NUMBER 20

MINERS END SEASON BY DEFEATING BLUE JAY CAGE ARTISTS

**CAPTAIN TITTLE PLAYED
LAST GAME FOR SILVER
AND GOLD LAST FRIDAY.**

Coach Rapp's hard wood artists ended a successful season by defeating the Westminster Blue-Jays in a great thriller. The Miners emerged victorious from the last game by the margin of two points. In a previous meeting with the Blue-Jays, the Miners won by forfeit when the Westminster coach took his team from the floor but the victory left no doubt in any ones mind as to who had the best team. At the start of the game Westminster took the lead due to a basket at the first, but then the Miners soon overcame this lead and went into the lead and kept this lead for the rest of the game. The margin of difference in the scores varied as the game progress between six and no points but the Miners held a slight advantage throughout and emerged the victors by a score of 19-17. The game was very well officiated by two referees and was very clean game although two men were taken from the floor for having four

STATE SWIM CHAMPS DEFEAT MINERS 50-25

**TANK RECORDS FALL IN RE-
TURN MEET WITH ST.
LOUIS Y.M.C.A.**

Y. M. C. A. State Championship swimming team handed the Miner Mermen a 50-25 defeat at the Jackling Pool. This was the second meeting of the two teams, the first resulting in a 58-17 defeat for the Miners. The difference in the two scores indicates the rapid improvement which the Miners have made and which has been the phenomenal feature of their first year in this new sport. The most exciting race of the evening was the 100-yard breast stroke, in which Weigel of the Miners barely nosed out Wilson of the Y. in the fast time of 1:18. Ruhr of the Y., was high-point man by winning both the 40 and the 100-yard dashes. Ernest and Weseloh broke the tank records in the backstroke and 220, respectively, to add more firsts to the credit of the visitors. Other

Tennis Players Notice

An article which will prove of much interest to tennis players appears on the editorial page of this issue. Some very interesting facts are stated and a possible solution of the tennis problems at M. S. M. is discussed.

MSM

St. Pats Board Dance

In their final dance of the year the St. Pat's Board gave a carnival celebration. The dancers were furnished with horns, confetti and other paper novelties which greatly added to the enjoyment of the occasion. Music of a superlative type was furnished by Babe Clemmons and his Varsity Orchestra. The dance was one of the best and most successful of the benefit dances given this year and was greatly enjoyed by all who attended. The Board deserves a great deal of credit for the numerous dances which they have given during the past year. Not only have these dances enlivened the week ends, but they have also helped produce a bigger and better St. Pats. If everyone will support St. Pats as they have supported the benefit dances, the celebration will exceed all of its predecessors in both splendor and pleasure.

INDEPENDENT A'S WIN BASKETBALL TITLE

MALICK LEAD MOOR'S

In one of the most interesting and closely contested yet witnessed the Independent "A" basketball team succeeded in keeping their season's record clean by handing the hard fighting quint from the Mercier house their first set back of the season. Neither team had been defeated in the first nine games.

The entire tournament was far above the average in competition and many of the games were thrillers decided in the last few seconds of play. Many players of exceptional ability took part in the contests. This statement is testified to by the fact that eight players scored more than 50 points in the ten games played by each member of the league. Malik of the Prospector five et the pace with a total of 80 points to his credit. He was followed by Murphy of the Mercier quint and O'Hearn of the Bonanza Club who had 71 and 68 points respectively. Everett, flashy

MSM GLEE CLUB WILL SING HERE THURSDAY NIGHT

**CULLISON AND HIS ARTISTS
PROMISE A VERY GOOD
PERFORMANCE**

On next Thursday, March 3, the M. S. M. Glee Club will present an evening of entertainment. This follows immediately after that of the R. O. T. C. Band, which was given last week, and gives the students an opportunity of enjoying a little home talent after so much imported entertainment.

This appearance will make the third for the Glee Club this year. Their first was a short program at a church here. They were very favorably received at William Woods about two weeks ago, and now they will be given a chance to display the quality of their songs here at school.

Mr. Cullison and the boys have been practicing faithfully and very

BAND CONCERT MUCH ENJOYED BY LARGE ATTENDANCE HERE

**SPECIAL NUMBERS FEATURED
THE ANNUAL R.O.T.C. BAND
CONCERT AT PARKER HALL**

Comment on the concert given last Thursday night in Parker Hall by the band may well be put in the superlative. It was the best playing the band has done and one of the most pleasing numbers on the school Lecture Course thus far. All sections of the band did their stuff and did it well. Steen, Loeffler, Simpson and Cottingham put on the only trumpet quartet heard in Rolla for over a quarter of a century, so we are told. Their unaccompanied "Annie Laurie" was especially good. Soloman, a new man in the band this year, is a versatile artist on the trombone. In his solo he showed up the good old-school style triple tonguing in a fine manner. Soloman is a "jazz-hounr" in dance work but is perfectly at home in the classical.

A real novelty on the program was the re-appearance of Scott's, Ocarina Band. We understand this is the only Ocarina Band in the country. We do not question this as we have never yet heard of another group of this kind. At

DETAILS FOR ST. PATS WILL BE MADE PUBLIC WITHIN A SHORT TIME

**JAN GARBER AND HIS BAND
ARE NOW PLAYING AT
HOTEL MUEHLEBACH IN
KANSAS CITY.**

Should there be any doubt as to the quality of music to be furnished for St. Pats, you are urged to tune in on WDAF at Kansas City. Jan Garber's orchestra is now filling an engagement at the Plantation Grill Room of the Hotel Muehlebach, and broadcasts are made at 11:00, 11:30 and 12:30 p. m.

Those who are familiar with the orchestras engaged by the Hotel Muehlebach will testify that the St. Pats Board has assured music of the very best. Incidentally, Garber's orchestra has quite a reputation for their novelties. Several of the fellows are excellent singers and entertainers, and Jan himself is just chucked full of surprises. In fact, so spontaneous are Jan's antics as an orchestra leader, that he has acquired the title of "brain-storm."

We anxiously await his arrival.

ST. PATS NEWS

After having given the last benefit dance before St. Pats, the Board has turned full attention to the proposition of completing full details for each feature of the celebration. An official program will be made public within a few days.

Arrangements have been made with a well known decorating company and without a doubt the gym will be decorated to a greater degree than has even before been approached. Several spot lights will lend enchantment to the offerings of Jan Garber and his famous band. A loud speaker may be used to allow the huge crowd to enjoy the novelty numbers which Garber features in his presentations.

Several departmental shows have been planned for the program and several interesting displays are assured. Dances will be available at practically all times during the entire celebration. Every hour of the program has been filled, with sleep a negative quantity for the three days.

The crowning ceremonies will be held much as they were last year. Most of the houses have elected their maid of honor. The entire performance will be speeded up in

For Tennis Bugs

Anyone who knows anything about it at all knows that we have been having tennis weather. It looks like an early season, men, so let's dig up the old snow-shoe and get going.

Tennis at M. S. M. has been the "little crippled brother" in our sport family. The tennis enthusiasts struggled along somehow with terrible courts, moth-eaten back-stops and ragged nets. Financial assistance was beyond hope. A player couldn't even get a letter for making the team. A member of the tennis team bought his own equipment: clothes, a new \$15 racket each year, plus restringings, a couple of dozen balls, etc. Every time it rained the courts were useless for several days thereafter; generally some nit-wit persisted in playing on them before they were dry, the result being a mess of "cow tracks." Many a tennis player swore vehemently, and vowed to sell his racket and change to golf.

But a ray of sunshine struggled through the fog. Concrete courts! Yes sir, by the fall of 1931 there would be concrete courts on the dear old campus. Well, we aren't blaming anyone, but we haven't found those courts—and since Old Man Depression is with us we have stopped looking for them. Things looked pretty gloomy until recently; then came good news—and it is so good that it deserves a special paragraph.

Lieutenant Hardin has been busy. (He likes tennis—and say! Have you ever seen him play?) Through his efforts and prowling about we are about to be blessed with clay courts. Prof. Forbes has agreed to donate the best clay available for the purpose. Sand will be furnished by the Bureau of Mines. A truck to haul the material will be furnished by the School of Mines. Lieut. Hardin will supervise the construction—he has built clay courts and knows how. One problem remains: Where is the labor coming from?

In an effort to solve this labor problem, and to stimulate and foster tennis at M. S. M., a meeting will be called shortly (watch the bulletin boards) for the purpose of amalgamating all the individual tennis bugs into a Tennis Club. It is hoped that the members

of this prospective club will volunteer their services in the construction of the new courts. After organization the club will be in a position to sponsor all feasible and reasonable efforts for the promotion of tennis on this campus.

This article is contributed with the belief that tennis is sufficiently popular at M. S. M. to warrant some support from the School. With the removal of the handicaps which have hindered men at M. S. M. from improving their game it is not unreasonable to predict that a team can be selected which will "go some place" in intercollegiate competition. Let's cooperate, fellows, to make tennis a truly pleasant recreation for every M. S. M. tennis bug. —Contributed.

Independent A's Win Basketball Title

Continued from page one.

center of the Independent A aggregation, entered the season's play at a rather late date but succeeded in landing a place on the mythical all-star five and at the same time scored 66 points for his team. He was rated by the various team representatives as the player who was most valuable to his team.

The Mercier team was voted the team showing the best sportsmanship. This selection is one of the most coveted and most valuable in this league or any other. One of the major factors in the intramural competition is to develop good sportsmanship among the teams and the players. The Merciers are to be congratulated upon their well earned title. Every one cannot win the title, but each team has an equal chance to show its true sportsmanship.

Some interesting data on the season's play follows:

By virtue of their last week's victory over the Merciers, the Independent "A" team is the winner of the 1932 Intramural Basketball Championship. The final standing of the teams is given below.

	W	L	%
Ind. "A".....	10	0	1.000
Merciers	9	1	.900
Prospectors.....	7	3	.700
Sigma Nu.....	7	3	.700
Bonanza	6	4	.600
Lambda Chi.....	5	5	.500
Pi K A.....	4	6	.400
Triangles	2	8	.200
Kappa Sigs.....	1	9	.100
Kappa Alpha.....	0	10	.000

A list of the leading scorers is as follows:

Malik, Prospector.....	80
Murphy, Mercier.....	71
O'Hearn, Bonanza.....	68
Everett, Ind. A.....	66
Hoffman, Ind. A.....	59
Gibson, Sigma Nu.....	57
Marxer, Mercier.....	57
Breuer Ind. A.....	50

ALL-STAR TEAMS ANNOUNCED

According to the vote of the coaches of the intramural basketball teams the following all-star teams have been selected:

First Team

Forward—Hoffman, Ind. A.
Forward—O'Hearn, Bonanza.
Guard—Everett (Capt) Ind. A.
Center—Murphy, Mercier
Guard—Malik, Prospector

Second Team

Forward—Priestmeyer, Mercier
Forward—McKinley, Sigma Nu
Center—Gibson, Sigma Nu
Guard—Jabson, (Capt) Lambda Chi

Guard—Brasamele, Ind. A

Honorable Mention

Forwards—Breuer, Ind A; Hower-ton, Sigma Nu; Denton, Lambda Chi; Macke, Lambda Chi; Marxer, Mercier; Weigel, Pi K. A.
Centers—Howe, Pi K. A.; Parker, Bonanza.

Guards—Johnson, Lambda Chi; Alyward, Mercier; Kroll, Ind. A; Hall, Ind. A; Beardsley, Prospector; Oswald, Sigma Nu; Pollock, Mercier; Towse, Pi K. A.; Tomlinson, Bonanza; Offutt, Pi K. A.

Most valuable player, Everett, Ind. A.

Team showing best sportsman-ship, Mercier.

Column Names Submitted

I hereby submit a few rather non-descript titles for the certain column of literary acumen which has been cognomenless for about six issues. It has been touchingly embarrassing to me in comparing the shrewd observations of this Mr. Squint in his "Column" with the sublime remonstrance of Mr. H. L. Mencken, that I have decided to scratch loose a little dandruff and submit several names, appropriately dignified and with a proper degree of intellectual reserve fitting such an inspiring and thought-provoking column in this greatest of all M. S. M. publica-tions, The Missouri Miner:

"With Our Kiddies."
"Trend of the Weak."
"Nux Vomica."
"Smut Krex."

Sincerely yours,

—MSM—

M. S. M. TO FURNISH INFORMATION FOR VOCATIONAL GUIDANCE BULLETIN

Under the direction of Dr. Fulton, information on the fields of Mining and Metallurgy has been compiled for use in a bulletin to be published by the Educational Research and Engineering Education Committees. The bulletin will be prepared for distribution to high school students to aid them in

selecting a particular field of engineering for study. Information for the bulletin will be gathered from the leading technical schools and all branches of engineering will be covered.

The bulletin seeks to furnish information regarding the qualifications of students who will make the best engineers, the undergraduate work, the opportunities on

graduation, type of work, salary, etc.

May 21. Interstate meet (colleges of Missouri and Kansas) at Springfield.

MINERS PLACE THREE MEN ON ALL-CONFERENCE BASKETBALL TEAMS

JENKINS ALL-CONFERENCE CENTER

On the All-Conference basketball teams recently selected by the coaches of the Missouri College Union we find three Miners being honored. Jenkins was placed on the first team at center, while Bubas and Kirchoff hold down forward and guard positions respectively, on the second team. Following are the two teams selected:

First team: Forwards, McIntyre, Central, and Ray, Drury; Center, Jenkins, Rolla; Guards, Long, Central (captain), and Hunter, William Jewell.

Second team: Forwards, Porchey, Westminster, and Bubas, Rolla, or Eddy, Tarkio (tie); Center, Hollis, Culver-Stockton; Guards, Edmonds, Westminster, and Kirchoff, Rolla.

Most of these positions were hotly contested for, due to the fact that no single team dominated the conference.

The fight for center was a nip-and-tuck affair between Jenkins and Hollis of Culver-Stockton. These players received the same number of votes for first team choice, but Jenkins was on four second teams while Hollis was selected on only two. Bubas and Eddy, of Tarkio, tied for a forward berth on the second team.

FANNY FOLEY HERSELF

Anyone who saw Edna Mae Oliver in her last picture, "Ladies of the Jury," needs only to know that Miss Oliver will make another appearance this week. The picture this time is "Fanny Foley Herself." Fanny supports her two daughters and her husband by her salary from the stage. The rich father-in-law interferes. Wait until you see Fanny make a parachute jump to aid her daughters.

TOMORROW AND TOMORROW

One of the first ladies of the screen, Ruth Chatterton will appear in her much talked of picture, "Tomorrow and Tomorrow," assisted by Paul Lukas. Ruth, as the wife of a rich sportsman, is restless and believes her life is not complete without a child. Paul Lukas, a psychologist of no mean ability analyzes the case properly while visiting the couple. He is later called upon to save his child from a nervous coma. The rich husband remains blissfully unaware of the entire proceedings. What a man.

NEW LIGHTS FOR THE OLD SCHOOL

Typical floodlighting of college library, memorial gate, and fraternity house

NO FINER MEMORIAL CAN BE LEFT
BY A GRADUATING CLASS THAN
CORRECT FLOODLIGHTING EQUIP-
MENT FOR CAMPUS OR
ATHLETIC FIELD

GRADUATES of recent years remember the veil of obscurity that settled over the campus at night—relieved only by a lighted window here and there and a few yard lamps. Notable structures and cherished memorials were lost in the dark.

It has fallen to college graduates—lighting engineers and specialists in the General Electric organization—to design equipment ideally suited for the permanent illumination of campus buildings—floodlights that give distinction by night to library or fraternity house or class gift.

Many of these engineers have rounded out their technical equipment in the Test Department of General Electric, where the actual handling of electric apparatus is the last step in preparation for professional or commercial achievement either with this company or with one of the many public utilities. In this department, a first-hand knowledge is gained of generation and distribution equipment and of the electric machinery used in modernizing industry and transportation. And here the young engineer "finds himself" amid the opportunities for success that abound in the great electrical industry.

95-894

GENERAL  ELECTRIC

MINERS EMBOSSED STATIONERY -AT- SCOTT'S--THE MINERS CO-OP

Miners End Season By Defeating Blue Jay Cage Artists

Continued from page one.

fouls. These men were Kirchoff of the Miners and Sharp of the Blue-Jays.

The game was a slow one as each team was rather fearful of the other teams strength and each team played a tight defensive game with a slow sure offensive. Gross' sharpshooting kept the Miners in the lead most of the time but the shots made during the game by both teams were good. It was noticed that both teams took great advantage of their free throws and only a very few were missed by either team.

This game marked the close of "Dutch" Tittle's basketball days at M. S. M. Tittle, as captain, has led his team well during the year and is worthy of any praise which comes his way as he is a very valuable man as a leader and player and his leaving will be felt greatly by those who have watched him play for the last few years on the Miner varsity.

Prospects for another successful season next year are very good for the Miners and with a bit of good fortune they may take the championship. The only man to be lost by graduation is Captain Tittle and although this loss will be felt greatly the fact that our next year's team will have the advantage of having played together as a team the previous year will give us a very good chance for the Conference championship.

Joslin, a sophomore with two more years as a varsity man, played an excellent game against Westminster. He was not a regu-

lar during their season but saw action in most of the games as he can play either center or forward position and will be of extreme value to the Golden Wave for the next season. Also with the return of Kirchoff, Bubas, Jenkins, Gross and most of the reserves the Miners have a very good supply of material for the next season's team.

MINERS FINISH WELL UP IN CONFERENCE AFTER END- ING SUCCESSFUL SEASON

Their victory over Westminster in the last game of the season gave the Miners full possession of second place in the Conference. Splitting a double header with Culver-Stockton kept the Miners out of the championship but their last victory put them up near the top. Central College repeated their last year record and retained the championship with seven victories and three losses. The Miners were very close behind with six victories and three losses while Culver-Stockton and Westminster are tie for the third place.

The Miners dropped three games during the season, two of these to Central, the champions, and one to Culver-Stockton. These defeats were all just by a narrow margin and show how good a team repre-

sented the Miners this year.

This season was very interesting as until about a week before the close of the season there were four team tied, on and off, for the conference championship. These teams were Central, Missouri School of Mines, Westminster and Culver-Stockton.

MSM

A New Species

A Mexican and an American worked together in a mine. The Mexican often had rabbit for dinner and shared the delicacy with his working mate. The American one day asked, "Where do

you get rabbits, Jose? I can't find any in this neighborhood."

"My wife, she shoot um," said Jose. "Every night they come around house and make noise."

"Noise? Rabbits don't make noise."

"Sure," said the Mexican, "go 'meow, meow.'"

This shows what Miners may be coming to.
