BASKETBALL TOURNAMENT

On Friday and Saturday, Nov. 25 and 26, there will be a basketball tournament here in Jackling Gymnasium, in connection with the Southwest Missouri Teachers Association. There will be eleven boy teams and seven girl teams here from the various high schools and academies thruout this part of the state. This is the first year that anything of its kind has been held in Rolla, and it is the duty of the students at M. S. M. to see that the visitors are hospitably entertained during their stay.

Such tournaments are common at other schools, and unquestionably give the school a lot of advertising, besides securing students as well as athletic material. In the present case there will be something over 60 young fellows here, many of whom will go to college eventually, and if M. S. M. and its possibilities, both athletic and scholastic, can be shown them, some will no doubt come here.

With this thought in mind, Athletic Director Dennie has been working on the idea of a tournament for the past two years. More teams than are coming could be secured, but they could not be accommodated with the present facilities, since both time and floor space are limited. It is hoped that next year more teams can be invited to take part.

After Mass Meeting Friday a meeting of representatives from the clubs and fraternities was called, and each organization was asked to do all that it

TAU BETA PI AN-

NOUNCES PLEDGES.

In determining the men eligible for Tau Beta Pi from the Senior Class, it was first thought that the basis for eligibility was on the present enrollment of the Senior Class. This basis allowed six men. Later, however, it was found that eligibility should have been based on the enrollment of last year's Junior Class. This made three more men eligible, accounting for the two sets of pledges. The following are the pledges from the Senior Class: R. J. Lapee, W. K. Teller, E. J. Torrence, W. H. Metzger, F. K. M. Hunter, P. E. Fischer, P. H. Karges, A. F. Denison, E. A. Keeler. Junior Honor Man. W. S. Frame.

ROLLAMO DRIVE TO START.

Business Manager Webster of the 1922 Rollamo announces a drive within the next few days for 100 per cent subscription to the Rollamo. Pledge cards will be passed around at clubs and fraternities, and a special effort will be made to reach every one in school.

The Rollamo is the year book of M. S. M. It is edited by a staff chosen from the student body, and chronicles in permanent form all activities of the year. It tells Who's Who and What's What. Every student who is interested in his school and its activities will immediately subscribe.

F. K. M. Hunter is Editor-in-Chief and V. H. Webster is Business Manager. The other members of the 1922 Rollamo are: H. C. Fleck, W. S. Frame, D. S. Mosby, A. E. Keeler, N. M.

THE MISSOURI MINING AND METALLURGICAL SOCIETY MEETS.

If the future success of an organization is in any measure assured by its start, then the Missouri Mining and Metallurgical Society bids fair to be one of the biggest and best organizations in school. At the first meeting, held Tuesday night, Nov. 15, the Mining Lecture Room was filled to capacity by an enthusiastic crowd.

President Hodges opened the meeting with a short talk, telling something of the past history of the Society, and outlining briefly what the present organization hopes to do. Like many other things, interest in the Society was killed by the war; many men were unable to get back for some time thereafter. But these men are back now, and have had time to readjust themselves. Accordingly the Society was reorganized this fall, and hopes to carry on its work better than before.

The Society aims, first of all, to give value received to its members, both in the way of entertainment and in the way of information regarding the advancement of their profession, its problems, possibilities, and aims. Further than that, the organization here hopes to be a stepping stone to junior membership in the A. I. M. & M. E.

For the discussion of this last very important point, the President called upon Dr. Fulton and "Chief" Buehler. Dr. Fulton outlined in a broad sense the reason for joining the A. I. M. & M. E. In effect he said that inasmuch as the national organization added greatly to

the prestige of the profession, every miner or metallurgist in school should avail himself of the opportunity of putting his name among those of the recognized engineers of the country.

"Chief" Buehler's talk was more specific, for he cited several instances in which attending meetings of the Association or going on its various trips had enabled a young man just starting to make acquaintances that were very beneficial to him. The older men in the Association are always glad to give a young fellow a boost. They help him to get a better job, and to get his name before the other men of the profession. And either one of these is a good start.

A resolution was adopted extending the appreciation of the Association to the Scientific Club of the Texas School of Mines for the splendid hospitality shown by it to Prof. Forbes and those students who were on the Junior Trip this year.

The program committee announced that a number of speakers of prominence had agreed to come at various times during the winter and address the Society. These meetings, together with the programs, will be announced in advance.

Continued from First Page.

could to help accommodate the visitors, especially in regard to sleeping quarters. Several organizations also agreed to invite a team, or several men at least, as guests to their respective houses for the two days. If there are any other organizations which desire to do so they should see Coach Dennie at once.

Boys' and girls' teams will be entered by Lebanon, Richland, Crocker, Steelville, Cuba, Sullivan and Rolla; Boys' teams will also come from Licking, Salem, Iberia, and Newburg.

Play will begin Friday after-

noon, and the final game will be held Saturday evening.

MINERS SHOW SPLENDID MATERIAL FOR SWIMMING TEAM

CENTRAL EAGLES GET WINGS WET

The Miners ended a successful football season last Friday when they defeated the Central College Eagles 21 to 2. The game was held during a hard rain which had ensued thruout the day. The muddy and sloppy field made it impossible to do accurate passing and punting, and a safety came to both teams in the first quarter. The second and third quarters were shared with equal honors, with the Miners gaining on line plays and with Central gaining by passing. Punting thruout the game was also about equally divided, with Bolt gaining the edge.

Central realized the absurdity of attempting to penetrate the Miners' line early in the game, and used passing and punting exclusively. The Miners used line plays to a good advantage, but the wet field made it impossible to carry the ball over until the final quarter, when Nolan, Hasselman and Springer each carried the pigskin over for a counter.

Bolt, Zoller and Gray were the mainstays in the line during the game, with each man showing enough aggressiveness to qualify for an all-state position. Hasselman and Gettler starred on line plunges in the first half, with Ledford holding down the quarter position like

a veteran.

In the second half, with several substitutions, including Nolan, Sutton and Springer, with Hasselman still going strong, the whole Miner eleven gained pep and completed passes, outplayed and outfought the Eagles to the finish. Sutton and Springer each made good gains on long end run and off-tackle plays, while Nolan's accurate passing, coupled with a 30-yard gain around left end, made him an outstanding star.

Lair at quarter was the stellar player for Central, with McClanahan and Brown doing good work at ends.

Following is the summary of the game:

First Quarter.

Bolt kicked off to Central's 5 yard line. Following a 15-yard return Central punted to Ledford on the 50-yard line. Hasselman and Hoover hit the line for 15 yards, and Bolt punted to Central's 5-yard line. Central misses punt from behind goal line, and Miners scored safety. Central's ball on own 30-yard line. Punts to Ledford on Miners' 45-yard line. Hasselman and Gettler make first down, and Hoover gains 5 yards thru tackle. Bolt punts to Central's 25-yard line. 10-

CROSS COUNTRY CORPS CLEANS CENTRAL COLLEGE.

Chomeau K. O.s. Old Record.

Henri Chomeau, 28:01.

Ploughing through Missouri mud in the drenching rain storm of November 18th, the Miner harriers outclassed the strong Central College cross-country team with an eleven-point margin, and a winning time of 28 minutes, 1 second—an average speed of 10.7 miles per hour sustained over the full five miles of M. S. M.'s rough course! Central's men ran an excellent race over an unfamiliar and irregular course, but could neither stand the terrific pace, nor cope with a team so unusually well balanced (with the exception of Chomeau, who wanted to get in out of the rain and could not wait.) as was the Miner quintet. The order of finish and times follow:

1	Chomeau (M)	28:01
2	Reigal (C)	28:36
3	Hazelwood (M)	28:51
4	Leonard (M)	29:25
5	Hager (C)	29:33
6	Nawn (M)	30:12
7	Berry (C)	30:22

8	Martin C., (M)	30:38
9	Wisd (C)	31:19
10	Diggs (C)	32:32

Scoring:

Miners: 1, 3, 4, 6, 8. Total, 22
Central: 2, 5, 7, 9, 10. Total 33

Leonard Saves Day.

While according individual honors to Chomeau, too much credit can not be given Leonard for winning the meet when Rueh and Hubbard were drowned at the two-mile stage of the race. Central finished five out of five men entered. M. S. M. had six men, five of whom had made fast time, apparently in good condition at the trial run a week before the race. There seemed no great necessity for a seventh man to complete the team. These considerations, combined with pneumonia weather and lack of any training or practice, failed to affect Leonard's sportsmanship in filling the breach. "Shucks" was there with true Miner spirit and real pep, running a keen race, and saving the day for a team which has worked as faithfully and received as little support as any athletic organization at M. S. M.

Beat W. U., M. U., Grinnell Teams.

At the triangular five-mile run over paved stretches in St. Louis between Missouri, Washington and Grinnell Universities, the winning team was 28:30. Favorable weather prevailed. Chomeau's probable time in that race can only be conjectured, but, from the fact that W. U.'s best man was able to secure a bad fourth place, it is evident that both M. S. M. and Central could have finished ahead of the three teams.

Set M. S. M. Record.

Previous C. C. records at M. S. M. show the best time to have been 30:40, made five years ago over the Panther Bluff Trail. Unless Henri hurries himself in some future meet, it is safe to say that hundreds of "F's," "cuts," and new names

will be inscribed upon the school's books before 28:01 is bettered.

Breaking with the gun, Hubbard set a hot pace for the first mile, followed closely by half the field. Hager, of Central, then took the lead up the hill on Fourth St., and as far as Rolla St. on Second, where he was relieved by Hubbard. At the top of cemetery hill (1.5 miles out) Hubbard died, and Hazelwood moved up to conduct Chomeau, Reigal and Hager into the cemetery, where Chomeau buried the, and faded steadily

into the fog to emerge on Jackling Field over half a lap in advance of Reigal, of Central. A struggle for second place between Hazelwood, Reigal and Hager, with frequent gruelling spurts, extended over three miles of the level stretches and undoubtedly added to the running time of all three. Nawn and Chas. Martin finished strongly after five miles of consistent running, which brought them to the track close upon Hazelwood and Leonard.

yard return. Central punts and roecvers on 50-yard line. Central again punts to Ledford on Miners' 20-yard line. Bolt punts and recovers on 25-yard line. Bolt punts to 45-yard line. Central completes pass for 35 yards, and on next try Gettler intercepts on Miners' 5-yard line. Central scores safety when Eolt fails to punt from behind goal line.

From the 30-yard line Bolt punts 35 yards, and Central punts to Miners' 35-yard line. Following an exchange of a series of punts the Miners regain ball on Central's 35-yard line. Hasselman and Ledford make first downs, but Miners draw a 5-yard penalty for offside. Bolt punts out of bounds on Central's 10-yard line. Miners 2, Central 2.

Second Quarter.

Punting and passing featured during the second quarter, with Central making one first down

by passing, while the Miner backs hit line for two first downs. During the period the ball was held continually in Central's territory, but the Miners lacked the necessary energy to make touchdowns at critical opportunities. First half ended with Miners' ball on Central's 15-yard line.

Third and Fourth Quarters.

Time of quarters shortened to 12 minutes. Central kicks off to Hasselman on 20-yard line; 5-yard return. Nolan to left end for 30 yards. Springer goes thru tackle for 2 yards. 40-yard line. Central1 etaoni and Nolan completes pass to Sutton for 3 yards. Miners lose ball on Central's 40-yard line. Central recovers fumble and punts to Sutton on Miners' 40-yard line. 10-yard return. Sutton and Hasselman complete first downs, and following a 2-yard gain by Springer, Nolan's pass was intercepted by Central on their own 30-yard line. Central completes pass for 45-yard gain, but fumble on next play, and Miners recover on own 30-yard line. Bolt gains 9 yards on long end run, and Hasselman gains 2 yards thru. Zoller, Sutton and Springer gain 7 yards on end runs. Bolt punts 45 yards to Central's 7-yard line. Central runs ball back from behind goal line for 6 yards. Punts to Springer on own 25-yard line. 10-yard return. Nolan to right end 2 yards, and passes to Bolt for 10 yards. Miners try center smashes, but lose ball on 1/2-yard line. Central punts to Springer on 25-yard line. Nolan 5 yards on end run, and Sutton goes through left tackle for 17 yards. Springer goes over for touchdown, and Bolt kicks goal.

Bolt kicks to Central's 20-yard line, while Gray and Hasselman prevent a return. Hasselman, Watkins and Gray each knock down a Central pass.

Central fumbles and Zoller recovers on 20-yard line. Springer gains 17 yards on end run, and Sutton goes thru line for 2 yards. Nolan goes over for touchdown. Bolt fails to kick goal.

Bolt kicks to Central's 10-yard line. Sutton knocks down attempted pass, and Central is forced to punt. Miners' ball on Central's 30-yard line. Nolan passes to Parker for 8 yards. Sutton circles left end for 8 yards. Bolt to left end 2 yds. Central penalized 5 yards. Hasselman goes thru center for touchdown. Miners 21, Central 2.

FROM THE FLAGPOLE.

We would suggest that the school buy bathing suits for the cross country team. Instead of the winged heel, webbed feet would have been more appropriate.

The other day we smoked one of "Boots" Clayton's "Fifteen Minutes in Hannibal" cigars. A quarter of an hour like that one isn't soon forgotten. We are going to let it remain distinctive in our lives, by never smoking another.

We are glad to see that Bill Dunlop has decided to shave at least a part of his face. We happen to have some stock in a hair mattress factory, and we were beginning to be afraid that the market would be flooded if Bill's crop was allowed to go much longer without being harvested.

From the way he was dress-

ed and from the fact that the field looked like a lake, we shouldn't wonder if "Thorny" dreamed about duck hunting on the night after the Miners-

Central fame.

Here's cranberry sauce in your eye the 24th.

VOCATES.

A message received from Jno. Riddle, who was called home Sunday on account of the serious illness of his brother, informed us that his brother died a few hours before his arrival. We all extend our sincerest sympathy.

Hazelwood, a brother Vocate, came in third in the cross-country run with Central College Friday.

This being the time for the Red Cross Drive, it is the duty of every Vocate to do his best, for there are very few whom the Red Cross has not given aid in some way. It is an authentic report that every man seen wearing a small Red Cross button obtained in this drive will be exempt from class dues.

N. Newton, formerly a student here, but who was transferred to the Rankin School, is visiting the boys this week.

Bro. Barry was searching for "his hunting license the other day." Propaganda" Siegel, always obliging and ever ready to advise, directed him to the Vocate office. That is one of the few things you cannot get at that office.

Alton and M. MacDonald were seen moving down the street at a rapid pace one evening this week. Soon afterward they came back moving slowly, but their spirits were in much better condition. Men in this respect are like sheep. Where one or two go, the others will follow.

Kimball and M. MacDonald are rivals for the affections of a certain member of the fair sex. The name of MacDonald has a romantic sound, and we predict he will carry the spoils of victory.

The Government field letter of recent issue to all Vocational schools in the country, contained extracts from an article writ-

ten by E. G. Crews, which appeared in the September number of the Vocate Magazine. The title of this article is the "Gold Bricking," and it is well worth reading.

Major Cooke, head of the Vocational Department, made a very impressive looking officer as he appeared in the Armistice Day parade.

JUNIORS, NOTICE!

Juniors who belong to clubs or fraternities will send a representative from their organization to the class president for directories. Independent Juniors see C. E. Millikan.

J. McF. Taylor, '05, has become the district representative of Pawling & Harneschfeger Co. His office will be in the Central Building, Los Angeles, Calif.
