## MINERS 41, McKENDREE 13

### MINER BAND MAKES INITIAL PERFORMANCE.

The newly organized Miner Band presented its first program before the school at Mass Meeting Friday morning, and at the football game in the afternoon. To say that the band's debut was a success would be but putting it very mildly, and it can be safely said that it has filled the most needed want in the school in years so far as student organizations are concerned, and except for a winning football team, nothing else could possibly have contributed toward a greater unity of spirit among students in support of athletics than the band.

The band's organization began this year with a call for musicians, which was made during registration. Following this, a meeting was held on Friday, September 27, when the formal organization was completed. The officers selected were: President, E. C. Hunze; secretary-treasurer, J. M. Wilson; director, Jno. W. Scott; drum major, Joe Martin. Since then two regular practices have been held each week, with the result that the band was sufficiently prepared to give an excellent account of itself last Friday. Plans are being made to have the band performing at the Washington game next Saturday, so that with the Band, the Dynamiters, and above all, a fightin' football team, the Miners bid fair to give a good account of themselves on this occasion.

Without a doubt the whole school and every organization are back of the band, and thoroughly concur in Prof. Thornberry's views on the subject which he expressed so ably at the mass meeting, and it should not be long before the band will be properly uniformed and recognized as one of the school's leading activities. In concluding we cannot overdo ourselves in expressing our appreciation of the services of Mr. John W. Scott, to whom the greatest portion of credit is due for the organization and equipment of this band and whose efforts have made it an actuality at M. S. M.

### BEAT WASHINGTON- (A Reprint.)

Wonder how a rhyme would seem  
Dedicated to the team!  
You with forty tons of steam;  
Beat Washington!

Make 'em fight, don't let 'em stall;  
All they have is lots of gall;  
Treat 'em rough, but keep that ball.  
Beat Washington!

Take 'em for a little stroll,  
Push 'em backwards to the goal,  
Put 'em in an awful hole.  
Beat Washington!

They can't fool you—call their bluff,  
Show 'em that you've got the stuff.  
Make 'em yell "Enough, enough!"  
Beat Washington!

Use that wicked forward pass,  
Roll the pikers in the grass,  
Knock 'em for a row of glass.  
Beat Washington!

Wash 'em with their dirty blood,  
Squash 'em in their slimy mud—  
This is not a game of stud.  
Beat Washington!

Hold 'em like you would a flapper  
All dolled up in evening wrapper;  
Hold each picayunish sapper.  
Beat Washington!

### Miner Eleven Shows Strength in Initial Combat.

Coach McCollum's '26 machine exhibited a slashing attack in their initial game of the season, last Friday, by vanquishing the McKendree College eleven 41 to 13. Six touchdowns and five extra points totaled the Miner tallies. McKendree failed to score in the first half, but a Miner fumble on the goal line gave the visitors six points in the third quarter, and Kolsea circled end for the other six pointer in the final quarter after a successful thirty-yard aerial toss.

Six touchdowns vouch for the strength of the Miners' attack, and a total of only twenty-two yards gained in scrimmage shows the strength of the Golden Wave's defense. The muddy, sloppy gridiron should have served to deter any great amount of flashy playing, but the McCollum clan seemed little affected by the condition of the field.

The Miners' interference in front of the ball carrier seems better developed at this stage of the season than it was at this time last season, and the McKendreeites were unable to cope with it successfully. The Miners' line proved to be of real strength Lacy and Neidermeyer, newcomers as regulars, showing real strength in the forward wall.

The M. S. M. gridiron warriors failed to disclose any trick formations, which they are due to use against Washington U. eleven, but confined their efforts to off-tackle thrusts and short passes. Allebach, Hodgdon and Sharp in the wing positions were capable receivers at the end of Lee's aerial throws, and kept the opposition at loss to fathom the short pass, as worked by the Miners.

Captain Lee's adeptness at line bucking was to a large degree held in reserve when the off-tackle plays and end runs proved such a nemesis to the visitors. As usual, however, "Sheriff" dropped the enemy ball toters or the defense with his customary

Continued on page two.

## SPORTING SECTION.

Continued from Page One.

efficiency.

Cavanaugh usurped Ledford's place in the backfield, and besides scoring the opening touchdown, was a hard man to halt on off-tackle plays. Thomas was his usual elusive self, and time and again broke away for long gains in addition to quarterbacking in a fashion that gave the visitors trouble diagnosing his tactics.

Lemon led the Miner scoring machine with a trio of touchdowns. His forty-yard dash in the second quarter for a six-pointer was the leading light of the afternoon, and he worried the Illinoisans the whole time he was on the striped field.

Captain Lee's placements for extra points were deadily accurate, making five points in as many tries, and that on a muddy field. The Miners felt the absence of the wing-footed Ledford in running back kicks and in the punting department, but Monte's leg injury will probably be cured by next week, and he will once more don the moleskins.

## PLAY BY PLAY.

## First Quarter.

Captain Lee won toss and chose to defend west goal. Lee returned kick-off 20 yards to Miners' 48-yard line. Long pass by Lee missed connections. Cavanaugh tore off right tackle for 13 yards. Thomas added 5 on end run. Cavanaugh repeated for 3 yards. Miners penalized 15 yards. Lemon smashed thru for 9 yard gain. Pass, Lee to Sharp, netted 12 yards and first down on McKendree's 25-yard line. Thomas swept around left end for a 20-yard gain to visitors' 5-yard line. Lee hit line for 3 yards. Cavanaugh circled right end for first touchdown of the game. Lee chalked up the extra point. Miners 7, McKendree 0.

Cornwell kicked off over Miners' goal. Ball on the 20-yard line. Lemon crashed thru for 9 yards. Criss-cross lost 3 yards. Cavanaugh ripped line for 9 yards and first down on Miners' 35-yard marker. Line buck by Thomas gained 8 yards, and Lee added 7 more on next attempt. Allebach nabbed Lee's toss for 12 advance. Five-yard penalty for backfield in motion. Another pass, Lee to Allebach, was successful for 7 yards. Lee hit line for 4 yards. Thomas' 8-yard run put the pigskin on McKendree's 25-yard chalk line.

Lemon broke away to 3-yard line on 22-yard dash. Thomas scored on off-tackle smash. Captain Lee kicked placement for extra point. Miners 14, McKendree 0.

Neidermeyer tackled Mitchell so hard he left his feet and stopped on McKendree's 32-yard mark. Cornwell hit line for 3 yards. Fumble cost McKendree 3 yards. Cornwell's punt run back 10 yards by Thomas to Miners' 46-yard line. McKendree offside. Sharp caught Lee's pass for 4-yard gain. Cavanaugh made 7 on off-tackle smash. Miners penalized 15 yards for holding. Two aerial tosses by Lee failed. Bolon punted to McKendree's 33-yard line. Todd's pass failed.

## Fourth Quarter.

Mitchell 1 yard thru line. Pass failed. Miners recovered blocked ball when it failed to pass line of scrimmage. Ball on McKendree's 15-yard chalk line. Thomas hit line for 9 yards. Lemon tore thru for touchdown. Lee chalked up third successive extra point. Miners 21, McKendree 0.

Allebach returned kick 14 yards to Miners' 34-yard line. Sharp injured, and Hodgdon substituted. Thomas got loose and dashed 19 yards before he was stopped. Cavanaugh 4 yards. Long pass, Lee to Hodgdon, netted 14 yards, but was recalled, and Miners penalized 15 yards. Berry for Thomas. Kolsea intercepted Berry's pass and ran to Miners' 46-yard line. Pass incomplete. Mitchell no gain. Gaundola received pass for 9 yards. Mitchell no gain. Miners' ball on downs. Cavanaugh ripped off 20 yards thru right tackle. Berry added 4 more. Cavanaugh 1 yard. M. C. McCauley for Cavanaugh. Lemon made longest run of the game by breaking away for 38-yard dash and a touchdown. Lee again kicked extra point. Miners 28, McKendree 0.

Lemon returned kick-off 20 yards to Miners' 48-yard mark. McKendree offside. Lee lost 2. Defoe for G. Johnson. Berry made 17 yards thru the line. McKendree recovered fumble on own 35-yard line. Gaundola nabbed pass for 11-yard gain. Kolsea 1 yard. Todd's pass grounded. Kolsea 6 yards. M. C. McCauley returned punt to own 17-yard line. Bad pass from center put oval on Miners' 3-yard line. Bolen punted from behind goal line to Miners' 40-yard line. Hodgdon smeared Cornwell for 5-yard loss as half ended. Miners 28 McKendree 0.

## Third Quarter.

McKendree returned Lee's kickoff

to own 39-yard line. J. C. McCauley for Allebach, Cavanaugh for M. C. McCauley, G. Johnson for Defoe. Todd 2 yards. Kayser ran outside for 1 yard gain. Cornwell's punt rolled over Miners' goal line. Miners' ball on own 20-yard line. McKendree recovered fumble for touchdown. M. C. McCauley for Cavanaugh. Neidermeyer blocked try for extra point. Miners 28, McKendree 6.

Cornwell returned Lee's kickoff 20 yards to own 35-yard line. Cornwell 1 yard. Berry intercepted pass on McKendree's 40-yard marker. McCauley 4 yards thru line. Lee smashed line for 20-yard gain. McCauley circled end for 7 yards gain. Lemon added 3 yards and first down on McKendree's 5-yard line. Berry hit line for 3 yards. Lee crashed over final chalk line for fifth touchdown, and made a placement count for an added point. Miners 35, McKendree 6.

Berry returned kick-off 20 yards to Miners' 23-yard line. McCauley 1 yard. Bolen's kick grounded on McKendree's 33-yard line. McCauley returned Cornwell's punt 10 yards to Miners' 43-yard line. Hodgdon snagged Lee's toss for 12-yard gain as quarter ended.

## Fourth Quarter.

Berry 4 yards thru line. Lee added 5 more, and Lemon smashed off-tackle for 8 yards. McCauley skirted end for 5 yards. Lemon tore thru right tackle and gained 13 yards to make first down on McKendree's 10-

Continued on page seven

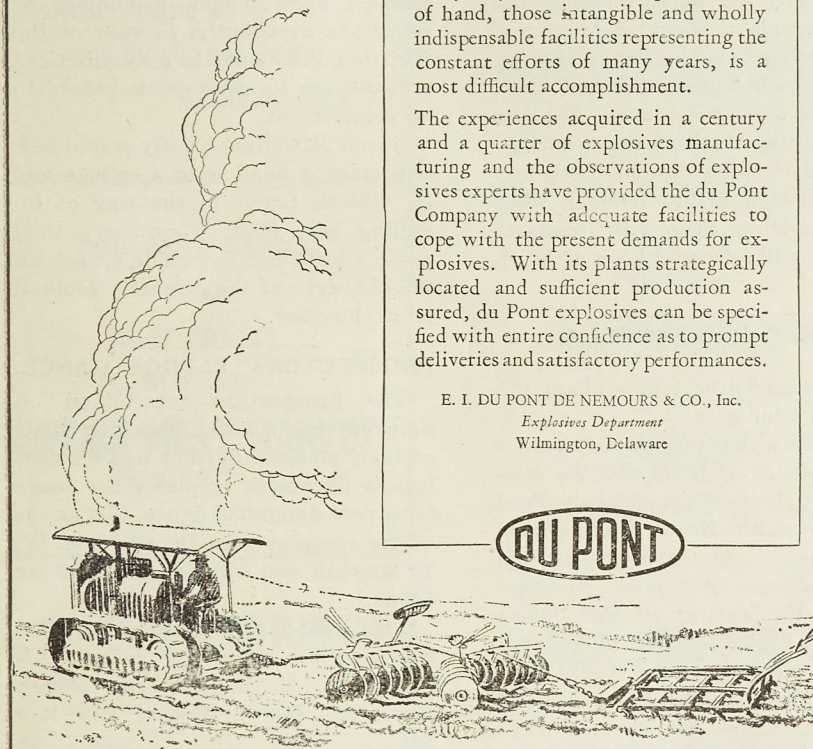

Farming used to be an extremely primitive occupation, before the invention of mechanical farm labor.

## Facilities that assure satisfaction

MERELY assembling materials and putting the machinery to work for manufacturing explosives is comparatively easy. However, to produce, out of hand, those intangible and wholly indispensable facilities representing the constant efforts of many years, is a most difficult accomplishment.

The experiences acquired in a century and a quarter of explosives manufacturing and the observations of explosives experts have provided the du Pont Company with adequate facilities to cope with the present demands for explosives. With its plants strategically located and sufficient production assured, du Pont explosives can be specified with entire confidence as to prompt deliveries and satisfactory performances.

E. I. DU PONT DE NEMOURS & CO., Inc.  
Explosives Department  
Wilmington, Delaware

The tractor, gang plow, harvester, reaper, and other mechanical aids have made farming a more profitable and more dependable occupation.

## TAILINGS.

The latest addition to the campus—the band—certainly added a great deal to the big game Friday. The substitute leader—one of the Q. V. kids—supplied a wonderful incentive for bigger and better music throughout the game.

Thanks to the freshies the crowd was able to enjoy some "high class" vaudeville before the game and between the halves.

Also discovered some new talent among the freshmen, especially noticeable was the "Silver Tongued Bass" and the "Bare Back Rider."

"Birds of a feather flock together" Perhaps that explains why the great horde of '30 had to play around with the jackasses.

The illustrious Bible Class is progressing nicely, having gone so far as to not need the regular instructor at all its meetings. The latest information says that Tony Girard has quit making fun about a certain well known prof. Perhaps Tony could explain the rest!

From all indications, the majority of the "gang" enjoyed their holiday Friday. Some enjoyed it too well and weren't quite so well the next day.

At present the odds on the Miners beating Washington next Saturday are 10 to 1. Better start planning now on seeing the game, since the Miner team always appreciates a good backing by the student body. Let's everyone turn out and take the "car ride" to St. Louis just to see the Miners Beat Washington.

Several Illustrious Characters have "spruced out" in the last week with "Ye Old Tyme" Brown Derby and there seems to be a secret about it! Perhaps "Screech" Lane would impart some information on this very dark secret.

The summer fever has just about worn off—and more and more of the old time "midnite oil" is being consumed. Perhaps some of the early quizzes have helped to urge a few to longer study hours and possibly better grades before the half rolls around.

After six days of steady rain, it certainly was a treat to see the sun shine again. "But its an ill wind that blows no man no good!" The freshies are now aware of the fact that the cute little spots are approaching that unknown place, infinity, and the sophomores are warming up the glue to help keep these infinitesimal spots where they belong.

Be careful "ye guttersnipes of '30."

**SIDELIGHTS ON THE  
FOOTBALL GAME.**

Thrills, excitement and amusing stunts ruled supreme on the football field last Friday. Of course most of the thrills and excitement were furnished by the Miners and their victims but when these major instigators of the thrills were resting

between halves, the spectators' attention was attracted by more Miners and the Freshmen. The latter were made to perform many interesting things for the approval (pro or con) of the crowd. The Quo Vadis kids and the Satyr pledges deserve a great deal of credit for the discoveries they made among the yearlings. Some mighty good voices were found; they were raw but could easily be cultivated. Who is going to console those pretty maidens when they find out that the Frosh were only kidding in their proposals? We'll let Baumgartner comfort one. The race which the Frosh staged was good with the exception of one thing—it was difficult to distinguish the jackasses from the freshmen. Last, but by no means least, we must mention the Quo Vadis kids' modern production of "The Death of the Ice Man." Funny how the prophet predicted that. Maybe he was a milkman once. Did you notice four 'kids' telling those Springfield boys to 'pipe down'? They left for home soon after. Wonder what kind of a story they will broadcast about the gaily-dressed boys of M. S. M.?

**WHO'S WHO IN ROLLA.**

(Truths and near truths about the great and near great.)

Who's Who, that infallible directory of the eminent of Rolla and the Missouri School of Mines present Fred Smith. He of the "buzzard bobbed hair," the rotund waistline and glittering spectacles. Holding forth on the corner of the "main drag" and Eighth Street, he relieves the Frosh of any of the check from home left from the rapacity of "Ikey" Kahlbaum. There are several ways that Fred differs from Mr. J. B. James, that erstwhile famous Missourian. Fred does not carry a gun. He does not need it. Fred is the son of an English clergyman, even now he sings bass (please Mr. Printer do not spell it base) for Rev. Traggitt.

Fred has an excellent memory for all old Miners, even those of the pre-war days before we were led along the paths of rectitude by the magic formula O. K. H. H. A. Some of those unregenerate ones still owe him money.

But here's to you Fred, we drink to the advancement of your meal in synthetic gin. May you long continue to take our money for things we don't need.

**MASS MEETING.**

Overflowing with pep, the four classes were well represented at the mass meeting held at Parker Hall Friday. The school yells were given with enough volume to drown out a battery of cannon and the newly organized band played a number of selections excellently. In view of the fact that the band has only practiced a few times its progress is indeed to be commended.

Coach McCollum briefly stated how important a band is to a college and its athletic teams in the way of instilling pep. Prof. Thornberry then made a brief but favorable speech on the chances of the Miners' football team this year.

**PROSPECTORS' PLEDGE DANCE.**

The Prospectors entertained on Saturday night with a dance in honor of their pledges. Seydler and his Collegiate Orchestra furnished the music for a very delightful dance. Chaperons of the occasion were Dr. and Mrs. W. T. Schrenk and Mr. and Mrs. Albert Johns.

The club has the pleasure of announcing the following pledges: Allen Brent, E. R. Brigham, Myron Olmstead, James Westly, and Roy Zell.

Several freshmen have lost caps but none have been glued on. What's wrong, Sophomores?

Many of the Freshmen are seeing red.

*With the hemispherical integrator the illuminating engineer measures light intensities and distribution. These laboratory findings are practically applied to improve our everyday illumination.*

## When the sun goes down

More than 350,000,000 incandescent lamps, with a combined light of nine billion candlepower, make city streets, stores, and homes brighter than ever before.

In bungalow or mansion, workshop or factory, dormitory or auditorium, there is no excuse for poor illumination. We have cheaper and better lighting in the electric lamp than ever before; for the dollar that bought 1,115 candlepower-hours of light with the carbon-filament lamps of 1886, now buys 16,200 candlepower-hours of light with the MAZDA lamps.

Not only more light, but correctly applied light, is the order of the day. The electric lamp, with its flameless yet highly concentrated light source, lends itself ideally to reflectors, shades, and screens. It is *controlled* light—safe light. And illumination becomes an exact science.

During college days and in after life, correct lighting must ever be of paramount importance to the college man and woman. Good lighting is the worthy handmaiden of culture and progress.

The General Electric Company is the world's largest manufacturer of incandescent lamps. And behind the G-E MAZDA lamps are vast research laboratories dedicated to cheaper and better electric illumination, and to the conservation of eyesight.

A series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for booklet GEK-1.

Umpire—W. G. Krause (Washington.)

Head linesman—Thornberry (M. S. M.)

### MINERS VS. WASHINGTON.

As every Miner undoubtedly knows, the Washington University Bears will be able to knock it down to the M. S. M.'s chosen eleven on Francis Field next Saturday. Francis Field has been newly sodded for about \$4,000 worth, but we predict that they will be able to knock it down to the highest bidder for less than that after the Miner-Bear scrap takes place next Saturday.

The Green and Gold battle is an M. S. M. tradition. Every Miner goes, every Miner cheers, and every Miner has the deepest desire in his heart to see the Golden Wave drag the Green Wave in the dust on Francis Field.

The Bears are said to possess a rip-snorting bunch of footballers this year under Coach Higgins' able tutelage and we know what "Mac's" crew looks like, so it is bound to be a he-man combat taking place on said Francis Field next Saturday.

Last year the Higgins battalion eked out a bare 7 to 0 victory and the Miners are out to avenge this year backed by Band, Dynamiters, students, and professors. Don't miss it!!!

A special train rate has already been arranged and a reserved section in the grandstands is being arranged. When the roll is called at Francis Field, don't be missing.

Beat Washington!

### FOOTBALL NOTES.

Washington U. had a scout at Friday's game but we believe his afternoon a waste of time as the M. S. M. eleven didn't even bring their famous delayed buck into play.

Drury College fell before the Warrensburg Teachers last Friday by a 27 to 0 count.

St. Louis U. surprised the football dopesters by turning in a 12-0 victory over the strong Springfield Teacher's array. Guess the St. Louis outfit are stronger on the field than on paper. However, most football games are played on the field.

The Kirksville Osteopaths defeated Business College by one touchdown Saturday.
