Dick Hampel Selected as Fraternity Man of the Year

CHOSEN OVER MANY CAMPUS LEADERS AFTER LONG DEBATE BY INTERFRATERNITY COUNCIL

After a long drawn-out discussion by the members of the Interfraternity Council, Dick Hampel of Sigma Phi Epsilon fraternity emerged as this year's choice for the Fraternity Man of the Year Award given each year by the Interfraternity Council. It is much to Dick's credit that he won out over several other fraternity men on the campus who rank high in scholarship and all-around activities.

"Hamp" hails from Saint Louis, where he graduated from Saint Mary's High School in 1950. While attending Saint Mary's he won city recognition as a top football player and participated in other sports equally well. While in high school Hamp enjoyed two St. Pat's at MSM and became well acquainted with the campus.

DICK HAMPEL

In the fall of 1950 Hamp enrolled at MSM where he chose Sigma Phi Epsilon as his fraternity. He began his college gridiron career by lettering in varsity football and was initiated into the "M" club. Among his first year achievements, was the winning of the Theta Tau Freshman of the Year Award. As a freshman he joined the American Ceramic Society and became a member of the Miner and Rolla Boards.

As a sophomore Dick was elected junior member of the St. Pat's Board. Hamp again played varsity football and succeeded in winning his second letter. He was elected to Theta Tau in the spring of 1952. It was during this semester that Dick had the honor of being elected St. Pat of 1952 and carried out the tradition exceptionally well.

At the start of his third year he was elected vice-president of Sigma Phi Epsilon, Regent of Theta Tau, and vice-president of the American Ceramic Society. He continued his outstanding performance on the football field. In his Junior he was elected to Keramos.

To begin his final year Dick lost his heart to Marilyn Matker and was married on Thanksgiving Day in 1953. The Senior Class elected him as vice-president of 1954. He finished his college gridiron career by being selected All-Conference Quarterback of 1953.

In addition to his many honors Dick found time to participate in all intramural sports in which he was eligible.

He will graduate in June of 1954 with a Bachelor of Science in Ceramic Engineering. He had made many friends during his four years at MSM. Their many friends wish Hamp and Marilyn success in their future endeavors.

Speaker from Caterpillar Tractor Co. at SAE-ASME banquet — May 5.

APO Sponsored Blood Mobile Expects Many Donors Next Week

The Blood Drive sponsored by A. P. O. seemed to be successful in arousing interest when the Blood Mobile was here February 4 & 5, 1954. The Bloodmobile will be here in Rolla May 3 & 4, 1954, and the members of A. P. O. are expecting to see more competitive spirit between the fraternities which will undoubtedly result in more blood donations, but the independents which belong to the eating clubs, Engineers and Tech., and the Dormitory boys will still be lackadaisical and uninterested. This is the hardest group to arouse to action as it always is in school function. These three organizations alone total 380 fellows, and if just 50% of them donated, it would almost double the total donation this winter.

Here are the results of the Blood Drive in February:

Organization members donors	
Beta Sig	26
Eng. Club	120
K. A.	37
K. Sig	41
Lambda Chi	33
Pi K. A.	55
Sig Pi	32
Sig E.	46
Sig Nu	52
T.K.E.	36
Theta Xi	33
Triangle	27
Dorm	160
Tech Club	110
Theta K.	39

Not very hot results are they? You can bet your bottom dollar that they aren't! And for Miners who are supposed to be so big and strong, it is really pathetic. Out of 1100 students, only 149 pints of blood were donated. Was one of those pints yours, or did you let George do it?

Blood donor requirements are that you be between the ages of 21 and 59 inclusive. From 18 to 21 with parental consent. So this time let's have a real frantic turn out and make it a 75% turnout. Remember, there is no SUBSTITUTE for BLOOD. It cannot be manufactured. It MUST COME from the human veins.

INTOXICATING COLORS ADORN SIG EP HOUSE FOLLOWING WORK WEEK

Charles G. Edwards

Last week paint brushes and paddles were the order of the day as another Work Week made its belated appearance at the "House With the Red Door." After due deliberation a number of exotic and intoxicating color combinations were chosen by two artistic brothers who have studied a broad. (Among other things.) By unanimous agreement these suggestions were accepted and the Pledges applied said paint to the dining room and upstairs lavatory. It was found that fifteen minute shifts were necessary to prevent the glare from causing snow blindness. Two "bristle benders," painting in the upstairs lavatory, became so engrossed in Dr. Bub's lecture concerning French customs that they overstayed the time limit and are temporarily color blind.

The decorating project has at least succeeded in one respect, namely, preventing the dining room and lavatory customers from loitering after business hours. It was also discovered after the first meal in these surroundings, (dining room, not lavatory), that there were no requests for second helpings. Rumor has it that Don Wilson was in a conspiracy with the paint committee.

Congratulations are in order for the softball team after their victory over Triangle, Monday, in a game that went into extra innings. After seeing "The Creature from the Black Lagoon" some of the more observant members of the house came to the conclusion that they have found a logical explanation for

(Continued on Page 4)

STATE REPRESENTATIVE TO ADDRESS MEETING OF INT. FELLOWSHIP

This weekend the International Fellowship of MSM will present two of the most awaited events of its activities this semester.

At the group's meeting Friday evening, April 30, the Fellowship will feature as guest speaker Mr. DeVere Joslin, Missouri State Representative and well-known citizen of Rolla. Mr. Joslin will talk to the group on "Missouri State Government." At the present time in his capacity as member of the Missouri House of Representatives, Mr. Joslin is active in many House committees, among them the Appropriations Committee. Mr. Joslin is also an active Rolla businessman, having lived in this community some 20 years. Mr. Joslin will address the members and guests of the Fellowship at the regular meeting Friday, April 30 at 7:30 p.m. in room 107 of the Mining Engineering Building on the MSM campus.

Those attending Friday night's meeting will also hear the final plans of the Fellowship's Annual Picnic which will be held at Meramec State Park on Sunday, May 2. Complete arrangements for transportation to the park will be made at Friday's meeting. Both afternoon and evening meals will be prepared in the picnic area of the park. Steaks broiled over an open fire will be the high light of the afternoon meal. Following the evening's wiener-roast, a campfire program featuring songs of various nations will conclude the picnic. During the afternoon facilities for swimming, soccer and volleyball will be provided at the park.

Friday's meeting will be the last opportunity to make arrangements to attend the picnic. Everyone interested in attending the picnic is encouraged to contact the Fellowship's Social Committee during the meeting.

Theta Xi's Attend Convention; Receive New Man Into Bond

The TX men this week are beginning to think that Jack Canady will never exhaust his stories about his weekend off the chain. It seems that Jack, Tom Christopher, and Warren Williams, went to Theta Xi Regional Convention, at Champaign, Ill., the same week as U. of Illinois had its Spring Carnival, a substitute for our St. Pat's, however, from what we hear from the other more reliable sources a great deal was accomplished towards the aim of the convention.

Brother Tom Christopher is now one of the finalists in the intramural horseshoe tournament. Last Monday our chapter welcomed a new member into our fraternity, Jack Tolpen. He is a junior in Mechanical Engineering and hails from St. Louis, Mo.

The track team is working out under the supervision of Marty 890 Prager, and hope to improve upon the fourth place we received last year in track.

Members of the Concert Trio who will appear in Parker Hall Monday night.

Election of Officers Held by Tau Beta Pi At Meeting Last Wed.

Last Wednesday night, April 21st, Tau Beta Pi, national honor fraternity, held a meeting for the election of officers for next semester. The results of the election were as follows: President — John Miles; Vice-President — James Rethmeyer; Corresponding Secretary — Art Baebler; Recording Secretary — Phil Taetz; Treasurer — Warren Stump; Cataloguer — Truman D. Anderson. After the election, there was some discussion and a motion passed to have Tau Beta Pi purchase a plaque, to be placed in Parker Hall, to list the names of the Outstanding Freshman Award winners. The freshman recipient is also to receive a certificate noting this award of achievement.

CONCERT TRIO TO GIVE AN UNUSUAL MUSICAL PROGRAM WEDNESDAY

The next presentation in the General Lectures Series will be a recital by the Concert Trio on May 3 at 8 p.m. in Parker Hall. The unusual musical group, featuring two accordians and a contra bass viol, will play a wide selection of numbers, ranging from Bach's "Fuge in G Minor" to Leroy Anderson's "Fiddle Faddle." Included in the evening's music will be Mozart's overture to "The Marriage of Figaro," ordinarily performed only by a full symphony orchestra.

Bill Palmer, who started and inspired the Concert Trio — a student of Galla-Rini — is an ardent accordionist who, even at the time the group was organized, was already recognized as one of the leading accordion virtuosos of the nation. Five years ago, he and a former student of his, Bill Hughes, joined with Len Manno, a master of the contra bass viol with leading symphony orchestras for sixteen years, to form the Concert Trio, an original combination of instruments which has amazed listeners everywhere.

In its relatively short life, the Concert Trio has asserted itself with youthful vigor, having already made its debut in the big musical centers, New York and Chicago. They have found tremendous enthusiasm around their home territory, Houston, Tex., and now, having played in practically all of the forty-eight states, other parts of the nation are applauding their incomparable music. Of the recognition which they have received, that which the Concert Trio prizes most is a special citation made by the American Accordion Association. The award was made for the Trio having played more concerts on the legitimate stage in a given season than any other accordion group has ever played in a similar period of time.

SAE-ASME banquet tickets—only \$1.75

Many Awards At Honors Convocation

MEMBERS OF CAMPUS ORGANIZATIONS AND HONOR SOCIETIES LAUDED; THOUSANDS OF DOLLARS GIVEN IN SCHOLARSHIPS

The Fifth Annual Honors Convocation at MSM was presented Thursday, April 29, 1954 at 10 a.m. in Parker Hall Auditorium. The purpose of the Convocation is to present a large number of honors and awards in the form of scholastic society memberships, cash prizes, certificates of merit, recognition keys, trophies, scholarships and fellowships.

The Annual General Inspection of ROTC To Be Held May 3rd

The annual General Inspection of the ROTC detachment at MSM will be held on Monday, May third at 1:15 P.M. on Jackling field.

This year, the inspecting officers will be Colonel G. B. McConnell, who is the P.M.S.&T. of the ROTC unit at Iowa State College, and Captain J. L. Shady.

The classes and administrative end of the ROTC department will be inspected, and the cadets will fall out for a regimental review, and from that, will go into inspection formation. The review will begin at 1:15 p.m. on the drill field.

The Regimental Commander of the MSM detachment is Cadet Col. William Geisler. The P.M.S. & T. of the MSM unit is Col. Moyers.

SAE-ASME banquet — next Wednesday night — tickets \$1.75.

THETA KAPS INITIATE FIVE NEW MEN; SPRING FORMAL THIS WEEKEND

Last Sunday five new men were initiated into Theta Kappa Phi. They were Jack Head, Don Kozony, Vic Hoffman, Gene Tice, and Larry Tuberty. Congratulations, men.

The Theta Kaps made it two in a row in softball by winning a decisive victory over Kappa Alpha last week by a score of 17-4. It was a well played ball game with a beautiful four hitter turned in by Bill Fitzgibbons, our hurler. Although Yallaly didn't play this week he still got into the fray. The tables turned on him this week as he was knocked senseless by a few stones thrown by a couple of revengeful freshmen trying to get back at their old pledge master.

In horseshoes we were eliminated by a loss to Sigma Nu. The doubles team advanced by beating Sig Ep, the only team which has beat them to date. They now hold a respectable 4-1 record for the season.

Last week everybody was surprised to see a baby chick wandering around the chapter room. Nobody seemed to know anything about it so we asked Charlie Almstedt who claims to be an authority on "chicks," but he said he didn't know anything about the barnyard variety. After a while though we couldn't find our new mascot and we decided that he must have vanished just as mysteriously as he had come. Later, however, we caught Bolger belching chicken feathers. We solved our mystery all right but were minus one little bird.

Last Saturday night T. A. Corcoran had quite a time convincing the owner of a local pub that he was old enough to drink. He showed them every card he had and even pulled out his birth certificate to which the intelligent creature waiting tables merely replied, "It looks like the kind you get out of a machine." After a while he finally won out but he vowed that from now on he is either bringing his mother

(Continued on Page 4)

The first part of the program was devoted to the activities of a number of scholastic and departmental honor societies; the second part dealt with the various campus organizations and campus activities; and in the final portion of the program a number of individual awards and scholarships were announced.

Joseph H. Senne, President of the Honor Society of Pi Kappa Phi, introduced the Society's new members: Wilford M. Ashley, Martin W. Barylski, William H. Feldmiller, Thomas R. Fuller, William F. Geisler, Lyle H. Shields, Eugene F. Steiner, Joseph S. Watkins, and J. C. Dotson (Graduate). He also called attention to the list of the names of recipients of the MSM Phi Kappa Phi Book Plate Awards.

C. Scott Johnson, President of Tau Beta Pi — National Engineering Honorary Society, presented their new membership: Milton A. Allmeyer, Truman D. Anderson, Martin W. Barylski, Kenneth W. Bunte, Arthur G. Baebler, Bruce Carpenter, Edward L. Clark, Charles G. Edwards, Donald Gessly, Larry L. Gidley, LeRoy G. Gockenbach, Robert E. Glenn, Reiner H. Haubold, Richard L. Kaiser, Leonard Keller, Ronald M. Kingsbury, John M. McCarthy, James G. Mullen, Paul J. Orth, Frank W. Paladin, Scott T. Porter, Harvey E. Schulte, Edward N. Sickafus, Philip J. Taetz, and John Zaborsky (Faculty). The Tau Beta Pi Award, a cash prize of \$25.00 was then awarded to Larry Neil Fussell.

Gunther Helm, Regent of Theta Tau Engineering Fraternity, introduced the new membership: Wilford M. Ashley, Arthur G. Baebler, Donald R. Bogue, Richard L. Cruse, James L. Elswick, Dale H. Emiling, Robert B. Hopler, Joseph F. Crispin, Hollis C. Matteson, John W. Padan, Kurt Plache, Kenneth L. Ponciroli, Frederick C. Smith, and Rayburn L. Williamson. Mr. Helm then made the Theta Tau Freshman Award to Peter A. Gerard, Charles J. McCoy, and William Wallace Schram.

Robert H. Towell, President of Alpha Chi Sigma (Chemistry) presented the Alpha Chi Sigma Junior Award — a Copy of Lange's Handbook of Chemistry to LeRoy G. Gockenbach. Then, in behalf of Merk and Company and the Chemistry Department, he awarded copies of MERK INDEX to Charles S. Barkley and Robert W. Riegel.

John G. Jolly, Vice-President of Chi Epsilon Fraternity (Civil) introduced the new membership: David E. Allison, Milton A. Allmeyer, John L. Best, Frank L. Carroll, Leon N. DeLarm, Gunther Helm, Ronald M. Kingsbury, John M. McCarthy, Karlheinz C. Mulbauer, Robert G. O'Brien, Ralph L. Roesler, Raymond J. Skubic, Philip J. Taetz, H. Sam Thompson.

Jerry D. Swearingen, President of Eta Kappa Nu Association (Electrical) presented as (Continued on Page 4)

new members: Clarence Alburty, David Freeman, Claude Grimm, Conrad Neal, Spyros G. Varsos. The Outstanding Freshman Award was given to William Ashworth, and the Outstanding Senior Award was presented to Kenneth C. Jenner.

Albert F. Vondrasek, President of Sigma Gamma Epsilon (Earth Sciences), presented the

The Ash Pit

For me, life is just one big game; I live in a world of joy which is an endless source of ease and happiness to me. You see, I am the assistant bat-boy for the "shirts" baseball team in the state insane asylum. Once in a while the first-string batboy gets sick (his name is Joe) and then I get to take his place. What bliss. The other day one of the baseballs was fouled off by one of the big inmates. It trickled in a little curve around the catcher (Chavez Romonovitch) and stopped at my feet. I knew that I was face to face with the greatest thrill of my life. With a great, nerve-shattering scream I pounced upon it. As it struck my left hand a shudder went through me such as I had never felt. I immediately dropped it to the ground so I could pick it up with my right and get the charge to go through me the other way. Suddenly, I grew brave — I decided to take a chance — I picked it up with both hands at the same time. I fainted from the thrill. Later as I awoke with a shock (someone threw a bucket of dry ice in my face) I realized that the game was nearly over. Gallantly I went to my job (the show must go on). I was amazed to see the stack of bats that had accumulated through the game. I carried them off the field eight at a time and it took me 37 trips. The game was a definite pitcher's duel. As I went back to my station I looked around to see the umpire throw a coke bottle at a spectator. He seemed to disagree with some play the spectator had called. Of course, the inevitable followed. The umpire was ushered from the park by the hot-coffee vendors. By the way, you can't imagine what a business those hot-coffee vendors do. None of those crazy, sane spectators like the stuff, but all the inmates really eat it up. All drink at least 3 jugs per game and many drink many more. It is sold in gallon jugs for the convenience of the epileptics. They just lay the jug on the ground on its side and drink up. Some can chug-a-lug a whole jug. When the coffee-

P.S. the Intern said he is sending me in for another checkup with the Psychologist. He seems to think maybe I am normal after all!!!!!!

Ha Ha—He's CRAZY!!!!

When You Join The "Men Who Measure" . . .

When you leave school as an engineer and join the ranks of the "men who measure," you'll want the most accurate and durable measuring tapes. Lufkin Chrome Clad Tapes ARE the most accurate and durable because their markings are bonded to the line and protected by multiple platings of metal that also protect the fine steel in the line. This all-metal line is longest wearing — it won't crack, chip, peel — is easiest to keep clean — is most rust and corrosion resistant. Chrome Clad Tapes are the choice of engineers the world over.

Whether you're running a survey, building a bridge or a building, railroading, road building, mining or drilling — there's a Lufkin measuring tape exactly right for the job.

Specify Lufkin when you get out on the job — send today for our free catalog.

THE LUFKIN RULE COMPANY
SAGINAW, MICHIGAN

THE LUFKIN RULE CO., Saginaw, Mich.
Gentlemen:
Please send me your illustrated catalog of measuring tapes and rules.

TRIANGLE COPS THIRD IN ANNUAL NATIONAL BASKETBALL TOURNAMENT

by "The Cats"

Highlighting the week's headlines is the third place gained by the Mines Chapter in the Annual Basketball tournament of Triangle at Northwestern University. The boys did an excellent job of defeating Cornell Chapter by the score of 47-38. The men came from behind in the second game to defeat Kentucky 60-42. Those entering the scoring column were Huncutt, Murphy, Ted and Carl Macios, Henson, Hemken, Schreiber, LeGrand, and Close. The boys were entertained Saturday night by girls from Northwestern U.

The main event in intramural sports this week was the heart-breaking loss to Sig Ep in the ninth inning. It was the first loss in softball and the boys are planning on jumping right back into the winning column. Another win was registered by George "The Chest" Holtzschner in singles tennis against the Tekes.

Jim "Retailic" Hubel's date bureau is working overtime these days in trying to supply dates for the coming Spring Dance. The "Three Lovers" took their weekly inspection trip to Columbia. Everything was inspected and found to be in working order.

In closing this piece of literary genius, we would like to mention that Ed "Dumbo" Dombrosky has moved his sack into the busiest place in the house.

KA Men Are Stuck With "Big Orange"; Make Columbia Safari

A vain attempt is now under way to try to find someone who wants a BIG ORANGE. The only drawback seems to be that the Big Orange is a dirty, orange colored, misbreed excuse for a canine. This self-attached mongrel also seems to have trouble telling sexes apart, the crazy mixed-up dog. Maybe we should put him in a poker pot and let the Barnards win him along with everybody else's money.

Moonlight picnics seem to be the latest version of a trip to the river. Some people like to fish, some swim, and some even drink beer, but then again there are those who like midnight picnics. It is hard telling what they like. Maybe they have a reason for singing "Fairy Tales."

Has anyone got any handy sisters or sisters-in-law in town? It seems Loverboy Neal is down to three girls. If she likes to hold hands, just introduce her to Neal and he will do the rest.

It seems Cupid has claimed several pins around here lately. Some even lost their official badge. That doesn't worry most of us, we just wonder when they are going to buy beer.

The pledges have been cultivating the lawn lately in hopes of making it more attractive. The only thing it seems to have attracted is dogs and softball players.

The nights are frequented with mysterious calls from girls who have the nasty habit of inviting the boys to parties at addresses found to range from Prof. Erikletian to old barns.

Several of the boys went to Columbia the other night trying to see who is getting this 2.7 average that Dr. Kinsey tells of. They won't tell a thing about what happened though. Their "no comment" sort of convicts them, they like to think. Well, everyone get busy and goof up this week so I can have something on you too.

Alumni and Members Of Lam. Chi Celebrate 37th Year on Campus

This chapter of Lambda Chi Alpha was installed on this campus in 1917 and has been active in all school activities ever since. Last Saturday the chapter celebrated thirty-seven years on this campus, of which it is duly proud. The occasion was celebrated with a delicious banquet at the Edwin Long Hotel. Speakers for the evening were: President, Benny Smith; A. D. number 1, Mr. Harry Kluge; and A. D.'s number 21 and 31, Messrs. M. L. Dorris and T. A. Scully. The speeches concerned the present activities of the fraternity and a run down through the years by the old boys. From some of the stories told by the alumni, life must have been really great way back then.

The day after the birthday party, April 25, the rough life of pledging ended for three good men. They are: Bill Gruenwald, Hank Atkinson, and Dave Fay. The boys said it was fun, but thank God it's over. Bill hails from New York; Hank from Springfield, Mo., and Dave from St. Louis, Missouri. These three fellows bring the chapter strength to thirty actives and thirteen pledges.

Because the weather was so hot last Friday, the boys decided that the seniors ought to partake of a cooling dip in Frisco Pond; so one at a time they did. Everything went according to plan until the pledges decided to throw in their pledge trainer, George Gratz. As George went splash, a chain reaction started that left everyone walking home wet. Those that didn't get wet at Frisco received their baptism in a water fight which ensued at house.

"Do you serve women at this bar?"
"No, you have to bring your own."

"Young man," said the stern parent, "We always turn the lights off here at 10:30."
"That's all right, sir," replied the young man. "We won't be reading."

Shown are the newly-elected officers of the S.A.E. after their election April 21. Left to right: Roger Berkbigler - Secretary; Bob Oetting - Vice-President; Larry Kessler - Treasurer; Joe Hannauer - President; and Hollis Matteson - retiring President.

I know a doctor who is so conceited that when he takes a woman's pulse he subtracts ten beats for his personality.

Her clothes were designed so that she could be seen in the best places.

Women's styles change, but their designs remain the same.

"Say, Dad, what is a bachelor?"
"Well, son, a bachelor is a man who didn't have a car when he went to college."

'Tis said that virtues are learned at mother's knee and vices at some other joint.

IT'S ALL A MATTER OF TASTE

They're all the rage with college kids.
With gals and men alike.
So round, so firm, so fully packed—
I speak of Lucky Strike!

Barbara Bennett
Lawrence College

When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco...light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

The cigarette that really tops
The campus hit parade
Is Lucky Strike. Enjoy the taste
Because it's better made!

Celin Vaernewyck
Boston University

When buddies ask me for a smoke,
What do they get from me?
"Here's finer smoking, pal," I say,
"Cause L.S./M.F.T!"

Ford R. Maddick
Kansas University

COLLEGE SMOKERS PREFER LUCKIES

A comprehensive survey—based on 31,000 student interviews and supervised by college professors—shows that smokers in colleges from coast to coast prefer Luckies to all other brands! The No. 1 reason: Luckies' better taste!

LUCKIES TASTE BETTER
CLEANER, FRESHER, SMOOTHER!

THE MISSOURI MINER

PAGE 3

Intramural Season Nears Completion as Rain Eases; Track Will Start May 12

With the slackening off of the rain, this week has been very active on the intramural sports scene. Softball, scheduled to end this week, is still going on, due to the inclement weather.

On Monday, there were two games in the winners bracket with Sigma Phi Epsilon winning out over Triangle, and the Tech Club beating Beta Sigma. On Tuesday, April 27, the Pikers overthrew the Engineers Club and Kappa Sigma lost to Theta Kap.

Moving now to the asphalt court, and back to last week to pick up a couple of games in the singles division on Thursday, we find Wesley losing to Sigma Nu, and Beta Sigma Psi winning from Tau Kappa Epsilon in the winners division. The next day, Friday, in the losers bracket, Triangle won from the Dorm and the Tech Club lost to Pi Kappa Alpha. On Monday, April 26, still on the losers side of the tally sheet, Triangle won one from the Tekes. The next day Beta Sigma took a close one from Sigma Nu in the winners division.

To bring things up to date in the doubles bracket, it is also necessary to move back to last week. In the winners column, Sigma Nu took one from the Tech Club, and Triangle lost to Pi KA. On Friday, the action moved to the losers side as Kappa Sigma won over Kappa Alpha, and Beta Sigma Psi dropped one to Sigma Pi. On Tuesday of this week, Pi KA moved on up the winner's ladder by defeating Sigma Nu.

Moving on to the games played at the horseshoe pits, Theta Xi won from Lambda

Little Nicky five years old, was walking along the street with little Joan, four. As they were about to cross the street, Nicky remembered his mother's teaching.

"Let me hold your hand," he offered gallantly.

"Okay," replied Joan, "but I want you to know that you're playing with fire."

Chi and the Tech Club gained a big victory over the Pikers. Both the games were played Thursday, April 22, and were in the winner's division. The games moved into the losers division on Friday and Monday, as Beta Sigma Psi won from the Engineers Club and Sigma Nu beat the boys from the "Cow House" on Friday. Beta day as they beat Pi KA. Sigma Sig continued on its way Monday also held on to its winning streak by downing Lambda Chi Alpha. On the following day, April 27, Theta Xi won from the Tech Club and Sigma Nu gained another victory by downing Beta Sigma Psi. These games were in the winners and losers columns respectively.

In the winners bracket of the horseshoe doubles, Pi Kappa Alpha beat the Tech Club and Sigma Nu defeated Triangle on Thursday of last week. Friday saw two games being played in the losers division as Lambda Chi Alpha won over Tau Kappa Epsilon and Sig Ep lost to Theta Kap. Monday's games saw Lambda Chi move another notch closer to the championship as they defeated Triangle and the Tech Club eliminated Theta Kap from the competition. In the winners' bracket on Tuesday, Sigma Nu defeated the Pikers.

Next week should see the end of these intramural sports, as the various organizations prepare for track and golf.

"I had a date with an absent-minded professor last night."

"How do you know he was absent minded?"

"Because he gave me a zero this morning."

Two girls met for lunch and were discussing their marriage prospects. "I hear your boy friend graduates from law school next month. I guess you'll get married then?"

"Oh, no, not right away," answered the other, "I want him to practice about a year first."

After the vacations are over, and after the summer is spent, when the Miners return to good ole Rolla, the Silver and Gold will be getting ready for the football campaign of 1954.

Pete Weitzel and John McCarthy, our co-captains, will have the job of running the team on the field. Both men are going to be seniors, and have had a lot of football experience.

Pete is a product of Warrensburg High, having graduated in 1951. While at Warrensburg, he lettered two years in football, two years in track, and three years in basketball. Charles Allen, Pete to all of us, came to MSM in the fall of 1951 and started in right away to make a name for himself. He lettered in football that fall, as a freshman, and continued his sports activities when the basketball season rolled around.

Track season found Pete again eager for competition. He was always willing to run in any event in which he was needed. In the past three seasons he has participated in the sprints, javelin, high jump, 440 and the relays, both 880 and mile.

With the graduation of Dick Hampel, you can be sure Pete's big number 3 will be doing a lot of running and passing of that football. Last season Pete showed that he could do the job on offense as well as on the defense.

A brief look at his record shows 18 attempts at rushing with 87 yards gained. This is an average of 4.4 yards per carry. This record was among the top in the M.I.A.A. last season. However, the Miners were primarily a passing team and it was in this role that Pete was at his best. He tossed 41 passes with 19 completions. This averaged 46.3% of all attempted passes completed. One went all the way for a T.D. while only

three were intercepted. The total yardage gained as a result of Pete's throwing was 219 yards.

Mechanical Engineering is Pete's chosen field. Being the good student that he is, he is certain of making a success of his undertakings. If you have noticed a big smile on "Papa Weitzel" in the past few days, it may be the result of his wife Janet presenting him with a seven pound baby boy. Congratulations, Pete.

Next season's football schedule has been announced.

Pittsburg Teachers T Sept 18

Washington U. (T) Sept. 25

Springfield (H) Oct. 2

Cape Girardeau (T) Oct. 8

Maryville (homecoming) Oct. 16

Warrensburg (T) Oct. 22

Kirksville (Parents Day) Oct. 30

Southern Ill. U. (H) Nov. 6

The big game again this year will be with Washington as in years past. If last season's contest is any indication, it should be quite a battle. The Miner fans always see a good show when we go to Washington.

If you were to ask Gale Bullman who he wants to beat this fall, he would very likely look at you with a gleam in his eye and give a slow but definite: "Washington, who else"

Southern Illinois will be new to the Rolla Rooters at Jackling Field. In football that is. The Carbondale boys are going to be stronger this season than last, but the question is, how much stronger? They have several new backs that transferred from other schools, but their line is still a question mark. If they can improve from tackle to tackle, they could prove to be a tough team to beat.

"I take an aspirin tablet to clear my head."

"Oh, I see—a sort of vacuum cleaner."

Miner Netmen at Mercy of Wash U.

The Miners were shut out by Washington U. on the Miner's home court last Wednesday, April 14. The final score was 9-0.

Washington had strength that couldn't be touched. Every match was won in straight sets with the exceptions of the doubles match between Novatny and Schneider of Washington and Don Roth and Lowell Seibel. It went to Washington in three sets 6-4, 8-10, 6-3.

Dave Rahubka had the best afternoon for Washington. He defeated Hal Pierson 6-0, 6-1, in the singles, and then teamed with Bob Wright to win over Pierson and Gus Link in the doubles 6-2, 6-2.

Don Roth again was the outstanding Miner on the courts, but wasn't enough to stop the powerful Bears. Charles Saussele and John Miles also played well, but met with the same results as Roth.

The final results of the matches, all of which were won by Washington:

SINGLES

Miles vs Ned Pfeifer, 6-1, 6-3

Saussele vs Schneider, 6-3, 9-7

Seibel vs Novatny, 6-1, 6-2

Roth vs Gus Pfeifer, 6-3, 6-2

Link vs Wright, 6-1, 6-3

Pierson vs Rahubka, 6-0, 6-1

DOUBLES

Miles - Saussele vs Gus and Ned Pfeifer, 6-3, 6-3

Seibel - Roth vs Novatny - Schneider, 6-4, 8-10, 6-3

Link - Pierson vs Rahubka - Wright, 6-2, 6-2

At least a groom at a shotgun wedding never wonders why he married his wife.

Bus Driver: "All right back there?"

Feminine Voice: "No, wait till I get my clothes on."

Three people were killed in the rush to the rear of the bus to see a girl get on with a bundle of laundry.

At a circus a man thoughtfully stood looking at camels. Then he picked up a straw and placed it on the camel's back and waited. Nothing happened.

"Wrong straw," he muttered, and walked away.

MORE GOOD GOLFERS PLAY SPALDING THAN ANY OTHER BALL

PING PONG CRAZE HITS BETA SIGS; CONTINUE IN TENNIS VICTORIES

Yes, it has hit the Beta Sig house again in April. No, it isn't a tornado, but the old ping-pong craze. Two weeks ago, the old pro Trev, established a "Handicap League" for all interested Beta Sigs. The turnout was surprisingly good, with such celebrities as "Relaxed Al," Don "White Lightning" Schneider, Big Ab and many others participating. The handicaps range from 0 to 15 points and it's not too late to enter. Phone 1337.

In intramural sports, the Beta Sig softball team dropped its first game to a strong Tech Club nine by the score of 9 to 7. The next game on the agenda is Pi Kappa Alpha. Al Moeller won again in horseshoes while Paul Egan has only one more opponent to overcome to emerge victorious in the tennis singles. Good luck to all!

I wonder how many of you have ever noticed the metamorphosis that takes place over the "Average Miner" between the hours of 9 and 10 every morning, Mondays thru Saturdays. Yes, that is the time when the mail is delivered. Great wagers are made at the slightest provocation that someone is going to receive one more "sex report" than Thou. Grimy little hands rifle the letters seeking for that long overdue job-offer. Lustrous eyes search the heap for the check from home while the lovers of the house sit nonchalantly in an easy chair, knowing full well that at least three "Sugar Reports" are waiting. While this is all going on, a fellow clad only in his swimming suit, hollars from the top of the stairs, "Did my laundry come from home yet?"

She: "You have a face only a mother could love."
He: "Do you know I'm about to inherit a million dollars?"
She: "Do you know I'm about to become a mother?"

He: How'd you meet your husband?
She: I was on the beach and asked him for a match. He said he'd give me a match if I'd give him a kiss.
He: Boy, what a guy could do with a lighter!

CONVOCACTIONS

(Continued from page 1)
new membership: Reinhard P. Abendroth, Richard O. Berg, Carl R. Bieling, Bruce N. Carpenter, Charles G. Edwards, William H. Feldmiller, James A. Martin, Robert E. Newcomer, Robert F. Neuman, and Nalin Sen.

He then presented the W. A. Tarr Award, granted by the Grand Council, to Fred J. Campen, Jr.

Robert N. Hoffman, President of the Student Council announced the recipients of the Award to students who have maintained an average of 2.0 or better each semester for four semesters, and the recipients of the Silver Key Award to students who have an average between 1.75 and 1.99 each semester for four semesters.

Gold Keys were awarded to: Milton A. Allmeyer, Truman D. Anderson, Arthur G. Baebler, Martin W. Barylski, John L. Best, Kenneth W. Bunte, Frederick J. Campen, Edward L. Clark, Jr. Charles A. Crandall, Clifford W. Dye, Walker L. Flood, John R. Ford, Thomas R. Fowler, William F. Geisler, Donald Gessley, Eugene M. Getson, Larry L. Gidley, LeRoy G. Gockenbach, Reiner G. Haubold, Richard C. Hendrickson, Clarence S. Johnson, Roy D. Kinert, Andrew H. Larson, John M. McCarthy, James G. Mullen, William F. Nelson, Frank W. Paladin, Donald M. Piehler, Scott T. Porter, Robert B. Puyar, James W. Rethmeyer, Arnold G. Reynolds, Generoso V. Sancio, Julius N. Scott, Richard O. Slates, Eugene F. Steiner, James W. Stump, Maurice R. Topel, Robert J. Van Duyn, Albert F. Vondrasek.

Silver Keys were awarded to: Campbell C. Barns, Carroll P. Bennett, Glenn E. Borgard, Tom D. Crutcher, Robert E. Glenn,

Richard L. Kaiser, Ronald M. Kingsbury, Donald L. Lilly, William R. Mountjoy, Robert E. Owens, Bob L. Paulsell, Donald E. Puyar, Harold E. Rabe, Harvey E. Schulte, William E. Sipe, Walter R. Smith, Joseph S. Watkins, Benjamin Wykoff, Howard J. Yorston.

Parker Bennett, President of the M Club awarded the Trophy to the Intramural Athlete of the Year — Paul John Egan

Hubert B. Williams, President of the Board of Trustees of Student Publications awarded three sets of recognition keys: Recipients of the Missouri College Newspaper Association Silver Key Award: Daniel E. Groteke, Donald R. Bogue, Morton L. Mullins, Thomas V. Bruns, and Joseph Lesyna.

Recipients of the Miner Board Gold Key Awards: Donald R. Bogue, Thomas V. Bruns, Paul R. Douglass, James Elswick, William A. Gartland, Daniel E. Groteke, Joseph F. Lesyna, William L. Mc Morris, Morton L. Mullins, Generoso V. Sancio, and Raymond A. Stewart.

Recipients of the Rollamo Board Gold Key Award: James A. Gerard, Robert E. Hanss, Ralph L. Hollocher, Frank W. Paladin, Raymond E. Pfaff, Allen H. Rudolph, Raymond J. Skubic.

Roy Chastain, President of the MSM Glee Club presented the Glee Club Key to: Edwin Givens, John Hermann, Roy Kaufmann, Wayne Kosfeld, Richard Lamb, William McGreggor, George Merk, Gaylord Meyer, John Murphy, Robert Naurert, Robert Otting, Lowell Seibel, Duane Woltjen; and the Service Bar Award to: Richard G. Beecher, Roy Chastain, Donald Gessley, Robert Miller, Roy Nyman, Robert Rand, Maurice Suhre.

Recipients of the MOSMA (Esperanto Club of MSM) Awards,

presented by Professor J. M. Brewer were: Richard R. Beck, Richard G. Beecher, Lee W. Coffee, Larry N. Fussell, and Harold J. Pierson.

Thomas Bruns, President of the Interfraternity Council announced the choice of the Fraternity Man of the Year and introduced the recipient of the award — Richard James Hampel.

Edward N. Sickafus, President of Sigma Pi Sigma (Physics) introduced the new members: Reinhard P. Abendroth, Howard M. Brown, David S. Gould, Paul J. Orth, Arthur Reetz, Jr., Bernard Riggs.

The American Institute of Chemists, Chicago Chapter Award — a Medal and an Associate Membership was presented to Robert Brewer Puyar.

The Mathematics Achievement Award — a copy of Standard Mathematical Tables contributed by the Chemical Publishing Company — was presented to Raymond L. Hussey. A number of cash scholarships for the year 1954-1955 were awarded. Details of these scholarships will be published at a later date.

Professor William J. Jensen, Chairman of the Faculty Committee on Assemblies presided at the Convocation.

Frosh: What do you call a man who drives a car?
Senior: That depends upon how close he comes to me.

A wall flower is a girl who wears a sweater to keep herself warm.

THETA KAPS

(Continued from Page 1)
along for proof when he drinks or join the W.T.C.U.

Tomorrow evening the Theta Kaps are holding their annual "Spring Formal." To date the number of "Dear Johns" has been surprisingly low and everybody is looking forward to a good time.

Also we ought to give some acknowledgement to our own "Gerald McMudd - Mudd," the boy who sounds more like the animals than the animals do. Yes, that's our Gerald, he doesn't say words he goes "boing-boing" instead.

Eddie (to his girl friend, sitting on the park bench) "Honney, I've got an important question to ask you."

Girl Friend: "Yes, Eddie, what is it?"
Eddie: "Would you move over? I'm sitting on a nail."

She was only a gravedigger's daughter, but you ought to see her lower the beer.

SIG EPS
