CITATION

Prof. Kenji Ishihara, President of International Society of Soil Mechanics and Geotechnical Engineering and Keynote Lecturer to this Conference, received the Japan Academy Prize Gakushi-In Award for his distinguished contribution to soil mechanics and geotechnical earthquake engineering through education, practice, and research on earthquake geotechnical engineering. The Japan Academy is the national academy of Japan which covers not only the area of engineering but also human arts, social science, and natural science. The Japan Academy prize is one of the nations most prestigious awards, and was presented to Dr. Kenji Ishihara June 12, 2000 by His Majesty the Emperor of Japan.

It is our honor to recognize Professor Kenji Ishihara for this award and to extend our greetings as token of love and affection for him on behalf of the Conference.

Participants of the Fourth International Conference on Recent Advances in Geotechnical Earthquake Engineering and Soil Dynamics, San Diego (CA) March 28 – 31, 2001

March 28, 2001
