.

Oh. Tell me how long—"  
Pretty long, we'd quote.

According to the annual bulletin of the Department of the Exterior, when drilling a well, air should be kept in the shaft at all times.

There was a young girl from Havana  
Who had a most striking manner.

And the words that you'd hear  
As she swung on your ear  
Would not do for a Sunday School  
banner.

In many cases where nervous persons have been known to have difficulty in getting their food to their mouths properly the cure has been effected by raising a moustache.

A man I admire is Cresterton Skink.  
He downs his corn with nary a wink.

Definition of a stool pigeon: A person who sits all day, whistling, waiting for something to happen.

"Dear Editor: What is meant by an absent-minded person?" G. I. Diddit.

G. I. D.: He is a person who puts a match in his mouth and then strikes his cigarette on his trousers."

Were a Shakespearean actor to see a bow-legged and knock-kneed man walking together he would be likely to say: "What, Ho- Who are these that spell OX when they approach?"

Dear Editor: Must one quarantine one's place when one has locomotor ataxia? Ivan Angover.

No. One need not, but one should

whistle at crossings.

Old Red Hopkins was a merry old soul

'Till he started carrying Fink, and he stepped in a hole.

Oh, he had to do some juggling, lest it might come to pass,  
That he'd have a broken neck 'stead of his foot in a cast.

There was a young man from Ghent,  
His neck was so long that it bent,  
So to avoid trouble he bent the thing double,

And instead of coming—he went.

### JUNIOR POOL TOURNAMENT.

The Handicap Straight Pool Tournament which is to be staged by the Junior Class, will be given Monday, Oct. 22nd.

From all present indications it threatens to be a very lively affair. All of the "sharks" are chalking up their cues with the idea of winning the valuable prizes which are offered.

With everybody on an even basis there is every likelihood that there will be some keen competition and some mighty good brand of "bench golf" during the next couple of weeks.

### TENNIS TOURNAMENT.

Ned Kraft won the singles last week when he defeated P. Cain in the final game. Kraft is a new man here, and he is making an unexpectedly

good showing. He should develop into a player of championship type.

The doubles started last week. In the first game Riske and Moore defeated Peters and Kraft, 10-8, 9-7. Matlock and Barnard defeated Babb and Rushmore, 6-4, 6-3. In the other games Cain and Cushing will play Kessler and Schapiro, and Harrison and Murphy will play McCauley and Ashlock. The winners of these games will play, and Riske and Moore will play Matlock and Barnard.

### ATTENTION, GOLFERS.

Pairings For First Event—Low Total  
for Eighteen Hole

1. Kent v. Cunningham.
2. Fulton v. Armscy.
3. Pond v. McCollum.
4. Dennie v. Jones.
5. Medding v. Keeling.
6. Kennedy v. Foley.
7. Sevier v. Neil.
8. Rountree v. Harden.
9. Guiteras v. Matlack.
10. Lloyd v. Donahoe.

Kindly arrange with your opponent for time of play. This contest closes at dark Thursday, October 25th.

Please deliver your official score properly signed to the committee.

Time of entering extended to October 19th.

lost the ball on downs. Drake punted out of bounds on their own 40-yard line, and the quarter ended.

#### Fourth Quarter.

Modaff lost 1 yard, but Ledford made 5 yards thru center. Thomas added two more, and Ledford made first down. Fisher failed to gain, and Ledford gained 1 yard. A pass was incomplete, but another pass, Ledford to Kemper, netted 5 yards. Miners lose ball on downs. Drake time out. Orebaugh made 4 yards around end, and McLuen hit the line for 20 yards. Orebaugh circled the end for 11 yards. McLuen made 7 yards on a line smash, but Drake was penalized 5 yards for off-sides. Orebaugh circled the end again for 20 yards. Drake fumbled, but recovered on the Miners' 11-yard line. Orebaugh smashed off tackle for 5 yards, but Fisher stopped McLuen with no gain. Drake's ball on Miners' 6-yard line. Orebaugh carried the ball to the 1-yard line, and McLuen smashed over. Orebaugh missed the kick after the touchdown.

Player went in for Modaff. Miners kicked off, and Drake fumbled, the Miners recovering on Drake's 35-yard line. Ledford hit the line for 6 yards, and Thomas made first down. Fisher and Ledford failed to gain. Spears intercepted a pass, and he was tackled by Ledford after a 25-yard gain. Enright went around end for 20 yards, where Ledford stopped him. Zoller tackled Blanchard after a 3-yard gain, and Gabler threw Head for a loss. Player made a nice tackle of Sparks, who brought the ball to the Miners' 18-yard line. Sparks went off tackle for 5 yards, but Player and Campbell threw Sparks for a loss on the next play. Jones made 2 yards thru the line, and the game ended with ball on the Miners' 6-yard line in Drake's possession. Miners 0; Drake 54.

John C. Jenike, of the Vocational Oil Class, who has been confined to his bed for some time, as a result of a physical breakdown, was taken to St. Louis last Wednesday. He entered the new Government hospital, which is located at Jefferson Barracks. We hope he has a speedy recovery, and returns to school soon.

William Larson was called to St. Louis last week for purpose of a physical examination.

We have received the report that the following men: "Shortie" El-shine," "Gravyfoot" Bryant and Louis A. Freeman, who are with the U. S. G. S., have been promoted to Topographers.

Joe Riggs returned to school last Friday. He has been on placement training at Lexington, Missouri, during the summer.

Dale Crippen returned from Hutchinson, Kansas, where he spent the summer.

There will be a meeting of the Vocational Class Wednesday, October 17, 1923. All Vocates interested in the Armistice Day celebration should turn out.

R. J. Abbott, of the U.S. Veterans' Bureau, visited the Co-Ordinator's office last Thursday and Friday. Mr. Abbot is making an inspection trip over the Ninth District, which includes the states of Missouri, Kansas, Iowa and Nebraska. He is making the trip for the purpose of going over the property accounts. Before he left he stated that our Co-Ordinator's office was the best conducted office in the district.

Elmer C. Napper, the sub-district manager from the Springfield office,

will make his regular visit to the Co-ordinator's office Tuesday, October 16, 1923.

N. H. Edwards, rehabilitation chief of the Ninth District of the United States Veterans Bureau, paid his last visit to Rolla on Friday, October 2, 1923. Mr. Edwards is known by most of Veteran Bureau trainers over the ninth district, and they will be sorry to learn that he is resigning his present position with the Veterans' Bureau October 31, 1923. They will be pleased to learn, however, that he has accepted a better position with the Kordex Filing Company, of Towanda, New York.

**Where Are the Topographers?**

Doubtless there are many who have been wondering here of late as to the whereabouts of the former members of the Topographical Engineering Class who were here up until a year ago.

We have succeeded in getting the following information regarding these men:

J. M. McDonnell is with the Roxana Oil Co., at Tulsa, Okla.

R. L. Parker is with the Dixie Construction Co., at Alexander City, Ala.

J. M. Hardin is back in school, but expects to go with the Survey in the spring.

W. O. Larson and E. C. Kruse are with the State Survey here at Rolla.

The following men are with the United States Geological Survey, and will be at the given address until about the first of the year, at which time they will proceed to Dallas, Texas, where they will join Major C. E. Cooke, who has been promoted to the rank of Geographer, having charge of all of the U. S. G. S. work in Texas:

## FAULKNER'S DRUG STORE

"IN BUSINESS FOR YOUR HEALTH"

### WHO'S WHO.

Our victim this week will leave his name deeply carved in the Halls of Fame as he who put the "S" in "H & S." Since the initial "put," the top has been reading "take," and we Studes have "put". Of course now and then, when Fred S not looking, we make the top read "take," but that is all in the day's work.

Doc. Shaw claims H & S means Holdum & Skinum, but we think it is all bunk. If Fred does skin you, he has you thinking you got the best of the deal before you are half way to the door. That's salesmanship. Anyway, it is all a matter of point of view as to whether you list a man as a Barnum or a Jesse James. The students would go crazy if they did not have some one to separate them from their tin, so we can not kick.

During the Washington U. game the hotel registers were covered with such famous names as L. X. Alpha, I. —, Fluently, and Chas. H. Fulton. The best we heard took place at the game, when Fred Smith was introduced as Doc. Fulton, Director of the School of Mines. Fred appreciated the honor, and the conversation advanced perfectly until he was asked how his zinc process was coming. He quickly answered, "It must be coming by slow freight because it has been ordered over three weeks."

We said Fred was a salesman. He is also a diplomat, as shown two years ago when the city tried to close the store on Sundays. He bought a loaf of bread and a piece of cheese, and called his place a restaurant. If they had tried to close a restaurant he had planned to put a register on the cigar counter and call it a hotel.

After all of the cauliflower bouquets have been handed, we have to

### YOUR BANK ACCOUNT

Need not be large in order to receive our careful attention.

People not engaged in regular business will find a checking account with us a convenience and a safeguard in financial matters.

### ROLLA STATE BANK

ROLLA, MO.,

say that Fred has the right attitude towards the school. He knows that he must patronize the school if he expects the school to patronize him. So in closing all we can say is, "You see we lose on everything we sell, but we sell so much, etc."

### MEN WANTED.

The Division of Highways, Department of Public Works, State of Illinois, is looking for highway engineers, draftsmen, surveyors, etc. Write to Division of Highways, Springfield, Ill.

GEO. R. DEAN,  
Secretary-Treasurer.

READ YOUR OWN MINER.

### RAINCOATS, RAINCOATS.

Fellows have you woke up to the fact that I can give you the best values in raincoats and a larger choice in styles than you find in the average store in the city. I get them direct from the New York City manufacturers and your coat is here in a week after you order it. Come and see and be convinced.

### TAU BETA PI ANNOUNCES PLEDGES.

At Mass Meeting Thursday morning the following men were pledged to

Tau Beta Pi: D. L. Moodie, H. J. Beagles, R. W. Ahlquist, Andrew Devereux, W. R. Schaeffer, H. R. Druout.

At the same time the scholarship cup was again awarded to the Grubstaker Club for their high scholastic rank achieved during the spring term, 1923.

### IMPROVING PARKER

#### HALL GROUNDS.

A terrace is being built between Parker Hall and the new Bureau of Mines building. This space will be used as a parking space for automobiles. Walks and steps are being built from the level of the campus down to the terrace.

This will be an improvement in looks as well as in usefulness. It will add to the appearance of both buildings, and will provide a convenient place to park cars.
