Twelve Pages

Demonstrators displayed signs outside the library and at Dr. William Shockley's lecture protesting his presence.

Rick Bennett

## Student protest

By DAVE DONOVAN

Thursday afternoon, March 31, a presentation by visiting Professor William Shockley was accompanied by a peaceful demonstration by a large group of black UMR students, as well as several interested white students.

Professor Shockley, internationally known for his contribution to the invention of the transistor, was invited to UMR to lecture in the William Lee Porth Distinguished Lecture Series in Engineering, in discussion of the transistor.

About a half-hour before his speech began, the protesting students assembled in front of the Wilson Library, where they organized and began their demonstration. It was not

Dr. Shockley's presentation on transistors, however, that they were protesting.

Shockley is also widely known for his more recent research in genetics. He refers to his studies as "dysgenics," "... the study of retrogressive evolution brought about by excessive reproduction of the genetically disadvantaged." Shockley places Blacks in this category, among such others as epileptics, diabetics and the mentally afflicted.

Al Royal, vice president of UMR's Student Council, led and spoke for the group. He said that they were not addressing Dr. Shockley's work or opinions, but his presence on the UMR campus. The demonstration was directed more toward the university. Royal said,

"The message we're trying to convey is this: The UMR black student population is insulted and offended by the fact that the university has brought a man with such a background to an equal opportunity institution."

Royal also said that they appealed to both Robert L. Davis, dean of engineering, and Kay Jenks, affirmative action officer at UMR, to revoke the invitation to Professor Shockley, but both refused — their reason being that Shockley was only to speak about transistors. Royal furthered the appeal by contacting University of Missouri Curator Marian Oldham, from St. Louis. Oldham plans to issue a statement supporting the

## 1984 budget redistributes funds

By LIZ GEARON

One of the important things a college student learns is not taught in a classroom. Every spring, most students wrestle with the various financial and information forms, trying to raise the necessary funds for college attendance. In recent years, programs have been revised and eligibility criteria stiffened.

If President Reagan's proposed budget clears Congress, 1984 will be no different. Many students will be affected by the proposed changes in the federal student financial assistance programs sponsored by the

Department of Education. These changes were recently explained in a newsletter sent to college campuses nationwide by Edward M. Elmendorf, assistant secretary for post secondary education.

Total funding proposed for 1984 is level with 1983 because the federal government saved over \$1 billion as a result of declining interest rates. The difference, said Elmendorf, is where the government is putting the dollars. "We are proposing to consolidate the current six programs into one loan, one work-study and one grant," he said. The reasoning behind the idea is

simple. A simplified and consolidated aid program will benefit students and taxpayers. Also, this simplification will reduce the administrative burden, which will improve the college's ability to deliver student aid.

Currently, there are six federal financial aid programs. The proposed budget does not call for new funding for the State Student Incentive Grant Program (SSIG), the Supplemental Educational Opportunity Grant Program (SEOG) and the National Direct Student Loan Program (NDSL). Additional funding has been requested for College Work

Study (CWS) and the Pell Grant program. Under the new budget, the government expects a higher loan volume and a higher loan average for the Guaranteed Student Loan Program (GSL).

"SSIG was established in 1972 in order to provide states an incentive to establish their own grant and scholarship programs," said Elmendorf. Last year, this program awarded over \$1 billion.

SEOG was designed to supplement the Pell Grant. According to Elmendorf, "The problem with the SEOG is that it is not targeted to the neediest

students."

At 25 years, the NDSL program is the oldest of the federal student assistance programs. Since 1958, the federal government has given participating schools over \$12 billion to establish revolving loan funds on the campus for the use of current and future students. These revolving funds mean that over \$550 million will continue to be available to students in 1984, even though no additional funds are being requested.

The GSL and auxiliary loan (PLUS) programs make low interest loans available to students (GSL) or parents (PLUS) by paying lender interest while the student is in school and by subsidizing interest while the borrower is paying off the loan. Combined, these two make up the largest part of the federal student assistance package. Due to reduced interest rates, the cost of the programs is decreasing. Therefore, 1984 funds will be less than those for 1983. Although, the GSL/PLUS program will cost \$1 billion less in 1984 than in 1982, \$1 billion more will be available to borrowers.

In 1982, 2.64 million students or parents received GSL/PLUS loans. The average loan was \$2,222. Under the proposed budget, the number of borrowers will

increase to nearly 2.94 million, with the average dollar amount at \$2,454.

Further changes in the program concern the eligibility criteria. Currently, families with an income less than \$30,000 do not have to demonstrate financial need. The 1984 budget proposes extending the "needs test" to all income levels.

The CWS program is also slated for increase under the new budget by \$310 million. "Increases in CWS support our view that a student and his or her family share the primary responsibility for financing a college education," said Elmendorf. This increase would create jobs for another 345,000 students.

The most sweeping changes President Reagan has proposed are those affecting the Pell Grant program. The proposal restores to the student more responsibility for securing necessary college funds.

The Pell Grant would become the Self-Help Grant Program. Under this proposal, students must meet a minimum expected student contribution, which may be met by a variety of sources (including GSL and CWS), would be a minimum of 40 percent of the college's cost of attendance — with an absolute dollar minimum of \$800.

## Registration begins Monday

From April 18 through 22, students returning for the 1983 summer and/or 1983 fall semester are to meet with their advisers to select courses for the appropriate semester(s). All returning students are expected to pre-register regardless of their spring mid-semester grades. Students who pre-register for either the summer or fall semester will be permitted to pay fees by mail prior to regular registration.

Complete instructions for pre-registration, early registration and regular registration may be found in the front section of the "Fall

Schedule of Classes." Students may obtain pre-registration materials and schedule(s) of classes from the Registrar's Office starting on Thursday, April 14.

Each adviser will be furnished a schedule to be posted near his office the week before pre-registration. This schedule will enable a student to reserve a date and time for arranging his pre-registration schedule. Students are required to return their pre-registration schedule to the Registrar's Office before 4 p.m. on April

22.

Again, for the fall an attempt will be made to schedule students, whenever possible, into the sections preferred. Because it will not always be possible to honor requests for certain sections, the students who follow the instructions outlined in the front of the fall schedule of classes will be given first chance to select the sections they need. Because sections are often added to the schedule after pre-registration, students who qualify for priority sectioning (as outlined in the schedule of classes) should

have their pre-registration card noted accordingly, even though there are apparently no possible variations in the present schedule of classes.

Assignment of remaining students into sections will be done by arranging students' schedules in order by number of hours of credit earned and as long as possible requests for particular sections will be honored. Because all sections of all courses cannot be offered at popular times, it will be necessary to rearrange some schedules to balance sections.

# CALENDAR OF EVENTS

**Editor's Note:** If your organization is having a meeting, turn in details to the MINER office in the Rolla Building before Monday at 9 p.m. and we will list it in the Activities Section of the paper. No articles submitted will be printed unless written in complete sentences with proper grammar. No schedule or flyers will be rewritten and published by the staff for the Activities Section.

If your organization is sponsoring a campus-wide event for the benefit of charity, get us details before Monday at 9:00 p.m. We will advertise the event free of charge in this space.

The MINER reserves the right to edit any notices or ads for this page before publication.

## THURSDAY

### MATH HELP SESSIONS

So you didn't do your homework over spring break and your math skills got a little rusty. Come in to the KME math help sessions and get your skills back up to par. Help sessions are held every Monday and Thursday from 6:30-8 p.m. in Room 209 Math/Com. Sci. Help sessions are absolutely free to all students in algebra, trigonometry and calculus.

### M-CLUB

M-Club will hold its first meeting for April! Don't miss this gala event! Pledges, be in 217 C.E. at 6:15 Thursday night, April 14. Activities, 7 as usual.

Topics will be Gale Bullman voting and Junior Olympics. Time's running out, so be there. Aloha!

### AAM MEETING

The UMR student chapter of the American Academy of Mechanics will meet on Thursday, April 14, at 7 p.m. in Room 202 of the Engineering Mechanics Building. All those interested are encouraged to attend.

### UMR FILM SERIES

UMR Film Series, "Little Big Man," starring Dustin Hoffman. Also, personal appearance of filmmaker Bob Dyer and a screening of his film, "Performing the Vision: John G. Neihardt American Poet." Miles Auditorium, Mechanical Engineering Building, 7:30 p.m. Season ticket or \$2.50 at the door.

### WARGAMERS' ASSOCIATION OF ROLLA

On Thursday, April 14, the Wargamers' Association of Rolla will hold a meeting at 8 in Room 206 of the Math Building. Andy Maly will be giving a talk about Ace-of-Aces.

## Missouri Miner

The Missouri Miner is the official publication of the students of the University of Missouri at Rolla. It is published weekly at Rolla, Missouri. The Missouri Miner features activities of the student and faculty of UMR.

### THE MISSOURI MINER

303 Rolla Building, University of Missouri-Rolla  
Rolla, MO 65401 341-4312

## FRIDAY

### ARMY ROTC

The Army ROTC Department will hold its annual three-day FTX this weekend. This exercise is open to all Army ROTC students. Sign up in the ROTC office. Meet at the ROTC building (T-2) not later than 12:15 p.m., Friday, April 15.

## SATURDAY

### IMSA

The International Muslim Students Association presents "Status of Women in Islam." The speaker will be Mrs. Rehana Khan. She is associated with the Islamic Center of Greater St. Louis and has a background in radio broadcasting. The talk will be held in the Mark Twain Room, University Center East, on Saturday, April 16, from 7-9 p.m. Refreshments will be served. All are welcome.

### TRAP AND SKEET CLUB

The trap and skeet teams will be practicing every Saturday at 10 a.m. Any person is welcome to come shoot with us. For more information, call Chris Johnson at 364-4134.

### TENNIS ANYONE?

Learn the game by participating in the tennis clinic sponsored by the UMR tennis team with proceeds to LOVE (Local Organization for Various Emergencies) on April 16-17. Entry forms available at Harbell, Key Sports, National and UMR Library. For more information, call 364-5467 and ask for Zul.

## MONDAY

### CO-OP

On Monday, April 18, the Co-Op Club will be having a meeting at 7 p.m. in the Ozark Room of the University Center. Plans will be made for a "New Co-Op" Seminar which will be held at our spring picnic. Refreshments will be served.

## TUESDAY

### VANCOUVER CHAMBER CHOIR

The UMR Campus Performing Arts Series will present the Vancouver Chamber Choir in concert at 8 p.m. Tuesday, April 19, in the Cedar Street Center.

Tickets for those who do not hold season memberships in the series are \$5 each for students and retirees and \$7 for others. Tickets are available at the Cedar Street Center Box Office, 8:30 a.m.-noon and 12:30-4:30 p.m. Monday through Friday. They will also be available at the door prior to the performance.

### TAU BETA PI

Tau Beta Pi members: The next meeting is April 19 at 7 p.m. in G-5, HSS. Please attend as this meeting is the election of officers.

Tau Beta Pi members: If you have not received your certificate or key, please call Bill, Sandy or David at 341-4478.

Tau Beta Pi will be having a picnic Saturday, April 23, at Maramec Spring Park starting at 1 p.m. Pork steaks, baked potatoes and plenty of liquids will be on hand. Cost is \$2 for members and \$3 for guests. If you plan on attending, please call Jeff at 364-7698, or Cathy at 364-0133 by Sunday, April 17.

### THE BROWN BAG LUNCHTIME FILM PRESENTATION

The film "The Geology of South Africa" will be shown Tuesday, April 19, at 12:30 p.m. in Room 305 Norwood Hall. Everyone is invited to bring a lunch and enjoy the geologic wonders found at the southern tip of the African continent. Sponsored by Sigma Gamma Epsilon, the Earth Science Honor Society.

### SIGMA GAMMA EPSILON

Sigma Gamma Epsilon, the Earth Science Honor Society, will be holding its next meeting Tuesday, April 19 at 6 p.m. in Room 305 Norwood Hall. After the meeting at approximately 6:30 p.m., the film "The Geology of South Africa" will be shown. Guests are invited.

### HOWARD UNIVERSITY EXCHANGE

The second year of the Howard University-UMR Exchange Program will begin in August 1983. Applicants should have sophomore or junior status, preferably with a cumulative GPA of 2.5 or greater. The exchange is for the fall semester 1983; fees, room and board, etc., estimated at \$3,200 (to be paid at Howard). Selection of candidates made by academic divisions, but application should be filed at the Dean of Students Office ON OR BEFORE FRIDAY, APRIL 22.

### DECEMBER GRADUATES

If you will be completing requirements for a degree next December, you should make application for that degree by going to the Registrar's Office at your earliest convenience.

### FREE TICKETS

Free tickets for the April 28 concert of violinist Shlomo Mintz at UMR will be available to UMR students, faculty and staff starting Monday, April 18, and to the general public after Monday, April 25.

Tickets may be picked up — two per request — from 1-4:30 p.m. weekdays in Room 217 University Center-West.

We deliver  
Friday, Saturday & Sunday Nights.

Free Pitcher of Soft Drink  
with the purchase of a 15" pizza  
of your choice.

Best pizza in town.

## Pre-recruiting this summer

Many companies make pre-recruiting visits to campus during late July and early August. To assist students and companies at that time it is helpful to both to have resumes on file for students who will graduate during the next academic year. Seniors who plan to interview in the career development office next fall are asked to register and file resumes between May 2, 1983, and May 31, 1983.

### RESUMES

Campus Interview Information Form should be

used. Leave the space for GPA blank. This will be completed by the Career Development Office after spring grade reports are received. Courses completed during the last three semesters listed by title (not course numbers) should be included with the Campus Interview Information Form. The grade received in each course should be listed. Courses in which you are enrolled for fall semester should be included also. If you are not pre-registered this information should be

submitted in the fall. Any other style resume should be limited to two pages. Company recruiters prefer the Campus Interview Information Form. Courses should be listed as noted in item D. Twenty copies must be filed in the Career Development Office.

### TRANSCRIPTS

Sign the Registrar's release form and submit to the Career Development Office. Designate the Career Development Office as the place to which ONE copy will be sent.

### REGISTRATION CARD

Must be signed. If students do not want transcripts released by the Career Development Office, they should check the appropriate space. Blue Key provides a resume service for students and companies. If you wish your resume included in this service check the appropriate space. Blue Key does NOT provide transcripts.

Information on interview scheduling procedures will be held Aug. 29, 1983, in Centennial Hall, 6:30 p.m.

## Final Exam Schedule

The final exam period will begin Monday, May 9, 1983, at 7:30 a.m. and end at 5:30 p.m. Saturday, May 14, 1983. Common finals are scheduled for those courses listed in Section II below. Room assignments for common finals will be announced by the instructor.

The courses not covered in Sections I, II, III are to be arranged by the instructor in cooperation with the students in that course.

I. Evening Course Finals are scheduled for the evening session during final week.

II. Common Finals include all sections. (Room to be scheduled by Registrar).

ChE 20	Monday, 7:30-9:30
CE 265	Saturday, 10-noon
CSci 73, 260	Tuesday, 3:30-5:30

## News briefs

### Short-term summer loan

In order for a short-term loan to be available for up to \$250 for summer fees and/or \$50 for personal expenses by the prescribed summer '83 fee due date, the Student Financial Aid Office has established the following deadlines to submit short-term loan requests to the Student Financial Aid Office.

- Pre-Registration (any session) — April 27.
  - Four-Week Session I — May 4.
  - Six-Week Session I — May 16.
  - Eight-Week Session I — May 18.
  - Four-Week Session II — June 1.
- Short-term loan applications may be received from the Student Financial Aid Office, 106 Parker Hall.

### GSL workshop

On April 25th at 7 p.m. in the M.E. Auditorium, the Student Financial Aid staff will have a workshop in reference to Guaranteed Student Loans. This workshop will cover what forms are necessary in order

to apply for a GSL, how to complete these forms, processing time, procedural questions, important deadlines, loan limits and any questions students may have concerning GSL's.

The Student Financial Aid Office recommends this meeting to anyone who might be interested in applying for a GSL for the 1983-84 academic year.

### 1984-85 Appropriation discussion

SOURCE: OPI

A public discussion on the development of the University of Missouri's legislative appropriations request for the 1984-85 academic year will be held at UMR from 9-11 a.m. April 21 in the Missouri Room.

University Center-East. University of Missouri President James C. Olson; UMR Chancellor Joseph M. Marchello; James R. Buchholz, UM vice president for administrative affairs, and Dr. Melvin D. George, UM vice president for academic affairs, will be among those present.

The meeting is open to the public.

### Pike FUN RUN

On Sunday, April 24, Pi Kappa Alpha fraternity and the Rolla Optimist Club will be holding their fourth annual Fun Run to benefit local youths. The event will be held at Rolla Junior High

School at 2 p.m. Everyone is encouraged to participate (runners or non-runners). Entries can be picked up from Pi Kappa Alpha, located at 9th and Bishop streets, or from any Optimist Club member.

### Spring '83 Mo. grant checks

Spring '83 Missouri Grant checks have arrived and may be received at the Cashier's Window, Basement, Parker Hall.

### Correction

The president of the Student Union Board for the 1982-1983 school year is Roger Rakers.

Sunday 2:00 p.m.-9:00 p.m.

## Placement Permanent

Following is a list of companies interviewing for July 1983 and December 1983 graduates. The dates are April 13 through April 29. The only people allowed to schedule during this period will be those with projected graduation dates of July 1983 or December 1983. You must be registered with the Career Development Office; however, if you registered for the February-March interviewing session you need not re-register. Please check to make sure that your resume is on file. Signup dates are March 30 and March 31; first come, first served. Priorities will not apply. Signup hours: 8:30-11:30 AM interviews; 1:00-3:30 PM interviews.

**U.S. NAVY RECRUITING STATION, St. Louis, MO**  
Will interview July, December 1983 grads with BS/MS/PhD in all science degrees for operation, supervision & maintenance of over 140 nuclear reactors and their associated equipment, and teaching graduate level classes to nuclear trained officers in Orlando, FL. U.S. CITIZENSHIP REQUIRED.  
Location: Hawaii, California, Connecticut, Virginia, South Carolina, Georgia, Washington state, and Florida.  
Interview dates: April 13, 14, 15, 1983

**DAYCO, Springfield, MO**  
Will interview July, December 1983 grads with BS/Mechanical, Chemical Engineering for research. Top 1/3 of class and Southwest Missouri residents preferred.  
U.S. CITIZENSHIP OR PERMANENT VISA REQUIRED.  
Location: Springfield, MO  
Interview date: April 13, 1983

**UNION ELECTRIC COMPANY, St. Louis, MO**  
Will interview December 1983 grads with BS/MS/Electrical, Mechanical, Nuclear Engineering. U.S. CITIZENSHIP OR PERMANENT VISA REQUIRED BY COMPANY.  
Location: St. Louis and surrounding area and Rulon, MO.  
Interview date: April 14, 1983

**NAVAL WEAPONS CENTER, China Lake, CA**  
Will interview July, December 1983 grads with BS/MS/PhD Electrical Engineering, Physics, Chemistry, Computer Science, Mechanical, Aerospace Engineering, Math, Chemical Engineering for the Junior Professional Training Program (during first year of employment). U.S. CITIZENSHIP REQUIRED.  
Location: China Lake, CA  
Interview dates: April 18, 19, 1983

**CPC INTERNATIONAL, North Kansas City, MO**  
Will interview July, December 1983 grads with BS/Electrical Engineering for Engineer. U.S. CITIZENSHIP OR PERMANENT VISA REQUIRED.  
Location: North Kansas City plant  
Interview date: April 19, 1983

**CENTRAL INTELLIGENCE AGENCY, Chicago, IL**  
Will interview December 1983 grads with BS/MS/PhD in any degree for Career Training Program (overseas); BS/MS/PhD in Electrical Engineering for Science and Technology Directorate and Administration Directorate (Washington D.C. and overseas); BS/MS/PhD in Computer Science, Applied Math, Physics for National Photographic Interpretation Center (Washington D.C.). Details will be posted with signups.  
U.S. CITIZENSHIP REQUIRED.  
Interview date: April 20, 1983

# YOUR DEGREE MAY BE WORTH AN OFFICER'S COMMISSION IN THE ARMY.

The Army is looking for 1983 graduates in Engineering and Science disciplines to serve as commissioned officers. For those who qualify, this program could be an important step toward a rewarding career—in or out of the Army.

You've worked long and hard to earn your Bachelor of Science degree. A commission in the Army is a good way to use your technical expertise while gaining valuable supervisory experience. And the opportunity is available now!

An Army placement officer is available to discuss opportunities and qualifications with those about to receive degrees in Engineering or Science.

Interviewing April 22  
8 a.m.-4 p.m.  
Placement Office  
Buehler Building  
For information, phone 341-4230  
or go to sign-up area at 9th & Rolla

Rick Bennett

Next week is

## Greek Week!!!!

By TERRY MCRATE

Well Greek Week is finally here and we have a week full of activities before us. To help keep you straight on the dates and times of the events I will explain what is going on each day of Greek Week.

All of the festivities begin Saturday, April 16, at 2 with the opening ceremonies at Beta Sig. One of the main attractions of the opening ceremonies is the Triathlon competition. The events in the Triathlon are: the 100-yard dash, the bench press and the obstacle course. The highlight of the afternoon will be the introduction of the Gods and Guards.

The following Monday come out to watch some superb physical specimens take on each other in the gruesome game of softball. You got it, the IFC vs. St. Pat's Board softball game. The IFC will revenge its overtime loss to the board in football last fall. Action starts at 3! Finish up the long day at The Beat for Happy Hour with the Gods.

The next day, Tuesday (for those who forgot due to happy hour the night before), make sure you make it out to Lions Club Park for lunch starting at 1. Buy your tickets in advance and you will be served a pork steak meal for only 50 cents. While you are grubbing on your meal you can watch the Greek Week Idi-Odysseys which will be going on throughout the afternoon. Cap the day off with Happy Hour at ZAK'S.

Make sure you make it over to Fraternity Row Wednesday afternoon at 3:30 to enjoy the Panhellenic Mini-Olympics. This should be a barrel of laughs again this year. Wednesday night, instead of kicking-back to watch TV with your girlfriend, take her to the IFC Benefit Movie at the Rolla Drive-In. Or if you are like me and can't get a date,

go with the guys to drink refreshments while you watch the movie. Ask any IFC reps about tickets.

The activities resume Thursday afternoon at 12:30 with the Idi-Odysseys at the Hockey Puck. They will include: Best Greek Costume, Most Philosophical Statement and Best Greek Physique (male/female). Also taking place Thursday will be the IFC Banquet which will start at 6:30 at the Lions Den. Don't forget to BYOB because set-ups will be available. Top the evening off with the All Greek Get-Together at Lions Club Park at 10 p.m. Bring your '83 Greek Week glass!

One of the main attractions of Greek Week is

the Greek Carnival which starts at 6:30 p.m. at Lions Club Park. I'm sure you have heard all about the carnival so I will not go into detail to explain it. Just remember that all proceeds go to charity. Following the carnival will be our annual Greek Dance with a live band performing. The dance will start at 10 at the St. Pat's Gym.

Greek Week will conclude with the Greek Games at the Elysian Fields Saturday beginning at 11:30. If you have forgotten your way out to the fields, don't worry, signs will be posted to aid you in finding your way. Hope you have as a good as time as I'm going to have next week and I hope to see you at all of the events.

## Predictions for 1983

By MIKE STRODER

We here at the Missouri Miner are proud to announce our amazing predictions for 1983. Our resident swami, who correctly predicted that fees would rise before they would fall, has awakened from his usual semiconscious "meditation" to honor us with the following revelations. Eat your heart out, National Enquirer!

In the rest of 1983:

The next craze to hit UMR students and faculty will be aerobics. Aerobic classes will be commonplace, as professors lecture and students take notes while performing strenuous dance routines. Chancellor Marchello will endorse the program by personally

leading the department heads in a routine to the theme from "Fame" at the Hockey Puck.

Tragedy will strike when several students from T.J. enter the tunnel under Highway 63 and do not emerge. Investigation of the problem will reveal that the flow pattern, thought to be turbulent, is actually laminar, and that those who "disappeared" are merely trapped at the pipe walls, where their velocity goes to zero. Students will therefore be advised to travel through the tunnel in large, fast-moving, dense packs to avoid similar tragedies.

Jubilant researchers will announce the discovery of "the universal equation," an equation so comprehensive

that any problem in any field may be solved with it. The equation has 376,956 terms and contains 49,267 partial derivatives as well as 99,123 constants. By the end of 1983 the researchers will have proven that the equation reduces to the ideal gas law, and will begin the task of proving that it reduces to  $E = mc^2$  as well.

Due to a scheduling foul-up, the football Miners will play Georgia Tech this fall. The game will be an extraordinary one as both technical schools use all the sophisticated weaponry

If you're a senior and have the promise of a \$10,000 career-oriented job, do you know what's stopping you from getting the American Express Card?

You guessed it.

Nothing.

Because American Express believes in your future. But more than that. We believe in you now. And we're proving it.

A \$10,000 job promise. That's it. No strings. No gimmicks. And this offer is even good for 12 months after you graduate.

But why should you get the American Express Card now?

Because the Card is great for shopping.

Whether it's a new suit for the job or a new stereo for home, the American Express Card is welcomed at the finest stores all over the country. And even if you need furniture for your place, you can do it with the Card.

Of course, it's also great for restaurants, hotels, and travel. It also begins to establish your credit history—for any really big things you might need.

So call 800-528-8000 for a Special Student Application or look for one at your college bookstore or on campus bulletin boards.

The American Express Card. Don't leave school without it.

Look for an application on campus.

© American Express Company 1983

## Attention Grad seniors

We all remember the First Semi-Annual Zonker Harris Memorial Graduation Party. Thirty brave and generous graduating seniors purchased 15 kegs of Lowenbrau for mass consumption by the

student body. A good thought and a noble gesture. But 30 people can only do so much and awards aren't given for thinking small. A concerned group of this semester's graduating seniors is hereby attempting to galvanize our entire class to throw a party that will be talked about in the four-state area for the next 10 years!

The Second Semi-Annual Zonker Harris Memorial Graduation Party is scheduled for Friday, May 6 (that's Friday before finals), at Tech Engine Club. It is planned as a street party

with music provided by the KMNR road show.

Now to the crux of the biscuit. We have created a holding account at Centerre Bank under the name of "Graduating Senior Party Fund." It is imperative that all graduating seniors donate to this party! Being the diamond anniversary class, our last unified class

action should be a special gesture worthy of the title "Best Ever." We are not selling tickets or charging admission at the door. This party will be completely funded by advance donations from our graduating class. There will be two ways to donate:

(1) Drop by KMNR with your check made out to "Graduating Senior Party Fund" inside an envelope,

with your student number on the outside of the envelope.

(2) There will be tables on campus from Tuesday the 26th to Friday the 29th to collect both checks and cash.

Donations that are accompanied by student numbers will be listed in that week's Miner. Our goal is to raise \$1,500, therefore everyone's cooperation and donations are accepted. The largest donor will receive a free half-gallon!

Many will note, but few will remember, how much fun we had, so get out and donate a few bucks to insure a great time. Seniors with jobs — donate double!

#52831  
#53311

P.S. A complete list of revenues and expenses will

be posted at the party and in that week's Miner.

DID YOU KNOW THAT...  
Our "dry" burritos are a meal; our "wet" ones (enchilada style) a banquet.

## Independents update

Submitted by  
INDEPENDENTS'  
COUNCIL

Independents' Council has been hard at work this semester with several functions and preparations for Independents' Weekend next fall. One of those functions is coming up this Saturday, April 16, at 11 p.m. Independents' Council is having a Krazy Bowl at Colonial Lanes. The cost is

\$3.50, which includes three games and shoe rental. Prizes will be awarded. Proceeds go to the LOVE organization here in Rolla.

Also, Independents' Council is looking for a design for the Independents' Weekend T-shirt. If anyone would like to try his or her hand at a design, it must be turned in to the Independents' Council mailbox on the second floor of the

Rolla Building or to any Independents' Council representative by April 22. The design must contain: 1) UMR, 2) Independents' Weekend and 3) 1983. The person with the winning design receives \$20.

Independents' Council supports all independent organizations, and needs your help to make Independents' Weekend a good time for everyone involved.

## Predictions from page 5

possible to win. Among the technological dirty tricks will be disappearing yard markers, contact explosive footballs, laser weaponry and extremely large electric fields placed strategically. However, a potential game-winning field goal for Tech will be blocked by the most powerful weapon in the UMR arsenal — a pocket of extremely viscous air around the uprights. UMR officials will decline to reveal how the pocket was created.

Finally, an exceptionally boring professor, driven mad by the complete indifference to his subject, will seal off a roomful of students and go into a marathon lecture. The trapped students will mount several insurrections, but all will fail when they fall asleep before

they reach the podium. The crisis will finally be solved by a special squadron of deaf National Guardsmen.

Year after year, semester after semester, the college plan from Fidelity Union Life has been the most accepted, most popular life insurance program on campuses all over America. Find out why.

**Moralitis,**

# A major concern

By DARREN HAVERSTICK

Since the recent interest in genital herpes, little light has been shed on another lethal venereal disease which has recently attacked our country in epidemic proportion. I'm talking about the seldom heard of disease known as Moralitis.

Unlike other types of venereal disease, Moralitis can be contracted without any physical contact with an infected person. Merely thinking "dirty" thoughts about an infected person may cause you to contract this deadly menace. The only way to be totally "safe" from catching this bug from the vermin who carry it is to completely abstain from impure elements that will corrupt your mind and soul. These elements include sex, thinking of sex, talking about sex, rock 'n' roll, drinking and other types of behavior that are an integral part of the average American's life. Further protection comes from daily readings of the Scriptures and acting piously toward other people. Joining the monastery is the ultimate act of inoculation.

How can you spot Moralitis? Moralitis is more of a way of life than a disease. Once a person becomes infected, his whole attitude will change. He will slowly change into a filthy, perverted person whose life is totally revolving around sex. Unless caught in time, the infected individual will become your average flasher, peeping tom or teenager. If you see a person like the one described above, it's a good bet that they've

got Moralitis. Avoid these people and pray that your soul will be cleansed.

How can I know if I've got Moralitis? Moralitis is a subtle disease. It starts out slowly and then viciously takes hold of your life. The first sign will be an increase in your sex drive. The increase will be small at first but will soon grow by leaps and bounds. This is also the primary sign of the disease. Other secondary symptoms will be a loss of interest in your spiritual being and a desire to be independent, listen to loud music and talk back to your parents. Moralitis is often confused with another common affliction known as puberty. The major distinction between these two is that puberty is a passing illness which afflicts individuals in their early teens. Moralitis, however, can be permanent and can be contracted at any age.

The strange thing about Moralitis is that no physical marks show upon a person's genitals, or any part of their body for that matter.

A striking number of infected people do get small bruises on the neck and throat area. However, scientists believe that these blemishes are indirectly caused and are not directly related to Moralitis.

Is there a cure for Moralitis? Moralitis can be cured but the process is slow and painful. Treatment includes meditation, prayer and large doses of religion. Abstinence is also a major part of the cure. Acting like a semi-normal young individual is strictly

forbidden. A visit from Oral Roberts is sometimes required in the tougher cases.

Now you know the shocking story of this new venereal disease. Moralitis is a subtle, yet quick disease. It can completely alter your life. If you suddenly lose your urge to watch Jerry Falwell or you begin to

ponder about impure topics, you had better see the doctor or an evangelist. Anyone can be a victim at any time. All it takes is a weakness of the flesh to get this monster started. With your help, we can stamp out Moralitis in your lifetime. Be strong, be pious and be aware of those that aren't — let's make America safe once more.

## ISC Festival

On behalf of the International Students Club and the Coterie of UMR, we would like to thank all those who helped to make such a resounding success of the second annual International Festival last Sunday. Students from many countries displayed their native arts and crafts, cooked interesting and delicious dishes and brought the occasion to a pleasant culmination with various kinds of entertainment: singing, dancing, the playing of instruments and a display

of martial arts.

This occasion could not have taken place without the invaluable help of many members of the Rolla community, and to these people we would like to express our heartfelt thanks: The Happy Cooker, Books 'N Things, Helen's Gifts and Accessories, Oriental Foodstore, Sally's Flowers and Blossom Basket.

# Forest land for sale

By ROSS WARNER

The federal government's plan to sell portions of the National Forest system has been a topic of debate in Congress as well as across the country in the past few months. Many people have feared that the government will eventually sell all the National Forest land and destroy the natural beauty of these areas. Actually, nothing could be further from the truth.

In February of last year, President Reagan began the Asset Management Program to: (1) review the real property holdings of the federal government, (2) improve the management of property retained in federal ownership and (3) identify and sell unneeded property.

Because the Departments of Agriculture and Interior are the largest land-holding agencies of the federal government, they had to divide their 191 million acres

of National Forest land into three categories. The first category consists of about 51 million acres of wilderness, wild and scenic rivers, national recreation areas and national monuments; this land will definitely be retained. The second category consists of about 60,000 acres which can be sold immediately without legislative authority. The third category was reviewed to see if these areas were needed more by the government or by the general public. After careful consideration, only 6 million acres of the National Forest system qualified for sale, while the other 134 million acres will be retained.

The designated land must now also be studied by Congress before legislation is passed to enable the selling of the land. At the present time, the Forest Service's authority to sell land is limited to previous congressional acts which

only allow small amounts of land to be sold.

Detailed statistics and maps are available that show the exact size and locations of the land that will be for sale. With this information, it is apparent that only a little over 3 percent of the holdings of the National Forest Service will be disposed of in these sales. The remaining lands are in no danger of being sold either now or in the near future.

Congressional debate on the topic may continue for quite some time, because many details still need to be worked out in the legislation. Preference in these land sales is usually given to state and local governments, but this has not been determined yet. The actual number of acres to be sold and the price per acre also has not been determined. The land is expected to sell in both large and small tracts to achieve the highest net income. It is

also not certain how much the government will save by selling this land, but it is expected to be a significant amount.

For the time being, the government is only selling 6 million acres of National Forest land, and no more sales are expected for quite awhile. Even if more land were to be sold, it would take considerable time to pass through Congress, but that is not likely at the present time.

## Festival from page 7

None of this, however, would have been possible without the help and support of the UMR Food Service. They put up with 30 people in their kitchen, with a diversity of cooking styles and temperaments and calmly steered the dinner through to a tasty and well-presented conclusion on Sunday. How three people did all this so well, we will

never know!

The principal virtue of this effort was that it clearly demonstrated how people of all nations can work together to produce such a worthwhile result — thank you all!

Sincerely,  
Anita Metzner  
for the International  
Festival Committee

## Attention

To all the ladies who bought Theta Tau members at this year's Casino Night on March 16: There was a slight error made in recording which guy you bought. Due to this mistake we do not know who you have a date with. So if you could please contact the individual who you purchased, it would help us out immensely!

Thank you,

## Chow down at Pizza Inn

By JOHN MACKIE

Theta Tau is sponsoring Pizza Night in cooperation with Pizza Inn. This semester's chow down will take place from 4 p.m.-midnight Thursday, April 14. For every medium pizza

ordered, Pizza Inn will donate \$1 and \$2 for every large pizza ordered. So we ask you to have a good time by eating great food and help the Theta Tau Ugly Man once again. Help out another worthy Rolla charity.

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
<b>APRIL 1983</b>  McDonald's of Rolla Calendar of Events	<b>CREW BIRTHDAYS</b> DATE April 27 - Ron Earhart	<b>STONE/SIGN</b> Diamond, Taurus	<b>BIRTHDAY PARTIES</b> We cater to all ages. No fuss! No muss! Call us! 341-2180, ask for mgr. McDonald's birthday cakes available for home parties.	Lynne Wagoner: "Met this handsome guy last night. He took me to his apartment and showed me a closet full of perfect pink coats. He gave me one of them." Susan Johnson shocked: "What did you have to do?" Lynne: "Just shorten the sleeves a little."	<b>GOLDEN ARCHES CLUB</b> Archie (GA-110): "That song comes from my heart." Bill (GA-111): "I knew it couldn't come from your throat."	<b>DAVE'S BARBER SHOP</b> (Rolla's Clip Joint) Dave: "How long can one live without brains?" Lloyd: "How old are you?"
<b>UMR MEAL PLAN</b> 3 Pan and Tom Zolac and Karen and Henry Antalak were playing bridge for hours when Tom excused himself to go to the men's room. Pam remarked: "For the first time tonight, I know what he's doing."	<b>SLOGAN NIGHT</b> 4 There's more in the middle of an Egg McMuffin® than an egg in the middle of a muffin. Say it in 2 seconds win a bag of fries. 6 p.m. to 9 p.m.	<b>CALL OF THE WILD NIGHT</b> 5 Wolf howl win a bag of fries. Tarzan yell win a burger. Coyote howl win a breakfast. 6 p.m. to 9 p.m. Missouri is famed for its tourism appeal. McDonald's doubles their pleasure for real.	<b>BUBBLEGUM NIGHT</b> 6 1 bubble win a bag of fries. 3 bubble win a burger. 5 bubble win a breakfast. 6 p.m. to 9 p.m. "One for the money two for the show. For chicken McNuggets to McDonald's we go."	<b>HULA HOOP NIGHT</b> 7 1 hoop win a bag of fries. 3 hoops win a burger. Senior Citizen, 1 hoop win a breakfast. 6 p.m. to 9 p.m. "Toot-toot tootsie good-by! Toot-toot tootsie don't cry! Be back soon with your Big Mac® and cherry pie!"	<b>JAMIE ANDERSON</b> : "Did you hear Rick Weaver's writing a book?" John Edgar: "Why doesn't he buy one? It's cheaper."	<b>TERRY HARRIS</b> : "I don't know what to do. My wife Ivana has threatened to leave." Pat Durick: "Won't she promise?"
<b>UMR MEAL PLAN</b> 10 Joe Marchello: "Is my wife home?" Juanita: "No. Who should I say called?"	<b>SLOGAN NIGHT</b> 11 "Two all beef patties, special sauce, lettuce, cheese, pickles, onions on a sesame seed bun." Say it in 2 seconds win a bag of fries. 6 p.m. to 9 p.m.	<b>LAUGH NIGHT</b> 12 Laugh for 30 seconds win a bag of fries. Laugh for a minute win a burger. 6 p.m. to 9 p.m. "When you order a Quarter Pounder® with cheese, With fries and a shake, we know we'll please."	<b>BUBBLEGUM NIGHT</b> 13 1 bubble win a bag of fries. 3 bubble win a burger. 5 bubble win a breakfast. 6 p.m. to 9 p.m. "One thing our crew knows that's true and not funny. If we don't serve and please you we won't get our money."	<b>HULA HOOP NIGHT</b> 14 1 hoop win a bag of fries. 3 hoops win a burger. Senior Citizen, 1 hoop win a breakfast. 6 p.m. to 9 p.m. "Two can live as cheap as one." McDonald's® prices are proof it's done."	<b>JUDGE WHITEY MOORE</b> : "It seems to me that I have seen you before." Betty Franz: "You have, your Honor. I gave your wife, Bert, singing lessons." Judge Moore: "Thirty years!"	<b>CAROL BIRDSONG</b> ran out of her house smack into Debbie Estey. Debbie asked: "Going somewhere?" Carol: "Yes. I'm baking a cake from a recipe on KTRR. It said to put all ingredients in a bowl and beat it for 5 minutes. Sounds silly, but I'm on my way."
<b>UMR MEAL PLAN</b> 17 Karen Davis: "Do you know how, wedding Duncan and Nan Edithson are?" Dave Mitchell: "No. How rich are they?" Karen: "They're so rich, they have an electrician come in every morning - to plug in their toaster."	<b>SLOGAN NIGHT</b> 18 Choosey cheese choosers always say cheese please when they choose the cheese in the cheeseburgers at McDonald's®. Say it in 2 seconds win a bag of fries. 6 p.m. to 9 p.m.	<b>LIARS NIGHT</b> 19 So So Fib win a burger. Classic Fib win a breakfast. 6 p.m. to 9 p.m. Through McDonald's doors pass people of all nations who partake of our servings for their taste sensations."	<b>BUBBLEGUM NIGHT</b> 20 1 bubble win a bag of fries. 3 bubble win a burger. 5 bubble win a breakfast. 6 p.m. to 9 p.m. "For all you travelers through Missouri state our scenery and McDonald's® are first rate."	<b>HULA HOOP NIGHT</b> 21 1 hoop win a bag of fries. 3 hoops win a burger. Senior Citizen, 1 hoop win a breakfast. 6 p.m. to 9 p.m. "Is it expensive? No, no, no. Small portions? No, no, no. Is it tasty? Yes, yes, yes, yes. Where? McDonald's. Go, go, go."	<b>CAROLYN FORE</b> : "We're going to have mother (Naomi) for dinner." Jack Fore: "Make sure she's well done."	<b>LOUISE ROACH</b> , tired of Vince Roach's ogling curvy women at Morrie and Mae Fine's party, warned: "I'll wear my low cut gown next time and show you a thing or two."
<b>UMR MEAL PLAN</b> 24 Nothing on the dinner satisfied Bob Montgomery. Complaining constantly, he sent for Margaret (Oak Meadow's famous chef). Bob: "That fish looks awful. Margaret: "If you were as deed as this fish, you wouldn't food good either."	<b>SLOGAN NIGHT</b> 25 "I believe that McDonald's® better Buttermilk Biscuit Breakfast is the best Buttermilk Biscuit Breakfast by far." Say it in 2 seconds win a bag of fries. "If your enjoyment you want to enhance go to McDonald's®. Take no chance."	<b>WHISTLER'S NIGHT</b> 26 Wolf whistle win a bag of fries. Whistle drive win a burger. 6 p.m. to 9 p.m. "I can't give you anything but love - unless it's Big Mac's® and a wedding. By Jove!"	<b>TONGUE TWISTER NIGHT</b> 27 1 of 3 win a bag of fries. Right 1st time win a breakfast. 6 p.m. to 9 p.m. Did you ever wonder where the famous chefs eat? In disguise at McDonald's®. It's a culinary treat."	<b>HULA HOOP NIGHT</b> 28 1 hoop win a bag of fries. 3 hoops win a burger. Senior Citizen, 1 hoop win a breakfast. 6 p.m. to 9 p.m. You'll believe in Love at first sight. Sausage Biscuit it's just right."	<b>KAY JENKS</b> at 2 A.M. called Frank Lange, Powell Lambert and said: "I wanted to tell you personally that I'm thrilled with the lawn mower tractor I bought from you last week." Frank yawning: "I'm happy to hear it. But why call at 2 A.M.?" Kay: "Because your truck just delivered it."	<b>SECRETARIES</b> Right answer wins a breakfast:  Answer Name Fill out, give to mgr. 1 winning entry per mo.

**Nobel Prize winner,**

# Dr. William Shockley, transistor inventor

By HERALEEN SPRENGER

Nobel Laureate Dr. William Shockley visited UMR on March 31 as part of the Harry William Lee Porth Distinguished Lecture Series in Engineering. Dr. Shockley is the Alex M. Pontiatoff Professor of Engineering and Applied Sciences at Stanford University. He is also one of the inventors of the transistor, and for this he

shared in the 1956 Nobel Prize for Physics.

Dr. Shockley met with students twice during his visit. The first time was in an informal question-answer session in the Electrical Engineering Building. To a full room, he reminisced on some of his earlier school days.

As the only child of older parents who had an idea that education wasn't quite right,

he started school a couple years late. When he finally made it to college, he took five years getting through. He attended Cal-Tech and MIT. He received his Ph.D. and now claims, "If you used enough equations and integrated enough functions, that would get you a Ph.D. at that time."

Then he went to work for Bell Labs. "I forgot to sign my letter of acceptance to

Bell Labs. It's reassuring that I was forgetting things even then," he said.

Dr. Shockley's advice to students is to "be prepared to put up with your own stupidity." He explained that during the process of inventing the transistor, he and his associates learned

much from their failures and wrong turns.

During his lecture on "Creativity and the Path to the Conception of the Junction Transistor" in a crowded Miles Auditorium, Dr. Shockley showed slides and spoke more on the transistor. He and his

associates, Walter Brattain and John Bardeen, didn't actually envision what the impact of the transistor would be at the time of their work, but now he describes the invention as "the smallest and perhaps most effective of all amplifiers ever made."

## Students protest

from page 1

black students' cause that day. Royal summed up the emotions of the black students by saying, "Hey, UMR, we respect you. Please don't slap us in the face."

Before the group moved to Miles Auditorium, where the lecture was held, Royal and others distributed material describing Shockley's views and the intended purpose of the demonstration. Within this was contained Shockley's assertion that the average black person's IQ is 15 points lower than that of the average white person, so blacks are genetically inferior. This was quoted from Christian Century, along with these other suggestions of Shockley's: Employment opportunities should be at sub-minimum wages for people of lower intelligence and the government should offer monetary grants to genetically inferior people who are willing to undergo voluntary sterilization. His works and reactions to them have been published in Christian Century, Ebony and several other related publications.

When they did move to Miles Auditorium, the demonstrators proceeded to stand at their seats, obstructing the view of many others present. When asked to move so others could see the movie screen, they did so, but remained standing. Some of them displayed signs bearing such remarks as, "UMR does not need YOUR type," "You've done enough damage already," "Can IQ be measured?" and "If I can conceive it, I can achieve it." Others held posters listing black people of reknown, such as Dr. Martin Luther King Jr. and

Shirley Chisholm.

Before Professor Shockley began speaking, Professor Dale Pollack, professor of electrical engineering, said that he understood the black students' situation because he, too, was a member of a minority. He asked them to be seated, but they refused.

After Shockley had spoken about transistors for some time, he began playing a tape dealing with his genetics research. The demonstrators immediately objected and Royal said that Shockley was in violation of the invitation to speak on transistors only. Shockley responded by saying that he had "permission" to speak on both topics. He also of-

fered to meet later that evening with interested parties to discuss "dysgenics," but the demonstrators refused the offer.

The UMR Police Department was on hand, in remembrance of near-riot conditions when Shockley spoke at the University of Missouri-Columbia. Their services were not needed, however, as the demonstrators remained peaceful. Royal described the situation as "Racism Institutionalized" and since their appeals were ignored, said that "this is our method of dealing with it."

Improved benefits of the,

## Accident and Sickness Program

Effective with the 1983 fall semester the Basic Student Accident and Sickness Program will offer improved benefits at the same cost. The plan maximum for mental disorders has been increased to \$2,500, the hospital daily rate increased to \$150 and supplemental accident expense benefits increased to \$500. The

overall plan maximum is \$10,000.

For the first time, major medical protection will be offered which will provide an additional \$100,000 in excess of the \$10,000 basic plan.

The cost for annual coverage commencing Aug. 15, 1983, through Aug. 14, 1984, for the basic and major medical programs will be as follows:

	Basic	Optional Major Medical	Total
Student Only	\$68	\$24	\$92
Student and Spouse	357	60	417
Student and Child (ren)	171	50	221
Student, Spouse, Child	460	80	540

This program is sponsored by the university as a service to the students, however, participation in the program is voluntary.

The new program will be underwritten by the Im-

perial Casualty and Indemnity Co. of Omaha, Neb. The plan administration and claim services will be provided by Lawton-Byrne-Bruner, Ten Broadway, St. Louis, MO 63102.

MISSOURI MINER

Thursday, Apr. 14, 1983

Page 11

## Softball

# Downs Augsburg, 5-2

By TINA HALDIMAN

A few Tuesdays ago, on March 29, the Lady Miner softball team faced and defeated Augsburg College of Minneapolis, Minn., by a 5-2 score. UMR combined a staunch offensive attack with solid defense to recover from its early season slump. "They looked like a different

team out there," Coach Preston said, "the one I've been expecting to see all season."

Outstanding performances at the plate were given by Carmen Baker, who went three-for-three with three RBI, Cecilia Gutierrez with two hits and as many RBI and Anita Tikey, who chalked up two hits herself.

All in all, the Miners got their five runs on eight hits.

Defensively, UMR may not have made fewer errors, but teamwork and back-ups helped the team avoid costly mistakes. On the mound, senior Leta Judd is credited with the two-hitter win.

The second game that day against Southwest Baptist

was rained out, as was the April 1 game against Harris Stowe. Both games will hopefully be rescheduled. This week will be quite a busy one for the women. They play double-headers against CMSU, Southwest (Junior Varsity) and Lincoln.

Coach Preston is optimistic about the coming contests, especially after her club's most recent performance.

## Shooters battle CMS

This past weekend the UMR Trap and Skeet Club participated in the Missouri Valley Open Tournament hosted by the SMSU shooting club. Host Springfield took first place in both trap and skeet while CMSU and UMR battled over second and third places.

UMR was led in skeet by freshman Randy Brazier. Rob Marlette, Greg Hardy, Tony Park and Craig Scott

rounded out the skeet team.

In trap, senior Craig Scott paced the Miner squad, with Alan Corzire, Glen Weeks, Randy Brazier and Chris Johnson also participating.

The Miners will be traveling to Peoria, Ill., in two weeks to participate in the 15th Annual Intercollegiate Trap and Skeet Championships. Wish them luck!

## Lady Swingers

# Drop 3, win 1 over break

By TRACY BOLAND

Over spring break, while most of us were sitting at home watching the rain roll down the window, the women's tennis team was struggling through the most heavily scheduled week of the season.

The team played four matches during the week and the only victory it managed was against Central Methodist College on Wednesday. Leslie Son-

nabend, Erika Kisvarsanyi, Sarabeth Chambers and Laura Kimmer were all successful in their respective singles matches and UMR swept the three doubles matches, two by hefty margins. The third match was won by default.

That match against CMC was the one bright spot of the week. The Lady Miners were clobbered by Stephens College and Northeast Missouri State, both of whom

won all nine matches against UMR.

The women fared a little better against UMSL, but still lost the match by a score of 5-4. Kisvarsanyi and Kimmer won the two singles matches. Kimmer then teamed up with Janet Wickey, and Kisvarsanyi with Chambers, to win the two doubles matches.

The losses during the past week drop women to a 2-4 overall record.

## Women's IM Update

By TINA HALDIMAN

Well, I hope everybody had one terrific spring break! There are only a few notes on intramurals this week. Softball, horseshoes and badminton are now under way. Track entries were due yesterday, so you blew it!

Congratulations to Jan Wilkerson of KD, the most recent athlete of the week, and to AWS, the team of the week, selected for their basketball championship.

**Intramural Track**  
—  
**next week**

## M-Club

### Athlete of the week

Submitted By M-CLUB  
M-Club presents varsity softball player Carmen Baker as athlete of the week. In a game against Augsburg University plagued by rain, Carmen batted three-for-

three in only five innings of play. Her two singles and one double drove in three runs for the Lady Miners. In addition Carmen stole one base on the rain-slick field. Great work, Carmen.

## TACO BELL

1201 Bishop Sun.-Thurs. 10 a.m.-12 a.m. Fri. & Sat. 10 a.m.-2 a.m.

## Taco & Burrito and a Medium Drink

# \$1.70

Good only on Tues., April 19 and Thurs., April 21

Our taco starts with a crisp corn tortilla. Then we add specially seasoned ground beef. Rich sour cream. Crispy lettuce. Real cheddar cheese. Ripe tomatoes.

For our burrito, we take an enriched flour tortilla, wrap it around our refried beans, add a mild red sauce. Chopped onions. And real shredded cheddar cheese. It's a burrito you'll keep coming back for.

## Preregistration

April 18-22 for currently enrolled students.

Materials should be obtained from the Registrar's Office starting April 14. Detailed information will be found in the front section of the fall schedule of classes. Students who preregister will be given an opportunity to pay fees prior to regular registration.
