Castleman Hall nears completion

Castleman Hall, UMR's newest building.

Kevin Biggers

By Kelly Bernal
STAFF WRITER

As Spring approaches, Castleman Hall--the new university building on Tenth Street, is nearing completion. The official opening of Castleman Hall

will take place during Homecoming in October 1991. "The offices of Alumni, Development, and Vice Chancellor of University Advancement are tentatively scheduled move into the east wing by the end of March barring outside complications," stated Ms. Kittie

Robertson, Director of Annual Fund-ing and Donor/Community Relations. The west wing is to be occupied by the Music and Drama departments, but no performances are to take place there officially until the Fall.

Phillips to speak in lecture series

News Services
SOURCE

Dr. William D. Phillips, associate director for Industrial Technology with the Office of Science and Technology Policy in Washington, D.C., will speak at 4 p.m. Friday, March 8, in the Mark Twain Room, University Center-East, at the University of Missouri-Rolla.

He will speak on "U.S. Technology Policy and International Competitiveness." Phillips, who is considered a pioneer in the application of nuclear magnetic resonance spectroscopy to chemical and biological systems, is a member of the National Academy of Sciences and the American Academy of Arts and Sciences.

His visit to UMR, which is part of UMR's "Engineering education in the Twenty-First Century" lecture series, is free and the public is invited to attend.

"Dr. Phillips' topic of discussion is an issue which could have a significant influence on education in the 21st century," says UMR Chancellor Martin C. Jischke.

Jischke explains that UMR's purpose in initiating the lecture series is to enhance campuswide discussions on the future of engineering.

Prior to his present appointment in Washington, Phillips served as president of Missouri Advanced Technology Institute and as science advisor to the Governor of Missouri.

See Phillips, page 4

Parking Rate Change Notice

The UMR Traffic Safety Committee has approved an increase in the rate per hour for parking meters on campus. Effective April 8th, 1991, the cost of parking at a meter on campus will increase from ten cents an hour to twenty five cents an hour.

The new rate is based on a state

wide average for college campus parking meter operations. It also includes the increase in expenses for replacement, maintenance, and repair of the existing meters.

The parking meter rate at UMR has not been changed since the early 1960's.

Four-day Allied assault brings cease-fire in Persian Gulf

Gary Meyer
STAFF WRITER

"Kuwait is liberated, Iraq's army is defeated"

In a ground campaign lasting less than 100 hours, the allied coalition against Iraq trampled the fourth largest military force on the planet and liberated Kuwait. The campaign began last Sunday, February 24, after five weeks of aerial bombardment and concluded on Wednesday, Feb. 27, when President Bush announced a cease-fire and declared, "Kuwait is liberated, Iraq's army is defeated".

One day into the ground conflict, Saddam Hussein ordered his troops out of Kuwait, but on the terms of the Soviet Unions proposal that would allow 21 days for complete withdrawal and forgive Iraq for other atrocities. A Scud missile launch into Saudi Arabia killing 12 American soldiers gave U.S. authorities further reason to press on with the war.

The amazingly one-sided war left 207 Allied personnel dead, 13 confirmed prisoners, and 66 men and women still missing. In stark contrast to these figures, military estimates

placed the total number of Iraqi casualties from the war as high as 100,000 with 80,000 prisoners of war. In contrast, in eight years of war with Iran, Iraq lost an estimated 300,000 men.

The Allied effort effectively destroyed the once powerful Iraqi army destroying or capturing 93 percent of its tanks, 65 percent of armored personnel carriers, and 68 of artillery pieces. Additionally, Iraq's air force was incapacitated minus approximately 100 aircraft flown to safety in Iran where they remain.

4-Day Ground War

The ground campaign was a well orchestrated, lightning-fast operation conducted by United States General H. Norman Schwarzkopf. Under his direction, Allied forces did not so much attack the dug-in Iraqi troops as they did surprise, confuse, and intimidate the fatigued soldiers of Saddam Hussein's army. Surprisingly little resistance was encountered by Allied forces and no chemical weapons were employed though Iraqi commanders had the authority to use them.

U.S. Marines amassed on the shore of Kuwait for what appeared to be an amphibious landing were never sent ashore. Rather, they drew the attention of Iraqi troops stationed on the coast-

line while armored divisions of the Allied forces split the Iraqi front in southern Kuwait and raced towards the capitol behind the coastal divisions. This maneuver averted what could have been a bloodbath on the shores of Kuwait while tying up large numbers of Iraqi troops.

The feared Republican Guard, Iraq's "elite" military force was dug-in on the Iraq-Kuwait border prepared for an attack from the south. However, U.S. ground forces bypassed much of the Iraqi army, circling through Iraq and attacking the Republican Guard from the north. The Guard was caught with their guns pointed south and was forced to retreat as the much faster U.S. army overtook and destroyed five of the Guard's seven divisions.

One division of the Republican Guard, a veteran division containing nearly 10,000 men, was reported by a senior military official as being completely destroyed. No prisoners were known to have been taken and no soldiers were seen fleeing the battlefield.

There is considerable speculation as to why the Iraqi refrained from using chemical weapons. Some believe the weather at the time caused fear among Iraqi commanders that the toxic gases, once released, would blow back ac-

cross their own positions. Others think the Allied onslaught was so rapid and overwhelming the Iraqi's did not have time to prepare or thought the use of such weapons to be useless. It is also a possibility that the decision was a political one dictated by fear of nuclear retaliation.

U.S. Seeks U.N. Resolution

The United States and its allies are seeking a United Nations resolution to imposed specific responsibilities on Iraq which would provide an official end to the war. Until such a resolution is signed, the United States recognizes the current cease-fire as a temporary "suspension of hostilities".

The U.N. resolution would grant the Allies the right to attack Iraq if it violates the terms of peace. In addition, the resolution would require Iraq to rescind legislation annexing Kuwait, "accept in principle its liability for any loss, damage, or injury" to Kuwait, halt Scud missile attacks, release all POWs, return remains of Kuwaitis and allied forces, and provide details of mines and booby traps left in Kuwait. The draft resolution does not call for lifting the economic embargo against Iraq. The United States and its allies have made it clear that they want to keep a tight eco-

nomie noose around Iraq, partly in hope of driving Iraqi leader Saddam Hussein out of power and partly to deprive Iraq of new weapons to replace those destroyed in war.

Kuwaitis Tortured

During the five month occupation of Kuwait by Iraq, Kuwaiti citizens were imprisoned, tortured, and raped in Iraqi attempts to quell all resistance to rule from Baghdad. One hospital

Iraqis bled Kuwaitis to death and carried their blood away in bottles.

in Kuwait exposed to reporters 41 corpses with bullet, knife, and burn wounds, many with eyes gouged out.

One Kuwaiti doctor, accused of helping underground resistance fighters, was mutilated, eyes removed, shot to death and then hung in front of his family's home for three days.

In one reported incident, Iraqi soldiers accompanied by what appeared to be doctors seized nine people, inserted tubes in their necks, and bled them to death in the middle of a street. They

IEEE Mtg., 114 CE, 7 p.m.

DEAF INC. will be having sign language classes beginning today. Beginners will be on Tuesday evenings, intermediates will be on Thursday evenings, from 6:30 to 8:30 p.m. Classes are for eight weeks, at DEAF INC. in the First Baptist Church Building, 9th and Cedar St. in Rolla. Instructor is Rosemary Wakeham. Fees are \$30 per individual or \$40 per family; group rates are available. For more information, call, 341-3442.

Classes will cover non-verbal communication, sign vocabulary and introduce the different ways that deaf people communicate.

Next Wednesday

Bible Study Club, 12:30 p.m.

Wesley Lenton Prayer Time, 1:30 p.m., Walnut

Wesley Mtg., 6 p.m.

Newman Mass, 9 p.m.

St. Pat's arrival noon, 8th St. Tracks, downtown Rolla.

St. Pat's Follies: town beard judging, novelty beard judging, men's shillagh contest, leprechaun look-a-like contest, and most St. Pat's sweatshirts on in one minute, 12:30 p.m., Ninth and Oak Streets. Free.

Chemical Engineering Seminar, "Synthesis and Optimization of Reactor Networks and Reactor Separator Recycle Systems," Antonis Kokossis, Princeton University, 4 p.m., Room 125, Schrenk Hall. Free.

Noday

The General Motors Volunteer Spirit Award will be presented to three UMR students who have demonstrated exceptional volunteer spirit. All full-time students are eligible.

Applications are available at and should be returned to the Office of Student Activities and University Center, 113 UC-West. Deadline for applications is March 22, 1991.

Rickard Bachelor from the GM Flint Automotive Division will be attending the Volunteer Spirit Award Luncheon on April 16.

Financial Aid

NAVY ENGINEER Each year the United States Navy selects approximately 300 of the top students in engineering, math, physics and chemistry from around the nation, for its highly prestigious Nuclear Propulsion Officer Candidate program. Minimum qualifications are:

- completed 2 semesters of calculus and calculus based physics
- grade point average of 3.3 or better (3.0 for seniors)
- U.S. Citizenship

For more information contact the Student Financial Aid office, G-1 Parker Hall.

The Student Financial Aid office is available to give presentations on Financial Aid to any interested parties. For more information or to make arrangements, call 341-4282 or come by G-1 Parker Hall.

SOCIETY OF PROFESSIONAL WELL LOG ANALYSTS FOUNDATION The Society of Professional Well Log Analysts Foundation provides financial assistance to eligible and qualified recipients pursuing a degree program related to oil, gas or other mineral formation evaluation. Scholarships are available for undergraduate and graduate students and are awarded on a competitive basis which takes into account academic achievement, career objectives, and financial need. Grants are available to undergraduate and graduate students and to faculty members to support research studies and educational projects related to formation evaluation.

Deadline dates for submitting applications for SPWLA scholarships and grants are March 18, 1991.

For more information and application forms contact the Student Financial Aid office, G-1 Parker Hall.

AMERICAN ELECTROPLATER AND SURFACE FINISHERS SOCIETY SCHOLARSHIP PROGRAMS The American Electroplaters and Surface Finishers Society offers separate scholarships for university or college undergraduates and graduates who demonstrate that their training (or research) is related to plating and surface finishing technologies.

Eligibility for Undergraduate Scholarship Program:

A student may apply for any academic year when he or she will be an undergraduate of at least junior standing in a chemistry, chemical engineering, environmental engineering, metallurgy or material science program where the focus of the curriculum is in surface science subjects.

Eligibility for Graduate Scholarship Program:

A student may be eligible if he or she has completed an accredited undergraduate program and is enrolled in a graduate program leading to a master's or Ph.D. degree.

Award selections will be based on, but not limited to: career interest in surface finishing, scholarship, achievement, motivation and potential. Awards are not necessarily based on financial need.

Application materials may be acquired in the Student Financial Aid office, G-1 Parker Hall. Deadline is April 15, 1991.

The Coterie of Faculty Wives 91-92

Scholarship The UMR Coterie is offering a \$1000 scholarship for the 91-92 year. Eligibility for selection will be the following:

- the recipient must be a female student at UMR.
- she must have completed 50% of the hours necessary for completion of her degree from UMR.

- She must be enrolled with a minimum of 9 hours in a degree program at the time of scholarship payment, and must show evidence of satisfactory progress toward that degree.

- she must demonstrate financial need.

- she must submit a written statement outlining her reasons for application to the Coterie Scholarship Committee.

- she must submit a written statement outlining her reasons for application to the Coterie Scholarship Committee.

- she must not be a member of the family of any UMR faculty, full time staff, or other personnel. (She may be an employee herself.)

Preference will be given to:

- The women with added personal obligations (i.e. children, invalid dependence, physical disabilities, etc.)

The women who had her college education interrupted and is returning to complete her grad or undergraduate degree at UMR.

Grade point average will be taken into consideration.

Please send a letter of application explaining your qualifications to: COTERIE, P.O. Box 1638, Rolla, MO 65401

Deadline is April 1, 1991.

See Financial Aid, page 4

Missouri Miner

The Missouri Miner is the official publication of the students of the University of Missouri-Rolla. It is distributed each Wednesday afternoon at Rolla, Missouri and features activities of the students of UMR.

All articles, features, photographs, and illustrations published are the property of the Missouri Miner and may not be reproduced or published without written permission.

The Missouri Miner encourages comments from its readers, and will attempt to print all responsible letters and editorial material received. All submissions must have a name, student ID number, and phone number for verification. Names will be withheld upon request.

Submissions for publication must be in our drop box (first floor of the Norwood Hall, Room 103) by 4:30 p.m. on the Thursday before publication. The Missouri Miner reserves the right to edit all submissions for style, grammar, punctuation, spelling, length, and matters of good taste.

The Missouri Miner is operated by the students of UMR and the opinions expressed in it do not necessarily reflect those of the university, faculty, or student body.

Comments

Public monies should not be used for solely race based scholarships

This is in response to the letter published in the Missouri Miner on February 27, 1991 under the title "African-Americans deserve their due" by Mr. Gary L. Penny.

Mr. Penny, I strongly disagree with you. This is not an example of "white backlash" but an affirmation of a law that essentially outlaws discrimination.

The policy decision in Washington mandated that PUBLIC MONIES would not be used for SOLELY race based scholarships (race could still be a contributing factor). It would NOT affect race based scholarships funded by PRIVATE individuals (I do not care what private citizens do with their money. That is their business). I do, however, care about what is done with my taxes, hence this letter.

How "True intellectual honesty" would classify publicly funded, solely race-based scholarships as non-discriminatory is a mental gymnastic feat worthy of Orwell. "True intellectual honesty" would earmark these monies for scholarships based solely on academic merit or financial need or a combination of both. Race should not enter into the equation.

The rest of your reasoning preceding Dr. King's quote essentially states that blacks deserve these scholarships due to past and present injustices. While these injustices need to be addressed, I find it offensive that you hold me responsible for reparations, whether or not I, or my forbears have been guilty of these injustices.

Mr. Gary L. Penny, I strongly suggest that YOU, "through research and deep contemplation", realize that black, white, green, or purple, ALL forms of discrimination are wrong.

With Respect,
Chris A. Wolfgeher

Correction

In the February 27, 1991 article entitled "African-Americans deserve their due", page five, the story read:

"...Today, African-Americans make-up 11.5 percent of our nation's 5.5 million engineers and scientists."

It should have read as follows:

"...Today, African-Americans make-up 11.5 percent of the total workforce. Yet, only about 2 percent of the nation's 5.5 million engineers and scientists are African-American."

NOW SHOWING

EAGERLY AWAITED

1991 Dodge Dakota Club Cab 4x4. This truck combines the power of its V-8 engine with the versatility of its roomy interior to create the finest value in its class.

SPOTLIGHT PRICE \$17,100.

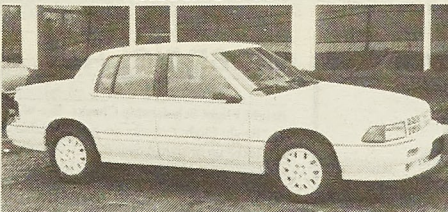

AMERICA'S MOST AFFORDABLE

1991 Dodge Shadow ES Convertible. All the features you would expect to find in a much higher priced vehicle but one that you wouldn't:

A BASE PRICE OF \$14,000.

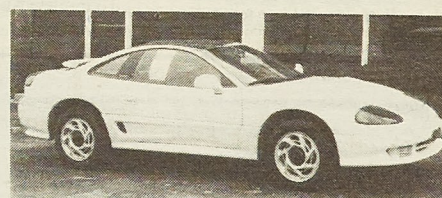

HERE'S THE ONE YOU'VE BEEN WAITING FOR

1991 Dodge Spirit R/T. The convenience of 4 doors, the economy of 4 cylinders, but 224 horses under the hood make this "family sedan" a wolf in sheep's clothing.

SPOTLIGHT PRICE \$18,873.

WHAT ELSE CAN BE SAID

1991 Dodge Stealth R/T. All the performance magazines have raved about it. Now you can experience it for yourself.

SPOTLIGHT PRICE \$24,265

SAFETY'S NEW STANDARD

1991 Plymouth Voyager LX All-Wheel-Drive. Driver and passenger hi-back bucket seats. All the power features for your convenience and available four wheel anti-lock brakes keep the Voyager a few steps ahead of the competition.

SPOTLIGHT PRICE \$21,548.

THE ORIGINAL POCKET ROCKET

1991 Volkswagen GTI. More fun for the money than any other performance car. German engineering at its best.

SPOTLIGHT PRICE \$11,995.

Al West Chrysler, Inc.

705 Hwy. 63 S. Rolla, MO (314) 364-1233

News

then removed various internal organs and carried the blood away in bottles. It is thought that the Iraqi military was short of blood body parts.

Other Kuwaitis tell of particularly vicious tortures. Women prisoners had their breasts cut off and many were raped. Male prisoners were subjected to electric shocks and had objects thrust up their rectums. In one torture, Iraqi guards would burn the thighs of prisoners, pop the resulting blisters, and tie the prisoners legs together in such a way that the blisters adhered to each other.

Iraq Incapacitated

The destruction of Iraq's infrastructure has resulted in abysmal conditions for the people of Iraq even though citizens were not targeted. The Iraqi capital has no electricity or transportation, its water supply has been fouled and communications are poor. A top UNICEF official said that Baghdad has ceased to be a normal, modern functioning city and looked as if it had been blasted back to the Dark Ages.

Most critical is the city's health care system. A United Nations report states: "since such communicable diseases as typhoid, meningitis, measles, poliomyelitis, and hepatitis A and malaria are endemic in Iraq, the present conditions of contaminated main water supply and untreated, backed-up sewage have set the stage for the onset of some of these diseases in epidemic proportions." Numerous aid organizations are attempting to ship supplies and provide medical aid to the war-torn nation.

Future of the Region

The United States wants to maintain a much larger military presence in the Persian Gulf region that it had before Iraq invaded Kuwait, senior administration officials said Saturday. American and Arab leaders are working on plans that would rotate thousands of American soldiers in Saudi Arabia to protect the new-found American allies from possible future aggression.

Although the U.S. will not admit of any plans to actively remove Saddam Hussein from power, a number of tacit ploys may give his further dictatorship difficulty in succeeding. U.S. officials have stated that terms on which the war will officially end and the economic sanctions that continue will vary depending on who is in power. State Department Spokesperson Margaret Tutwiler said "that if Saddam Hussein remains in power, it's the view of the United States government that an arms embargo must continue" and that a new government would get significantly easier settlement terms.

Officials also left open the possibility of war-crimes trials for Saddam Hussein, his clique and other officers accused of committing atrocities in Kuwait.

President Bush suggested that Iraq live peacefully and use its oil revenue to reconstruct. He stated in a news conference that he doesn't "want to see one single dime of the United States taxpayers' money go into the reconstruction of Iraq."

To insulate Kuwait from follow-on

attacks, officials are discussing demilitarized zones along the Iraq-Kuwait border. The Gulf Cooperation Council, a military alliance of Saudi Arabia and the five smaller Gulf Arab states has worked out plans for an Islamic peacekeeping force to guard Kuwait. The United States approved the plan in principle and insists it has no interest in occupying pieces of Iraq.

Secretary of Defense Dick Cheney: "Restoration of peace and stability in the Gulf would be a heck of a lot easier if [Saddam]... were not in power."

The Middle East that is emerging from the Persian Gulf war is a drastic change from its former state. Foremost will be the continued American presence and friendly relations with Saudi Arabia, Kuwait, and Egypt, the United States' staunchest allies in the war. Syria, an archrival of Iraq could emerge a stronger force in the region after President Hafez Assad deftly manipulated his country between an alliance with the United States and pro-Arab sentiments at home.

The role of Jordan in a post-war Middle East is also uncertain. Respect from Washington diminished as Jordan openly displayed sympathy for Iraq and weapons with Jordanian labels were found in Iraqi trenches with stamps indicating they were shipped in

January. Jordan has long been considered the Arab state most likely to assist in establishing peace between Palestinians and Israel.

A Rejuvenated U.S.

The quick and virtually painless victory in the Persian Gulf has rekindled American spirits and led to a resurgence of patriotism. American flags fly proudly throughout the nation and worries have been channeled away from domestic problems that will inevitably return as the euphoria dissipates.

But in the meantime, the victory for the United States in Kuwait was also a political victory for President George Bush. Popularity polls show Bush, at 85 percent, earning the highest approval ratings since Harry S. Truman whose policies were approved by 87 percent as he ended war in Europe in World War II. Additionally, 65 percent of Americans think the country is headed in the right direction compared to 28 percent before the war.

"The crucial thing is not what America has accomplished in the Middle East, but how this success has transformed Americans at home."-NBC pollsters Peter Hart and Robert Teeter

Perhaps more crucial than popularity ratings is that the Persian Gulf war will replace the Vietnam war as the last

war remembered in the minds of most Americans. For nearly two decades, Americans have felt the burden of a war lost in Vietnam and brooded in the air of defeatism it bred. Memories of Vietnam have troubled politicians about strong foreign policy and military commanders about constraints on waging war. American citizens have since been extremely divided on use of American troops throughout the world. The United States lost 58,000 troops in the Vietnam War.

Phillips

from page 1

Before that, he served as director of the Center for Biotechnology at Washington University from 1982 to 1984. From 1978 to 1984, Phillips served concurrently with Charles Allen Thomas Professor of Chemistry, as chairman of the department of chemistry, and as a professor of biological chemistry in the School of Medicine, Washington University.

In 1984 Phillips became a senior vice president for Science and Technology at Mallinckrodt, Inc., St. Louis.

Phillips, who is from Kansas City, received his B.A. degree in chemistry from the University of Kansas in 1948.

He received a Ph.D. degree in physical chemistry from the Massachusetts Institute of Technology in 1951.

In 1951 Phillips joined the Central Research Department of E.I. DuPont de Nemours and Company as a research chemist. While there, his areas of research and research management included structure and dynamics of proteins and nucleic acids, pharmaceuticals and agricultural chemicals, electronic and magnetic properties of organic solids and inorganic compositions, biotechnology and specialty polymers.

Financial Aid

Bright Flight Scholarship Checks The Winter 91 "Bright Flight" checks are now available to be picked up or signed over at the Cashier's office, G-4 Parker Hall. Cashier's hours are from 8:30 to 3:00, M-F. Students must be full-time enrolled to receive check.

Martin Luther King, Jr. Memorial Scholarship Applications are now being accepted for the 1991-92 Martin Luther King, Jr. Memorial Scholarship. applications must be currently enrolled UMR students who are pursuing a degree program in engineering or science. Selection will be based upon academic achievement and potential, leadership qualities, and financial need. Application forms are available at the Minority Engineering Program Office, 107 Norwood Hall and the Student Financial Aid Office, G-1 Parker Hall. Application deadline is March 18, 1991.

THE HEAVY CONSTRUCTORS ASSOCIATION OF THE GREATER KANSAS CITY AREA

The Heavy Constructors Association of Greater Kansas City is making two scholarships available, each in the amount of \$2,500 for students pursuing careers in construction sciences. Requirements are:

- Shall be full-time students who demonstrate financial aid.
- Preference given to well rounded persons who are upper classmen, to Kansas City area residents, and to sons or daughters of

construction employees.

- Applicants will be required to demonstrate their commitment to obtaining careers in construction.

- Recipients will be required to seek summer employment in construction.

Deadline: April 15, 1990 Applications may be obtained in the Student Financial Aid office, G-1 Parker Hall. The application is to be turned in to the SFA office by April 15, 1990.

THE RALPH J. BUNCHE HUMAN RIGHTS FELLOWSHIP PROGRAM, AMNESTY INTERNATIONAL USA

Since its inception in 1961, Amnesty International has been at the forefront of the international struggle for human rights. Basing its work on internationally recognized standards, the organization works impartially for the release of prisoners of conscience, fair and prompt trials for political prisoners, and an end to torture and executions. In the last decade, Amnesty International has become a worldwide movement attracting the support of over 1,100,000 members in more than 150 countries. Applicants for the Ralph J. Bunche Human Rights Fellowship should be members of traditionally recognized American "minority" groups, including African, Arab, Asian, Latino and Native Americans. Most applicants are college or graduate-level students in varied academic fields.

Application Deadline: March 15, 1991. For more information and application materials contact the Student Financial Aid office, G-1 Parker Hall.

NATIONAL ASSOCIATION OF WOMEN IN CONSTRUCTION ST. LOUIS CHAPTER

The St. Louis, Missouri Chapter of the National Association of Women in construction awards several stipends each year to young women and men pursuing degrees from universities and vocational colleges in fields related to the construction industry. Applications must be postmarked no later than April 15, 1991 to be considered.

Please note that the scholarship does not apply to first year students.

To receive an application, contact the Student Financial Aid Office, G-1 Parker Hall.

1991-92 ACT/FFS Available The ACT Family Financial Statements for the 1991-92 academic

year (Fall 1991 and Winter 1992) are available for students in the foyer outside the Student Financial Aid Office (G-1 Parker Hall). This form must be completed in order for a student to be considered for a Pell

Grant, College Work Study, Perkins Loan, University Loans, Missouri Grants, the Stafford Student Loan Program, The Income Contingent Loan program and for the PLUS/SLS Loan Program for the 1991-92 academic year. First consideration will be given to those students whose ACT-FFS is received by the processing agency by March 31, 1991.

ORVILLE REDENBACHER'S SECOND START SCHOLARSHIP PROGRAM

Twelve \$1000 scholarships will be made available to qualifying students for the 1991-92 school year under this program. To be eligible for the Orville Redenbacher Second Start Scholarship, students must meet the following criteria:

- be 30 years of older
- be enrolled in a degree program
- be either full-time or part-time students; and
- attend an accredited college or university

Application Deadline: May 1, 1991.

For more application materials, contact the Student Financial Aid Office, G-1 Parker Hall.

INTEREST FREE LOANS FROM THE SCHOLARSHIP FOUNDATION OF ST. LOUIS

Qualified applicants who can demonstrate financial need will be considered for an interest-free loan. Applicants must be citizens of the United States or in possession of an Alien Registration Card and permanent residents of St. Louis, St. Louis County, or the Fox C-6, Francis Howell, Orchard Farm or St. Charles school districts. Interest-free loans are awarded in amounts up to \$3,000 per year.

For more information and applications, contact the Student Financial Aid Office, G-1 Parker Hall.

Application Deadline is: April 15, 1991.

Features

Get ready, St. Pat's 1991 is here Earth Day to be observed

Matt Tobey
St. Pat's Board

With snake invasion underway and St. Pat's arrival just around the corner, the 1991 St. Pat's Celebration is upon us! As most all of you know, there is plenty of excitement and revelry ahead in the near future. This Monday kicks off a spectacular week with the always popular Follies. This year's Follies will be held at the puck and begin at 12:30. On the agenda for Monday's Follies are the Faculty and Student Full Beard Contest, Women's Walking Stick, Greenest Person, Hugger Stacking, and Best St. Pat's Jingle.

On Tuesday, Follies will once again be held at the hockey puck, beginning at 12:30. The events for this day include Most St. Pat's Sweatpants On In One Minute, Most St. Pat's Garters On In One Minute, Most Consecutive Year Buttons, and Most St. Pat's Buttons On A Sweatshirt.

The following day marks the arrival of the noble St. Patrick and His Court. They will make their majestic entrance into Rolla at 12:00 noon. Follies for this day will be held at the pavilion at 9th and Oak, and starting time is 12:30. The events for this final day of Follies are the Town Beard

Judging, Men's Shillelagh Competition, Leprechaun Look-A-Like, Novelty Beard Judging, and Most St. Pat's Sweatshirts On In One Minute. Wednesday Night is Theta Tau Casino Night, and St. Patrick and His Court will be in attendance.

Gonzo and Games take place on Thursday and Friday of next week. Both events will begin at 11:00 a.m. on their respective days. The Gonzo will

be presenting Radio Rich and the K-SHE Classics Band, while the Games will be featuring hours of sunshine and games of skill. Transportation will be provided throughout both events. Be sure to use the busses, which leave at half hour intervals from the Quadrangle, E.E. Building, and Fraternity Row. Also remember to purchase your Gonzo button. Without it, you will not be allowed to attend either event!

Buttons cost \$3 in advance and \$4 at the gate.

The St. Pat's Coronation and Student Knight Ceremony will take place

Friday evening at the Multi-Purpose Building beginning at 9:00. Attendance is free, so come see St. Patrick choose His Queen of Love and Beauty.

The entire week is concluded on Saturday with the blockbuster St. Patrick's Day parade, beginning at 11:00 a.m.. Immediately following the parade, the celebration moves to the football field where UMR's best and bravest will face ALICE. The St. Pat's Concert, featuring REO Speedwagon at the Multi-Purpose Building, will start at 7:00.

There are still a handful of daze left until this all begins, so, in the meantime, be sure to get ready and buy your 1991 St. Pat's Green. It will be on sale at the hockey puck until March 14. Also, a little note to those who took it upon themselves to paint the hockey puck: the hockey puck is property of the University of Missouri-Rolla, and not the St. Pat's Board. Anyone caught defacing the puck will be arrested for vandalism by the university.

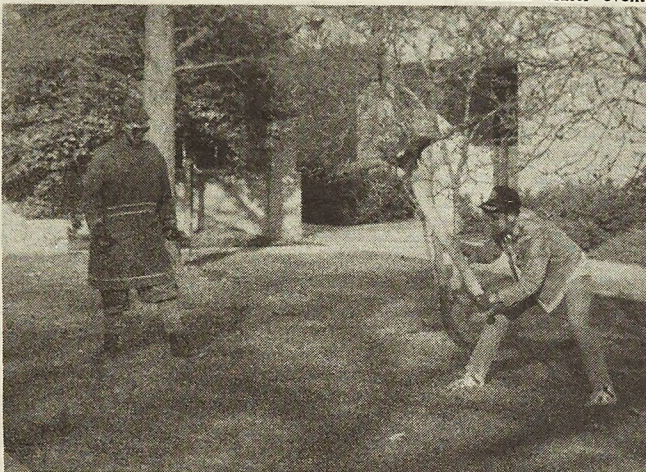

ST. PAT'S IS HERE, UMR!!
GET PSYCHED!!!!!!!!!!!!

UMR EPA
SOURCE

A local observance of Earth Day is being planned by volunteers from UMR, the Ozark Rivers Chapter of the National Audubon Society and others. The celebration will be held at the Lion's Club Park on Saturday, April 20th. An organizational meeting is being held on Wednesday, February 27th at the home of Dr. Harry Brown, UMR Physics professor. Call him at 364-2628 for directions if you are interested in helping out.

We also need to hear from all potential exhibitors as soon as possible. Please call Dr. Brown if you wish to take part in the celebration. We will be sending a registration form to all exhibitors shortly after the organizational meeting. Product and food sales will be allowed at this year's event, subject to approval by the organizers.

With the new solid waste law in effect, we all need to know more about recycling and environmentally sensitive products. This year's event will give special attention to these issues. Please call, all volunteers and exhibitors welcome.

Theta Tau Omega presents Casino Night

Rollamo
SOURCE

Theta Tau Omega's annual Casino Night will be here next Wednesday,

March 13. The event will be held from 7:00 pm to 12:00 at the Armory. There are a variety of prizes to be won and this year's proceeds will go to Big Brothers Big Sisters of Rolla. Tickets will be

available at the Hockey Puck starting Thursday, March 7. Tickets will also

be available at Key Sport, Dave's Barbor Shop, Alex's Pizza, and Godfather's. This year tickets will be \$4.00 in advance or \$5.00 at the door. So don't forget to get your ticket and remember all the proceeds are going to a very good cause.

This year's Casino Night will be highlighted by games including, blackjack, poker, Pop-a-Shot, some computer gambling games, and everyone's favorite mouse roulette. With the money won from these prizes a variety of prizes can be purchased, all of which have been donated by local Rolla businesses. Following this year's Casino

Night there will be a party at Kappa Sigma. The party will begin at 9:30 and a \$1.00 donation plus a Casino Night ticket stub will get you in the door. The party will feature the band Naughty-Naughty and will end around 12:30. So let's do our best to help Rolla's Big Brother Big Sister organization while kicking off St. Pat's and having a great time by attending this year's Casino Night.

Theta Tau Omega

This year's bunnies display some of the prizes for Casino Night. The bunnies are (from left); Mari Eise, Julie Orr, Sue Burrows, Lanie Yonker, Natalie McCune, Heather Governick, and Shelley Kellar. All of these girls and prizes can be seen at the Armory next Wednesday.

ASUM looks at rising tuition

By Karri Hall
ASUM

On February 21, the Associated Students of the University of Missouri hosted an outdoor reception in the breezeway near University Center-West. In addition to providing popcorn and soda, ASUM presented information on the Reauthorization of the Higher Education Act and the Economic Survival Act of 1991. At the same time, ASUM polled approximately 120 of the people who stopped by. The results of the survey are as

follows: only 35.2% of those polled were aware of the proposed 100% increase in tuition over the next 5 years. When given the choice of an increase in tuition or an increase in several state taxes, including an increase in sales tax, 90.8% preferred the increases in taxes. Only 5.0% were for increasing tuition; 4.2% were unsure. Anyone who would like additional information on any of these issues can call 341-4970 or stop by the ASUM office, 212 University Center-West.

Several times during the semester ASUM sponsors a luncheon and invites legislators and others who help mold the society in which we live to speak. The luncheons are free and students, faculty and staff are invited to attend. If you would like to know about the luncheons in advance, call the ASUM office at 341-4970 and asked to be placed on the mailing list.

ASUM hosted its first "Lunch With a Legislator" of the semester on February 21. Jim Snider, Lobbyist for the University of Missouri, spoke on several issues facing higher education in the legislature including the proposed reforms and tax increases. According

to Mr. Snider, fourteen senators currently support both bills. Four more votes are needed to pass them. Senate Bill 353 includes the education reforms and Senate Bill 354 provides for increases in several state taxes with the money earmarked for education. Mr. Snider suggests continued support. One suggestion was to write to those legislators who haven't yet voiced support for the bills and at the same time continue to write legislators who already support them.

IFC doing work to help local charities

Members help the Holloway House

By Mike Fridley
IFC

On Saturday, February 23, the men of the Interfraternity Council spent the day working on the improvements to the Holloway House in Rolla.

Located at 10th and Holloway streets, the Holloway House is the center of four of the local service organizations. The custodians of the house, the Achievement of Better Life-styles for the Elderly (A.B.L.E.) commission sees to it the Senior Companion and Retired Senior Volunteer programs, Southeast Missouri Transportation Service, and the South Central Missouri Arts Council's actions are coordinated and efficiently run. Senior

Companions provide time so their elderly peers can continue independent living with a little regular help. RSVP on the other hand provides a more general service to the community, serving everyone from school children to

elderly in a nursing home. The special services provided by SMTS allow senior citizens to receive transportation to medical appointments, supermarkets, and necessary business trips. Since ABLE allows the house to be used for local organizational meetings as well, the building is beginning to show signs of age and use. With the help of committed individuals, the commission is able to keep up with regular maintenance and minor repairs.

To help reduce heating and cooling costs at the center, insulation was replaced in the basement ceiling where it had fallen or was damaged by water. To keep the house looking its best, a bathroom, doors, and the sign in front had their chipping paint removed and were repainted. The kitchen floor

where the center's meals are prepared was rewaxed, and bushes from in front that were dead or dying were removed.

The men of the IFC would like to thank the ladies of the ABLE commission for the great lunch they provided for us. We wish ABLE great luck in the future, and congratulate them on the great support they provide to the greater Rolla community.

Super Cities Walk approaches

IFC/Blue Key
SOURCE

The Super Cities Walk to benefit Multiple Sclerosis is quickly approaching. The walk is a great way to get together with some friends, get some exercise, and help find a cure for Multiple Sclerosis all at the same time.

The walk will be held on Sunday, April 7th, so now is the time to talk to some friends and get them interested. You may even want to organize a team. As a team, you have the chance to win special prizes. Awards are given for the largest team, the craziest team, and the most original team costume among other things.

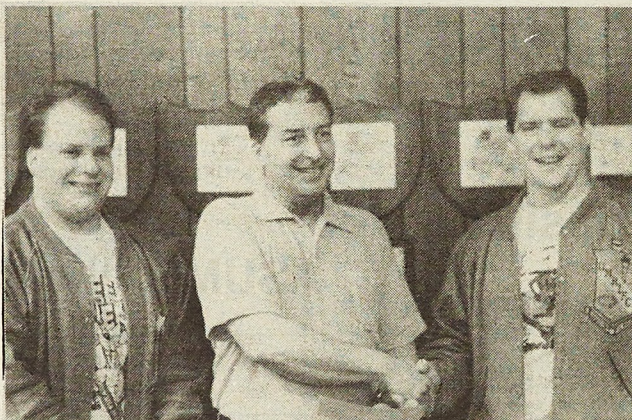

To register for the Super Cities Walk just grab a copy of next week's Miner which will have a registration form printed in it.

Local Charities benefit from carnival

Interfraternity Council
SOURCE

On Wednesday, February 20th, the Interfraternity Council of the University of Missouri-Rolla donated a total of \$2000.00 to four of Rolla's local charities; Rolla Cerebral Palsy School, Rolla Area Sheltered Workshop, L.O.V.E., and A.B.L.E.

The money was made during last year's carnival held at the Lion's Club Park. For the carnival, each of the fraternities and sororities at UMR worked to construct a booth. Families and students alike came to the carnival to join in the festivities. Afterwards, money raised from each booth was

Brett Goodman

IFC members Joe Jones and Phil McCalla present a check to Jack Weiner of L.O.V.E..

pooled together and given to the Interfraternity Council.

The carnival will be held again this

year on Friday, April 19th and will begin at five o'clock. Everyone is invited to come out and joining the fun.

Amnesty International to host benefit concert

By Amnesty International
SOURCE

We, the Amnesty International group at UMR would like to help Group 133 in their efforts to help Jose and other victims of human rights abuses in Guatemala. Besides our regular agenda of letter writing, we will host a benefit concert on March 9, 1991. It will be held in the Miner Rec Building, starting at 7:00 p.m. Tickets

will be sold on campus prior to the concert for \$4.00 by the Hockey Puck. Also, on sale will be the AI T-shirts. Tickets sold at the door will be for \$5.00. All proceeds will go to Jose's family minus the cost of the concert. Come have fun and help support a good cause.

If you have any questions about the letter writing, the concert, or how to become a member of Amnesty International, please call Chien at 341-9247.

Don't stress so much! We miss your partying side>

Love in AOT,
Giggles

Andy,
What's the big idea leaving Steve sitting in the library?

Guess who

Kappa Deltas,
Looking good! Keep it up!

Hey KD,
Where's that spirit squad?

Campus organizations Staff Recognition day to be observed to prepare "Food Fest"

News Services SOURCE

Eight University of Missouri-Rolla student organizations are planning to serve up free food to help usher in the 83rd Annual UMR St. Pat's Celebration.

The event, called the "Pre-St. Pat's Food Fest," will also feature a contest to see which student group can make the best "mocktail."

The food fest will be held from 11:00 a.m. -1:30 p.m. Wednesday, March 6, on the UMR mall north of the University Center-West. Booths featuring free food and drink will be set up near the University Center-West and the Wilson Library.

"We wanted to have something that would get more people involved in the St. Pat's activities and to unite the different student groups in celebrating St. Pat's in a positive way," said Luke Peterson, president of the UMR Student Council, one of the student organizations sponsoring the event. This year's St. Pat's Celebration officially begins on Thursday, March 14. The St. Pat's Follies, three days of games and other activities, runs from Monday, March 11, through Wednesday, March 13, on the UMR campus.

J. JONES '82-84

Camille Consolvo, coordinator of UMR's Substance Abuse Prevention Program and one of the two staff advisers to the students organizing the Pre-St. Pat's Food Fest, said promoting alcohol awareness on campus is also a theme for the event. Her office is providing alcohol-awareness pamphlets and "party smart" buttons for distribution during the event.

Student groups entering the mocktail contest will compete to see which can create the most palatable non-alcoholic drinks. Winners will receive prizes donated by Rolla area businesses.

Local businesses are also donating food and supplies for the event.

Besides the Student Council, other UMR student groups sponsoring

the Pre-St. Pat's food Fest are BACHUS (Boost Alcohol Consciousness Concerning the Health of University Students), the Interfraternity Council, the Panhellenic Council, the Residence Hall Association, the St. Pat's Board, the Student Union Board and the Thomas Jefferson Hall Association.

Dr. Consolvo and Mark Potrafka, the student services adviser for Greek Live, are assisting with the program.

Staff Recognition Committee SOURCE

The second annual UMR Staff Recognition Day will be observed May 20, 1991. Several programs and events are planned this year and will be announced in the near future. In addition, eight recognition awards will be presented at a value of \$300 each. The awards will be distributed according to size of employment groups and their representation on Staff Council. The Administrative/Professional group will have two awards, the Technical

Paraprofessional group will have one award, the Crafts/Maintenance group will have two awards, and the Secretarial/Clerical group will have three awards. Nominations for the awards will be received from staff, faculty and students.

Nomination forms will be mailed in late February to all .75 FTE or greater staff and faculty, and will be available for students in Student Activities, 113 University Center-West. Extra forms will also be available at these locations: Human Resource Services, 106 Altman Hall, and JoAnn Light, Pur-

chasing Agent. The deadline for submitting nominations is April 12, 1991.

All nomination forms will be screened and evaluated by the several member Staff Recognition Committee, a sub-committee of the UMR Staff Council. Three finalists from each employment group will be referred to the Staff Evaluation committee, composed of the Staff Recognition Committee members, Lenell Allen of Minority Engineering and four winners of last year's Staff Recognition Awards. These judges will interview the finalists and submit the names of this year's

Left

Carol Molchan joined the UMR staff in 1967, serving in the purchasing and auxiliary services department prior to her current position of administrative associate in the Office of Student Activities. In addition, she has worked as an advisor/fiscal agent to student organizations for three years.

Molchan is one of two UMR staff members to receive the 1990 MSM-UMR Alumni Association "Outstanding Staff Member Award." She also is the recipient of a "1990 Blue Key Honorary Membership Award" for her work with students and student organizations.

She is active in a number of civic activities as well as being involved with the Girl Scouts and local youth groups. Her husband, John, is director of Human Resource Services at UMR.

Dr. Jack B. Ridley, who was named chairman of the department of history and political science at UMR in 1989, received a B.A. degree from Southwestern Oklahoma State University, an M.A. degree from the University of South Dakota and a Ph.D. Degree from the University of Oklahoma.

He joined the UMR faculty in 1969 as an instructor of history. He became an assistant professor in 1970, an associate professor of history in 1975 and a professor of history in 1984.

Ridley has received 17 UMR Outstanding Teaching Awards, three AMOCO Teacher Awards and three UMR Faculty Excellence Awards. In 1987, he also was a recipient of the University of Missouri Burlington Northern Award for Teaching.

Ridley is a member of the Southern Historical Association and the State Historical Society of Missouri. He is the author of numerous scholarly papers and publications. In addition, Ridley co-authored, with Dr. Lawrence Christensen, the book, "UM-Rolla: A History of MSM/UMR."

Above

Ike Skelton, D-Lexington, MO has served in the U.S. House of Representatives since 1977. He also has served as a Missouri State Senator (1971-76), as Special Assistant Attorney General (1961-63), and as Lafayette County Prosecuting Attorney (1957-60).

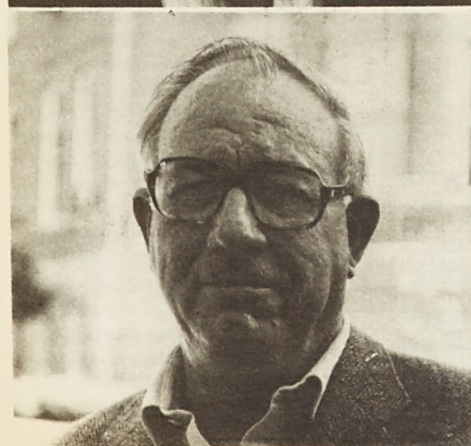

He received A.B. and L.L.B. degrees from the University of Missouri-Columbia in 1953 and 1956, respectively. Skelton also attended Wentworth Military Academy and Junior College and the University of Edinburgh, Scotland.

Skelton is the recipient of a Boy Scouts of America Silver Beaver Award, a George Washington Honor Medal from the Freedoms Foundation, a Guardian of Small Business award from the National Federation of Independent Business, a Faculty-Alumni Award from the University of Missouri-Columbia, a Significant Sig Award from Sigma Chi Fraternity, and a James C. Kirkpatrick Excellence in Governance Award from Central Missouri State University.

His memberships include Phi Beta Kappa, Eagle Scout, and the Academy of Missouri Squires. Skelton is the recipient of Honorary Doctor degrees from Southwest Baptist University, Park College, and Missouri Valley College.

Skelton's congressional committees include the Committee on Armed Services, the Committee on Small Business, the Select Committee on Aging, and he serves as chairman of the Congressional Rural Caucus.

Left

James R. (Bob) Patterson received a B.S. degree in civil engineering from UMR in 1954. Before joining Show-Me Rentals in 1974, a company of which he is now president, Patterson served with several companies including the Aluminum Company of America (1956-57), the R.B. Potashnick Construction Company (1957-62), and Ray Clinton Construction (1962-66).

His memberships include the Sikeston Development Council, the American Rental Association, the International Sanitary Supply Association, and the Missouri Society of Professional Engineers.

Patterson serves as president of the MSM-UMR Alumni Association and is a member of the University of Missouri Alumni Alliance.

He was awarded the Professional Degree in Civil Engineering from UMR in 1968.

Above

Billy Key, who served as athletic director at UMR for 22 years, retired in January. He retired as the school's basketball coach in 1987.

A graduate of Central Missouri State University, Key came to UMR in 1964 as the men's basketball coach after previous head-coaching stints at Nicholls State and Harris Teachers College. He led the Miners to their only Missouri Intercollegiate Athletic Association title in 1976 and took two teams to the NCAA national tournament.

Key served as the president of the National Association of Basketball Coaches during his last season as head coach in 1986-87. He also served as an assistant to San Antonio Spurs' coach Larry Brown during the 1985 United States Sports Festival, leading the North squad to the championship.

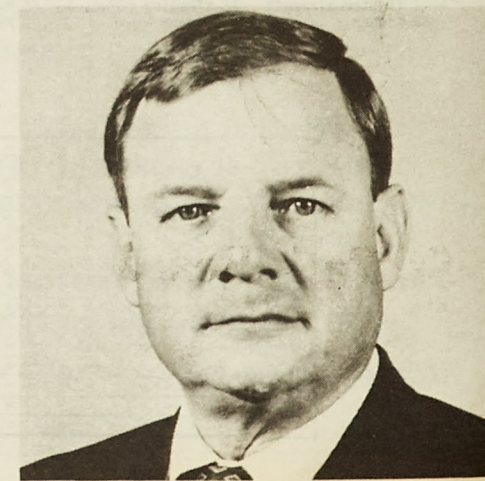

He was one of the original inductees into the Missouri Basketball Hall of Fame in 1988 and was named a Distinguished Alumni Award winner at Central Missouri State University. In 1986, Key was the recipient of the MSM-UMR Alumni Merit Award for his Accomplishments.

Below

Ed Schmidt, president of Baron Aviation Services, Inc. of Vichy, received a B.S. degree in mechanical engineering from UMR in 1967. While at UMR, he was active in a number of UMR organizations such as Blue Key, Interfraternity Council, Student Union Board, Kappa Alpha, ROTC, and UMR's student chapter of the American Society of Mechanical Engineers.

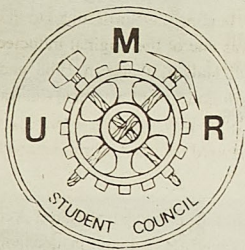

He also served as president of the Students Education Loan Foundation, the Housing Corporation for UMR's Kappa Alpha Order. Schmidt currently serves on the Board of Directors of the Students Educational Loan Foundation.

Schmidt, who is a member of UMR's Golden Shillelagh, served as a pilot in the U.S. Army from 1967-70, serving in Viet Nam in 1969.

Lambda Chi Alpha
Brian Scott

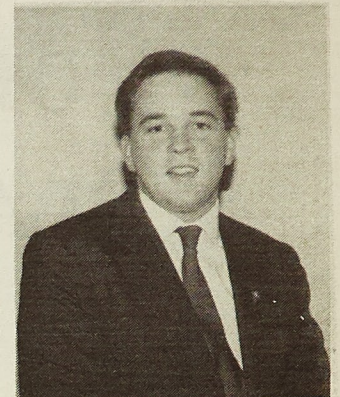

Brian Scott is a senior in electrical engineering from Hannibal, MO. He has served Lambda Chi Alpha as president, secretary, and executive committee chairman. Brian says, "I love Alice more than Rolla women because she weighs less, smells better, and she's always wet!"

TJHA
James DeVaney, Jr.

James DeVaney is a super senior in aerospace engineering minoring in history and is proud to represent TJHA as their student knight. He has been involved as an RA for two years, a member of Arnold Air Society, Silver Wings, AIAA, and is one pumped Air Force ROTC Cadet.

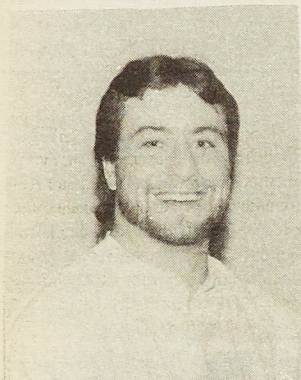

"Alice, you can't run, you can't hide. Look out Alice, I'm coming inside!"

Sigma Pi
Erik Stockglausner

Erik Stockglausner, a senior in metallurgical engineering, is the son of Kent and Marcella Swaringim of St. Louis, Missouri. Erik has served as pledge trainer, house manager, and social chairman of Sigma Pi fraternity, and Vice-President and pre-Greek Week chairman of the Interfraternity Council. He has also been a member of Toastmasters, Theta Tau Omega, UMR Metallurgical Society, the UMR Rugby Club, ASQC, NALE, and KMNR.

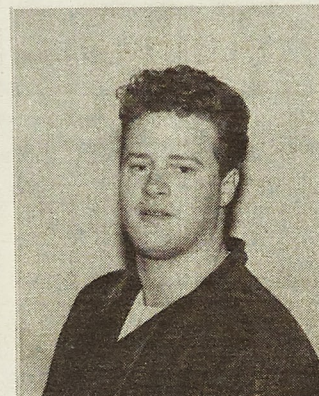

"My, Alice, what a big camel toe you have!"

Theta Tau Omega
Jim Kerns

Jim Kerns has been involved in Theta Tau Omega since Spring 1989. He has held the offices of Inner Guard, Corresponding Secretary, Pledge Trainer and chaired Mums for Mom.

"Alice will be in Wonderland after I'm through with her."

Tau Kappa Epsilon
Greg Martinez

Tau Kappa Epsilon proudly presents Greg Martinez as our choice for 1991 St. Pat's Student Knight. Greg has held the offices of Sergeant at Arms and Alumni Correspondent and has represented TKE on the Interfraternity Council.

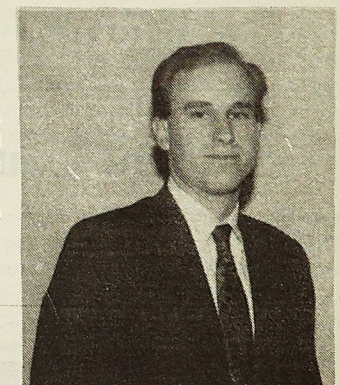

"Alice, It's time to find out who the madder dog is."

Delta Sigma Phi
Mark Whaley

Mark Whaley, a senior in the Metallurgical Engineering department, has served as social chairman and head steward for Delta Sigma Phi as well as playing two years of varsity football.

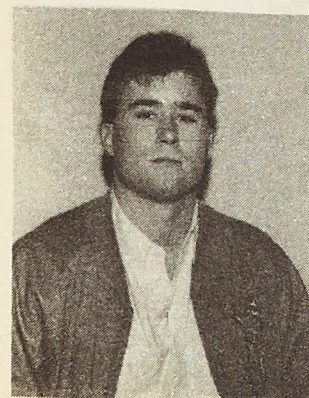

"Alice can't smell any worse than the board!"

Sigma Phi Epsilon
Nick Klukvin

Nick Klukvin has served as Pledge Educator at Sigma Phi Epsilon while also serving as Outer Guard, Secretary, and is currently President of Theta Tau Omega.

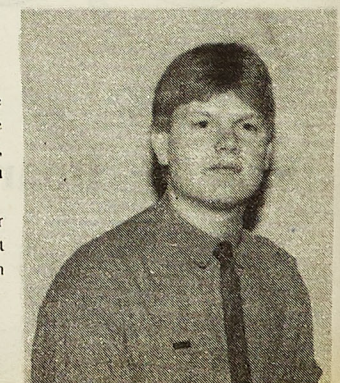

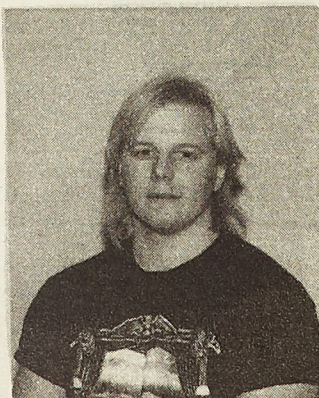

"Five years is the longest I've ever waited for it, but maybe Alice won't wake up the neighbors when I go in her!"

IFC
Marc Thomas

Marc Thomas, the IFC student knight has held the offices of IFC secretary and IFC Greek Week Games Chairman. He has also been very active in Kappa Alpha and other student organizations.

"Alice, I hope you taste better than you smell."

Student Knights

Sigma Tau Gamma Steve Keutzer

Sigma Tau Gamma presents Steve Keutzer as its 1991 Student Knight. Steve is a senior in electrical engineering from Kirkwood, MO. He is serving as president of Sig Tau and is also a member of UMR Volleyball Club and KMNR.

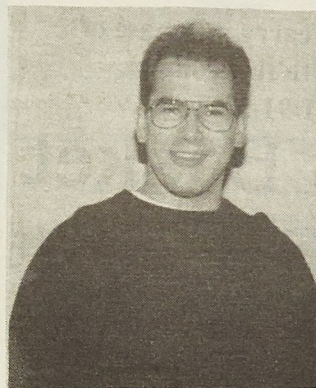

"Alice: The ultimate driving experience."

Rollamo Jason McHaney

The Rollamo Staff presents Jason McHaney as our 1991 St. Pat's Student Knight. Jason has served as photographer and editor for the Rollamo and is currently editor-in-chief. Jason is a senior in chemical engineering from East Prairie, Missouri.

"Alice might as well chew on my a—...everyone else has."

M-Club John Dalton

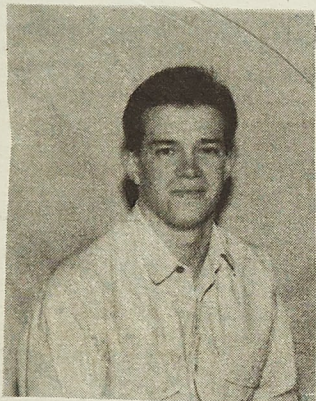

John, the son of Mr. and Mrs. Stanley Dalton of Mountain Grove, MO, is a graduate student in Mechanical Engineering. John has been President, Treasurer, Intramural Manager, and acting Academic Advisor for M-Club.

"There's no where to run, there's no where to hide, so here's to Alice, my blushing bride."

Alpha Epsilon Pi Joe Frericks

Alpha Epsilon Pi's 1991 Student Knight is Joe Frericks from Jackson, Missouri. Joe is also a member of the Student Union Board and IEEE.

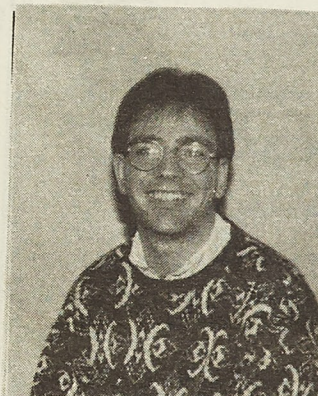

"Hey Court, Knight this!"

Phi Kappa Theta Don Hall

The men of Phi Kappa Theta are proud to present Don Hall as their Student Knight. Don has held the offices of Executive Vice President, charities chairman, historian and other non essential positions.

"If it's Green and smells like that, I Think I've had her."

KMNR Greg Boice

Greg Boice of KMNR has served as Roadshow Manager, Librarian, Public Relations Director, and Computer Programmer, as well as having been a disc jockey for the last four years. For all his work, we here at the radio station would like to pay him back with the honor of meeting Alice.

"I've done worse."

Sigma Chi Matthew Viehmann

The Sigma Chi Fraternity is proud to present Matt Viehmann as their St. Pat's Student Knight. He is currently serving as president.

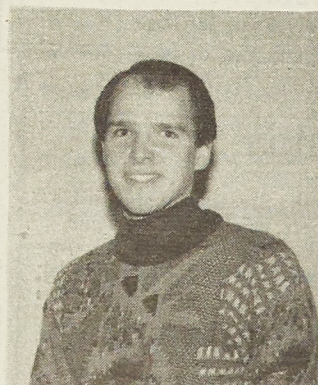

"Alice, the only woman to swallow me whole ... open wide!"

Triangle Robert Wagner

Robert Wagner has been Triangle's past president. He is a four year swimming letterman. His activities include Water Polo, M-Club, IK, SME, ASEM, and Intramurals.

"I want to wear Greg Allen's eye around my neck."

SUB Douglas Haney

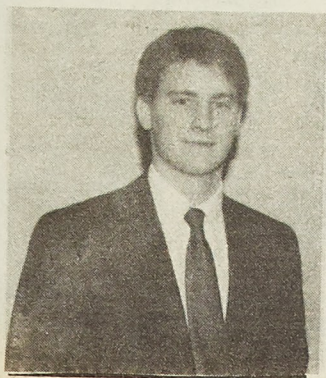

The Student Union Board is proud to give Doug Haney to Alice this year as their St. Pat's Knight. Doug is a senior in geological engineering. He has served as past F'Arts Director and is currently Vice-President of Programming.

"I heard Alice thinks balding men are sexier."

Missouri Miner Larry Williams

The Missouri Miner is proud to present Larry Williams as their St. Pat's 1991 Student Knight. He is currently Editor in Chief.

"I hope Alice is as wet as my dreams."

Sigma Nu Tom Hughes

Sigma Nu is proud to present Tom Hughes as our Student Knight. Tom, a senior in Engineering Management, has been President, Vice President, Treasurer, and Rush Chairman for Sigma Nu. He has been active in UMR varsity soccer, the Missouri Miner, SAFB, and Theta Tau Omega.

"Alice, spreading the disease. I'm glad she's my first."

Kappa Delta Nina Lahiri

Nina Lahiri, daughter of Dr. and Mrs. Suhas C. Lahiri, is a graduating senior in Metallurgical Engineering. Nina has been active on campus organizations by holding offices in Kappa Delta, Intercollegiate Knights, Panhellenic, Metallurgical Society, and American Foundrymen's Society.

"No thanks, I have my own life preservers."

ATTENTION:

The board of Directors of the Student Union Board is thanking SUB's committee members, all of whom are significant in the success of SUB events. For their outstanding contributions of SUB endeavors for the month of January, special recognition goes to

ANNE ROBERSON	Variety Entertainment
ESTER WALKER	Fine Arts
JASON REED	Leisure & Recreation
CHRIS STEGER	Technical Services

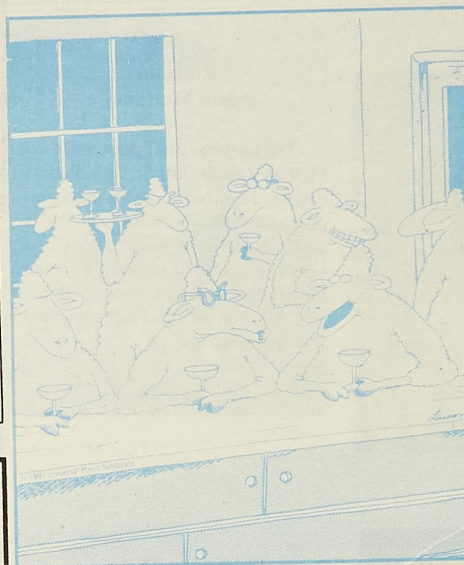

We would also like to thank the Fine Arts committee for their exceptional effort in bringing Mahlatini & Mahotella Queens to UMR. Dnacing in the aisles and moving to the exotic beat, the audience demonstrated the success of this particular event.

SUB officer/director elections will be Tues. April 9, 1991. All subites are welcome to pick up applications in the SUB office after Mon. March 18, 1991.

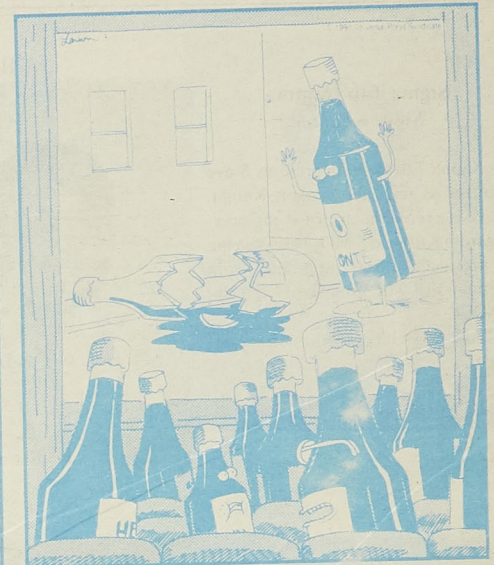

THE FAR SIDE

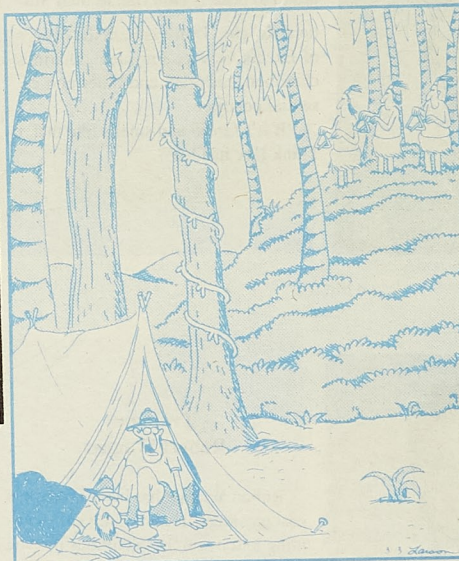

By GARY LARSON

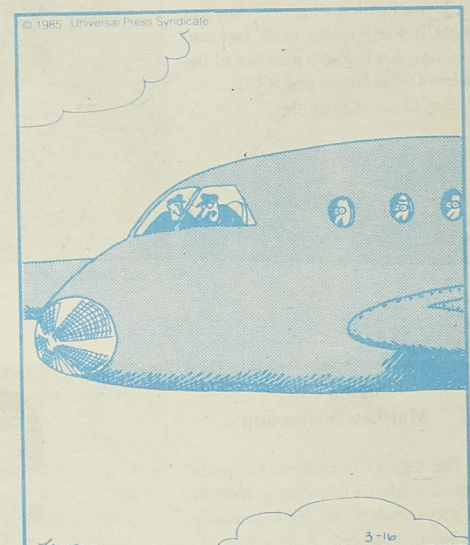

"Well, what d'ya know! ... I'm a follower, too!"

"Don't worry, Jimmy — they're just actors ... and that's not real ketchup."

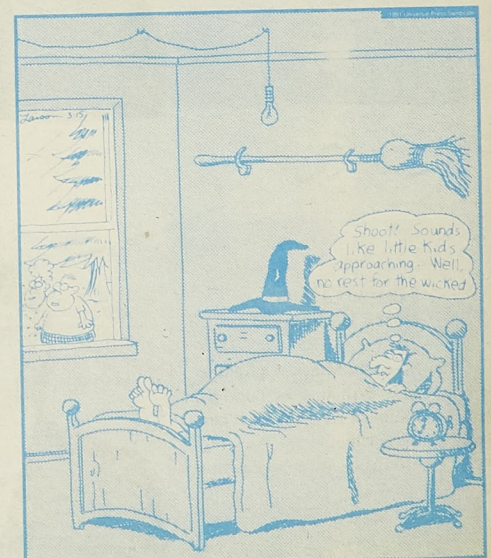

"Listen, Morrison! ... It's OK — those are jungle triangles!"

"The fuel light's on, Frank! We're all going to die! ... Wait, wait. ... Oh, my mistake — that's the intercom light."

"Ticks, fleas ... Ticks, fleas ..."

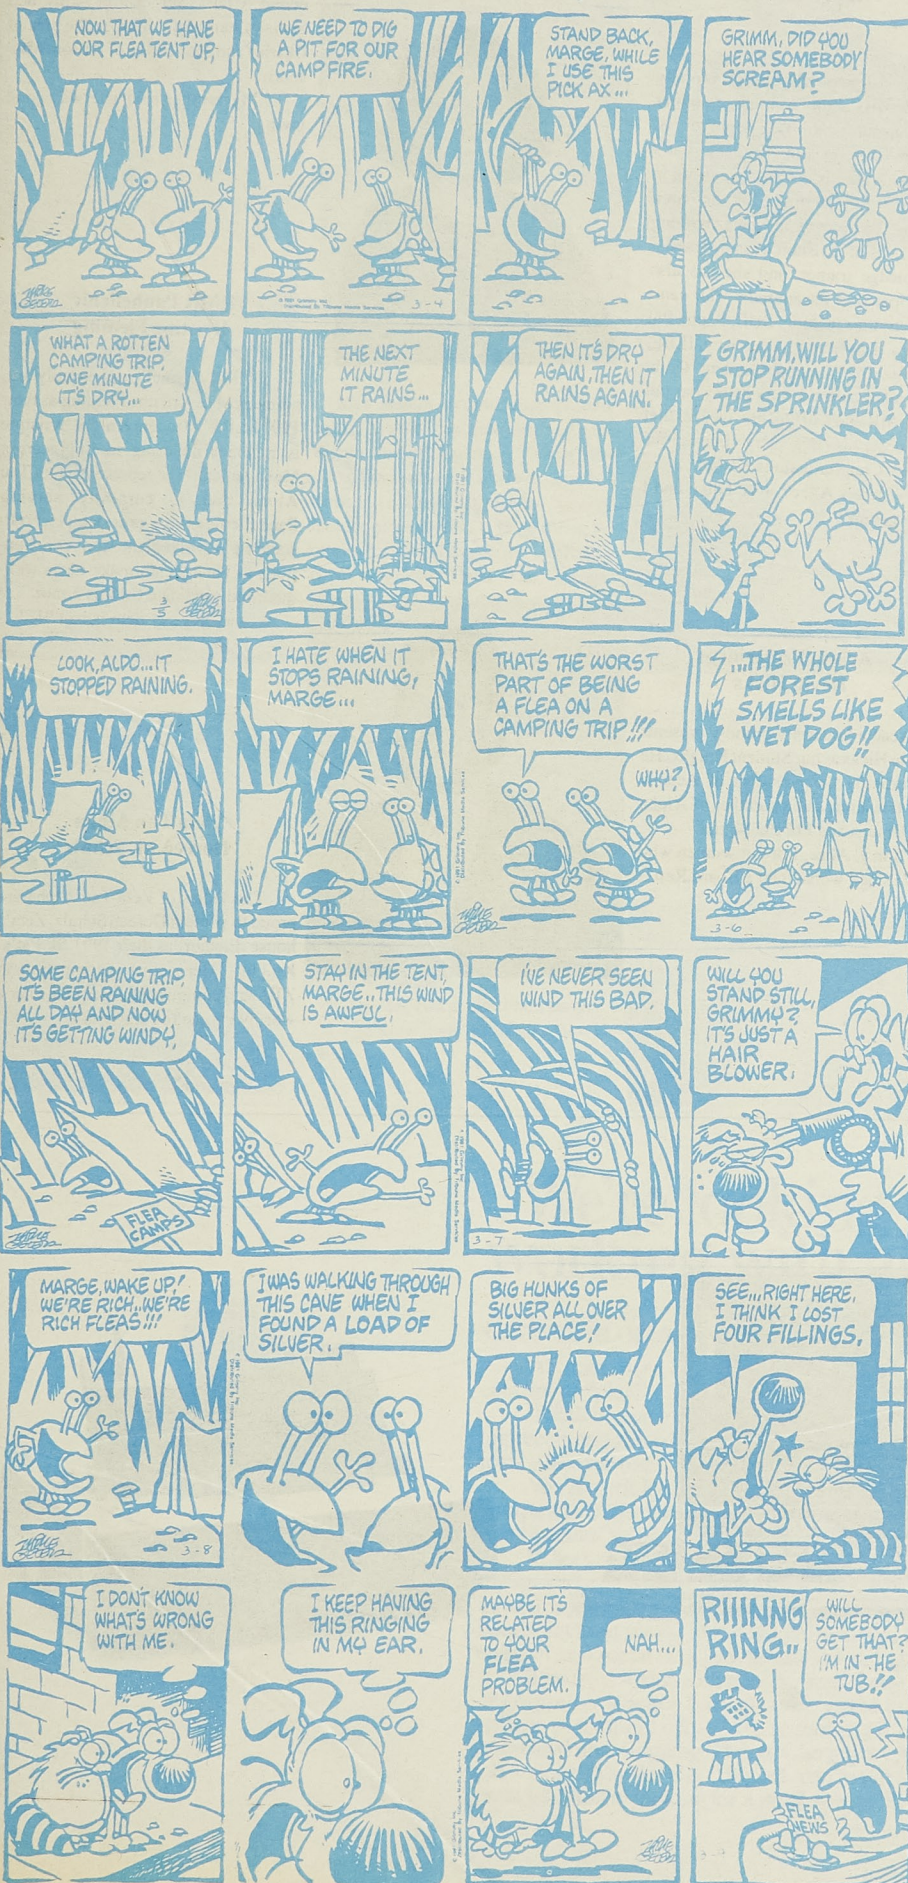

"Shoot! Sounds like little kids approaching. Well, no rest for the wicked."

CHOICES

College life offers you many choices. You must choose a major, and then determine which courses and professors will get you where you want to go.

You must choose when to study, how to relax and how to budget your time. The choices you make determine your lifestyle.

You may or may not choose to include alcohol in your lifestyle. It is your choice. But remember, you and only you can and should choose when, what and how much to drink.

After all, the choice is yours.

This message is sponsored by UMR's Substance Abuse Prevention Program.

Independents Mark Ochs

The Independents of UMR (GDI) present Mark Ochs as our 1991 Knight of St. Patrick. Mark is currently President of GDI and has held two other

offices as well as chairing or serving on several committees for us in past years.

"Alice may not be too hot, but at least she's wet and sticky."

Student Council Henry Guerriero

The UMR Student Council proudly presents, for knighting, Henry Guerriero, Campus Organizations Chair. Henry is also a KMNR Dj, Student Union Board member and has served on RHA.

"Alice...what a waste, she would look better in pink lace!"

Beta Sigma Psi Dan Hack

Dan Hack, the second son of Ed and Rudette Hack of Florissant, MO is Beta Sigma Psi's St. Pat's Student Knight. He is a graduating senior in electrical engineering.

"Hey Alice, are those P.S.L.'s?"

Chi Omega Kathy Sohrabi

The sisters of Chi Omega proudly present Miss Kathy Sohrabi, daughter of Mansour and Azar Sohrabi of Tehran, Iran, as our 1991 St. Pat's Knight. Kathy is a senior majoring in Electrical Engineering. She has been extremely active in Chi Omega holding the offices of assistant treasurer, assistant pledge trainer, and she has also participated in intramurals. Her campus activities include: SUB, Alpha Phi Omega, Tau Beta Pi, Blue Key, IEEE, and the International Student Club. With all of the hard work Kathy has put into UMR and Chi Omega, we feel that she deserves this very prestigious honor. Congratulations Kathy!

"Where's Alice? I've fallen and I can't get up!"

Delta Tau Delta John Pulay

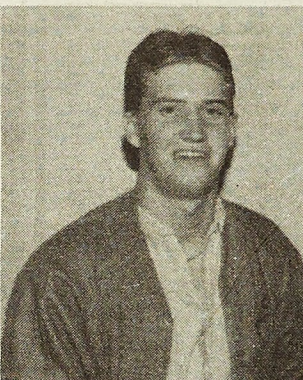

John Pulay of Delta Tau Delta has served as President, Director of Academic Affairs, Sergeant at Arms, and Social Chairman. John is the son of Charles and Joan Pulay of Affton, Missouri.

"My brother said she was good loving."

UMR Panhellenic Kristine Fleming

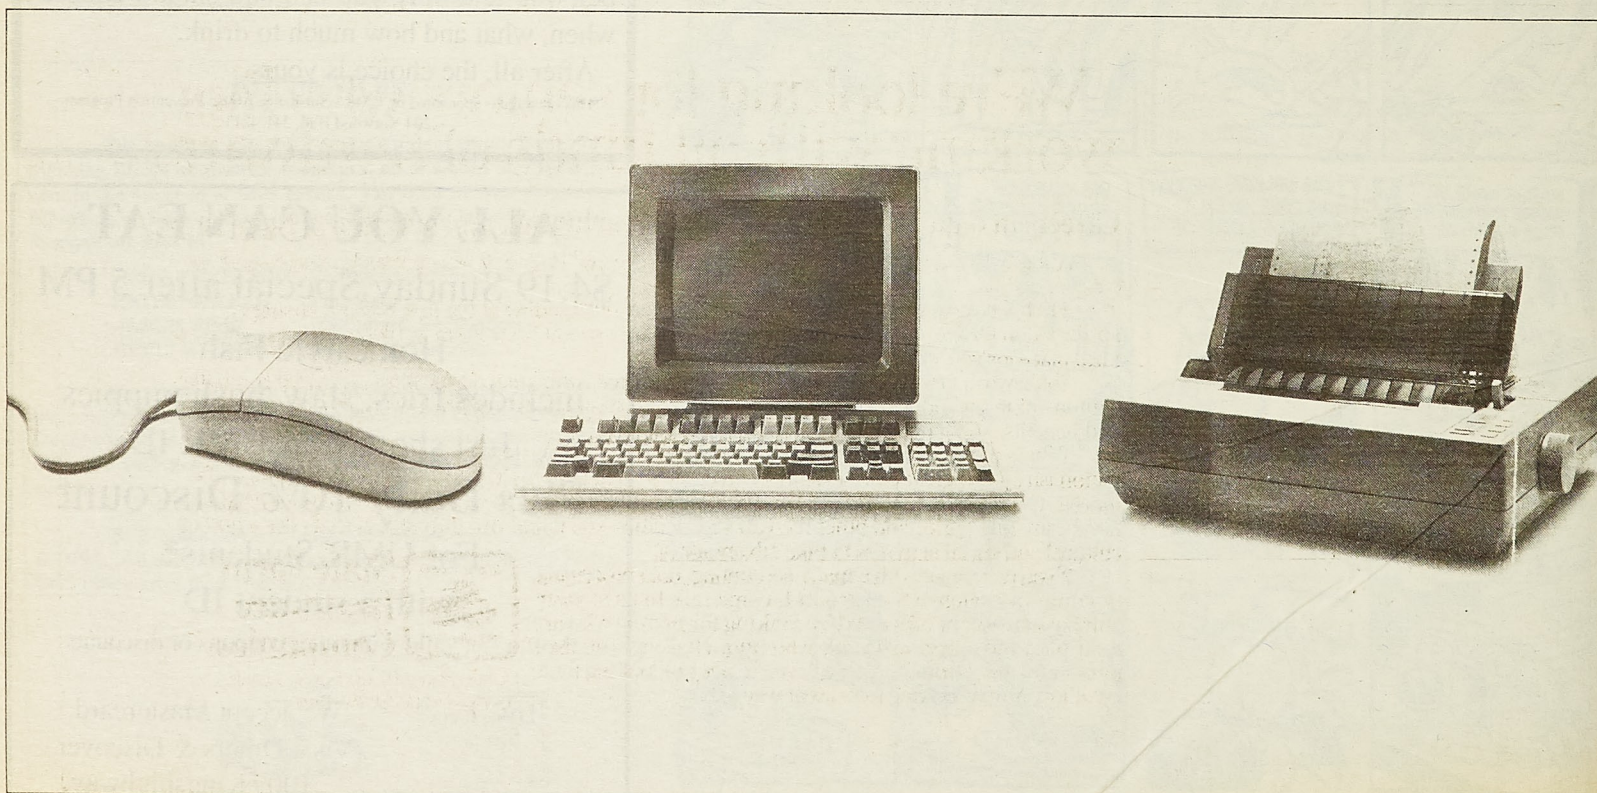

UMR Panhellenic proudly announces Miss Kristine Fleming as their 1991 St. Pat's Student Knight. Kristine is a senior majoring in Engineering Management. She represents Zeta Tau Alpha and is currently serving Panhellenic as vice-president. Her outstanding involvement and contributions to Panhellenic make her a well-qualified candidate for this honor.

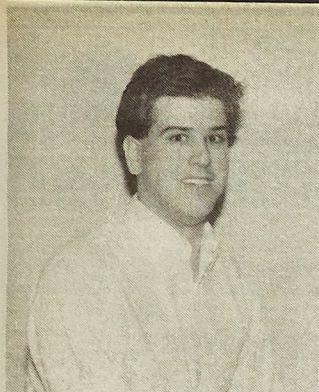

"...and they say I'm bad!!!"

Zeta Tau Alpha Doreen M. Schulz

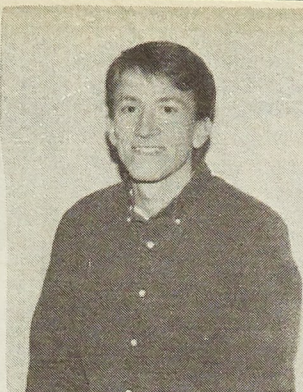

The ladies of Zeta Tau Alpha are proud to present Doreen Schulz, Zeta's house director, as their 1991 St. Pat's Knight. Her active participation in ZTA and campus activities make her a worthy choice for this honor.

Pi Kappa Alpha
Ralph Minor

Pi Kappa Alpha presents Ralph Minor as our St. Pat's Student Knight. Ralph is a senior in Engineering Management and the son of Robert and Darlene Minor of St. Louis, MO. He has served Pikes as both President and Vice President. Ralph says, "Alice, use me, abuse me, take me real deep!"

Theta Xi
Bill Watson

Bill Watson, the son of Harold and Carol Watson, is the Student Knight for Theta Xi and lives in Liberty, MO. Bill will graduate in May with a degree in Chemical Engineering. Bill says, "If Alice was my mother, I would have breast fed until I was seventeen. Wa, Wa, Waaaaaaaah!"

Pi Kappa Phi
Jeff Obermark

Jeff is a senior in Aerospace Engineering and is currently serving as Chaplain of Pi Kappa Phi. Jeff is also active in SUB and APO.

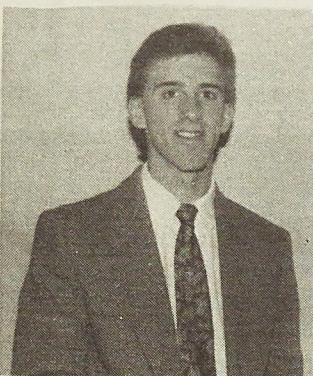

"Sorry Alice, I just want to be friends."

Kappa Sigma
Rick Stehlin

Rick Stehlin, or more appropriately titled "Cooch", is this year's Kappa Sigma Student Knight. "Cooch" has served the house as Vice-President, and Rush and Social Chairman for "twenty five long, hard years." In addition, he represents Kappa Sig on the UMRIFC, Blue Key and Theta Tau Omega. "Cooch" will graduate in May as a metallurgical engineer.

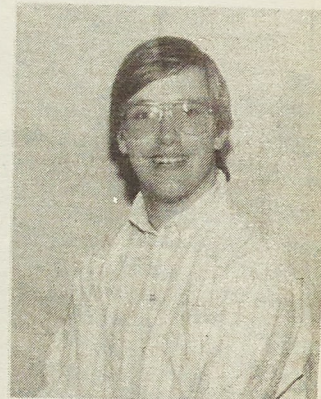

"Bring it on Alice, you smelly b—!"

Kappa Alpha
Ronald Salamie

Ron has been Kappa Alpha's Vice President, Ritualist, and Philanthropy Chairman. He has been GAD president and is second Vice President for Blue Key. Kappa Alpha is proud to present Ronald Salamie as their St. Pat's Student Knight.

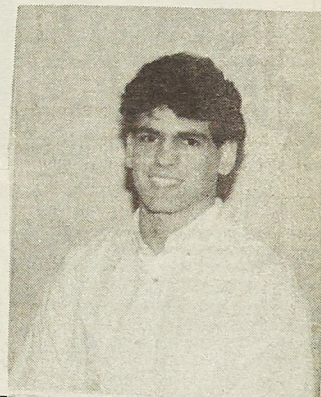

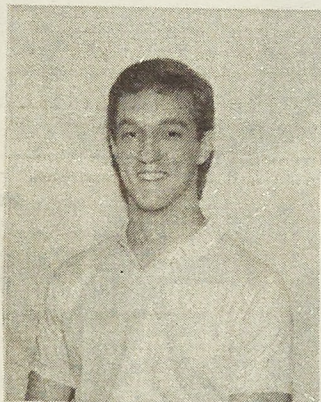

"I'll be in and out so fast, Alice won't even know I was there."

RHA
David Lewis

David Lewis, son of Tom and Carol Lewis of St. Louis, Missouri, is a senior in Engineering Management. Dave has served as President of the Inter-Residence Council, Vice President of ASEM, and chairman of RHA's St. Pat's Committee.

"Come on, Alice, don't be sleazy, I'm sore from last night, take it easy."

We're looking for seniors who like working with all kinds of hardware.

Careers in data processing, accounting, actuarial, and auditing at State Farm.

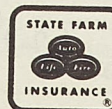

At State Farm, we understand the concept of "work." Believe it or not, we also understand the concept of "play."

That's because we don't think you can be really outstanding at the first without having an appreciation for the second. Which is exactly why a career at State Farm in Bloomington could be the ideal place for you.

You'll work for one of the country's most respected companies on the most advanced computer equipment in the industry. You'll be challenged and stimulated. You'll be rewarded with excellent pay and benefits. You'll make your classmates *very* envious.

What's more, you'll also have time to appreciate the finer things in life. That's because Bloomington isn't just a great place to start a career, it's a great place to live, to enjoy, to start a family (if, indeed, you're ready to start thinking about that). In addition to the community's pleasant neighborhoods, inviting parks, and other recreational facilities, you'll find two universities that offer a host of cultural and social activities to take advantage of.

If you're a senior with a math, accounting, data processing, or computer science background, come talk to us at your college placement office. We're looking for people who are motivated and outgoing. People who enjoy challenges on the job — and away from it. After all, you're not just looking for a great job. You're looking for a great way of life.

Lady Miners finish season with 17 - 11 record Lose in semi-finals to Central Missouri State 70 - 61

By Tom Brown
ASST. SPORTS EDITOR

The roller coaster season of the Lady Miners came to an end this past Friday night in the semi-finals of the MIAA tournament. UMR ended their season with 71-60 loss to Central Missouri State at Central.

Despite a disappointing loss, this was the furthest that Lady Miners have gone in the MIAA Tourney. Head Coach Mary Ortelee felt a win was possible but a cold second half was their downfall. "I think the disappointing thing is that if we had made it to the finals, we would have received a bid to Regionals," commented Ortelee.

In looking back at the season Coach Ortelee was disappointed in the record, but not always in the players. "I was disappointed in the month of February in which we went 1-6, but there was a awful lot of highs. Like the tournaments we won and the victory over CMSU in the Bahamas," said Ortelee. "Everybody had high expectations for us at the beginning of the season. It made it difficult for the team with all of this pressure."

Brett Goodman

Trish Van Diggelen shown above displays her technique from three point land which has her currently 3rd in the nation. She also received second team MIAA honors.

The Lady Miners seemed to be back on track in the opening round game against Northeast Missouri State.

UMR cruised to 72-52 victory, propelling them into the semifinals against top-seeded Central. Four players

scored in double figures for the Lady Miners. Stacy Mathes led all scorers with 18 points and Trish Van Diggelen

was second with 15 points and 3 3-pointers.

Friday the Lady Miners squared off against Central with their hopes of a post-season bid on the line. The two team had split their earlier two meetings, but this was not the regular season.

The first half was up and down with neither team able to gain the necessary momentum for the knockout punch. A surge by Central put them up 36-31 at halftime.

The second half was the same as the first as the two teams exchanged leads eight time in the early going. Central regained the lead at the 9:24 mark and never looked back. The 28.0% shooting in the second half led to the Lady Miners demise, a season ending loss, 70-61.

Although finishing with a disappointing 17-11 record, the Lady Miners had 6 players received post season honors. Trish Van Diggelen was named Second Team ALL-MIAA. Five players were recognized for their play by being named Honorable Men-

See Ladies, page 20

Miners lose final two games in MIAA action Finish with 4 - 12 record in MIAA conference play

By Jeff Lacavich
STAFF WRITER

Last Thursday night at 7:30 the men's basketball team hosted Lincoln at the Gale Bullman Multi-Purpose Building. This was the first meeting between the two teams and UMR was pumped for a mark in the "V" column.

Lincoln controlled the tip and executed with a layup to take the lead. Lincoln handled a 4 point lead up until the 14:02 mark when Danny Gold passed the ball to Chris Dawson who cut the lead to 2 with a forceful dunk.

The next 3 minutes was anybody's game, as there were three ties. Bill Jolly canned a 16 foot jumper to mark the first tie. Gold drove the lane at the 11:28 mark to tie the game for the third time.

Lincoln played hustling defense and pulled away to a 6 point lead with only 5:43 left to play in the half. The Miners didn't give up and came back to tie the game again with 3:47 left in the first half.

The rest of the half went back and forth and when the buzzer sounded to end the half the game was deadlocked at 36.

The second half was a mirror image of the first half, as neither team was able

to put the other away. The game was deadlocked seven times before a winner would be decided.

The lead of either team never exceeded 4 points as the half was full of excitement. The little crowd of 300 was screaming and yelling like that of a thousand to get the Miners pumped up.

After a tie at the 17:22 mark, Dawson took play into his own hands. Chris stole the ball and it was showtime, as he went to the hoop for his second peanut butter and Jam.

The next 16 minutes was battle, as there were 10 lead changes. Jolly hit a 15 foot jumper to tie the game for the last time with only 1:42 left to play.

Lincoln gained a 3 point lead with 25 seconds to play. UMR had 3 chances to score, but they couldn't capitalize. UMR lost a tough one 70-67.

Billy Jolly lead all scorers with 27. Chris Schneider added 10 and Dawson had 9.

After a tough loss to Lincoln, UMR tripped to Kirksville to take on Northeast Missouri State. You would think the game would have been close as UMR was (14-15) and NMSU was (13-14), but that wasn't the case.

NMSU was ready to play and UMR

was still bewildered from the loss to Lincoln. UMR was in the game up until the 15:24 mark of the first half, but then fell apart.

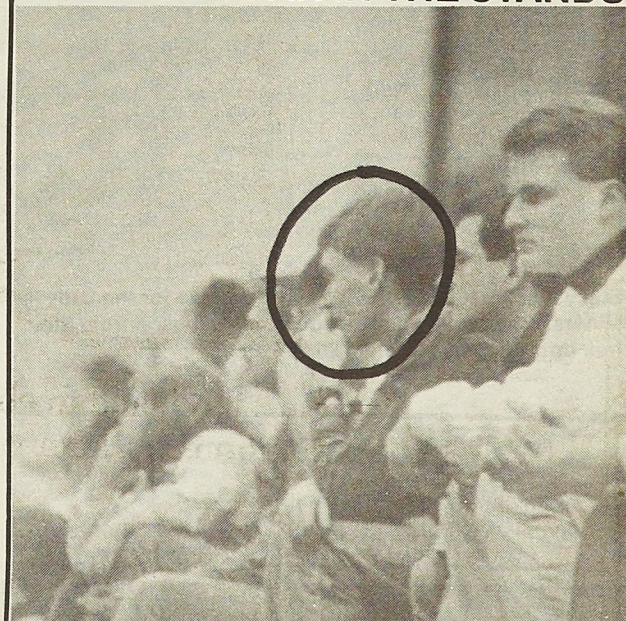

NMSU had a bounty out or something as they jumped out to a 10 point lead and that was all closer UMR could come. They were down by 15 at the half. NMSU 37 UMR 22.

The second half was much like the first as UMR looked like a high school team. The team just wasn't ready to play and would like to forget about the game. The only highlight was Dawson throwing a huge slam dunk at the 15:49 mark. NMSU destroyed UMR by 32 as they won 83 to 51.

Even though the guys had a rough two games, in the MIAA they came out with some very impressive individual state for the team.

Billy Jolly was named MIAA player of the week. Jolly (a Lutheran North High School product) averaged 24.5 points per game against Southeast Missouri and Northwest. He averaged 41% from 2-point range and 37% from 3-point range. Bill also went 71% from the charity stripe. He scored 31 point against Northwest and he averaged 4 rebounded from his guard spot.

KEY SPORT FAN IN THE STANDS

This week's Fan in the Stands attended the Lady Miner's basketball game Tuesday vs. NMSU. If this is you, come claim your prize at the Miner office, 103 Norwood, on Thursday at 4:30.

As a team, UMR is ranked 3rd from tri-vector range shooting 41.7%. Chris Dawson and Bill Jolly lead the team with 48.44% and 44.97%, respectively.

Billy is averaging 3.04 three's per game. Chris Schneider was fifth in the conference with 7.96 rebounds per game.

Ladies

from page 19

tion. They were: Casey Engstrom, Jan Grotenhuis, Stacy Mathes, Jen Schnur, and Suzanne Spencer.

The team pulled in some impressive statistics win the MIAA and the NCAA. UMR was first in the nation in 3-point field goal percentage and 16th in overall field goal percentage. The Lady Miners held their opponents to just 27.67% 3-point shooting and 38.7% in field goal percentage.

Individually, the Lady Miner were well represented. Van Diggelen, in the latest poll was third in the nation in 3-point accuracy. The long range gunner shot 43.02% for the season. Mathes led the MIAA in free throw percentage with 88.5%. Her percentage is better than that of the nation's leader, but to be ranked there is a minimum number of free throws made and she fell short.

The Lady Miner will be losing four key players for next year. Senior co-captains Jen Schnur and Jan Grotenhuis as well as Casey Engstrom will have used up their eligibility. Suzanne

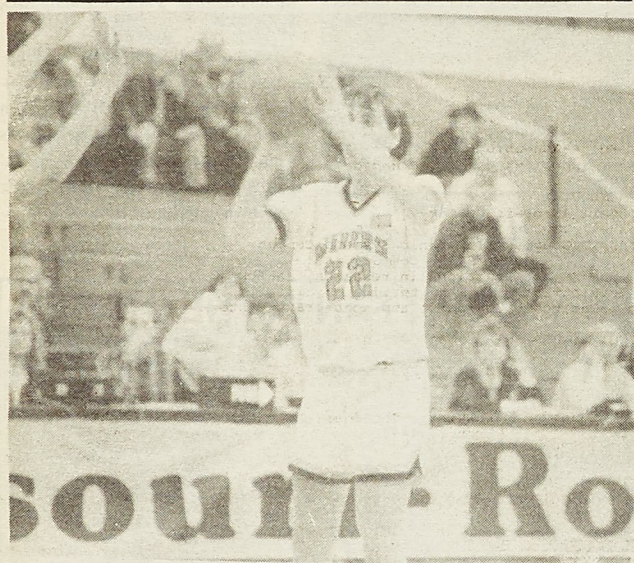

Spencer will be transferring to another school. A four players were named Honorable Mention MIAA.

These will be big shoes for the underclassman and freshman to fill. Engstrom, at 6'3" will be hard to replace. "Casey really came on strong at the end of the season. We've been spoiled by having a 6'3" center," said Orteliee.

The leadership that Schnur and Grotenhuis brought to the team will be hard to replace. It can't be recruited, it must happen. Both players added a tremendous scoring punch. Schnur, early in the season was named MIAA Player-of-The-Week.

Spencer, who had another year of eligibility, was the quarterback of the team. At the point guard spot, she ran the team. Losing your playmaker will always cause a difficult transition.

But it is not a bleak season ahead for next year's team. They have a strong nucleus and the increased improvement by the under classman provides

Brett Goodman

Stacy Mathes tries to provide some offense for the Lady Miners. She provided plenty during the season from the free throw line by shooting 88.5%.

ATHLETE OF THE WEEK

Courtesy Athletic Department

This week's M-Club Athlete of the week is Jeff Kuta. Jeff, a junior from St. Louis, is trying to repeat his All-American swimming honors from last year. He is currently the Midwest Regional 1 Champion in the 50, 100, and 200 meter Freestyles. Jeff is undefeated so far this season and is a National Qualifier. Congratulations Jeff, and good luck at Nationals March 13-16.

PERMANENT EMPLOYMENT

WEEKLY DETAIL LIST #5 Week of March 4-8, 1991

SIGNUP LOCATION: G-3 Buehler Building
SIGNUP HOURS: 7:45 to 11:30 a.m.
1:00 to 4:14 p.m.

PRESCREENED INTERVIEWS

For prescreening companies, qualified students must submit their resumes in Room G-3 Buehler Building, prior to the deadline outlined. Resumes will be mailed to participating companies three weeks prior to their interview date, and they will select the students they wish to interview. Selected names will be posted on the bulletin boards in the signup area and in the appropriate departments. Posting of names will be done approximately two weeks before the interview date with a four-day deadline for signing.
