## Dr. Donald Cronin-Advisor of the Year

Dr. Donald L. Cronin, associate professor of mechanical and aerospace engineering, has been selected Adviser of the Year at UMR.

The award was made yesterday at a luncheon at the University Center.

Dr. Cronin was nominated by members of the student chapter of the American Society of Mechanical Engineers, professional organization. He was chosen for the honor by a committee of faculty members. In the nomination statement, the chapter cited him for his development of student leadership qualities, high standards of professionalism and his organizational abilities.

Dr. Cronin has been a member of the UMR faculty since 1970. He was nominated by the same group for "Adviser of the Year" in 1974 and won first runnerup honors.

Also recognized at the Tuesday luncheon were four other "Adviser of the Year" finalists. First runnerup this year is Dr. Wilbur P. Tappmeyer, professor of chemistry and adviser for the Baptist Student Union and the W. T. Schrenk Chemical Society. The three other finalists were Dr. Karlheinz Muhlbauer, professor of engineering mechanics and adviser for Tau Kappa Epsilon fraternity; Dr. Frank J. Kern, professor of electrical engineering and adviser of the

student chapter of the Institute of Electrical and Electronics Engineers; and Dr. David Oakley, associate professor of music and adviser of Tau Beta Sigma, women's honorary music fraternity.

Other advisers nominated by student organization to compete for the honor are: Sergeant Major Roberto Arredariz, chief instructor-military science, adviser for the Raiders; Dr. Daniel Babcock, associate professor of engineering management, adviser for the publication UMR Engineer; Dr. Robert S. Barefield, associate professor of psychology and director of the UMR Counseling Center, adviser for House 3-Men's Residence Hall Association; Dr. Donald W. Beistel, associate professor of chemistry, adviser for Alpha Chi Sigma, professional recognition fraternity; Dr. Ronald L. Cronin, professor of engineering management, adviser for the Engineering Management Association; Dr. John C. Carstens, assistant professor of physics, adviser for Phi Eta Sigma, freshman honor society; Lieutenant Colonel James W. Clinton, associate professor of aerospace studies, adviser for the Arnold Air Society; Dr. D. Ronald Fannin, associate professor of electrical engineering, adviser for Tau Beta Pi, scholastic honorary fraternity; Dr. Marshall E. Finley, professor of chemistry, adviser for the International Student Club and the Vietnam Association; Dr. Harvey Grice, professor of chemical engineering, adviser for the student chapter of the American Institute of Chemical Engineers; Mrs. Berna D. Harvey, associate program director and adviser for the Student Union Board; Dr. J.L. Josey, assistant professor of civil engineering, adviser for the student chapter of the Institute of Traffic Engineers.

**Dr. Donald Cronin**

of student personnel, adviser for the Inter Co-Op Council; Dr. Paul R. Munger, professor of civil engineering, adviser for the student chapter of the American Society of Civil Engineers; Robert H. Nau, professor of electrical engineering, adviser for the UMR Amateur Radio Club; Richard E. Oeffner, associate professor of mathematics, adviser for the Independents; Dr. Thomas J. O'Keefe, professor of metallurgical engineering, adviser for Phi Kappa Theta; Dr. Lon Pearson, assistant professor of Spanish, adviser for the UMR Soccer Club; Dr. Bruce E. Poling, assistant professor of chemical engineering, adviser for Omega Chi Epsilon, scholastic honorary fraternity; Charles R. Remington, professor of mechanical engineering, adviser for the "M" Club; Dr. Earl Richards, assistant professor of electrical engineering, adviser for Theta

associate professor of chemistry, adviser for Sigma Nu; Bruce P. Selberg, associate professor of aerospace engineering, adviser for the student chapter of the American Institute of Astronautics and Aeronautics; Dr. Thomas P. VanDoren, assistant professor of electrical engineering, adviser for Eta Kappa Nu, professional recognition fraternity, and Major Dois Webb, associate professor of military science, adviser for the Marching Minorettes.

**have a happy  
and safe  
summer**

Miss Lisa Fajardo from Sigma Tau Gamma was elected Greek Week Queen from seventeen other candidates. Here she is shown dancing at the All-Greek Dance Friday night. TKE was the overall winner of Greek Week. They also won the best looking booth Friday night at the IFC Carnival. Lambda Chi was the winner of best looking chariot. Sigma Tau Gamma won both the chariot race and keg toss Saturday afternoon at the games.

## Special English Course Offered This Summer

A Special course in English was a second language will be offered at the University of Missouri-Rolla May 12-30, between commencement and beginning of the summer session.

The course is designed primarily for international students and their dependents who are just beginning their residence in this country, or for those who have experienced difficulty with English during the last semester which has affected their ability to make satisfactory progress in regular classes. It is open, however, to

anyone wishing to increase facility in the English language.

Course emphasis is on spoken English in order to improve pronunciation and grammatical patterns. As much individual direction as possible is given to help each student progress rapidly toward a practical proficiency in the English language.

First class is 8:30 a.m. Monday, May 12, Room G-8 of the Humanities-Social Science Building. It includes four hours of instruction and one hour in the language laboratory per

day. Cost of the course is \$60.

The course is an extension activity of the humanities department and instructors are Mrs. Barbara Epstein and Mrs. Janet Omurtag. Both instructors have taught similar courses at UMR and other institutions.

To register or for further information, write or call: Bill Kratzer, Extension Division, University of Missouri-Rolla, Rolla, Mo. 65401 (phone: 314-341-4200). If it is impossible to pre-register, students may enroll at the first class session.

## GRAD SENIORS

If you are interested in receiving a subscription to the MINER next year send \$6.00 to the Miner office when you find out your new address. Send to:

Missouri Miner  
T-1  
University of Mo.-Rolla  
Rolla, Mo. 65401

## WHO'S WHO APPLICATIONS

Attention Juniors and Seniors. Applications for Who's Who are now available in the Student Personnel Office and at the Candy Counter in the University Center.

## S.U.B. DANCE

There will be a dance this Friday, May 2, from 8-12 p.m. The dance will be in Centennial Hall with music by Felix. Enjoy yourself one more time before finals hit. Sponsored by Social Committee of S.U.B.

## TURN IN BOOKS

Everyone leaving school this summer, turn in all library materials.

## HELP ECOLOGY

Help conserve our natural resources. Recycle your notebook paper, computer printout paper and cards. Drop them off any time at the Rolla Recycling Center on Business Loop I-44 across from Colonial Bowling Lanes.

## DATES IN THE THETA TAU CALENDAR

Theta Tau is presently assembling the information for the 1975-1976 Theta Tau Calendar. If you have any events which you would like included on the calendar please send them to Bob Fleischman no later than Thursday, May 1. Turn in your dates and times as soon as possible to Theta Tau c-o Student Center or send directly to Bob Fleischman for the most efficient results. As in previous years, there is no charge for this service.

## CHICKEN BENEFIT DINNER

Lambda Chi Alpha's Chicken Benefit Dinner, held on Sunday, April 13th, has the distinction of being one of the most successful in the thirteen year history of the dinner from which \$550 was given to each of the State School No. 23 and the Cerebral Palsy School. Over eight hundred people enjoyed a fine meal while helping the brothers of Lambda Chi Alpha help others.

## SOCCER CLUB

UMR Soccer Club members are reminded to try to avoid scheduling classes on Wed. and Fri. afternoons when they preregister for the fall semester.

## DIEHL MONTGOMERY FORD SALES

Rolla, Missouri

(The Originator of the Student Finance Plan in this Area)

This plan allows the students upon approved credits and job, to buy a new car with nothing down and payments of \$25.00 per month until you are on the job. This plan is not new, Diehl Montgomery Ford has sold over 750 new cars and trucks to graduating students this way. See us for all the details. Also you can use your own insurance or ours.

### FORD LINCOLN MERCURY

This allows the graduating students to have a new car before he graduates when he really needs it.

"This is a special discount program for students. We will be glad to quote you a price on any Ford or Mercury product."

## wisch selected ifc man of the year

The IFC Man of the Year for this year is Dave Wisch. Dave is a member of Pi Kappa Alpha, where he has been President, Treasurer, Rush Chairman and Vice President of House Corporation. Dave has been active in many campus organizations, including Treasurer of Tau Beta Pi, President, Pledgemaster, and Publicity Officer of M-Club,

Blue Key, Theta Tau, Chi Epsilon, Phi Kappa Phi, American Society of Civil Engineers and Intercollegiate Knights. Dave lettered three years in Varsity Football. Wisch also was selected to Who's Who in American Colleges. Wisch is a member of the Academic Affairs for the School of Engineering.

## Tau Beta Pi Initiates

39

On April 12, 1975, the Missouri Beta chapter of Tau Beta Pi held its spring initiation. Thirty-four undergraduate and five graduate students from the School of Mines and Metallurgy and the School of Engineering were initiated along with four professionals prominent in the field of engineering. The eminent engineers were Dr. James L. Gaddy, Dr. Ju-Chang Huang, Dr. Earl F. Richards, all of UMR, and Robert K. Boyd, vice-president of Guy F. Atkinson, Co. The initiation banquet was held that evening with Dr. J. Derald Morgan of The E.E. department as the featured speaker. A recognition was given to Jim Bondi for his outstanding service to the chapter as a past president and committee chairman for the past five years.

## southwinds is available

Southwinds, the literary magazine published by GRUMRLS (Greater Rolla-UMR Literary Society) is now available at the University Center, the Campus Bookstore and the Crown Shop. Society member will be selling the publication the week of April 27 and through finals week at the University Center.

This year's edition of Southwinds, the fourth, contains poetry by UMR students and faculty and Rolla residents. Also, in this year's issue is a short story by a UMR student and two translated selections: "The Gecko," from the Japanese, and "Tureyis," a Turkish folk tale.

## calendar of events

## Samuel Schneider Speaks on Energy Conversion Next Friday

Samuel J. Schneider Jr., coordinator for Inter-Agency Research of Magnetohydrodynamics (MHD) and Federal Coal Gasification Programs will speak on Direct Energy Con-

version and MHD Generators and Other Processes for Converting Coal into Useful Energy Forms Friday, May 9, 1975, 4:00 p.m. in the Mark Twain Room, University Center.

Mr. Schneider is an MSM

alumnus who currently serves as the manager of the Office of Coal Research MHD materials program, directing materials R & D which will aid in the development of coal fired open cycle systems. Applying Chemistry, he led a seven nation task force on the redetermination of the melting point of alumina (Al<sub>2</sub>O<sub>3</sub>). For these efforts, Mr. Schneider received the Department of Commerce Silver Medal. Since 1971, Mr. Schneider has been instrumental in developing National Bureau of Standards programs associated with national energy needs. He is a member of the Department of Interior's materials coordination committee and through the Office of Coal Research, is actively engaged in setting up a MHD materials testing program with the Soviet Union as part of the US-USSR cooperative effort in energy.

### Which Were the Good Old Days?

The Committee to Celebrate The Good Old Days held its 83rd bi-monthly meeting last week under the banner which has so captured the heart of the nation: "Things Were Never Worse!"

As usual, Dr. Homer T. Pettibone delivered the opening address excoriating the 1970s as "the dreary decade of national humiliation in Vietnam, corruption in Washington, disasters in the economy and crime in the streets."

"The only way we can possibly survive these terrible times," he said firmly, "is to hark back to The Good Old Days and thus renew our faith in our great country."

The Committee then began its bi-monthly discussion of which Good Old Days to celebrate.

The members have already unanimously ruled out the 1960s as the decade of political assassinations, drugs, raced riots, long hair, student riots, the U-2, Bay of Pigs and Pueblo humiliations, Vietnam atrocities, the sexual revolution and crime in the streets.

Colonel Blandish (retired)

"The Good Old Days of the 1920s and Cal Coolidge's Return to Normalcy."

"Normalcy!" cried Miss Pickering. "Do you call degenerate bathtub-gin-drinking, law-breaking flappers normal? Teapot Dome, the stock market crash, Al Capone! Crime, decadence and corruption! Thank you, I'll take 1910 to 1920 when..."

"When," interrupted Professor Piedweiller, "millions were killed in World War I, the income tax imposed and the Communists took over Russia. Now in the 1940s..."

"Even more millions were killed in World War II," shouted Dr. Smedworth. "Not to mention unleashing the atomic bomb, the Communists seizing China and the beginning of the Cold War, which scared us half to death. No, I'll take the Good Old Eisenhower Days of the 1950s."

"With the Korean War, McCarthyism dividing the country, Little Rock, the H-bomb, our getting into Vietnam, the humiliations of Castro and Sputnik?" demanded Mrs. Framingham. "Now in the

She was promptly hooted down by cries of "The Great Depression!", "Hitler!", "John Dillinger!" and "Don't Forget Bonnie and Clyde!"

"Please, please, ladies and gentlemen," said Dr. Pettibone, who had just broken his 83rd gavel. "I'm sure that we can all tackle this problem as rational human beings — particularly if Colonel Blandish will put down that chair. Thank you, Colonel."

So the meeting adjourned on the resolution to postpone next year's Bi-centennial Celebration until the Committee could determine which Good Old Days to celebrate.

"We all agree that things couldn't be worse," said Dr. Pettibone with a sigh. "It's just that we can't agree when things were better."

## Is Your Ecology Weak? Here's the CURE

In recognition of Ecology Week, C.U.R.E. recycling center wishes to thank all those people who have been helping at the center, and wish to encourage everyone else to participate in the immense struggle to clean up our environment. Our motto: "If you're not part of the CURE, you're part of the problem."

And the meadows were gone. And man said, "It is good."

On the second day, man looked upon the waters of the Earth. And man said, "Let us put our wastes in the waters that the dirt will be washed away." And man did.

And the waters became polluted and fouled in their smell. And man said, "It is good."

### GENESIS: LAST CHAPTER

In the end, There was Earth, and it was with form and beauty. And man dwelt upon the lands of the Earth, the meadows and trees, and he said, "Let us build our dwellings in this place of beauty." And he built cities and covered the Earth with concrete and steel.

On the third day, man looked upon the forests of the Earth and saw they were beautiful. And man said, "Let us cut the timber for our homes and grind the wood for our use." And man did. And the lands became barren and the trees were gone. And man said, "It is good."

## Water Safety Course to be Offered

Water safety training swimming classes for area residents will be offered this summer as an extension activity of the UMR Athletic Department.

Robert Pease, UMR swimming coach with 18 years teaching experience for all levels of ability, is the instructor. Classes will be held in the UMR pool in the Multi-Purpose Building.

Classes will be offered for beginners (must have passed their sixth birthday and be able to stand in the shallow end of the pool — approximately 42 inches tall) and for advanced beginners (those who can swim 12 yards on their back and on their stomach).

The schedule includes three two-week sessions with three half-hour classes per day, Monday through Friday. From June 2-13 there will be three classes for beginners. From June 16-27 there will be two beginners classes and an advanced beginners class. From July 7-18 there will also be two beginners classes and one advanced beginners class.

Cost for each class is \$10 per person.

To register and receive a session assignment, call the UMR Extension Division, 341-4201 or 341-4202.

## GENESIS

On the fourth day, man saw that animals were in abundance and ran in the fields and played in the sun.

And man said, "Let us cage these animals for our amusement and kill them for our sport."

And man built great machines and the Earth was fired with the rage of great wars.

And man said, "It is good."

On the fifth day, man breathed the air of the Earth.

And man said, "Let us dispose of our wastes into the air for the winds shall blow them away."

And man did.

And the air became heavy with

dust and choked and burned. And man said, "It is good."

On the sixth day, man saw himself; and seeing the many languages and tongues, he feared and hated.

And man said, "Let us build great machines and destroy these lest they destroy us."

And man did.

And there were no more animals on the face of the Earth.

And man said, "It is good."

On the seventh day, man rested from his labors and the Earth was still, for no longer did man dwell upon the Earth.

And it was good.

## Road Apple Comes to Rolla

If progressive bluegrass is your bag, then you'll really like Road Apples. Road Apples is making their first Rolla appearance this Friday and Saturday night at 9:00 at Hiram & Mortimers. The St. Louis based group consists of John Jump, Thayne Bradford, Ed Cabanas, Jon Tickner, and Bob Bridenbach. They have played backup to such name bands as Earl Struggs, John Hartford, Ozark Mountain Daredevils, Nitty Gritty Dirt Band, Norman Blake, and Doc Watson.

Although their style would be classified as progressive bluegrass, it consists of combinations of country, jazz, and rock with both original and traditional material. So for some good listening and dancing music, see if you can truck on down to Hiram's this weekend.

## The Minerity Report

by Sandra McCorkle Gale

The end is near! Of this semester, at least, and of undergraduate studies for all May 11 graduates. Congratulations to you all.

I've had a great deal of fun doing "the Minerity Report" and plan to be back next semester to have more fun. It has been enlightening to hear the various comments about this column. I've been called outspoken, monotonous, brilliant, boring and sexy. The important thing to me is that people are reading the column.

Unfortunately I'm still the only woman writing (regularly) for the Miner. We need more women writers. We also would like to hear from more minorities. If you're interested, please contact someone on the Miner staff either now or next fall.

I'm going to grab this opportunity to give special thanks for their encouragement to Liz Cozell, Floyd Harris, Jim Detry, Curt Adams, all the Miner staff, John Dills, Pia Speck, Phyllis Crank, Dr. Epstein, Frank Chapman, Linda Orr, Paul Grayson, my husband Gene Smith, my daughter Stormy and my mother Helen Phelps.

Have an aware summer.

## editorial opinion

by marvin borgmeyer

During the course of the past year, there has always been the idea of running an employee of the week or of the month. Besides a lack of time, there also was the risk of hurting people's feelings because of who was and wasn't selected. Although there will be no names mentioned, this article is my last chance to comment on the caliber of people that I and many other students have had the chance to work with in the course of our stay at UMR.

Everyone is aware of the who do the administrating around here. However, there are a tremendous number of people who never seem to get recognized and who if one didn't "know" better, would seem to be the ones who run the university. These people are scattered all over the campus. They range from the secretaries in the various departments to the secretaries in the deans' offices. They range from the janitors in the various departments to the mailmen and the university police and watchmen.

Bisplinghoff and Wollard keep offices over in Parker Hall, but so do people in the cashier's office, registrar's office and student financial aid office. Every student who ever gets a check knows the beautiful payroll lady and the gals in budgeting and records.

How often have students used the library, the infirmary or student personnel and encountered some very warm and considerate people? There are also some very hard-working people who stay well-concealed in the Alumni Office and over at the Physical Plant. More helpful and student-oriented people can be found in the Co-op Office, the Counseling Office,

the Placement Office or at Student Services. People who provide a great service work at the Office of Public Information and the power plant.

The professors are responsible for the book learning that the student does. All of the above-mentioned people also help the student learn, through

personal interactions in the course of the students' participation in extracurriculars. It has often been remarked that students learn just as much outside the classroom as they do inside. All of these university employees play some role in that learning process and for their help and friendship, I am very grateful.

## Miners Lose Three To Southwest Missouri

In baseball action this past weekend, the Bears from Southwest Missouri State University were in town for a three game series.

For the series, the Miners could manage only a single run, as the Bears easily won all three games.

In the game played Friday, the Bears scored single runs in the second, sixth, and eighth innings off losing pitcher Mark Simac in gaining a 3 to 0 victory.

SMSU pitcher Winston Hill allowed only two hits in the nine inning game, allowing just one runner to get as far as third base.

In the first game of Saturday's doubleheader, the Miners again couldn't solve the Bears' pitching. UMR had five hits in the game, but only two

men reached scoring position. They both came in the second inning when the Miners had runners on second and third, but were unable to capitalize on the opportunity.

The Bears started the game by bombing Miner pitcher Rusty Litchfield for six runs in the first inning. Litchfield pitched well the remainder of the game, allowing only one additional run in the fourth, but the Miners were unable to score.

In the series finale, the Miners fell behind 3 to 0 before picking up their only run.

It came in the fourth when Bud Stein singled and Greg Best followed him with another safety. Stu Dunlop then forced Best at second; Stein going to third on the play. When Dunlop

stole second, the ball went into centerfield allowing Stein to cross the plate with the Miners' lone run.

The Miners got only one hit after the fourth in losing the game by the score of 3 to 1.

Monday, the Miners met up with some more Bears — this time the Bears from Washington University for a doubleheader here in Rolla.

Washington U. scored first with a pair of runs in the fourth off UMR starter Jeff Pose.

The Miners fought back to take 4-1 lead, scoring a run in their fourth, two in the fifth, and another in the sixth.

In the final inning, the Bears again pushed two runs across the plate to tie the score.

Rightfielder Dana Witt lead off the Miners' seventh with a single and was followed with a single by Stein. After Best struck out, Dunlop came through for the Miners, driving in Witt for the winning run.

In the second game,

Washington U. drew first blood again, this time with a solo homerun in the second inning.

The Miners got two runs in the third on a single by Stein, a double by Best, and a RBI single by Dunlop to take the lead. But in fourth, the Bears hammered out seven hits picking up six runs to give them a 7-2 edge.

Kevin Killian homered for the Miners in the fifth to cut the lead to four, but it wasn't until the seventh before things really got interesting.

After Alan Kintz reached on an error with one gone, Killian

followed with a double. Dale Walling then singled Kintz home. Witt followed by hitting a roller back to the pitcher who caught the baserunner off third, trying to score. Walling, who was taking third on the play, scored when the Washington U. catcher threw the ball into leftfield. John Moritz then singled Witt home cutting the lead to 7-6.

That was all the scoring the Miners could come up with, though, as pinch-hitter Don Short hit a shot to second and was thrown out ending the rally.

## M-Club

### athlete of the week

This week's M-Club Athlete of the Week is Bruce Roney of the Miner golf team. The big freshman from Blue Springs shot a sizzling two under par 68 last week in the Miner's dual victory over Lincoln. Bruce is the first Miner since 1970 to shoot a sub par round. Through 10 rounds of 18 hole golf, Bruce now has a 78.1 average. This is the best on the Miner squad but Tom Schneider is right behind Bruce with a 78.5 average. It has been a very good year for the Miner in dual and triangular matches for far this season. This past match against Lincoln, the Miner's top 5 golfers shot 68, 75, 76, 76, 76 for a tremendous 74.2 average. This ranks pretty good within the conference.

The conference meet is coming up May 8th and 9th at Huff Park Golf Course in Jeff City. According to Coach Mercier, most of the teams in the conference are pretty even so the conference meet should go to the team who can get hot that weekend. The Miners have a very good shot at it this year. It would certainly go good with the kind of season the Miner golfers are having. That weekend could produce the Miner's second conference title of the 75-76 sports year.

BRUCE RONEY

## Softball Playoffs Mark End of IM Season

Last week marked the beginning of the softball playoffs as Sig Ep, Tech Club, Pikers and Sig Nu recorded victories enabling them to participate in the semi-finals this Monday night. For Sig Ep this final round-robin sport is a challenge which they hope to finish first. First place in softball will give them just enough points to wind up this year as intramural champions. A feat which seemed impossible as TKE compiled an impressive margin over everyone else earlier in the season. TKE being presently on top now, needed

only to win last Tuesday over Tech Club to assure themselves a first place title but failed losing 14 to 9. For TKE definitely a disappointment. For Sig Ep the opportunity is now theirs for the taking. But the taking is not going to be easy as the three other teams remaining have proven themselves in their own leagues and aren't going to be exactly pushovers. But on the contrary Tech, PIKA and Sig Nu all have the talented type of players who could just as easily play the roles of spoilers. With so many

things riding on this final playoff it should prove to be one of the most competitive and

exciting endings in this years intramural sports. TKE has a total of 2316.5 points while Sig Ep is right on their heels with 2275. Coming on strong in the latter part of the season by taking top honors in Badminton and Rifle competition, Sig Ep has gradually built up to the final show-down in softball.

Covering some of the smaller sports Sig Ep took first place in Rifles and was awarded 93 points. Newman was second with 90 points and Lambda Chi took third for a total of 87 points. Next was Badminton in which Sig Ep took overall champions in the doubles and singles tournament and matched their 93 points they took in Rifles Newman placed second with 90 points and Lambda Chi again was third with 87 points. Horseshoes was the final small sport and was won by Beta Sig with 90 points, while GDI and TKE shared second with 85 points apiece.

## Miner Golfers Beat Lincoln

The Miner golfers hosted Lincoln in a duel match April 23, and had no problems in defeating them 13½-4½. Warm weather and calm winds made it the best day so far this year for golf, and the scores showed it. Back on April 7, the Miners also beat Lincoln in a duel match. Then the team total was 482, an average of 80.3. In this latest match with LU, the Miners shot a team total of 447, an average of 74.5. The golfers have improved their scores as the season has progressed.

Bruce Roney was the Miner medalist, he fired a two under par 68. Royce Vessell shot a 75, while Mike White, Tom Schnieder, and Kent Marlow all had 76. Danny Wenk shot an 82. Today the golfers are in Springfield competing in the SMSU Tournament. The conference meet will be May 7-9.

## trackmen do well in smsu relays

The Miner trackmen did very well last week in Springfield at the SMSU Relays. Sixteen teams were entered in the meet, so the Miners had plenty of competition.

The 880 relay team placed 3rd, and the 440 relay and the spint medlay teams placed 4th. In individual events, Steve

Smith took 5th in the triple jump.

In the Juco division Jeff Lewis was the only Miner to place. He took first in the shot, 3rd in the discus and 5th in the javelin.

The conference meet will be hosted by Lincoln May 10.
