## MINERS 109, K. C. UNIVERSITY 0

### "HER HUSBAND'S WIFE" TO BE PRESENTED FRIDAY NIGHT.

The first play to be presented by the M. S. M. Players of the school year is entitled "Her Husband's Wife," and will be shown in the auditorium of Parker Hall on Friday evening, Nov. 9th, at 8:15.

"Her Husband's Wife" is a whimsical farce, individualizing observation, unforced humor, kindly humor, and has a sense of style which lifts it far above the average play. This play experienced quite a long run in both the Criterion and Garrick Theaters of New York, and later at the Broad Street Theatre, Philadelphia. Since then it has been very frequently presented by stock companies.

Since the termination of the tryouts several weeks ago, the cast has been changed twice, and it will be noticed that several new faces will be seen in this play. However, all the characters are exceptionally well adapted to their parts, and portray "Her Husband's Wife" to a perfection.

The feminine parts are acted in a very credible manner by the Misses Gailie Campbell, Helen Underwood and Nell Kitchen, and the male parts, likewise, by Messrs. Bryan, Valerius and Eagan.

Miss Kitchen and Mr. Eagan are new faces to appear in M. S. M. plays, and won their parts in this play by the competitive tryouts required by the M. S. M. Players. This speaks well for the Players, as it shows that the student body is showing an increased desire to become a member of this organization.

This play is being presented for the benefit of the Booster Club, and the support of the student body and townspeople are earnestly desired, in order that the funds of this worthy organization may be materially increased.

Tickets will be on sale by various representatives, and may be reserved at Harvey & Smith's, beginning Thursday noon, November 8th.

### ARMISTICE DAY CELEBRATION.

The program for the entire Armistice Day's celebration has not been arranged at this time, however, we are publishing the tentative program, and ask that the bulletin boards be watched for future developments.

Monday, Nov. 12, will be a holiday. All R. O. T. C. men will be required, and all ex-service men will be expected to join in the celebration which as far as can be ascertained will be as follows:

Parade, led by Rolla Band. Assembly on campus at 9:00 A. M. Pass through town at 10:00 A. M.

Review on Jackling Field following parade. Col. James L. Peatross, Chief Reviewing Officer.

Military and Athletic Events on field.

Bean Dinner, served by the Veterans of Foreign Wars at 12 o'clock noon. This will be a good meal, served army style. Watch bulletins for place.

Picture Show, Monday night (also Tuesday night) 7:30 P. M. The Silent Partner, a V. F. W. Benefit show—a good picture for a good cause.

### The Big Dance.

Jackling Gym 9:00 P. M. Given by the Vocational Class as a means of properly terminating the Armistice Day Celebration. This will be a St. Pat's benefit, and a real good time to do some organized celebrating. Admission, one dollar per couple. Let's turn out!

### MINERS CROSS-COUNTRY TEAM TO MEET WASHINGTON U.

In a recent letter to Mr. Dennie, George L. Riden, Athletic Director of Washington University, stated that he would like to have the Miners send a cross-country team to St. Louis to compete with Washington U. on November 10th. Whether or not we send a team is entirely up to the students. If enough men go out so that a good team can be formed, "Spoke" said he would send them. As it is only a few days until

Continued on Page Nine.

Outclassing their opponent in every department of the game, and overwhelming them under a whirlwind attack, the Miners easily defeated the Kansas City University 109 to 0 on Jackling Field Friday. The Miners smashed the line and circled the ends almost at will, and their aerial attack was good for several touchdowns. After the first few minutes of the game it could plainly be seen that it wasn't a question of who was going to win, but was simply a case of how high the score was going to be. The Miners' forward wall ripped big holes through their much lighter opponents, for the plunging tactics of the Miners' backs proved to be a stone wall on the defensive.

Coach McCollum used substitutes freely during the afternoon, and at one stage of the game he had his entire third team on the field.

It is rather difficult to pick out an individual star, but when the work of each is taken into consideration there appears to be three whose playing stands out prominently, and they are the first team, the second team and the third team. They all played real football, and contributed alike to make the victory decisive.

Not wishing to detract from the excellent work of the Varsity in any way, it was really the Oil Cans victory. Perhaps not so much in the total number of points scored as it was in the surprising way in which they performed. They clearly showed the effects of their hard training, and of being present at practice every night. Their fight and snappy playing was a welcome sight to the Miner supporters, and gave them visions of a scrappy team when the ranks of the present Varsity are thinned by graduation.

A. V. Howland sustained a bad injury in the first quarter when he was tackled while carrying the ball around end. His left leg was fractured just above the ankle. The injury was very painful, and he was carried from the field in great agony.

### PLAY BY PLAY.

#### First Quarter.

Kansas City University kicked off.

to Player, who returned the ball 10 yards. Player made 2 yards around right end, but Fisher lost 1 yard on the next play. K. C. U. penalized 5 yards for offside. Fisher made 15 yards off tackle, and Robinson smashed the line for 15 yards more. Player gained 8 yards thru center. Nolen made it first down on the 14-yard line. Robinson 5 yards off tackle. Player fumbled on the 5-yard line, and K. C. U. recovered. M. Neil blocked a kick, and fell on it behind the goal line for a touchdown. Gabler kicked goal. Miners 7, K. C. U., 0.

Fisher kicked off to K. C. U.'s 35-yard line. Howland made 4 yards on two attempts. Hollan hit the line for 2 yards. Ledford intercepted a pass of K. C. U. 35-yard line. A pass was incomplete. A pass, Nolen to Kemper, was good for 35 yards and a touchdown. Gabler missed goal. Miners 13, K. C. U. 0.

Fisher kicked off. K. C. U. returned the ball to the 50-yard line. A pass made 1 yard, and Hollan made 12 yards on two smashes. E. Neil and Commack stopped Howland for no gain. Kemper and Player stopped Howland after a 3-yard gain. It was on this play that Howland's left leg was broken just above the ankle.

Smith for Howland. Fooshee made 1 yard on a line smash. K. C. U. lost the ball on downs when Hollan made only 1 yard thru the line. It was the Miners' ball on their own 30-yard line. Robinson hit the line for 20 yards, and Player added 20 yards more. K. C. U. intercepted pass on their 10-yard line. K. C. U. punted to Fisher on the 30-yard line. Fisher made 5 yards off tackle. Nolen brought the ball to the 5-yard line. On the next play Player went over the goal line. Gabler kicked goal. Miners 20, K. C. U. 0.

Williams went in for Finn. Fisher kicked off to the 30-yard line. Zoller tackling the receiver after a 5-yard return. M. Neil and Kemper stopped Hollan with a 2-yard gain. Player threw Hollan for a loss. A pass was incomplete, and it was the Miners' ball on K. C. U. 45-yard line. Robinson 5 yards thru line. Fisher made 4 yards off tackle, and Nolen added 3 yards thru center. Fisher hit the line for 6 yards, but Robinson lost 5 yards on an end run. Pass incomplete. Nolen passed to Fisher for 30 yards and a touchdown. Gabler missed goal. Miners 26, K. C. U. 0.

Fisher kicked off to K. C. U. 15-yard line, Hollan receiving the ball.

A line smash failed, and Ledford stopped Hollan with no gain. Kemper and Robinson stopped Hollan, and Neil threw Smith for a 7-yard loss. It was the inners' ball on the 24-yard line. Robinson made 9 yards thru the line, and Fisher added 6 yards more. On the next play Nolen went over for a touchdown, but the ball was put in play on the 20-yard line when the Miners were penalized for holding. Nolen forward passed to Kemper for a touchdown. Thomas kicked goal. Miners 39, K. C. U. 0.

Fisher kicked off, Robinson tackling the receiver on the 36-yard line. A pass was incomplete. Kemper stopped Hollan with a 1-yard gain as the quarter ended.

#### Second Quarter.

The entire second team replaced the first team. Thomas, Modoff, Heinrich, Campbell, Biffle, Johnson, Springer, Berry, Hodgdon, Terrill and Freeman going in.

A pass was grounded. Hollan gained 3 yards on an end run. The ball goes to the Miners on downs. Modoff slipped off tackle for 4 yards. Berry made 5 yards around end, and Thomas shot off tackle for 6 yards. A pass was incomplete, Thomas carrying the ball went out of bounds on the 10-yard line. Modoff brought the ball on the 5-yard line. Thomas plunged thru the line for 4 yards, and Modoff went over for a touchdown. Thomas missed goal. Miners 39, K. C. U. 0.

Thomas kicked off, the ball going over the goal. The kick went over, Biffle of the Miners being offside. Smith made 7 yards in two attempts and Fooshee added 10 yards on a fake. Nicholson failed to gain thru the line. Thomas intercepted a pass on his own 30-yard line. Modoff made 40 yards off tackle, and Thomas duplicated the play for 15 yards. Springer brought the ball to the 3-yard line. Thomas smashed into the goal post while carrying the ball on a line plunge, and was stopped on the 1-yard line. Springer went over for a touchdown on the next play. Thomas missed goal. Miners 45, K. C. U. 0.

Thomas kicked off, Campbell making a pretty tackle of the receiver on the 19-yard line. Hollan made 1 yard thru the line, but Smith was thrown for a loss. Hollan failed to gain off tackle. Smith punted to Thomas, who returned the ball to the 21-yard line. Modoff failed to gain, going out of bounds. Thomas brought the ball to the 4-yard line.

Berry fumbled on the next play, and K. C. U. recovered. Smith punted from behind his goal line, the ball going out of bounds on the 20-yard line. Modoff hit the line for 18 yards and Thomas carried the ball over the goal line. Thomas missed goal. Miners 51, K. C. U. 0.

Thomas kicked off. Biffle threw Smith for 4 yards loss. Hodgdon threw Hollan for 5 yards loss. Pass was incomplete. Smith's punt went straight up in the air. Thomas returned the kick to the 18-yard line. Modoff went around right end for a touchdown. Berry missed goal. Miners 57, K. C. U. 0.

Thomas kicked off to Hollan. Berry intercepted a pass and ran 35 yards for a touchdown. This touchdown required just 35 seconds. Thomas missed goal. Miners 63, K. C. U. 0.

Johnson's kickoff went over the goal line, and the ball was brought out to the 20-yard line. Heinrich threw Fooshee for a 2-yard loss. Smith gained 1 yard on a spread play. The half ended with the ball in K. C. U. possession on their own 18-yard line.

#### Third Quarter.

First team back in the game.

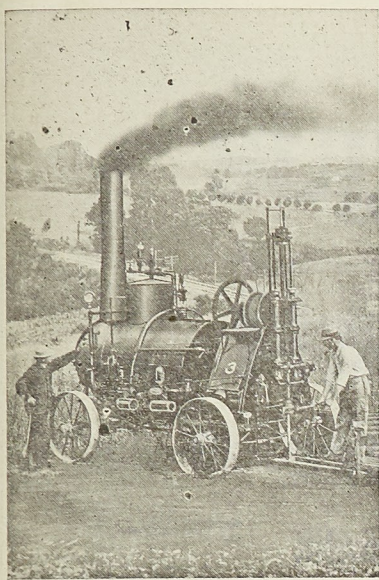

K. C. U. kicked over the goal. Ball brought out to 20-yard line. Fisher went around left end for 4 yards. Miners penalized 15 yards for holding. Gabler punted to his 35-yard line, Kemper stopping the receiver in his tracks. Nolen intercepted a pass on his 20-yard line. Player went around right end for 40 yards. Nolen hit the line for 2 yards and Robinson shot off tackle for 3 yards. Nolen brushed off four would-be tacklers and went thru the line for a touchdown. Fisher kicked goal. Miners 70, K. C. U. 0.

Fisher kicked off to 25-yard line, Kemper downing the receiver on his 45-yard line. Commack broke up a line smash. Kemper intercepted a pass, and ran 25 yards thru a broken field. Fisher and Robinson made 9 yards thru the line, and Player went off tackle for 5 yards. Nolen slipped thru the line to the 5-yard line, and Fisher went around end for a touchdown. Gabler kicked goal. Miners 77, K. C. U. 0.

Modoff went in for Fisher. Gabler kicked to Commack, tackling the receiver after a 11-yard gain. Miners penalized 5 yards offside. Commack and M. Neil stopped Smith for no gain. K. C. U. penalized 15 yards

for holding. K. C. U. punt went straight up. Robinson went off tackle for 9 yards, and Modoff skirted left end for a touchdown. Gabler kicked goal. Miners 84, K. C. U. 0.

Gabler kicked off to the 5-yard line. Ledford downed Hollan after a 15-yard return. Smith hit a stone wall defense, and failed to gain. Hollan made 1 yard around end, but Smith failed to gain. K. C. U. punted, and it was the Miners' ball on the 40-yard line. Nolen passed to Ledford for 40 yards and a touchdown. Gabler kicked goal. Miners 91, K. C. U. 0.

Gabler kicked off. Ledford tackled the receiver on the 16-yard line. M. Neil stopped Hollan with no gain. E. Neil threw Hollan for a 6-yard loss. Smith punted to Nolen, who returned the kick thru a broken field for 40 yards and a touchdown. Gabler missed goal. Miners 97, K. C. U. 0.

Gabler kicked off to the 20-yard line. Three passes were incomplete, and Smith punted to the Miners' 25-yard line. Player made 15 yards around right end, and Robinson added 7 yards thru the line. Modoff shot off tackle for 33 yards, bringing the ball to the 20-yard line. Player went around right end for a touchdown. Gabler missed goal. Miners 103, K. C. U. 0.

#### Fourth Quarter.

Third team replaces the first team, Havens, Thomas, Beardsmore, Anderson, McCandliss, R. Commack, Letts, Sullivan, Mills and Jones going in. Modoff remains in.

Thomas kicked off, the Miners recovered the ball on the 50-yard line. smashed the line for 10 yards. Jones made 12 yards around right end, and Thomas added 1 yard around left end. Modoff and Jones made 7 yards thru the line. Miners lost 4 yards on a fumble. Modoff hit the line for 3 yards more, and Thomas shot off tackle for 20 yards and a touchdown. Thomas missed goal. Miners 109, K. C. U., 0.

Thomas kicked off to the 15-yard line. A pass was good for 5 yards. Nicholson hit the line for 2 yards, and Hollan duplicated. Fooshee failed to gain, but Smith skirted left end for 5 yards. Hollan made 6 yards around right end. Johnson for Sullivan. Freeman for Havens. McCauley for Mills, Harris for Jones. A pass, Hollan to Caraway, was good for 6 yards. Smith failed to gain, Hollan passed to Chandler for 7

yards, and brought the ball to the McCauley. Nicholson and Smith brought the ball to the 20-yard line. The line stiffened, and a pass was incomplete. The ball went to the Miners on downs. Modoff and Berry made first down in two smashes. Thomas went around right end for 6 yards. Harris made 5 yards thru the line. Thomas skirted left end for 7 yards, and Modoff made 8 yards thru the line as the game ended.

Student Advisor.

## ROLLAMO TRUSTEES MEET.

At a recent meeting of the Board of Trustees of the Rollamo Board, A. W. Walker was elected chairman, and "Doc" Armsby secretary.

Contracts for the engraving and printing were discussed and considered, all of which goes to show that the prospects for a much better Rollamo are very much in evidence this year.

The engraving, printing and binding of this year's Rollamo will be far

superior to that of previous years, and will be replete with features heretofore not found in previous issues.

W. A. Schaeffer, Editor-in-Chief, and C. G. Bowers gave a brief resume of their tentative plans, which met entirely with the approval of the Board.

"Oh, Please Don't Anybody Pet Me!" See "Her Husband's Wife" Nov. 9.

## JOHN CHRISTIAN JENIKE.

John Christian Jenike died at the Jefferson Barracks Hospital in St. Louis October 24th, 1923. He was in the 36th year of his age. He died as a result of heart trouble, brought on by being gassed in France.

The deceased came to Rolla from Delavan, Ill., and entered the School of Mines as a Vocational student. He has been here for the past two years. He did service in the World War, serving in Co. B, 122d Machine Gun Co. of the 33d Division. He held membership in the Masonic, I. O. O. F. and Woodman organization. He is survived by his wife and little daughter, Eula Marguerite.

Funeral services were held from the Presbyterian Church at Delavan, Ill., under the auspices of the Masonic fraternity in connection with the American Legion. There was a large turnout at his funeral, and the floral tributes were very beautiful.

The ventilation of a mine has considerable effect on the life of the timber. Damp stagnant air will cause mold and fungus growth which will be followed by decay or rot. All timbered active places in mines should be well ventilated, and special provision should be made for the removal of the damp, hot air which is commonly found underground in pumping stations and around steam lines.

Timbers used in mines are subject to destruction from decay and insect attack, breakage, mechanical wear and fire. It is estimated that under average conditions 50 per cent of the total timber used is destroyed by decay and insect attack. Decay and its accompanying evil, boring by insects, the most destructive agencies acting on underground timber, can be retarded by peeling and seasoning the timbers before use, and by treatment with a suitable preservative. While it may not always be feasible for the small mine operator to use preservatives, peeling and seasoning timbers is always possible. Bark, when left on the timber, retards the evaporation of moisture, leaving the timber more easily attacked by fungus growth, and various wood-boring insects.

The average life of green, unpeeled, and untreated timber used in a mine is from one to three years; but by peeling alone, the life of timber when used in dry mine workings may be increased 10 to 15 per cent. There are several kinds of wood preservatives which have been used successfully on mine timbers—creosote, zinc chloride and sodium fluoride are the ones most commonly used. The bark should always be removed from the timbers before treatment.

### VOCATES.

The V. F. W. banquet Thursday night was a great success. Every one was treated to food that would appeal to the palate of the most discriminate king. And after all had settled down in ease enjoying the smokes that were most generously supplied, Mr. G. A. Scott of the Ross Owens Post, Kansas City, was introduced. He made an excellent talk which was thoroughly enjoyed by every one.

August Herrigon, alias "Little Eva," returned from a few months' sojourn at Sweet Springs, Mo. A detailed account of his experiences was unobtainable, as he was interviewed at ten o'clock A. M., which was set aside by him for sleep lab. We are endowed with a sense of joy to know that he is again safely domiciled in our midst.

Sylvester Mauer returned to Rolla after working during the summer months for the Highway Commission at Springfield, Mo.

C. L. Schoek is again with us. He worked this summer at Gypsum City, Kansas.

Dewey L. Fox is spending his vacation at Cross, Okla.

S. N. Thompson returned from Glenco, Mo., where he was engaged in highway work this summer.

Etsel Snider is enrolled again at M. S. M., after spending the summer months working at St. Petersburg.

Richard Wakeland is back in school after spending the summer months at St. Peters, Mo., with the highway commission.

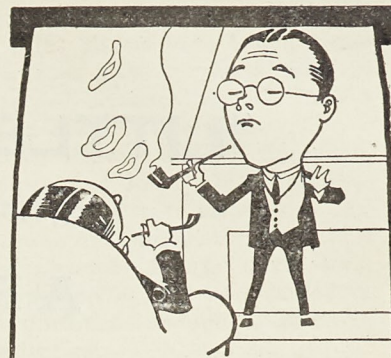

W. D. Will is spending his vacation in St. Louis, Mo.

George Farrell will return Sunday from Sullivan, Mo., where he spent the summer months engaged in highway work.

Homer Dennis spent the summer months at Humansville, Mo. While there he was engaged in building gravel roads.

### BEG YOUR PARDON.

We wish to correct an erroneous statement that occurred in last week's Miner, to the effect that the Miner's wrestling team would go to Columbia to meet Missouri University. Missouri University will meet the Miners on either the 7th or 8th of February at Rolla, instead of at Columbia. This meet, together with the one with Washington University, gives the Miners two meets at home.

## SOPHISTICATED

You'd be surprised at what he knows! He didn't learn it all in a book, either. For instance—his clothes are dreams and his grooming an inspiration.

He gets that finely turned-out head from "Vaseline" Hair Tonic. It smooths and grooms the hair. At all drug stores and student barber shops.

Every "Vaseline" product is recommended everywhere because of its absolute purity and effectiveness.

**QUO VADIS-FRESHMAN  
 DEMONSTRATION.**

A person unaware of the fact that there was a football game in progress would have been prone to beat a hasty and undignified retreat at the sounds of battle which rose from Jackling Field Friday afternoon. These sounds were greatly added to when a few blood-thirsty Miners cut loose with their "gats."

The "Bums" were there in full regalia. Their particular demonstration is to be commended on account of its perfect similarity to the railroad that they were representing. Joe Reid, the leather-lunged barker, was the speaker of the day, and he did himself proud. That little verse which he recited was a masterpiece, and its effectiveness was accentuated by the remarkable oratorical ability of the sepeaker.

The Freshmen staged a battle royal. The only thing barred was biting in the leg, and it is doubtful if a little of that didn't take place. The mixed light-heavy weight battle was quite an innovation, and it created a big laugh among the spectators.

The Quo Vadis men and the Freshmen are to be complimented on the splendid spirit that they have shown in relieving the monotony that exists between halves, and we hope that next Friday, as this is the last game of the season to be played here it is sincerely hoped that their stunts will be bigger than ever.

## Continued from Page One.

November 10th it is absolutely necessary that you go out at once. Let's have a big turnout, and we'll send a team of harriers to St. Louis and beat the Pikers.

## ATTENTION, GOLF PLAYERS.

Here is your opportunity to win a \$10.00 golf bag, or a \$6.50 golf club, donated by Harvey & Smith.

There is no entrance fee, just merely register at H. & S. for the "Blind Bogy Golf Tournament," giving the handicap desired.

The rules governing the "Blind Bogy Tournament" are as follows:

1. A player may choose his opponent for the match.
2. Eighteen consecutive holes must be played, and score cards deposited in the box at first tee.
3. The winner will be one whose score less his handicap comes nearest the bogy score.
4. Bogy will be chosen by the committee. It will be a number between 50 and 150.

Participants in the "Medal Tournament" are not eligible for the "Blind Bogy Golf Tournament." Let's go, golf players. All to gain, and nothing to lose.

## M. S. M. LOSES FATHER.

The Miner has just received word of the death of the father of J. E. Couch, '25. Jerry left for Hannibal, Mo., immediately upon receipt of the news.

The Miner joins with the student body in extending their deepest sympathy at this time of bereavement.

## SIGMA NU DANCE.

The Sigma Nu Fraternity house was the scene of a very enjoyable dance last Friday night. The music was furnished by Tom Muench's Varsity Orchestra, which was one of the important factors in the success of the evening.

Out-of-town guests were the Misses Clara Rendhler, Lillian Cruikshank, Mary Virginia Holmes, of Hannibal, Mo., and Lydia and Bobby Jones, of St. Louis.

As a feature, old-fashioned games were played, which blended harmoniously with the spirit of the evening.

This delightful affair was ably chaperoned by Dr. and Mrs. J. W. Barley, Mr. and Mrs. S. H. Lloyd, Mr. and Mrs. E. H. Griswold, Mr. and Mrs. C. E. Stover, Mr. and Mrs. G. E. Player and Mr. and Mrs. W. J. McKee.

## SOPH-FROSH GAME—WHEN?

When will the Sophomore-Freshman football game be played. Since there is only three and a half more weeks left of the football season, something definite must be done soon. Each class should be able to organize a good team out of its ranks. This is the chance for the former high school stars to show their stuff.

Why not play the Soph-Frosh game November 23? That is an open date in the Varsity schedule, and a game then would fill in nicely. It will also give the greatest possible length of time for the teams to organize and work out.

Let's see some real work done toward this game, and let's have a real game, not just a farcical affair.

## C. F. SCHAEFER

## RETURNS TO BOARD.

After an absence of several months C. F. Schaefer, Jr., has again affiliated with the Miner Board, and will serve in the capacity of Associate Editor.

Freddie served as Editor-in-Chief during the first semester of last year, but did not return to school the second semester. His specialty is scandal, however, he can handle all types of news equally as well, and will prove to be a big asset to the paper.

## IRA REMSEN SOCIETY MEETING

Last Tuesday night the members of the Ira Remsen Society listened to a very good talk on "Selenium Oxy Chloride," by Prof. Schrenk. Prof. Schrenk did a great deal of work on this substance when he was at Wisconsin, so that he has an intimate knowledge of both the preparation and properties of the substance. In the course of his talk he brought out some of the difficulties which beset a research worker, and how he overcomes them. He emphasized his talk by giving several examples of the properties of selenium oxy chloride, such as its power to dissolve coal and rubber, and its action as an "anti" knock compound in gasoline engines.

## POOL TOURNAMENT

## NEARLY FINISHED.

The pool tournament, staged by the Junior Class for the St. Pat's fund, is fast nearing a close. Out of the sixty-eight who entered the tournament, but sixteen remain. T. B. Kent, Sam Lloyd, Tony Craine, K. Gray, Ned Foster, T. Gilbreath, Warren Smith, R. P. White, C. G.

Bowers, A. L. Cairns, W. F. Fruit, and J. H. Harris have lost but one game, and, altho it places them in the second division they still have a fighting chance for a prize.

R. O. Brown, Chester Spradling, D. Steen and Joe T. Williams have not lost any of their matches so far, and are to fight out their right to first place sometime before next week, when the prizes will be awarded to those fortunate enough to place in the select set.

R. P. White still holds the undisputed right to wear the shoes offered for high run, with his record of 26, while "Red" Hopkins seems assured of the leather medal for mis-cues with his run of 15.

## ANNOUNCING.

The Senior Zinc Metallurgy Co., although yet a young corporation, is well known to the engineering profession. The Zinc Metallurgy Co. has opened its first plant at Rolla, Mo., at the School of Mines. The first smelter, containing one zinc retort, was finished last week. The company is exclusively a Senior company. The new smelter was built by Chief Engineer Blake (who occasionally acts as brick mason) and his assistant, Mr. Beagles. The first wood fire was put in the fire box to thaw out the brick work, and make the smelting furnace more firm. The Senior Zinc Metallurgy Co. will be ready in about a week or two to operate on a big scale. Mail orders will be given prompt attention.

## NEW EDITION OF STUDENT

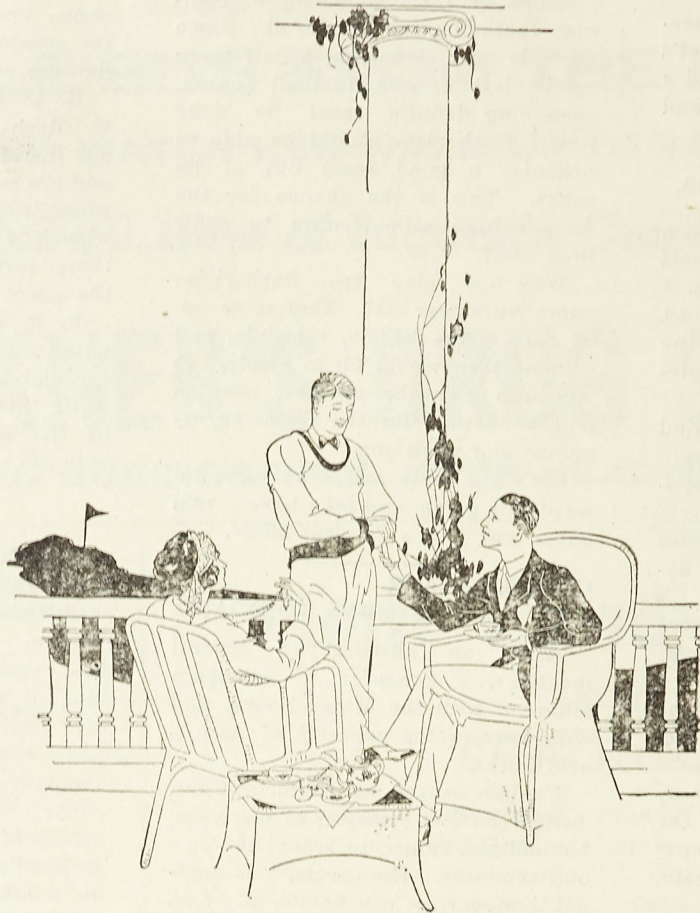

## LIFE IN PREPARATION.

The school is preparing for publication a new edition of Student Life, a small booklet sent to prospective students. This new edition will resemble former editions insofar as its purpose is concerned, but several improvements are being made in the matter of material contained therein.

The modern improvements which have taken place within the last few years around our campus are depicted in this pamphlet. New pictures are being taken of scenes in the laboratories and of the campus.

One of the radical changes, however, will be the elimination of the description of the curriculae, and the addition of brief articles upon each profession taught in its stead, as the curriculae are taken care of in a very credible manner in the general catalog of the school, making it unnecessary to repeat them in Student Life.

"What a difference  
just a few cents make!"

FATIMA

## A Question Answered

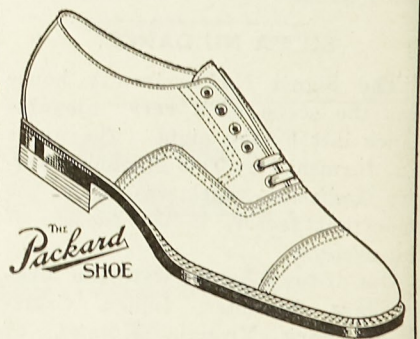

Question: Who is the most benefited by the money you earn?

Answer: YOU ARE, if you save it, OTHERS ARE if you spend it.

No doubt about the truth of that answer. Then why not profit by the money you earn, by making a small deposit regularly at our Bank? Others are doing it and are profiting by it. The same plan is open to you. Your deposits will be safeguarded. Why not get in line so you may obtain permanent benefit from your earnings?

## CONCERNING CELEBRATIONS.

What is your idea of a victory celebration? Is it also of rushing the show? You may be justly entitled to your opinion, but let us pause and reflect for a few moments.

It seems to be the consensus of opinion among the more loyal students that this show rushing stuff is the "bunk," and grossly overdone.

Last Friday night somebody started something in the way of producing a real victory demonstration, but something was sadly lacking, and what was it? True, the crowd was there, and gave a few yells, sang lustily, and were in good spirits generally after such an overwhelming victory, but that is as far as things progressed. There was nothing to further their interests about the bon fire any more, and, as a direct result, they did the next possible exciting thing—rushed the show.

If we are going to have a victory celebration with a bon fire et al let's have one and, if we only intend to rush the show, why go to the trouble of having a fire and a few outbursts of enthusiasm beforehand? It only causes us to be late for the show.

It is regrettable, indeed, that we

had to fail at the critical moment, so to speak, and it is sincerely hoped that we shall vindicate ourselves on Friday night after the Oklahoma School of Mines game.

We have several days in which to plan something big. Perhaps the Senior Council may conceive of some ideas, and offer some suggestions. Would a few talks by some old timers, or a snake dance be amiss? It is paramount that we make this next celebration one to be long remembered, as it will be our last opportunity until next year. Also, many Seniors will have graduated by that time, and who doesn't like to brag, in the after years, of the "good old days?"

Think about this, fellows, and if this comment has meant anything to you, we sincerely hope that you will give it the deep thoughtful consideration which it justly deserves.

## FUTURE PEP.

The old Miner pep has come back with a bang. Let's see if we can keep it.

With the waning of the football season comes basketball, boxing and wrestling. Surely these sports deserve as much support from the student body as our major sport—football. A step in the right direction was taken to continue such successes as was negotiated last Friday with the organization of a permanent rooting organization by the members of the Senior Class.

Missouri has her Razzers, Kansas her Coo Coo Clan, and Oklahoma her Roughneck to foster the much needed pep, and between halves amusement, so why can't the Missouri School of Mines have her Hard Rocks, or some such similar name? This name, we might say, is only a suggestion, but who will not admit that the benefits to be derived from such an organization merits the whole-hearted support of the entire student body, so let's get behind this good thing and help push it along.

## GOLFERS, ATTENTION.

The Athletic Association wishes to call the golfers' attention to the fact that admittance to the golf course is by Athletic Association card only. These cards may be procured at the regular price from any member of the Athletic Board. They entitle the holder not only to the use of the Gymnasium, but are good for all athletic events. These cards are not transferable, and are good only when presented by the person to whom they are issued.

MINERS VS. OKLAHOMA  
SCHOOL OF MINES.

The third and final home game to be played on Jackling Field this year will be with the Oklahoma School of Mines Friday, November 9. This is the last chance to see the Miners in action this year, so take advantage of the opportunity. The Miners came out of the Kansas City game with but a few slight injuries, and are confident of giving their brother Miners from Oklahoma a warm reception.

## MINERS PARADE STREETS.

Led by the irresistible and unsentimental stains of the renowned Quo Vadis Band, 400 lusty Miners wended their weary way over the pathways and paved streets of this quaint little hamlet, nestled among the Ozark hills, as a true demonstration of their pep and enthusiasm immediately preceding the football game on Friday.

Forming at 1:30 in front of H. & S. this giant fracas was replete with thrills almost too numerous to mention. The "wrinkling squad," however, deserves considerable mention for the prominent part which they portrayed for the amusement of the vast throng when a delinquent member from the ranks was found stalking manfully along the sidewalk, or resting peacefully in one of the various fraternity and club houses which were purposely included along the line of march. The spirit of the day even penetrated into the hearts of the canine members of our institution, for Taps, Pike, Duke, et al, were conspicuous by their presence.

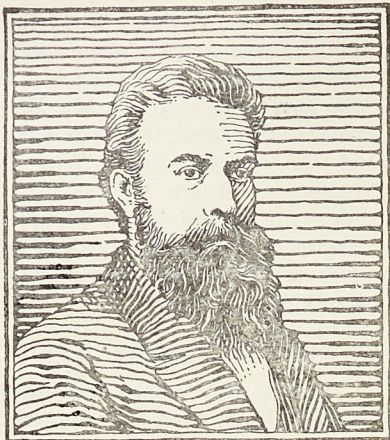

This monstrous parade was the direct outgrowth of an attempt to rejuvenated the old timer spirit of pep and enthusiasm, which up to this time had been sadly lacking, and the apparent results obtained by this method are deserving of considerable comment.

Immediately following the game all the bells in town, as in the days of old, were tolled, announcing the Miners' victory.

In the evening the more or less energetic Freshmen gathered enough wood, which even included an old proverbial, to kindle a roaring flame to great heights, and here yells, songs and speeches were made to the hilarious and happy students who hovered about eagerly waiting their chance to promote a free show.

"I Know a Girl Who Made Her Husband Swear." See "Her Husband's Wife" Nov. 9.

WILLIAM KONRAD ROENTGEN  
1845-1923

Born in Lennep, Prussia. Educated at Zurich. Awarded the Rumford Medal of the Royal Society in 1896 jointly with Philip Lenard for discovery of X-rays. Won the Nobel Prize in physics in 1901.

The General Electric Company manufactures everything electric—from fans to powerful locomotives, from tiny lamps to mighty power plants. Its products are used around the world.

## “I did not think— I investigated”

One day in 1895, Roentgen noticed that a cardboard coated with fluorescent material glowed while a nearby Pluecker tube was in action. “What did you think?” an English scientist asked him. “I did not think; I investigated,” was the reply.

Roentgen covered the tube with black paper. Still the cardboard glowed. He took photographs through a pine door and discovered on them a white band corresponding to the lead beading on the door. His investigation led to the discovery of X-rays.

Roentgen's rays have proved an inestimable boon to humanity. In the hands of doctor and surgeon they are saving life and reducing suffering. In the hands of the scientist they are yielding new knowledge—even of the arrangement and structure of atoms. The Research Laboratories of the General Electric Company have contributed greatly to these ends by developing more powerful and efficacious X-ray tubes.

**H-A-S-H.**

The dirty end of the deal.

"He's gone but not forgotten" remarked the bee as he woke up and saw the bull retreating in the distance.

**Our Weekly Lesson in Etiquette.**

If you wuz to make a bad break in society the best way to pass it off is to point yer finger at the feller next to you and laff. It almost always works, and will get by O. K. unless some one is wise to you and gives you away, which ain't likely.

Two of the four hundred certainly improved their looks when they donned false faces last Hallowe'en night. We are glad that they have at last found a way of becoming more attractive in the face, and now if they would wear their skirts a little longer—

Thornberry almost run himself to death at the game Friday, trying to keep up with the ball. Thorny is noted for his long wind, but he came near giving out in the last quarter. The one thing that kept him going was the thought that the much delayed walkover, which he knew was coming some time during his stay at H. S. M., was at hand.

**The Way It's Done Back Home.**

Prof. "How would you treat a stable compound so that it would break up, Mr. Brown?"

Brown: "With a pitch fork, sir."

**Not Onto His Job.**

Judge: "And what are your grounds for divorce?"

Young Bride: "Harry snores."

Judge: "How long have you been married?"

Y. B. "Two weeks."

Judge: "Granted. He shouldn't snore."

—Colgate Banter.

"Where is your garter, Madge?"

"Oh, somewhere around the house."

"Es—isn't that stretching things a bit"

—Whiz Bang.

**Breaking the News Gently.**

Voice over phone: "Is this the widow Callahan?"

Answering voice: "This is Mrs. Callahan, but I'm not a widow."

First Voice: "Is that right. Well, just take a look out the window, and see what they are bringing up the

street."

**Page a Traffic Cop.**

Drunk (bumping into lap post): "Excuse me, sir." (Bumping into fire plug): "Excuse me, little boy." (Bumping into second lamp post), post, and falling down): "Well, I guess I'll just sit here until the crowd pas-h-es."

—Whiz Bang.

**A Snappy Proposition.**

Fair young thing: "I am deathly afraid of mice."

Oswald: "Why not wear mouse traps on your garters?"

Third party: "Don't do it. I know a fellow that lost a finger that way once."

The similarity between a bootlegger and a bootblack is that they both mash the corn.

**We Are All Artists.**

The writer overdraws his account.

The time draws near when the undertaker draws us all.

—Missouri Free Mason.

**How Many Apples.**

How many apples did Adam and Eve eat?

Some say Eve 8 and Adam 2—a total of 10 only.

Now, we figure the thing out far differently: Eve 8 and Adam 8, also—total 16.

On second thought we think the above figures are entirely wrong.

If Eve 8 and Adam 82, certainly the total would be 90.

Scientific men, however, on the strength of the theory that the antediluvians were a race of giants, reason something like this: Eve 81 and Adam 82—total 163.

Wrong again. What could be clearer than if Eve 81 and Adam 812

the total was 893?

We believe the following to be the true solution: Eve 814 Adam and Adam 8124 Eve—total 8938.

Still another calculation is as follows: If Eve 814 Adam, Adam 81242 oblige Eve—total 82,056.
